THE BROWARD COUNTY SCHOOL BOARD

Important Phone Numbers

Adult, Vocational and Technical Education	760-7400
Area Superintendents *	
• North Area	786-7850
• Central Area	497-1835
• South Area	797-4700
Centers	765-6755
Early Childhood	768-8942
Exceptional Student Education	767-8544
Multi-Cultural Education	765-6901
Pupil Placement	765-6285
Safety Department	765-6300
School Curriculum	768-8924
Student Transportation*	
• North Area	960-2700
• Central Area	928-0267
• Central West Area	474-2860
• South Area	985-5290

* The administrative areas for the schools are shown on the index pages at the beginning of the sections for elementary, middle and high schools. For other phone numbers, consult the white pages of the phone book under "Schools-Public" or call 765-6000.

ITEMS NEEDED FOR REGISTRATION

- 1) Your child's birth certificate.
- 2) Proof of your home address (rent lease or mortgage deed and a utility bill).
- 3) New residents to the State of Florida will be required to show proof of a physical exam which has been performed in the past twelve months.
- 4) A Florida Immunization Shot Form - Students out of State must bring their immunization record to a county health department or a local doctor and have the information transferred on a Florida form.
- 5) A last report card and/or any tests scores would be helpful.

15. EDUCATION

PUBLIC SCHOOL SYSTEM:

Broward County Public Schools comprise the sixth largest schools district in the nation, and the second largest in Florida. The Southern Association of Colleges and Schools (SACS) has accredited every school and every center in the school district - making Broward's public schools the largest fully accredited school district in the United States. Each school or center meets more than 70 rigorous standards set by SACS.

SCHOOL BOARD'S MISSION AND BELIEFS:

MISSION

We, the School Board of Broward County, Florida, commit ourselves to a philosophy of respect and high expectations for all students (pre kindergarten through adult), teachers, and staff; and, with community participation and partnerships, we will provide the process and support which will give our diverse, multi-cultural student population equal access to a quality education.

BELIEFS

- All students can learn
- All students should be taught how to learn
- We must prepare all students for knowledge-based, technologically rich, and culturally diverse 21st Century
- A safe and secure environment is a requisite for teaching and learning
- Learning should take place at home, in school, and in the community
- Student achievement is enhanced through partnerships
- All individuals should be treated with respect and dignity
- Schools should reflect participatory management
- Schools should be accountable for improving student achievement

- Staff should be provided with professional development and training

- All decisions should be based on student needs and what is best for students

DEMOGRAPHICS

- 192 schools: 120 elementary; 33 middle; 23 high; 10 centers; 6 adult & vocational technical centers
- Some 207,000 Pre-K - 12 students
- 240,000 adult students
- Serving a Broward population of 1,344,930
- 6th largest district in nation; largest fully accredited

ORGANIZATION

- School Board is an independent governing body with its own taxing power, using a millage rate established annually by the Legislature
- District has a seven member Board with members elected for staggered terms of four years
- Central offices are in downtown Fort Lauderdale
- District is a member of the Council of Great City Schools

ACCOUNTABILITY/PARTNERSHIP

- Focus 2000 is Broward Schools collaborative initiative for school improvement and accountability
- National Coalition for Essential Schools is in 30 schools
- School-based management gives principals/schools responsibility to craft their own budgets and learning strategies

- Outreach services to more than 12,500 Limited English Proficient students from 114 countries, speaking 53 different languages; 500 foreign born students enroll monthly

- 28 schools currently using joint labor/management shared decision-making process

- 18,000 volunteers contributed more than one-half million hours of service

Parent Partnership Include:

- PTAs, PTOs, District Area and School Advisory Councils, and School Improvement Teams, work on school-based and district-wide issues

- Parents routinely serve on task forces and committees considering important issues

Community Partnerships Include:

- The Purple Ribbon Campaign To Prevent Violence and Crime

- The Broward Education Foundation

- Children's Campaign with Child Care Connection and Broward County to get funding for preschool education

Business Partnerships Include:

- Partners in Excellence Program has 550 partnerships with 180 schools and 16 district partnerships

- Academy of Tourism and Travel; Academy of Finance

- In-School Student Chamber of Commerce program

- SAGE program in partnership with Citicorp - a program of school improvement and accountability

- Toyota Families for Learning Program helps families learn and progress together

Educational Partnerships Include:

