MOBILIZE to IMMUNIZE

FREE IMMUNIZATIONS FOR KIDS*
at Broward Health Community Health Services!

Immunizing your child is one of the best things you can do to safeguard their health. Immunizations prevent dangerous, sometimes life-threatening diseases such as:

Chickenpox
Diphtheria
Hepatitis B
HPV

Measles
Mumps
Pertussis
(whooping cough)

Pneumonia
Polio
Rubella
Tetanus

COMMUNITY HEALTH SERVICES

*Free immunizations are available for children (4-18 yrs. old) who are uninsured, American Indian/Alaskan native or Medicaid enrolled. Parent or legal guardian must be present and have child's immunization record. Bring current 680 immunization form to be updated. Privately insured children must see their assigned pediatrician to obtain their vaccine.
