## School Based Mentoring

### Looking for a way to enhance your students academic and personal growth?

Consider partnering with Big Brothers Big Sisters of Broward County to implement a mentoring program in your school.

Our proven mentoring program matches students with caring high school mentors who provide guidance, support, and positive role modeling. Through, one-to-one relationships, students can develop vital life skills, improve academic performance, and gain confidence in themselves and their future.

### HOW THE PROGRAM WORKS

- Minimum program commitment of one academic school year.
- Students meet once a week for a 1-hour session during aftercare.
- Sessions are facilitated by a Big Brothers Big Sisters staff member.
- We provide on-going case management for the volunteer mentors, youth and families that will allow for specific goals to be attained for each individual match.
- The mentoring sessions will focus on: academic achievement, social skills, and positive peer relationships.
- High school Bigs can obtain community service hours for mentoring if approved via their school's administration.
