

Monday Message

Week 5 September 12- 16

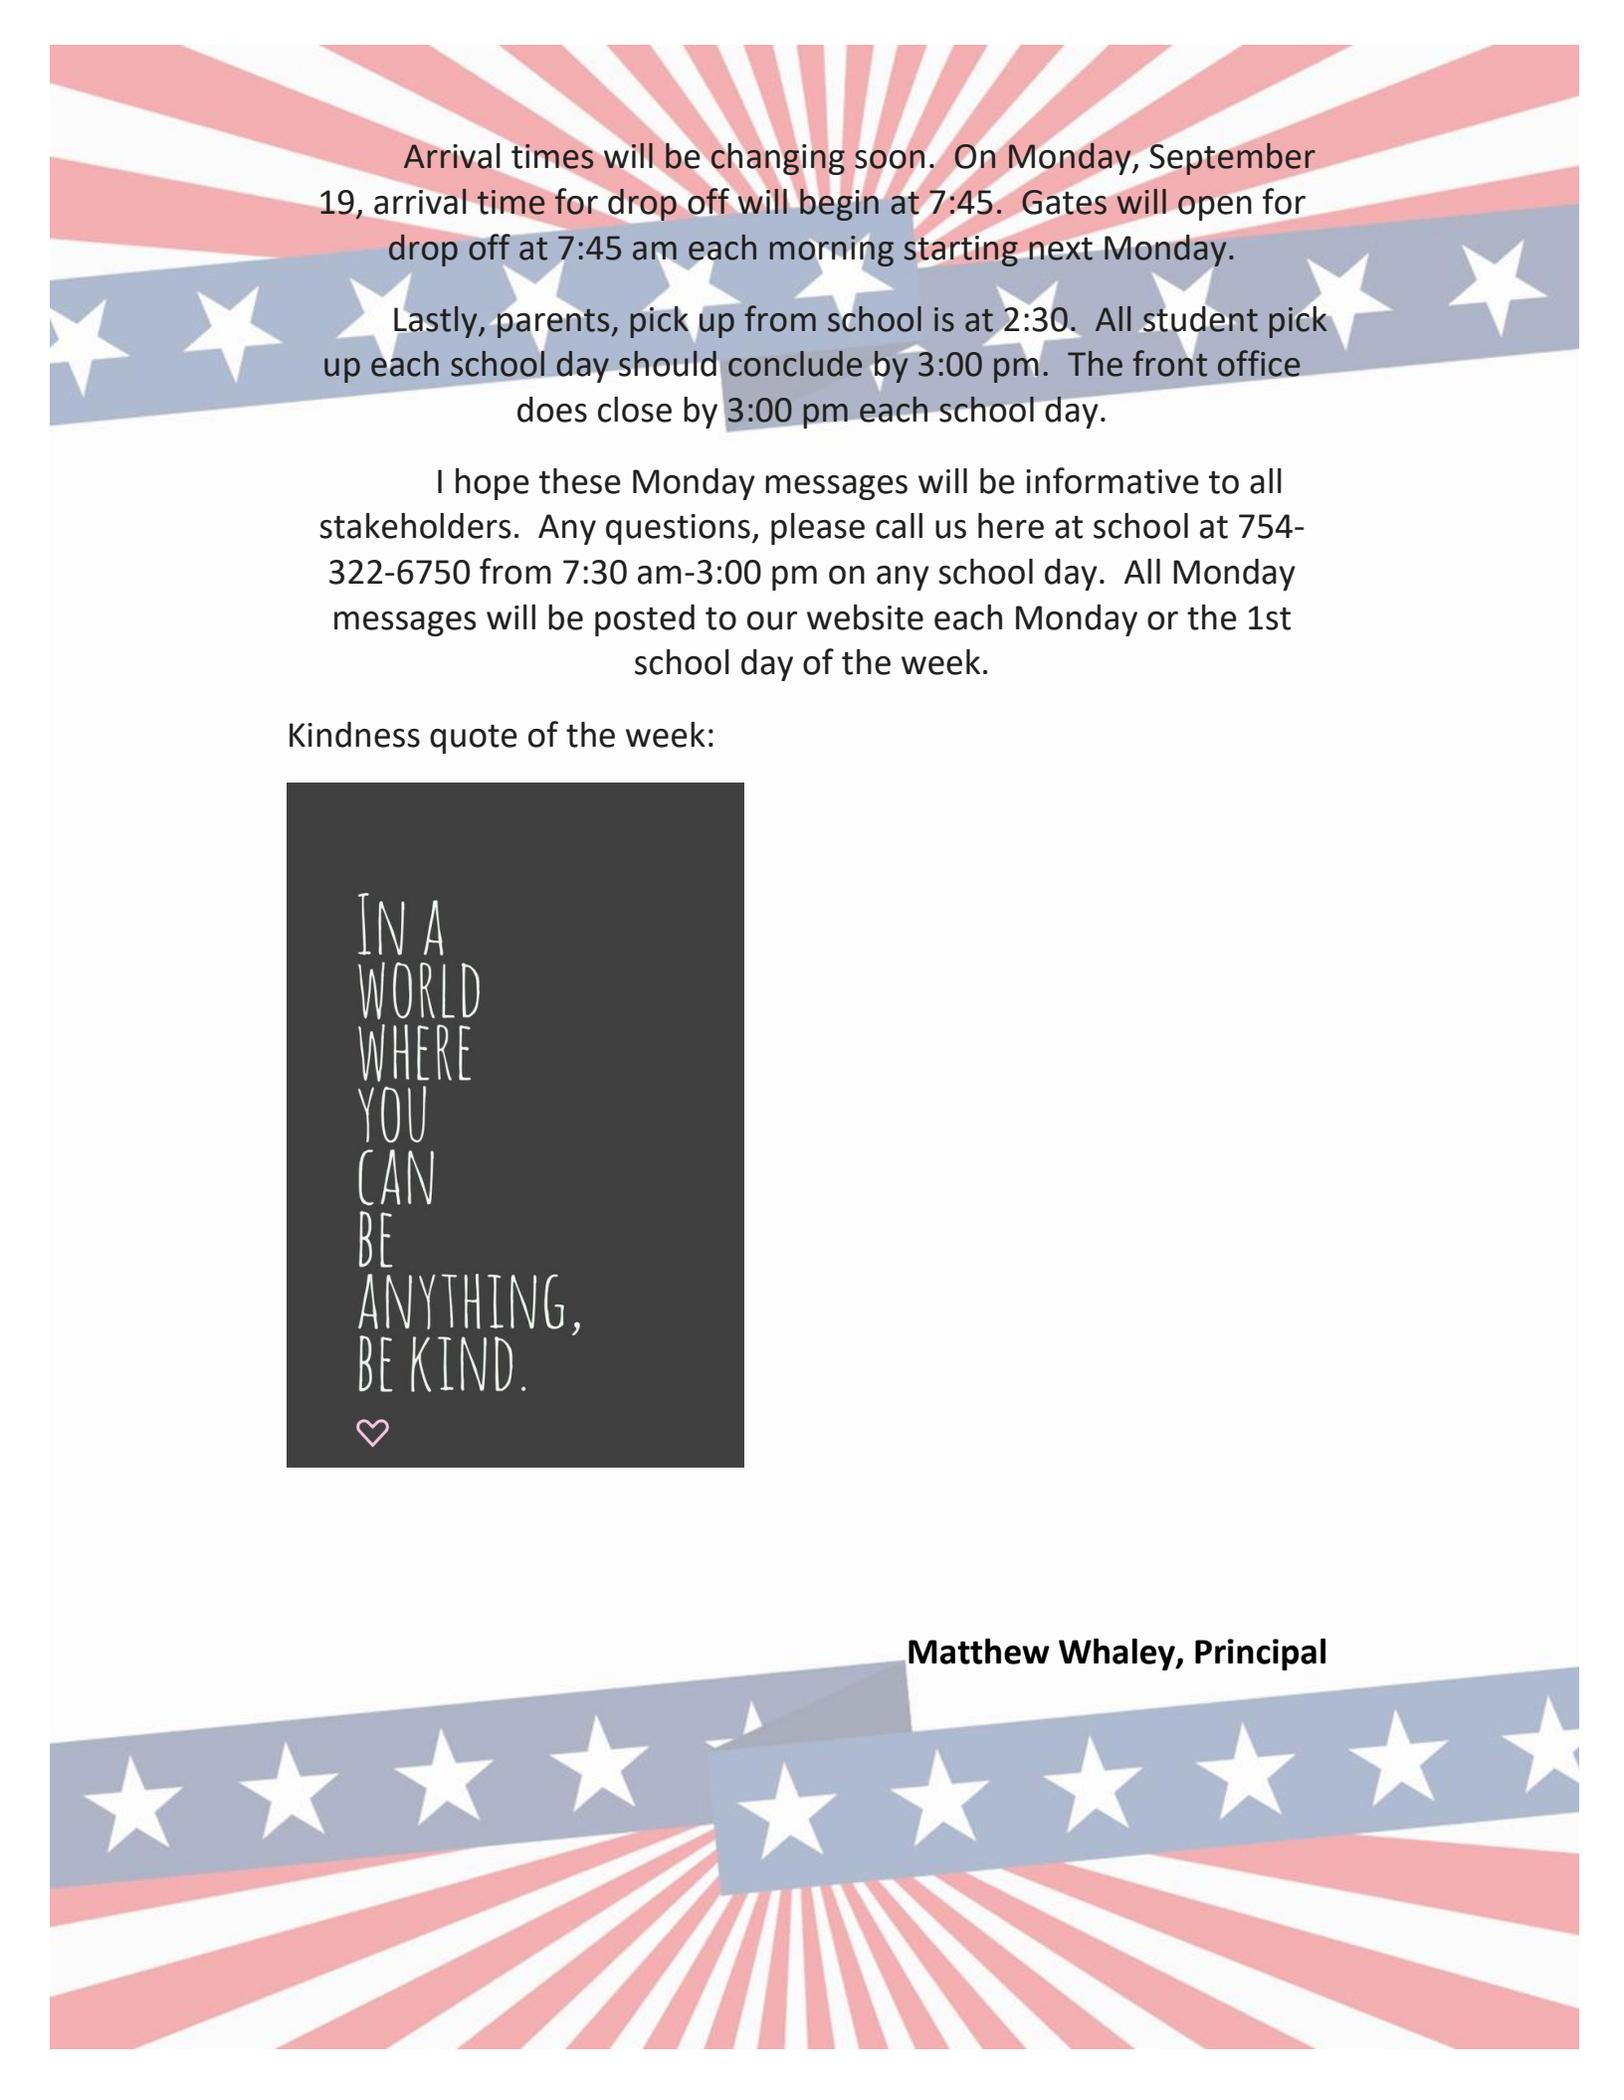

All grade levels are continuing to accomplish our first progress monitoring assessments. There are no more FSA assessments at the end of the year. Instead, schools are mandated to take 3 progress monitoring assessments. We will take a beginning of the year assessment, which we are doing now. There will be a mid-year progress monitoring assessment, with a final end of year assessment. Of course, parents will be informed by their child's teacher's how they are doing.

Tomorrow, Tuesday, September 13, 2022 parents will receive an interim report on their child's progress so far this year. If you have any questions on your child's progress, please contact your child's teacher and request a conference. Communication between the school and home is imperative for your child's educational success.

