What is the Student Advisory Forum?

The Broward School District requires that all schools have an advisory forum. There are 67 school districts in Florida. We are the 2nd largest District in the state, 6th in the country! Our #1 purpose is communication – to funnel information from our school to the Area Advisory Council to the School Board.

What we do:

- Serve as a way to build public consensus on issues before elected officials make decisions.
- Review the school's budget and FTE (Full Time Equivalent), which is our enrollment reporting that effects how we're funded by the state.
- Discuss & share feedback on the annual calendar
- Empower Parent & Community Engagement – for example, traffic issues or school safety.

Who we are:

Meetings are open to all!
**We do not collect Dues.
**We do not fundraise.

If you want to make a difference in our school system or simply want to be better educated on what's really taking place within our school & district, this is the place for you.

If you have any questions that you want to ask Parent to Parent or need peer support, reach out! Danielle Dunfee, SAF Chair
