- PARENTS are responsible for their child's regular school attendance.
- To report an excused absence, visit our website under CONTACT, then select REPORT AN ABSENCE to submit an electronic form, call the attendance hotline, or deliver a note to our staff.
- Our goal is to have ALL students attend more than 95% of school days.
- Students that are absent 5% or more days may require parental interventions from school staff. Truancy notifications may lead to more severe penalties. Absences impact the teaching and learning for all students in the classroom.
- If your child must be absent for an excusable reason, please report the absence within 24 hours. Our attendance clerk will update all absences that are reported and meet one of the reasons in the attendance policy.

  - Go to CONTACT tab at top - then click on REPORT AN ABSENCE

## SEE SOMETHING, SAY SOMETHING: BROWARD COUNTY PUBLIC SCHOOLS SAFETY AND SECURITY REPORTING TOOLS

- **FortifyFL** is a Suspicious Activity Reporting APP that allows you to instantly relay information to appropriate law enforcement agencies and school officials. Downloading the APP from your Cell provider's APP store allows instant access for one to provide a description of the threat, share pics and videos, and optionally submit their contact information. Once a report is made, FortifyFL automatically routes your tip report to the appropriate law enforcement agencies and school officials. FortifyFL was created and funded by the 2018 Florida Legislature as part of the Marjory Stoneman Douglas High School Public Safety Act. The application was named by students from Marjory Stoneman Douglas High School. The Office of Attorney General, Department of Education and Florida Department of Law Enforcement coordinated its development and roll-out - <https://getfortifyfl.com>
- **SaferWatch** is a web and mobile based security system that was built to provide a higher level of safety for individuals and enhance security for organizations including schools, corporations, public venues, neighborhoods and communities. SaferWatch empowers users to report an incident as they see it happening or submit a tip at a later time. SaferWatch provides real-time two-way communication during emergency and non-emergency situations. Users, administrators, security personnel and law enforcement can now seamlessly communicate all on the same secure network. SaferWatch Alerts provide detailed safety instructions based on the incident and the ability for users to contribute information. SaferWatch is also key for organizations to provide duty of care to their employees and customers and help mitigate risk. You can download the APP from your Cell provider's APP store - <http://www.saferwatchapp.com>

**Hugging is good medicine...**

**It transfers energy and gives the person hugged an emotional lift. You need four hugs a day for survival, eight for maintenance and twelve for growth. Scientists say hugging is a form of communication because it can say things you don't have the words for. The nicest thing about a hug is that you usually can't give one without getting one.**

## THE POWER OF A HUG

A close-up photograph of two hands, heavily coated in dark brown soil, gently holding a small, vibrant green seedling with two leaves. The hands are positioned over a bed of dark, rich earth. The lighting is soft, highlighting the texture of the skin and the moisture on the soil. A semi-transparent dark rectangle is overlaid on the left side of the image, containing white text.

Teachers plant the  
seeds of knowledge  
that grow forever.