On Friday, September 16, 2022, we will be visited by professionals with the dental sealant program. Our very own Ms. Robuste is organizing this program for qualified students.

Thank you, parents, for the great open houses the past two weeks. You displayed wonderful patience waiting outside to be let in by 6 pm. I hope all that attended learned all the basics of what their children will be experiencing at Liberty this year.

PTA has installed all its officers for this school year. **WE STILL NEED YOU!** We are encouraging parents to help out with PTA sponsored activities. There is a direct correlation between parents' active involvement in their child's school and their educational success. **Become involved with your child's school!**

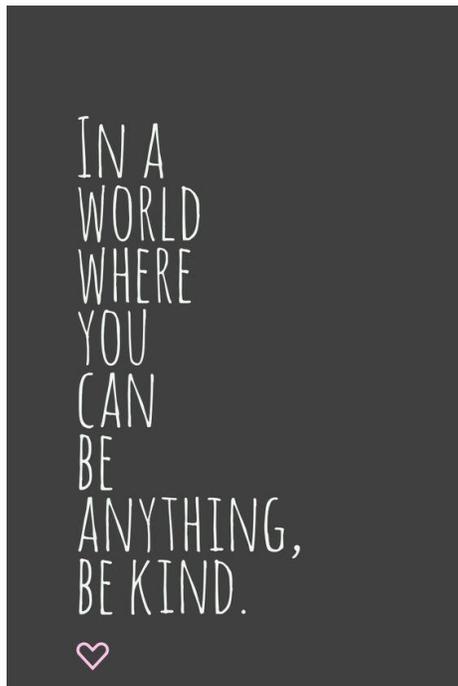

Arrival times will be changing soon. On Monday, September 19, arrival time for drop off will begin at 7:45. Gates will open for drop off at 7:45 am each morning starting next Monday.

Lastly, parents, pick up from school is at 2:30. All student pick up each school day should conclude by 3:00 pm. The front office does close by 3:00 pm each school day.

I hope these Monday messages will be informative to all stakeholders. Any questions, please call us here at school at 754-322-6750 from 7:30 am-3:00 pm on any school day. All Monday messages will be posted to our website each Monday or the 1st school day of the week.

Kindness quote of the week:

Matthew Whaley, Principal
