

JOIN US FOR A COMMUNITY
DISCUSSION:
SAY HELLO
&
SAY SOMETHING

As part of the Broward STOPS Violence Grant, Westpine Middle School & the BCPS Student Services Dept. is proud to be a campaign partner helping to keep our communities safe. Consultants, Andy Payne and Blair Freedman, from Sandy Hook Promise are talking to interested community members about the Start with Hello Program, (in which students are encouraged to make a connection if they see someone who is socially isolated), and the Say Something Program, (in which students are encouraged to report suspicious activity to a trusted adult if they see something suspicious on social media).
