- 1) Your child's birth certificate.
- Two proofs of your home address (rent lease or mortgage deed and a utility bill).
- New residents to the State of Florida will be required to show proof of a physical exam which has been performed in the past twelve months.
- 4) A Florida Immunization Shot Form Students out of State must bring their immunization record to a county health department or a local doctor and have the information transferred to a Florida form.
- 5) A last report card and/or any tests scores will be helpful.

# **GENERAL INFORMATION**

#### ABOUT BROWARD COUNTY SCHOOLS

#### PUBLIC SCHOOL SYSTEM:

Broward County Public Schools comprise the fifth largest school district in the nation, and the second largest in Florida. The Southern Association of Colleges and Schools (SACS) has accredited every school and every center in the school district - making Broward's public schools the largest fully accredited school district in the United States. Each school or center meets more than 70 rigorous standards set by SACS.

### SCHOOL BOARD'S MISSION AND BELIEFS:

#### MISSION

The School Board of Broward County, Florida, is committed to a philosophy of respect and high expectations for all students (pre-kindergarten through adult), teachers and staff; and, with parent and community participation and partnerships, they will provide the process and support which will give the diverse, multi-cultural student population equal access to a quality education.

#### BELIEFS

- All students can learn, but they learn at different rates and with different preferential styles.
- All students should be taught how to learn.
- We must prepare all students for a knowledge-based, technologically rich, and culturally diverse 21st century.
- A safe and secure environment is a requisite for teaching and learning.
- Learning should take place at home, in school, and in the community.
- Student achievement is enhanced through partnerships.
- All individuals should be treated with respect and dignity.
- Schools should reflect participatory management.

- Schools should be accountable for improving student achievement.
- Staff should be provided with professional development and training.
- All decisions should be based on student needs and what is best for students.
- Diversity should be promoted so that isolation of racial, ethnic and socioeconomic groups is avoided; the full benefits of integration are achieved; and education is enhanced in a diverse, inclusive setting.
- All students and staff should have experiences that develop interpersonal skills and sensitivity in working with others of diverse backgrounds and abilities.
- Quality educational opportunities should be provided for all students in integrated environments that enhance success and promote understanding and appreciation of diversity, fair play and the positive tenets of a democracy.
- Both parent and community participation, and parent and community responsibility, are essential to the positive social, emotional, cultural and academic development of every child and adult.

#### DEMOGRAPHICS

- 214 schools: 128 elementary; 35 middle; 24 high; 10 centers; 10 Charter schools; 7 adult & technical centers
- Over 240,000 Pre-K 12 students
- 248,000 adult students
- Serving a Broward County population of 1,488,099
- 5th largest district in nation; largest fully accredited

#### ORGANIZATION

- School Board is an independent governing body with its own taxing power, using a millage rate established annually by the Legislature.
- District has a nine member Board with members elected for staggered terms of four years. Seven members are elected from single member districts and two are elected at large.
- Central offices are in downtown Fort Lauderdale.
- District is a member of the Council of Great City Schools.

#### ACCOUNTABILITY/PARTNERSHIP

- Focus 2000 is Broward Schools collaborative initiative for school improvement and accountability.
- National Coalition for Essential Schools is in 70 schools.
- School-based management gives principals/schools responsibility to craft their own budgets and learning strategies.
- Outreach services to more than 23,732 Limited English Proficient students from 152 countries, speaking 53 different languages; approximately 700 foreign born students enroll monthly.
- All schools are currently using joint labor/management shared decision-making process.
- 24,487 volunteers contributed 905,724 hours of service in 1999-00.

#### Parent Partnership include:

- PTAs, PTOs, District Area and School Advisory Councils, and School Improvement Teams, work on school-based and districtwide issues.
- Parents routinely serve on ad hoc task forces and committees considering important issues.

#### · Community Partnerships include:

- The Purple Ribbon Campaign To Prevent Violence and Crime.
- The Broward Education Foundation.
- Children's Campaign with Child Care Connection and Broward County to get funding for preschool education.

#### · Business Partnerships include:

- Partners in Excellence Program has 350 partnerships with 200 schools and 20 district partnerships.
- Academy of Tourism and Travel; Academy of Finance.
- In-School Student Chamber of Commerce program.
- Toyota Families for Learning Program helps families learn and progress together.

