- *Seniors, PLEASE it is critical that you pass your classes and earn your credits for this semester.* especially those that are graduation requirements. You have worked so hard for this over the past 12 years.... let's not let our current situation impact your diploma at the final hour, when it is clearly in your reach! **WE BELIEVE IN YOU**

We allowed for questions and tried to answer as many of them as we can. There will be another Senior Meeting, look for an announcement sent out by me.
