

Foster Care Awareness and Appreciation Month

**To the aunts, uncles, cousins, adult siblings, family friends and grandparents who open their homes and provide a sense of normalcy.
*Thank you!***

To licensed foster parents who accept children into their home who they have never met, *thank you!*

Thank you to all the families who open their hearts and homes to students in foster care.

We know you sacrifice to provide them with a safe, stable home.

We appreciate your ongoing commitment to helping them grow to be educated, successful members of our community.