- Teacher Education Alliance, a unique program with BCC and FAU that trains

Broward students to become Broward teachers

INSTRUCTION

- Test scores at or above national average
- 42 magnet programs offer students concentrations in specific areas such as science, drama, medical arts
- TECH PREP offers coordinated sequence of academic and technical course leading to a two-year certificate or Associate of Science degree
- More than 145,000 full and part time students enrolled in Vocational and Technology Education programs in middle schools, high schools and centers
- More than 25,000 students benefit from programs and services in Exceptional Student Education, including hundreds of pre-school handicapped children
- Family Resources Centers at selected sites work with the whole family offering a range and continuum of services
- Computer-assisted integrated learning at all grade levels
- School library media centers serve 37,000 students weekly; circulate more than 128,000 books and 17,000 audio visual items each week
- Multi-cultural infusion curriculum promotes understanding and sensitivity for different ethnicities and minorities
- More than 12,500 Limited English Proficient students from 114 countries speaking 53 different languages, 500 foreign born students enroll monthly
- Instructional Television Center offers more than 200 curricular-related services; link in the state satellite teleconferencing network
- Unique seven-period opportunities offered in high schools
- Student Enrichment Trust Fund provides cultural enhancement for 120,000 students

- Special programs serve over 47,000 students including those in Dropout Prevention, Migrant Education, Chapter I, etc.
- Offer state-of-art music education; high-tech musical instruments and electronic equipment available
- An enhanced Middle School Program redirects and focuses resources, curriculum, guidance and extracurricular activities for middle school students

BUSINESS/OPERATIONS

- County's largest business; operation budget of nearly one billion dollars; capital budget more than six hundred million dollars
- **Capital Improvement program has:**
 - built 28 new schools
 - replaced 15 older schools
 - upgraded/renovated most schools
 - upgraded/improved media centers, science labs, auditoriums
 - provided computer networks
- Some 150,000 meals served daily
- 800 buses transport 58,000 students over 60,000 miles twice daily

PERSONNEL

- 19,000 full and part-time employees; instructional staff of 9,000
- One of the highest starting salaries for teachers; average teacher salaries are above state average
- More than half the teachers have advanced degrees
- Aggressively recruit minority employees; named one of top 100 minority employers
- Training programs for teachers--beginning and experienced; training opportunities and programs for staff--all levels; multicultural sensitivity training

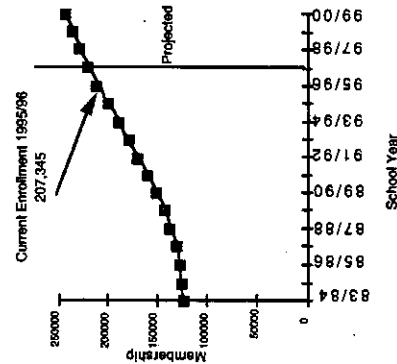

PUBLIC SCHOOL ENROLLMENT

The table on the next page lists the Broward County total public school enrollment for the 1990/91 year through the 1995/96 school year. Over this period, total enrollment increased by 49,594 students. Most of the increase has resulted from growth in the elementary grades--Kindergarten through 5th grade.

The figure on the next page charts the historical growth in total public school membership, 1983-1995, and the projected membership through the year 1999. Growth will continue in the elementary grades over the next five years. Middle school growth is also projected to increase as the baby boomlet ages. A continued increase in the number of high school students is also anticipated.

School Year	Elementary	Middle	High	Centers	Total
1990/91	84,123	34,524	39,978	2,132	160,757
1991/92	89,633	36,135	41,472	2,368	169,608
1992/93	94,646	39,081	43,523	2,725	179,975
1993/94	99,797	41,463	45,531	2,809	189,600
1994/95	103,654	44,409	47,168	3,459	198,690
1995/96	107,360	46,838	49,191	3,956	207,345

Historical & Projected Enrollment Trends 1983-1999

EXCEPTIONAL STUDENT EDUCATION

The Exceptional Student Education program provides comprehensive programs for all students with disabilities and gifted students. Exceptional Student programs include services to students certified as Educable Mentally Handicapped, Trainable Mentally Handicapped, Profoundly Mentally Handicapped, Specific Learning Disabled, Emotionally Handicapped, Speech and Language Impaired, Autistic, Deaf, Hard of Hearing, Partially sighted, Blind, Physically Handicapped, Hospital, Homebound, and Gifted. Ranked among the most comprehensive and progressive in the United States, approximately 27,000 students benefit from these programs.

