

## New safe shopping measures during COVID-19

Greetings Mustang Families!

We hope you are all safe and healthy. We would like to share some information regarding purchasing uniforms during COVID-19. Due to restrictions of social distancing and capacity, to avoid crowds closer to the start of school, we are starting our Back to School season early this year. That will allow us to personally serve the maximum number of families without any delay.

Please review the important information below to assist with the purchase of your student's uniforms:

### **COVID-19 Considerations**

Planet T Uniforms is committed to the safety of our team and guests. We will follow the local government and CDC Guidelines regarding COVID-19 and Social Distancing measures. As such, we are implementing various initiatives as follows:

#### 1) ***Reduced in-store traffic:***

We ask that you limit the number of people in your party. In-store shopping will be prioritized for those who are on-time for their scheduled appointment. Those without appointments may shop in-store based on available capacity.

#### 2) ***Increased safety measures:***

All guests are required to wear masks or facial coverings and should not have any flu-like symptoms. Our store is equipped with hand sanitizing stations and areas are thoroughly cleaned repeatedly throughout the day. For additional information on our increased safety measures, please call or email us at [info@uniformsbyplanet.com](mailto:info@uniformsbyplanet.com).

#### 3) ***Fitting rooms are unavailable:***

For the safety of our guests, clothing cannot be tried on until further notice. Measure your child's chest, waist, hips and inseam before coming in or consider bringing a set of your child's clothes with you for sizing guidance.
