MIRROR LAKE ELEMENTARY

Math Misconceptions (M²), Bound to Read & Ms. Smizzle

We will be offering several new programs this year. Ms. DeBruyne will be showing kids some of the most common math misconceptions and errors students make. Ms. Smiley (better known as Ms. Smizzle) has been conducting some interesting experiments! Ms. Johnson will be reading some fabulous books to engage students and develop a love of reading in hopes that children will be Bound to Read.