The following initiatives are being implemented in Exceptional Student Education programs:

- The Exceptional Student Education (ESE) staff, ESE Advisory and the Family Network on Disabilities jointly publish a calendar with activities and topics of interest for families with exceptional students. The calendar is mailed to all ESE parents.
- Special education and related services are now provided to all disabled three and four year old children.
- Family counselors, mental health therapists, and psychiatrists provide mental health services to students who have emotional handicaps.
- A program for identifying and serving gifted students from under-represented groups is being implemented and has resulted in improved representation.
- Increasing numbers of medically complex students are being served in public schools with appropriate support services.
- Programs options for autistic students have been expanded and incorporate nationally known instructional models.

VOCATIONAL, ADULT AND COMMUNITY EDUCATION

Vocational technology education programs cover virtually every career field in Agribusiness and

National Resources Education, Business Technology-Education, Health Science Education, Family and Consumer Sciences, Industrial Education, Marketing and Diversified Education, Public Service Education and Technology Education. These programs, using state-of-the-art equipment, are on the cutting edge, constantly evolving to keep pace with changes in technology. Students who complete Broward's programs enter the workforce with the most up-to-date skills needed to succeed in today's competitive environment.

Over 60 different occupational programs are taught by highly trained instructors providing training for careers that include nursery worker, bookkeeper, nursing assistant, child care aide, bank teller, travel agent, engineer, auto body technician and corrections officer.

Other courses provide updated technical skills to meet industry standards and request. Some examples are Master Cam and Smart Cam software for improved precision machine training Computer Aided Design (CAD) courses, Child Care Services Program, Coder Specialist Program and Instrumental technician for Health Science and a skills lab located at Sheridan Vocational Technical Center.

Special programs include the Academy of Finance and the Academy of Travel and Tourism, partnerships between the district, the National Academy Foundation and local business, which offer a rigorous two-year multidisciplinary programs that prepare the students for a career in either finance or travel and tourism; and the Academy of Applied Technology, implemented at Sheridan this year, developed to incorporate both advanced academic and vocational studies into an integrative secondary program.

Many of the vocational programs provide a coordinated sequenced program of academic and technical courses that starts in the ninth grade and leads to the completion of a two-year certificate of Associate of Science Degree program called TECH PREP.

Broward County has received national recognition for numerous innovative programs, such as Ford Automotive Student Services Training Program, the Centers for Electronic Emphasis, an apprenticeship program and Auto Body Technical (ATT) which leads to an Associate of Arts Degree.

Adult Education covers instruction in basic skills (literacy, English as a second language, high school completion, and GED preparation). Community Education provides instruction and services which address unique community needs.

Special Adult and Community Education programs and services are designed to address the unique needs of handicapped adults, minorities, the homeless, Project Independence clients, eligible legalized aliens, parents, inmates in correctional facilities, the elderly and senior learners. Extensive cooperative agreements and partnerships with community-based organizations, business, industry, churches, and governmental agencies exist to insure educational and support services.

More than 145,000 full and part-time students are enrolled in vocational education courses in 30 middle schools, 22 high schools and three full-time centers; Atlantic Vocational Center, William T. McFatter Vocational Technical Center, and Sheridan Vocational Technical Centers. Courses are also offered at 25 community schools and numerous off sites throughout the county, such as hospitals, industry sites and correctional facilities.

As the largest instructional area in Broward schools more than 337,000 residents ranging from birth to the nineties are enrolled in Adult and Community Education programs utilizing 23 community schools maximizing the use of facilities between the hours of 7:00 a.m. and 11:00 p.m. Adult General Education instruction is also available through six comprehensive centers for adults (including the three vocational centers). In addition, instruction is available at off-campus locations throughout Broward County.

STUDENT SERVICES

To meet the challenge of educating students in the modern day urban society, Broward has developed a comprehensive program of student services. The program includes Broward Advisors for Continuing Education, Family Counseling, Guidance and Counseling, Prevention Programs, Psychological Services and School Social Work and Attendance. The departments provide coordination curriculum and support services to school so that they may implement programs which assist students, school staff and families of the students.

