Silver Trail Middle School Summer Math Information

Dear Parents,

Research shows that students lose about two months of grade level equivalency in mathematical computation skills over the summer months. Intentional practice of math skills will help students reach mastery of required material and increase their ability to use facts and operations easily and accurately.

For this reason, the math department highly encourages students to participate in our summer math program that is available through Khan Academy.

Our summer math program is OPTIONAL and allows students to practice skills that they have previously learned. Students access Khan Academy through their Clever login by following the directions in the video provided in the link below.

https://tinyurl.com/STMSsummermath

Most of the assignments are between 4-7 questions. If your child needs assistance with the material, there are support videos with Khan Academy for remediation. Students who complete at least 25 of the assignments with a passing score of 75% or better, will be eligible to receive extra credit in the 1st quarter of the 2020-2021 school year. The more assignments completed, the more extra credit your child will receive.

Incoming Grade Course Codes

Incoming 6th Grade (all)	**SYGA3S95**
Incoming 7th Grade Regular	**UTWVSQBX**
Incoming 7th Grade Advanced	**K64KPYT6**
Incoming 8th Grade Pre-Algebra/Adv	**DJKXE8N4**
Incoming Algebra Honors	**7E2N7N8K**
Incoming Geometry Honors	**74DR6MHW**

The last day to complete summer math will be Thursday, September 3, 2020.

If you have any questions, please feel free to contact Jodi Gorfinkel at Jodi.gorfinkel@browardschools.com and she will assist you. Students who do not have a Clever login (new to Broward County) should contact Mrs. Gorfinkel for further instructions.

Thank you,

STMS Math Department