#### Educational Partnerships include:

Teacher Education Alliance, a unique program with BCC and FAU that trains Broward students to become Broward teachers.

#### INSTRUCTION

- 41 magnet programs offer students concentrations in specific areas such as science, drama, and medical arts.
- TECH PREP offers coordinated sequence of academic and technical course leading to a two-year certificate or Associate of Science degree.
- More than 145,000 full and part time students enrolled in Vocational and Technology Education programs in middle schools, high schools and centers.
- More than 32,000 students benefit from programs and services in Exceptional Student Education, including pre-school handicapped children.

- Family Resources Centers at selected sites work with the whole family offering a range and continuum of services.
- Computer-assisted integrated learning at all grade levels.
- School library media centers serve 38,000 students weekly; circulate more than 130,000 books and 18,000 audiovisual items each week.
- Multi-cultural infusion curriculum promotes understanding and sensitivity for different ethnicities and minorities.
- More than 23,732 Limited English Proficient students from 152 countries, speaking 53 different languages; approximately 700 foreign born students enroll monthly.
- Instructional Television Center offers more than 200 curriculum-related services; link in the state satellite teleconferencing network.
- Unique seven-period opportunities offered in high schools.
- Student Enrichment Trust Fund provides cultural enhancement for 128,000 students.
- Special programs serve over 50,000 students including those in Dropout Prevention, Migrant Education, Chapter 1, etc.
- Offer state-of-art music education; high-tech musical instruments and electronic equipment available.
- An enhanced Middle School Program redirects and focuses resources, curriculum, guidance and extracurricular activities for middle school students.

#### BUSINESS/OPERATIONS

- County's largest business; an annual operating budget of over 1.7 billion dollars and a capital expenditure of more than 2 billion dollars.
- Capital Improvement program has:
- built 39 new schools
- replaced 22 older schools

- upgraded, renovated, remodeled and/or expanded 130 existing schools.
- upgraded/improved media centers, science labs, auditoriums.
- provided computer networks.
- Some 190,000 meals served daily.
- 1087 buses transport 75,000 students over 100,000 miles per day.

#### PERSONNEL

- 24,025 full and part-time employees; instructional staff of 13,110.
- One of the highest starting salaries for teachers; average teacher salaries are above state average.
- More than half the teachers have advanced degrees.
- Aggressively recruit minority employees.
- Training programs for teachers beginning and experienced; training opportunities and programs for staff, at all levels; multicultural sensitivity training.

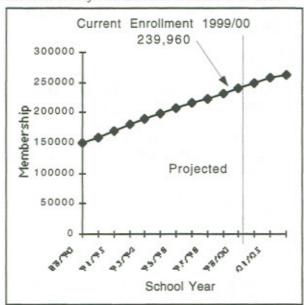

#### PUBLIC SCHOOL ENROLLMENT

The table below lists the Broward County total public school enrollment for the 1994/95 year through the 1999/00 school year. Over this period, total enrollment increased by 40,922 students. Elementary grades Kindergarten through 5th grade accounted, for 40% of the growth; secondary schools accounted for 60%.

The figure that follows is the historical growth in total public school membership, 1988-1998, and the projected membership through the year 2001. Growth will continue in the elementary grades over the next five years, but at a smaller increase per year. Middle school growth is also projected to increase as the baby boomlet ages. A larger annual gain in the number of high school students is also anticipated.

School Year	Elemen- tary	Middle	High	Cntrs	Total
1994/95	103,654	44,409	47,168	3459	198,690
1995/96	107,360	46,838	49,191	3956	207,345
1996/97	110,280	49,829	52,742	4367	217,218
1997/98	111,961	51,610	55,159	4903	223,633
1998/99	114,534	53,578	57,507	4933	230,552
1999/00	118,023	55,889	61,158	4890	239,960

Historical & Projected Enrollment Trends 1989-2002

### EXCEPTIONAL STUDENT EDUCATION

The Exceptional Student Education program provides comprehensive programs for all students with disabilities and gifted students. Exceptional Student programs include services to students certified as Educable Mentally Handicapped, Trainable Mentally Handicapped, Profoundly Handicapped, Specific Mentally Learning Disabled, Emotionally Handicapped, Speech and Language Impaired. Autistic, Deaf, Hard of Hearing, Partially sighted, Blind, Physically Handicapped, Hospital, Homebound, and Gifted. Ranked among the most comprehensive and progressive in the United States, approximately 27,000 students benefit from these programs

The following initiatives are being implemented in Exceptional Student Education programs:

 The Exceptional Student Education (ESE) staff, ESE Advisory and the Family Network on Disabilities jointly publish a calendar with activities and topics of interest for families with exceptional students. The calendar is mailed to all ESE parents.