Student Services plays an integral part in assessing student academic, psychological and social strengths and weaknesses, communication and learning skills, aptitudes and interests. A comprehensive guidance curriculum helps students with career and post-secondary educational planning, with social and personal development and building self-esteem. Peer counseling and other prevention programs further assist students in achieving their goals. Through joint funding by the Broward County Commission, Student Services provides family counseling at no cost to families in various school sites throughout the district.

SPECIAL PROGRAMS

The Special Programs Department coordinated programs and services that assist schools with improving the academic achievement of at-risk students. This is done through the development and implementation of various programs designed to meet the special need of students eligible for these programs: Chapter 1 Basic, Chapter 1 Migrant, Indian Education, Community Outreach and Home Instruction Program for Preschool Youngsters (HIPPY).

Chapter 1 Basic:

Using federal funds that flow through state educational agencies, Chapter 1 Basic provided financial assistance to local educational agencies to meet the special academic needs of educationally deprived children in school attendance area with high concentrations of children from low income families, as well as children in selected private schools and institutions for neglected or delinquent youth.

Chapter 1 Migrant:

The Migrant Education program is a federally funded compensatory program that is designed to provide for some of the unmet needs of children who are enrolled in public schools in the district. The students are children of migratory workers and fishermen.

Indian Education:

The Indian Education program helps low-achieving Indian students overcome academic skill deficiencies by providing an after school tutorial programs.

Home Instruction Program For Preschool Youngsters (HIPPY):

HIPPY is an educational program for disadvantaged preschool children and their parents. Through regular contact with a home visitor, parents are provided skills needed to teach their children at home, using a variety of educational materials.

DROPOUT PREVENTION

The Dropout Prevention Program is an organized system of instruction and services designed to address the educational and personal needs of identified students whose school success requires specific support and services. Traditional School sites offer programs designed to fit the needs of the specified population. Structured support and services are provided to students attending in alternative schools/centers and in specified HRS facilities. These programs include students who are unmotivated or disinterested, teen parents, disruptive or delinquent students and others who need programs that address substance issues.

MAGNET AND OPEN BOUNDARY SCHOOLS

Magnet schools are centered around a specialized curriculum such as mathematics, science, pre-engineering, performing and visual arts, broadcast arts, or marine science. These schools are designed to attract and motivate students as they encourage voluntary desegregation.

Magnet Programs offer a unique course of study and open or extended boundaries. They are open to all students in the County. Transportation is provided for students residing more than two miles from the school. The current magnet programs include:

High Schools:

Science/Pre-Engineering Program - Ely High School (North/Central Area) Stranahan High School (North/Central Area)

This program is a rigorous four year course of students who plan to continue their education in the fields of Engineering, Science and Technology. Students participate on state, national and international competitions.

Architecture and Design - Northeast High School (North of Sunrise Blvd.)

The Architecture and Design Program provides students with practical and theoretical knowledge. This unique program fills a need for students who have the potential to succeed in design careers that call for applied arts, talents and abilities.

Finance and Entrepreneurship - Northeast High School (North of Sunrise Blvd.)

The Finance and Entrepreneurship Program is designed for students interested in pursuing careers or post secondary studies in the fields of finance and entrepreneurship. Students develop businesses, market products, and understand financial planning, securities, and the global marketplace.

Science/Pre-Engineering Program - Ely High School (North of Sunrise Blvd.) Stranahan High School (South of Sunrise Blvd.)

This program is a rigorous four year course of students who plan to continue their education in the fields of Engineering, Science and Technology. Students participate on state, national and international competitions.

International Affairs and Business - Deerfield Beach High School (North of Sunrise Blvd.), Hallandale High School (South of Sunrise Blvd.)

The four year International Affairs and Business Program focuses on a study of cultures through language, art, music, economics, and political systems. Students participate in the National model United Nations Program and local and state foreign language competitions.

Performing and Visual Arts-Dillard High School (Countywide)

The Performing and Visual Arts Program allows students the opportunity to explore a wide range of artistic disciplines including dance, drama, visual arts, vocal and instrumental music. Students also take coursework in stagecraft and costume design. Season performances are held at the Broward Center for Performing Arts.

