A Quick List of Tutoring Programs, Resources, and More!

Independent Resources

You and your child have a wealth of resources at your fingertips. We’ve curated a list of our favorites to help you in supporting your child’s academic success.

Khan Academy:

Great for SAT Prep (Personal Tutor) All Subject Areas: Provides Videos for Each Topic with Study Guides, Practice Questions with Thorough Explanations, and an Adaptive Learning Platform (adjusts to your child’s responses).

Math Nation:

Algebra 1, Algebra 2, Geometry Most aligned to the End of Course Exams that your child will take at the end of the year in Algebra 1 and Geometry. Provides videos for each topic and practice questions. Teachers’ curriculums are aligned to Math Nation in Algebra 1 and Geometry. Located on Clever.

4 Genius Bar:

EOC (Biology, USH, Algebra 1, Geometry) Peer tutoring takes place during students’ personalization periods. Enrollment is ongoing until spots are filled. Email Ilianna Polatos-Quintero to enroll.

Quizlet:

Make, study, and find online flashcards. Search already created study sets, or have your child make their own flash cards to get the most out of this resource.

YouTube:

Not just cat videos! Youtube has millions of videos on every academic topic imaginable – recorded by teachers and students. Simply type the topic name into the search bar and pick the video that attracts you most.

Just Ask!

Teachers know best! They may have some wonderful resources for your student to use – just ask!

Important Graduation Information:

*Students must pass the Algebra 1 EOC/Geometry EOC (with a level 3) or score highly enough on the SAT (420), PSAT/NMSQT (430), or ACT (16) in order to graduate.

**A passing score (level 3) on the grade 10 FSA ELA is also a graduation requirement.