- Special education and related services are now provided to all disabled three and four year old children.
- Family counselors, mental health therapists, and psychiatrists provide mental health services to students who have emotional handicaps.
- A program for identifying and serving gifted students from under-represented groups is being implemented and has resulted in improved representation.
- Increasing numbers of medically complex students are being served in public schools with appropriate support services.
- Programs options for autistic students have been expanded and incorporate nationally known instructional models.

### VOCATIONAL, ADULT AND COMMUNITY EDUCATION

Vocational technology education programs cover virtually every career field in Agribusiness and Resources National Education, Business Technology-Education, Health Science Education, Family and Consumer Sciences. Industrial Education, Marketing and Diversified Education, Public Service Education and Technology Education. These programs, using state-of-the-art equipment, are on the cutting edge, constantly evolving to keep pace with changes in technology. Students who complete Broward's programs enter the workforce with the most up-to-date skills needed to succeed in today's competitive environment.

Over 60 different occupational programs are taught by highly trained instructors providing training for careers that include nursery worker, bookkeeper, nursing assistant, child care aide, bank teller, travel agent, engineer, auto body technician and corrections officer.

Other courses provide updated technical skills to meet industry standards and request. Some examples are Master Cam and Smart Cam software for improved precision machine training Computer Aided Design (CAD) courses, Child Care Services Program, Coder Specialist Program and Instrumental technician for Health Science and a skills lab located at Sheridan Vocational Technical Center.

Special programs include the Academy of Finance and the Academy of Travel and Tourism, partnerships between the district, the National Academy Foundation and local business, which offer a rigorous two-year multidisciplinary programs that prepare the students for a career in either finance or travel and tourism; and the Academy of Applied Technology, implemented at Sheridan this year, developed to incorporate both advanced academic and vocational studies into an integrative secondary program.

Many of the vocational programs provide a coordinated sequenced program of academic and technical courses that starts in the ninth grade and leads to the completion of a two-year certificate of Associate of Science Degree program called TECH PREP.

Broward County has received national recognition for numerous innovative programs, such as Ford Automotive Student Services Training Program, the Centers for Electronic Emphasis, an apprenticeship program and Auto Body Technical (ABT) which leads to an Associate of Arts Degree.

Adult Education covers instruction in basic skills (literacy, English as a second language, high school completion, and GED preparation). Community Education provides instruction and services which address unique community needs.

Special Adult and Community Education programs and services are designed to address the unique needs of handicapped adults, minorities, the homeless, Project Independence clients, eligible legalized aliens, parents, inmates in correctional facilities, the elderly and senior learners. Extensive cooperative agreements and partnerships with community-based organizations, business, industry, churches, and governmental agencies exist to insure educational and support services.

More than 145,000 full and part-time students are enrolled in vocational education courses in 30 middle schools, 22 high schools and three full-time centers; Atlantic Technical Center, William T. McFatter Technical Center, and Sheridan Technical Centers. Courses are also offered at 25 community schools and numerous off sites throughout the county, such as hospitals, industry sites and correctional facilities. As the

largest instructional area in Broward schools more than 337,000 residents ranging from birth to the nineties are enrolled in Adult and Community Education programs utilizing 23 community schools maximizing the use of facilities between the hours of 7:00 a.m. and 11:00 p.m. Adult General Education instruction is also available through six comprehensive centers for adults (including the three technical centers). In addition, instruction is available at off-campus locations throughout Broward County.

#### STUDENT SERVICES

To meet the challenge of educating students in the modern day urban society, Broward has developed a comprehensive program of student services. The program includes Broward Advisors for Continuing Education, Family Counseling, Guidance and Counseling. Prevention Programs, Psychological Services and School Social Work and Attendance. departments provide coordination curriculum and support services to school so that they may implement programs which assist students, school staff and families of the students.