<p>Emerging Computer Technology - Dillard High School (Countywide)</p> <p>This program integrates state-of-the-art equipment and interdisciplinary instructional strategies into a dynamic menu of educational opportunities. A challenging curriculum complements student's core academic requirements.</p> <p>International Baccalaureate - Boyd Anderson School (Countywide)</p> <p>The International Baccalaureate (IB) Program is an accelerated four-year liberal arts curriculum designed to meet the needs of the highly motivated and academically talented student. Successful students of this Program receive the prestigious IB Diploma, held in the highest esteem by universities throughout the world.</p> <p>Communications/Broadcast Arts - Deerfield Beach High School (North of Sunrise Blvd.), Hallandale High School (South of Sunrise Blvd.)</p> <p>Students enjoy the professional on-campus television and radio studios, remote cameras, video tape recording, video switching and editing equipment, and high quality computer graphics lab to complete academic and extracurricular student projects.</p> <p>Medical Sciences Program - Stranahan High School (South of Sunrise), Ely High School (North of Sunrise)</p> <p>This is a rigorous four-year program for selected students who plan to pursue their education in the fields of medicine, dentistry, veterinary science, pharmacology, nursing, or allied medical careers. Regular, gifted, honors, and advanced placement levels are offered in all required academic courses.</p> <p>Pre-Law and Public Affairs Program - Fort Lauderdale High School (Countywide)</p> <p>The Pre-law and Public Affairs Magnet Program is designed for students who are interested in careers in law, criminal justice, or public affairs. Students are exposed to a broad range of law-related issues, including: due process, privacy rights, freedom of speech, freedom of the press, the death penalty, search and seizure, client/lawyer</p>	<p>confidentiality, ethics, the justice system, and the rights and responsibilities of citizenship.</p> <p>Maritime Academy - South Broward High School (Countywide)</p> <p>Students participate in an exploratory curriculum focusing on South Florida's waterways, nautical systems, maritime business and industries, along with sea culture. The program emphasizes a broad spectrum of career and academic opportunities in ecological, environmental and marine areas.</p> <p>The Latin School - Northeast High School (North of Sunrise Blvd.)</p> <p>The Latin School is designed for students who have a desire to excel. Curriculum options may include the Great Books program, Creative Man, 19th and 20th Century America (a social studies and English combination) and discussion of ethics including behavior, social norms and attitudes.</p> <p>Middle Schools:</p> <p>Performing and Visual Arts - Parkway Middle School (Countywide)</p> <p>The Parkway School of the Arts provides unique opportunities and unlimited artistic experiences for the dancer, the musician, the singer, the actor and the artist. Language arts, mathematics, science and social studies are thoroughly integrated with intensive work in the arts.</p> <p>Communications/Broadcast Arts - Pompano Beach Middle School (North of Sunrise), Attucks Middle School (South of Sunrise Blvd.)</p> <p>Students explore the areas of television and radio production, marketing, advertising, and public relations while developing writing, speaking and computer skills. Students work in a three-camera television production studio, complete audio studio, video editing suites and state-of-the-art control room.</p> <p>Pre-Law and Public Affairs - William E. Dandy Middle School (Countywide)</p> <p>The Pre-Law and Public Affairs Program provides students with realistic experiences</p>	<p>and foundations needed in this field. The student learns to recognize the citizen's role in maintaining a just society based on law and is exposed to a broad range of law related issues.</p> <p>Pre-Medical - William E. Dandy Middle School (Countywide)</p> <p>The Pre-Medical program gives students a strong foundation in science and mathematics, coupled with creative extracurricular activities enhancing basic studies. Students explore pre-medical, dental, veterinary and allied medical careers.</p> <p>Science/Pre-Engineering - Crystal Lake Middle School (North of Sunrise Blvd.), McNicol Middle School (South of Sunrise Blvd.)</p> <p>This program is for the student who has an affinity for investigation and problem-solving. Students have the opportunity to practice the skills of observation, experimentation, inference, predication and measurement.</p> <p>International Affairs and Business - Crystal Lake Middle School (North of Sunrise Blvd.), McNicol Middle School (South of Sunrise)</p> <p>This program provides students with the opportunity to become proficient in a second language while becoming knowledgeable about world affairs and different cultures. Students learn about other countries around the world by studying their customs, foods, history, music and language. Introductory business classes are designed to prepare students for the world of work.</p> <p>Marine Science - New River Middle School (Countywide)</p> <p>The Marine Science Program provides an in-depth, real world exploration of Florida's coastal habitats. The program emphasizes an appreciation of the environment, the conservation of our coastal ecosystems, and understanding of the South Florida Water management District and other Florida Agencies.</p> <p>Health and Wellness - Driftwood Middle School (Countywide)</p> <p>The Health and Wellness Program prepares students for a multitude of career</p>	<p>opportunities including wellness management, fitness management, physical therapy, athletic training, nutrition, health and physical education, and preventive medicine. Students learn how to test, analyze, interpret, make recommendations and conduct counseling.</p> <p>Environmental Science - Sawgrass Springs Middle School (North of Sunrise Blvd.)</p> <p>This program is designed to provide students with an integrated, hands-on laboratory approach to environmental science supported through technology. Students explore and evaluate the many challenges and concerns related to their environment: water supply, ecosystem restoration, wastewater reuse, solid waste disposal, drinking water quality, aquifer contamination and restoration, and storm water runoff.</p> <p>Montessori Sunrise Middle School (Countywide)</p> <p>The Montessori Program encourages students to do their own research, analyze what they have found, and come to their own conclusions. The course of study is an integrated thematic approach that ties the separate disciplines of the curriculum together into studies of the physical into studies of the physical universe, the world of nature, and the human experience.</p> <p>Elementary Schools:</p> <p>Performing and Visual Arts - Walker (Central Area), Bethune (South Area), Deerfield Park (North Area), and North Andrews Gardens (Countywide) Elementary Schools</p> <p>The Performing and Visual Arts Program provides unlimited artistic experiences. In addition to the students' basic academic education, creative children are inspired to imagine, create and communicate their ideas and feelings through music, theater, art, dance and the written word.</p> <p>Science, Mathematics, and Technology - Colbert (South Area), Broward Estates (Central Area), and Charles Drew (North Area) Elementary Schools</p> <p>Students have daily access to computer terminals, and modern mathematics and science laboratories. Children are encouraged to solve problems for</p>
--	--	--	---

