JOIN US FOR TCC's

Backpack Giveaway

Since 2013, nearly 700,000 students have received free school supplies and a brand new backpack thanks to the Culture of Good. This year, TCC and other companies across the country are partnering together to show their communities how much they care. Every year, many families question just how they will be able to prepare their children for a successful school year - this is one way that together we can help. This isn't a sales gimmick. We won't be pushing sales, promoting any current offers or handing out coupons on this day. We will just be giving back to make someone's day a little bit brighter. Will you join us?