Student Services plays an integral part in assessing student academic, psychological and social strengths and weaknesses, communication and learning skills, aptitudes and interests. A comprehensive guidance curriculum helps students with career and post-secondary educational planning, with social and personal development and building self-esteem. Peer counseling and other prevention programs further assist students in achieving their goals. Through joint funding by the Broward County Commission, Student Services provides family counseling at no cost to families in various school sites throughout the district.

#### SPECIAL PROGRAMS

The Special Programs Department coordinated programs and services that assist schools with improving the academic achievement of at-risk students. This is done through the development and implementation of various programs designed to meet the special need of students eligible for these programs: Chapter 1 Basic, Chapter 1 Migrant, Indian Education, Community Outreach and Home Instruction Program for Preschool Youngsters (HIPPY).

#### Chapter 1 Basic:

Using federal funds that flow through state educational agencies, Chapter 1 Basic provided financial assistance to local educational agencies to meet the special academic needs of educationally deprived children in school attendance area with high concentrations of children from low income families, as well as children in selected private schools and institutions for neglected or delinquent youth.

#### Chapter 1 Migrant:

The Migrant Education program is a federally funded compensatory program that is designed to provide for some of the unmet needs of children who are enrolled in public schools in the district. The students are children of migratory workers and fishermen.

#### Indian Education:

The Indian Education program helps lowachieving Indian students overcome academic skill deficiencies by providing an after school tutorial programs.

### Home Instruction Program For Preschool Youngsters (HIPPY):

HIPPY is an educational program for disadvantaged preschool children and their parents. Through regular contract with a home visitor, parents are provided skills needed to teach their children at home, using a variety of educational materials.

#### DROPOUT PREVENTION

The Dropout Prevention Program is an organized system of instruction and services designed to address the educational and personal needs of identified students whose school success requires specific support and services. Traditional School sites offer programs designed to fit the needs of the specified population. Structured support and services are provided to students attending alternative schools/centers and in specified Children and Family Services, Dept. of Juvenile Justice and other private/public agencies. These programs include students who are unmotivated or disinterested, teen parents, disruptive or delinquent students and others who need programs that address substance issues.

### MAGNET AND OPEN BOUNDARY SCHOOLS

Magnet Schools/Programs are centered around a specialized curriculum such as communications, languages, pre-engineering, performing and visual arts, broadcast arts, or marine science. These schools are designed to attract and motivate students as they promote diversity.

Magnet Programs offer a unique course of study and open or extended boundaries. They are open to all students in the County. Transportation is usually provided for students residing more than two miles from the school. The current magnet schools/programs include:

#### **HIGH SCHOOLS:**

Architecture and Design – Northeast High School (North of Sunrise Blvd.)

The Architecture and Design Program provides students with practical and theoretical knowledge. This unique program fills a need for students who have the potential to succeed in design careers that call for applied arts, talents and abilities.

Aviation Science - Miramar High School (South of Sunrise Blvd.)

The Aviation Science Program is designed to prepare students interested in aviation for a variety of post-secondary programs leading to careers in the industry including commercial pilot, FAA certified mechanic, aviation administration, and more.

Business and Entrepreneurship – Northeast High School (North of Sunrise Blvd.)

The Business and Entrepreneurship Program is designed for students interested in pursuing careers or post secondary studies in the fields of business and finance. Students learn how to create and operate their own business, market products, and understand financial planning, securities, and global industries.

Communications/Broadcast Arts –
Deerfield Beach High School (North of
Sunrise Blvd.) Hallandale High School
(South of Sunrise Blvd.)

Students enjoy the professional on-campus television and radio studios, remote cameras, video tape recording, video switching and editing equipment, and high quality computer graphics lab to complete academic and extracurricular student projects. An emphasis on writing and speaking develops students' communications skills.

#### Emerging Computer Technology – Dillard High School (Countywide)

This program integrates state-of-the-art equipment and interdisciplinary instructional strategies into a dynamic menu of educational opportunities. A challenging curriculum complements student's core academic requirements.

#### Health and Wellness – Boyd Anderson High School (Countywide)

The Health and Wellness Program at Boyd Anderson High School is the first of its kind in the State of Florida. It offers a variety of opportunities in the fields of health and sports medicine.

International Affairs and Business – Hallandale High School (South of Sunrise Blvd.) Pompano Institute of International Studies (North of Sunrise)

Focusing on the acquisition of a second or third language, the prescribed International Affairs and Business curriculum offers courses in Latin, several modern foreign languages, global studies, international political systems and economics. Program features include a special computerized language laboratory, foreign student exchange and dual enrollment with local colleges and universities.