themselves, by logical thinking, sorting, recognizing patterns and recording the results of their work.

Communications & Languages - Sanders Park (North Area), Thurgood Marshall (South Area, and Watkins (Central) Elementary School.

This program features an innovative approach to learning, as well as daily study of French, Japanese or Spanish. Emphasis on written and oral communication skills with the publication of journals and newspapers, and production of television and radio programs in a specifically designed studio.

Montessori - Virginia Shuman Young Elementary School (Countywide)

Learning takes place in a carefully prepared, nurturing, multi-age classroom. The Montessori Program promotes academic achievement in a non-competitive environment and children progress at their own pace. Children learn in environments focusing on practical life, sensorial, language, mathematics, geography, history, science and the arts.

Nova Schools:

The nationally recognized Nova Schools - Nova Eisenhower, Nova Blanche Forman, Nova Middle, and Nova High School - form one complex focused on research and professional development. Students throughout the county may apply for admissions to these schools. Parents should contact 765-6179 for information.

ELEMENTARY SCHOOLS

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt.$$

It is shown that the function $f(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

2. In the second part of the paper, we consider the function $F(x)$ defined by the equation

$$F(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt.$$

It is shown that the function $F(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

3. In the third part of the paper, we consider the function $G(x)$ defined by the equation

$$G(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt.$$

It is shown that the function $G(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

4. In the fourth part of the paper, we consider the function $H(x)$ defined by the equation

$$H(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt.$$

It is shown that the function $H(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

5. In the fifth part of the paper, we consider the function $I(x)$ defined by the equation

$$I(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt.$$

It is shown that the function $I(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

6. In the sixth part of the paper, we consider the function $J(x)$ defined by the equation

$$J(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt.$$

It is shown that the function $J(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

7. In the seventh part of the paper, we consider the function $K(x)$ defined by the equation

$$K(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt + \int_0^x \frac{1}{1+t^{14}} dt.$$

It is shown that the function $K(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

8. In the eighth part of the paper, we consider the function $L(x)$ defined by the equation

$$L(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt + \int_0^x \frac{1}{1+t^{14}} dt + \int_0^x \frac{1}{1+t^{16}} dt.$$

It is shown that the function $L(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

9. In the ninth part of the paper, we consider the function $M(x)$ defined by the equation

$$M(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt + \int_0^x \frac{1}{1+t^{14}} dt + \int_0^x \frac{1}{1+t^{16}} dt + \int_0^x \frac{1}{1+t^{18}} dt.$$

It is shown that the function $M(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

