What We Heard You Say

- 1. Clear and Honest Communication:** We know it's important to keep everyone in the loop. We will share information early, often, and clearly so everyone knows what's happening and why.
- 2. Everyone's Voice Matters:** Your opinions about including teachers, parents, and students are very important. We will make sure everyone gets a chance to share their ideas to help shape the future of our schools.
- 3. Fairness for Everyone:** We want to make sure changes are fair for all, especially for communities that need more help. We'll work to make sure resources and opportunities are shared equally among all schools.

What We Heard You Say

4. Support for Teachers and Staff: We know that teachers need better pay and resources. We will make it a priority to give them the support they need to continue teaching at a high level.

5. Better Learning Programs: We understand the need for new and exciting programs. We'll work on expanding successful programs so that all students have the same opportunities to grow and learn.

6. Involving the Community: Your feedback is important to us. We will hold open meetings, share information in different ways, and listen to your ideas to make our plans even better.

7. Making Change Easier: We want the transition to be smooth, so we won't make changes in the middle of the school year. We'll provide the tools and support needed to help students, teachers, and the community adjust and celebrate the new opportunities these changes will bring.