International Baccalaureate – Boyd Anderson High School (South of Commercial Blvd.); Deerfield Beach High School (North of Commercial Blvd.); Miramar High School (South of Griffin Rd.) The International Baccalaureate (IB) Program is an accelerated four-year liberal arts curriculum designed to meet the needs of the highly motivated and academically talented student. Successful students of this program receive the prestigious IB diploma, held in the high esteem by universities throughout the world.

### The Latin School - Northeast High School (North of Sunrise Blvd.)

The Latin School is designed for students who have a desire to excel. Curriculum options may include the Great Books program, Creative Man, 19th and 20th Century America (a social studies and English combination) and discussion of ethics including behavior, social norms and attitudes.

### Marine Science - South Broward High School (Countywide)

Students participate in an exploratory curriculum focusing on South Florida's waterways, nautical systems, maritime business and industries, along with sea culture. The program emphasizes a broad spectrum of career and academic opportunities in ecological, environmental and marine areas.

#### Medical Sciences Program – Stranahan High School (South of Sunrise Blvd.) Blanche Ely High School (North of Sunrise Blvd.)

This is a rigorous four-year program for selected students who plan to pursue their education in the fields of medicine, dentistry, veterinary science, pharmacology, nursing, or allied medical careers. Regular, gifted, honors, and advanced placement levels are offered in all required academic courses.

#### Performing and Visual Arts – Dillard High School (Countywide)

The Performing and Visual Arts Program allows students the opportunity to explore a wide range of artistic disciplines including dance, drama, visual arts, vocal and instrumental music. Students also take coursework in stagecraft and costume design. Season performances are held at the Broward Center for Performing Arts.

Pre-Law and Public Affairs Program -Fort Lauderdale High School (Countywide)

The Pre-law and Public Affairs Magnet Program is designed for students who are interested in careers in law, criminal justice, or public affairs. Students are exposed to a broad range of law-related issues, including: due process, privacy rights, freedom of speech, freedom of the press, the death penalty, search and seizure, client/lawyer confidentiality, ethics, the justice system, and the rights and responsibilities of citizenship.

Science/Pre-Engineering Program –
Blanche Ely High School (North of Sunrise
Blvd.) Stranahan High School (South of
Sunrise Blvd.)

This program is a rigorous four-year course of study for students who plan to continue their education in the fields of engineering, science and technology. Students participate in state, national and international competitions.

Technical – McFatter High School (Countywide)

The McFatter Technical High School is designed to prepare students with the competencies required for careers and further study in a wide range of current and emerging occupational fields. Technical career options include automotive, communications, computer, manufacturing and medical technology.

#### MIDDLE SCHOOLS:

Advanced Communication Skills -Plantation Middle School (Countywide)

The Architecture and Design Program provides students with practical and theoretical knowledge. This unique program fills a need for students who have the potential to succeed in design careers that call for applied arts, talents and abilities.

Communications/Broadcast Arts –
Pompano Beach Middle School (North of
Sunrise Blvd.) Attucks Middle School (South
of Sunrise Blvd.)

Students explore the areas of television and radio production, marketing, advertising, and public relations while developing writing, speaking and computer skills. Students work in a three-camera television production studio, complete audio studio, video editing suites and state-of-the-art control room.

Environmental Science – Sawgrass Springs Middle School (North of Sunrise Blvd.)

This program is designed to provide students with an integrated, hands-on laboratory approach to environmental science supported through technology. Students explore and evaluate the many challenges and concerns related to their environment: water supply, ecosystem restoration, wastewater reuse, solid waste disposal, drinking water quality, aquifer contamination and restoration, and storm water runoff.

Health and Wellness - Driftwood Middle School (South of Sunrise Blvd.)

The Health and Wellness Program prepares students for a multitude of career opportunities including wellness management, fitness management, physical therapy, athletic training, nutrition, health and physical education, and preventive medicine. Students learn how to test, analyze and interpret data related to the health/wellness field.

International Affairs and Business – Crystal Lake Middle School (North of Sunrise Blvd.) McNicol Middle School (South of Sunrise Blvd.)

