How To's, Questions, and Answers

How do I access my work?

Scholars should log on to their computers and log on to their Clever launch pad. They will then click on the Canvas icon. From there, scholars can select the course that they would like to access.

What do I do if my school issued computer is not working?

If the system appears to be down, this matter is beyond the school's control. Please wait and try to log in later. If the computer that you picked up from the school is having technical issues, please call the school. We will try to resolve this over the phone. We ask that you do not come into the school unless you are asked to do so.

What will my schedule look like?

Each scholar should log in to Canvas Monday - Friday by 9:00 AM. Scholars should check each of their teachers' Canvas pages for specific expectations. The schedule listed below is a suggested list to help keep the scholars organized and focused.
