Frequently Asked Questions

1. Why does the trip cost so much? Unfortunately, airlines, hotels, private coach busses, shows, tours and food for a week all cost money. However, the experiences of seeing historical sites and attending events in four major U.S. cities is something that your child will remember for the rest of their lives; especially because they are going with their friends and teachers versed in U.S. History.

2. How important is the payment schedule? In short, very important! Your payment schedule is based on the payment schedule that we have to follow in order to pay our vendors. If you don’t pay on time, we can’t pay our vendors on time, and we could lose our tickets and/or reservations.

3. How many students go on the trip? Approximately 100 students attend the field trip.

4. What is the ratio of chaperones to students? Each chaperone is responsible for approximately 12 students. All chaperones are Falcon Cove teachers and/or administrators.

5. Whom do I call if I can’t get a hold of my son/daughter? Parents will have the chaperone’s cell number in addition to the bus leaders’ cell numbers.

6. How do room assignments work? Each room is occupied by four students. Students choose their roommates preferably as a group of 4. Please include a separate sheet of paper with the first and last names of the people your child would like to room with (a typed list would be great). Those students who do not have a group of 4 will be paired with other students going on the trip. Students will be part of the process whenever possible. Rooms of 5 persons are not permitted.

7. How are prescription and over-the-counter (OTC) medications handled? Parents are required to submit a medical authorization form with a physician’s signature for all medications including prescription and over-the-counter medications. Parents must provide all medications to chaperones who will hold and distribute medications as indicated on the medical authorization form. All prescription drugs must be in the original prescription container. All OTC medications must be provided in travel-sized sealed containers. Chaperones must hold all medications for all students. The only exception is an Epi-pen or asthma inhaler. Students may hold their own Epi-pen and inhaler, and parents may provide a second Epi-pen for the chaperone. Medical authorization forms and medications will be collected during the trip meeting approximately 2-3 weeks prior to the trip.
8. **What about food restrictions?** Parents must notify trip coordinators of any special dietary needs including food allergies via the on-line form which will be provided once the paperwork and deposit is received. We do our best to accommodate dietary needs, but not all accommodations are possible with a large group (i.e. strictly Kosher, vegan meals). Some restaurant orders will be taken ahead of time.

9. **What is a typical day on the trip?** Days are long and fun! Most days begin with a 6:00-6:30 am wake-up call. Breakfast begins at 7:00 am. Buses depart for the day’s activities at 8:00 am. We visit various locations throughout the day and arrive back at the hotel around 10:00-11:00 pm each night.

10. **What about safety in the cities?** Chaperones work closely together to monitor student movement. Students are reminded constantly not to go anywhere alone. We travel in pairs and/or groups at all times!

11. **How are students safe and secure at night?** Private nighttime security is provided at each hotel and they are specifically responsible for monitoring our students’ rooms. Security will report any problems to Mrs. Powers and the administrator. Chaperone rooms are also near student rooms. Chaperones visit each room to check that all students are in their rooms and secure them for the night. Students are reminded not to open the door for anyone but chaperones. Students are reminded that they should always check the peephole before opening a door! Chaperones will identify themselves and advise students to open the door if it is necessary.

12. **What if a student is sick or needs something at night?** Students should call their individual chaperone if they have a problem. The chaperone will either handle the student concern or contact Mrs. Powers or the administrator for assistance if necessary.

13. **What is the student’s obligation in regards to make-up work for classes missed during the trip?** The trip is strategically planned to take place during the final week of 3rd quarter; however, students will miss 3 full days and 1 half day at the end of the quarter. All 8th grade teachers are aware that this is a working trip, and most are flexible in providing work ahead of time or making other arrangements. Typically, students who have high school credit classes can expect some level of make-up work.

14. **What type of school work is required of students during the trip?** This trip is academically centered and students are expected to be actively engaged. *History and literacy are infused daily and we expect all students to participate by contributing to our trip’s secure Facebook group throughout the trip. This allows parents to follow our adventures each day. In addition, chaperones post pictures to our Instagram.*
