Title I School

March 2024

Message from the Principal, Mrs. Good

Happy Second Semester,

As we start March we are in full force down the path of instructional and learning gains with all children. Teachers and staff are working hard with children to work at their highest potential. We look forward to great proficiency scores on end of year assessments. Our theme this year is “Road to Success”. We just had a great mid-year celebration for students that showed great success on FAST PM#2. We are planning some great things for our road to success. Our teachers and students will be working hard on their commitment to academic excellence. Their dedication to student achievement will be the primary focus for the entire Fairway community. **Please remember that our school hours are from 8:10 a.m. to 2:10 p.m.** Please make sure you are on time for arrival and dismissal. Loss of instructional time is not good for children.

Our goal this year is to continue to increase our student achievement, promote character education with our students and to assist our struggling students with additional resources. **Parents can help us achieve this goal by attending parent meetings, joining the SAC/PTO organization and ensuring that students come to school every day on time.** Research has shown that when schools develop strong partnerships with parents, students reap the benefit academically and socially.

Please don't forget that we are a uniform school. All students must be in uniform daily. Take the opportunity to purchase Fairway t-shirts to be worn on fieldtrip days for safety and easy identification. Students may also wear the t-shirts on Fridays to show their school pride. Please help us to enforce our uniform policies. Uniforms help us recognize our students in case of an emergency. It also allows students to concentrate on academics instead of the latest fashion trends.

How to Work With Your Child's Teacher

- Share important information** that can make it easier for teachers to understand your child. Sometimes things that happen at home can affect how children learn.
- Find out what's expected.** Ask about homework and other special assignments.
- Join the parent-teacher organization.** Be sure to volunteer for at least one thing during the year. That way, you'll be making things better for your childand for all children in the school.

SELF-CONTROL
Having discipline over one's behavior and actions, BCPS celebrates self-control in March.

Self-Control is the character trait for March. Self-Control is having discipline over one's behavior and actions.

Family Newsletter

Dear Parent:

Self-Control is the ability to be in control of your actions so that you can make positive choices that benefit you and others. To be successful, our children need to learn from their experiences and develop self-discipline, which will help them keep their impulses and feelings from controlling them. Self-Control is a practical skill that gives our children tangible benefits in their lives and in their relationships with others.

Personal Thoughts for Parents

- In what ways do I show self-control?
- In what areas of my life is it hard for me to be self-controlled? Why?
- What can I do to be more self-controlled?

Modeling Moments

DISCUSS with your child the areas of your life where you show self-control.

ADMIT to your child when you do not show self-control.

CHALLENGE yourself and your child to be more self-controlled in areas where it may be hard.

Developing Self-Control through Service

- As a family, prepare and cook a meal together. Deliver the meal to a local homeless shelter or elderly facility. If you can, help serve the meal.
- As a family, learn how a local group helps people in your community. Have a family yard sale and donate the money to this group.

Dinner/Car Discussions

- Have each family member explain ways that he/she has shown self-control that day.
- Have family members tell about how they have seen other family members show self-control.
- Have family members share about times when they did not show self-control.
- Have family members explain some of the benefits of showing self-control.

"The experience of a sense of guilt for wrong-doing is necessary for the development of self-control. The guilt feelings will later serve as a warning signal which the child can produce himself when an impulse to repeat the naughty act comes over him."

- Selma H. Fraiberg
