

Legislative Report: Week 4

OVERVIEW

The Legislature held its fourth week of session, January 31- February 4, 2022.

Both Senate and House released their education budgets for the 2021-2022 school year. The Senate budget calls for an increase of \$239 in the Base Student Allocation (expectation that all school district employees will be paid at least \$15/per hour by the 2022-23 school year), while the House calls for an increase \$150 in the Base Student Allocation. Please note, the House plan includes a new categorical called "Putting Parents First Adjustment". The adjustment is a \$200 million penalty to the 12 districts that adopted mask mandates and targets the salaries of non-school based district administrators within those districts. Funds would be taken from those districts, then distributed to the 55 districts as an award for not requiring masks.

Please see below for the main categoricals:

Allocation	Senate	House
Base Student Allocation	Increase of \$239	Increase of \$150
School Safety	Increase of \$30M	Increase of \$30M
Mental Health	Increase of \$20M	Level Funding
Teacher salary increase	Increase of \$50M	Increase of \$250M
Total per-student funding (state-wide)		

The budgets will now move to the Appropriations Committee in both chambers before heading to the Floor for a full vote, at which time a more detailed budget summary will be available. Once the respective chambers pass their budget, they will commence negotiating their differences during the budget conference.

The following education bills of interest were presented to committees this week:

- **SB 1048** (Student Assessments) passed its second committee. The bill would transition from the FSA to a student progress monitoring system. Elements of the accountability system such as school grades, student retention, promotion, and teacher evaluations would remain in place; however, the bill would establish a baseline in the first year for future improvement ratings (more information on the bill below and committee packet).
- **HB 1193** (School Safety) passed its second committee: This bill modifies both state-level oversight of school safety requirements and school district-level emergency response procedures. The bill increases school safety oversight and accountability in the event of non-compliance of school safety requirements by a school district (more information on the bill below and committee packet).
- **HB 1219** (Instructional Personnel) passed its first committee. The bill revives the definition of term "instructional personnel" to include specified pre-kindergarten instructors.
- **HB 5101** (<u>Education</u>) passed in the House PreK-12 Appropriations Sub-Committee. The main impact to BCPS would the district's ability to operate Broward Virtual, this would apply to all Florida Virtual franchises. Currently there's no Senate version; however, the bill will be part of the budget conference negotiations between the Senate and the House.

Please find below a summary of the Senate Committee & Sub-committee hearings this past week.

Senate Education Committee

- **SB 390** <u>Restraint of Students with Disabilities in Public Schools</u> by Book; Prohibiting school personnel from using mechanical restraint on students with disabilities; providing exceptions, etc. Effective Date: 7/1/2022. **Passed, now in Appropriations Subcommittee on Education**