10. In the tenth part of the paper, we consider the function $N(x)$ defined by the equation

$$N(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt + \int_0^x \frac{1}{1+t^{14}} dt + \int_0^x \frac{1}{1+t^{16}} dt + \int_0^x \frac{1}{1+t^{18}} dt + \int_0^x \frac{1}{1+t^{20}} dt.$$

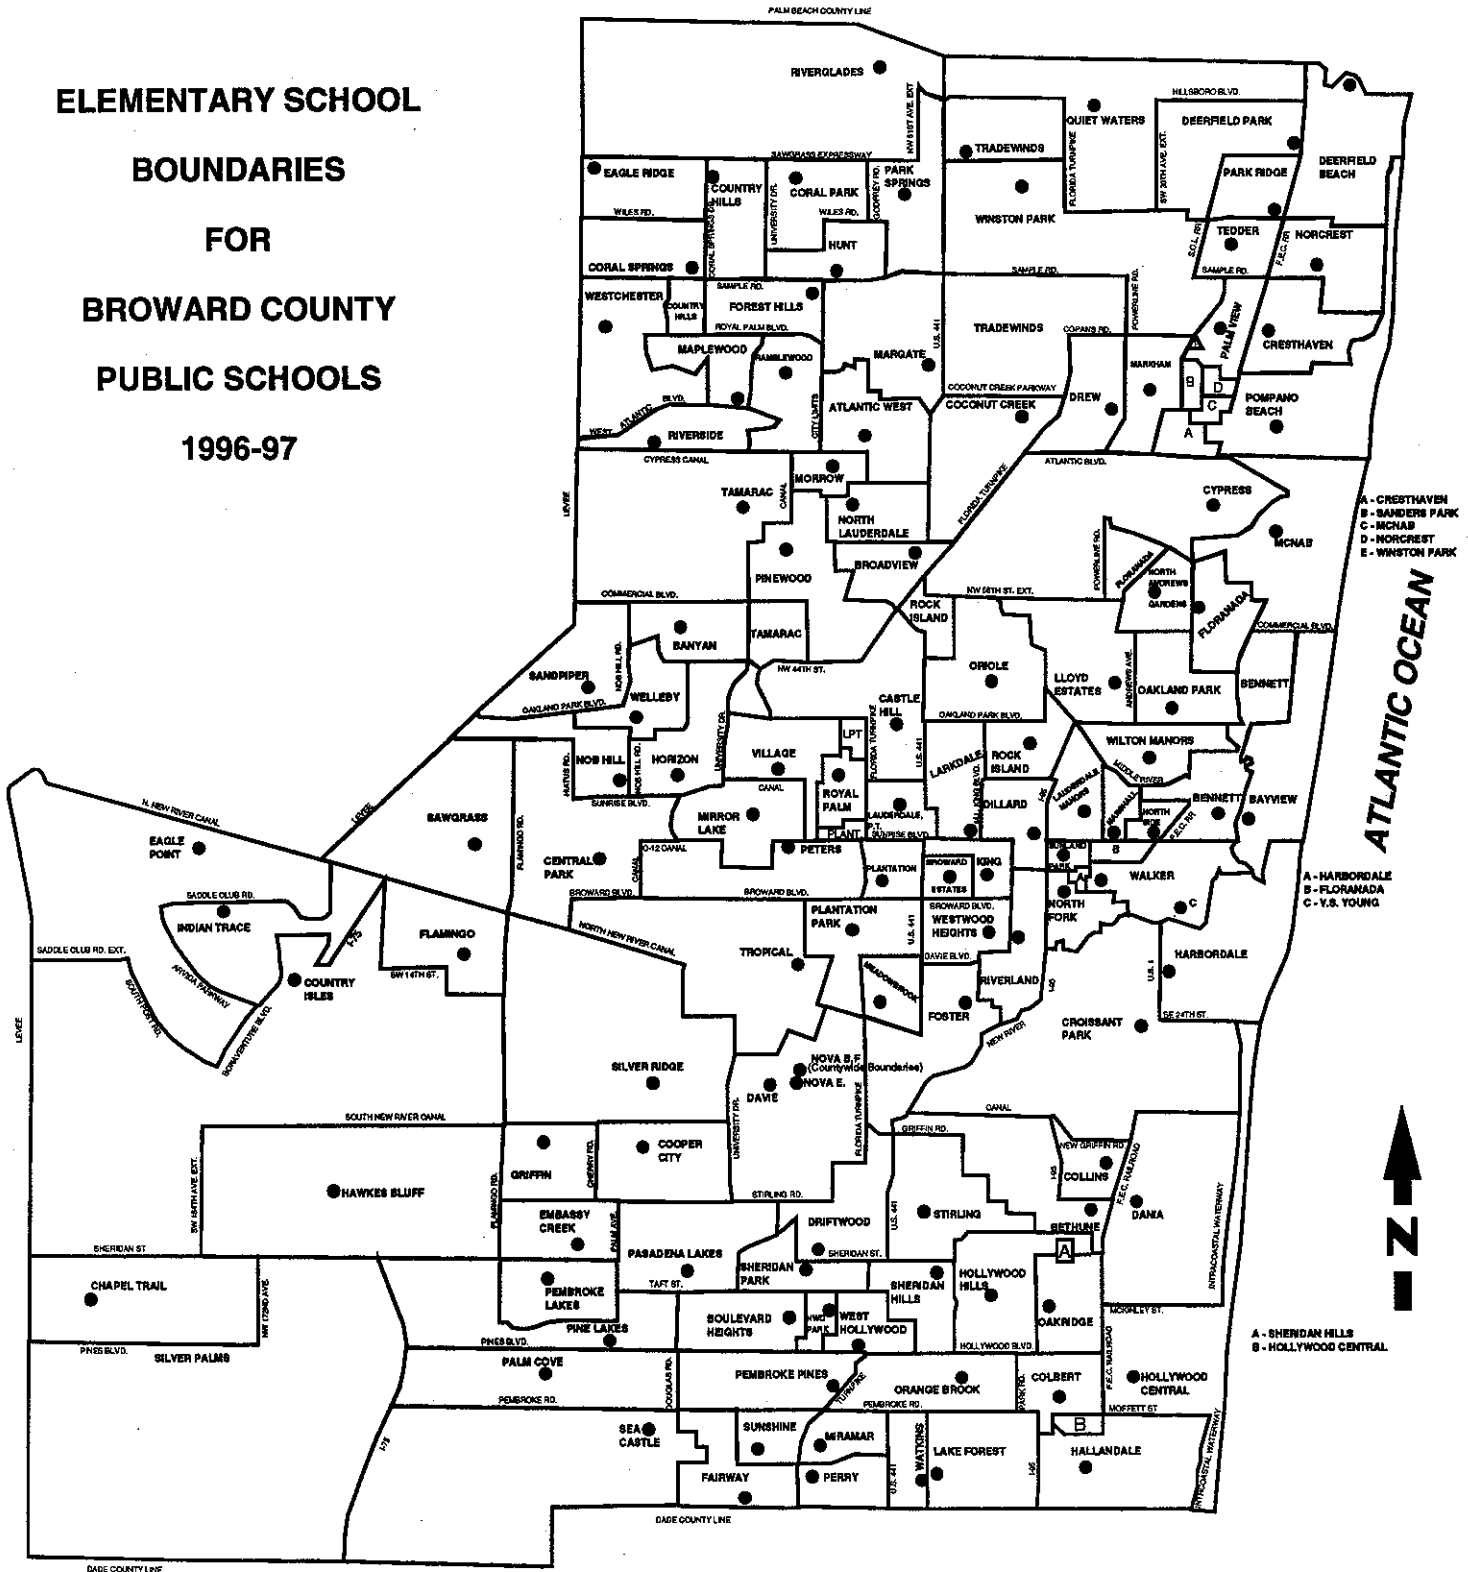

It is shown that the function $N(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.

11. In the eleventh part of the paper, we consider the function $O(x)$ defined by the equation

$$O(x) = \int_0^x \frac{1}{1+t^2} dt + \int_0^x \frac{1}{1+t^4} dt + \int_0^x \frac{1}{1+t^6} dt + \int_0^x \frac{1}{1+t^8} dt + \int_0^x \frac{1}{1+t^{10}} dt + \int_0^x \frac{1}{1+t^{12}} dt + \int_0^x \frac{1}{1+t^{14}} dt + \int_0^x \frac{1}{1+t^{16}} dt + \int_0^x \frac{1}{1+t^{18}} dt + \int_0^x \frac{1}{1+t^{20}} dt + \int_0^x \frac{1}{1+t^{22}} dt.$$

It is shown that the function $O(x)$ is continuous and differentiable on the interval $(-\infty, \infty)$.