This program provides students with the opportunity to become proficient in a second language while becoming knowledgeable about world affairs and different cultures. Students learn about other countries around the world by studying their customs, foods, history, music and language. Introductory business classes are designed to prepare students for the world of work.

Liberal Arts – Deerfield Beach Middle School (North Area) Lauderdale Lakes Middle School (South and Central Areas) The Academy of Liberal Arts provides discipline, challenging standards, skills, creativity and flexibility to aid the student's growth towards self-reliance and responsible participation in society. The Liberal Arts Program serves as excellent preparation for the demands of the high school International Baccalaureate Program.

Marine Science - New River Middle School (Countywide)

The Marine Science Program provides an indepth, real world exploration of Florida's coastal habitats. The program emphasizes an appreciation of the environment, the conservation of our coastal ecosystems, and understanding of the South Florida Water management District and other Florida Agencies.

Montessori – Sunrise Middle School (Countywide)

The Montessori Program cultivates individualism, freedom of choice, greater problem-solving ability and social development in children. At the same time, it promotes academic achievement and peer acceptance in a non-competitive environment.

Performing and Visual Arts – Parkway Middle School (Countywide)

Parkway provides unique opportunities and unlimited artistic experiences for the dancer, the musician, the singer, the actor, and the artist. Language arts, mathematics, science and social studies are thoroughly integrated with intensive work in the arts. The school is a high technology facility.

Pre-Law and Public Affairs – William E. Dandy Middle School (Countywide)

The Pre-Law and Public Affairs Program provides students with realistic experiences and foundations needed in this field. The student learns to recognize the citizen's role in maintaining a just society based on law and is exposed to a broad range of law-related issues.

Pre-Medical – William E. Dandy Middle School (Countywide)

The Pre-Medical Program gives students a strong foundation in science and mathematics, coupled with creative extracurricular activities enhancing basic studies. Students explore pre-medical, dental, veterinary and allied medical careers.

Science/Pre-Engineering – Crystal Lake Middle School (North of Sunrise Blvd.) McNicol Middle School (South of Sunrise Blvd.)

This program is for the student who has an affinity for investigation and problem solving. Students have the opportunity to practice the skills of observation, experimentation, inference, predication and measurement with a strong emphasis in science and mathematics.

#### **ELEMENTARY SCHOOLS:**

Communications and Languages – Sanders Park (North Area) Thurgood Marshall (South Area and Watkins (Central Area) Elementary Schools

This program features an innovative approach to learning, as well as daily study of French, Japanese or Spanish. Emphasis on written and oral communication skills with the publication of journals and newspapers, and production of television and radio programs in a specifically designed studio.

Co-NECT – Markham Elementary School (Coconut Creek and Ely Innovation Zones)

Connectivity describes the Co-NECT Theme Program at Markham Elementary. Access to the Internet expands the classroom beyond the traditional walls and allows students to conduct research with experts from around the world.

Environmental Science – Palmview Elementary School (Coral Springs and Ely Innovation Zones)

The Environmental Science Theme Program emphasizes an understanding and appreciation

of key environmental issues. Primary attention is given to those issues of most importance to South Florida's fragile ecosystems.

#### Marine Environmental Science - North Fork Elementary School (Countywide)

This program focuses on the South Florida environment. Students learn about the issues and concerns involved in protecting our natural wildlife, marine life and resources. A project-based, hands-on curriculum excites students about learning and produces better informed citizens.

#### Montessori – Virginia Shuman Young Elementary School (Countywide)

Learning takes place in a "prepared environment" that offers both structure and freedom in mixed aged group classes. Children learn in environments focusing on practical life, sensorial, language, mathematics, geography, history, science and the arts.

#### Performing and Visual Arts - Bethune (South Area) Deerfield Park (North Area) North Andrews Gardens (North/Central Area) and Walker (Central/South Area) Elementary Schools

The Performing and Visual Arts Program provides unlimited artistic experiences. In addition to the students' basic academic education, creative children are inspired to imagine, create and communicate their ideas and feelings through music, theater, art, photography, dance and the written word.

#### Science, Mathematics, and Technology – Colbert (South Area) Broward Estates (Central Area) and Charles Drew (North Area) Elementary Schools

Students have daily access to computers and other technologies, as well as modern mathematics and science laboratories. Children are encouraged to solve problems for themselves by logical thinking, sorting, recognizing patterns, and recording the results of their work.

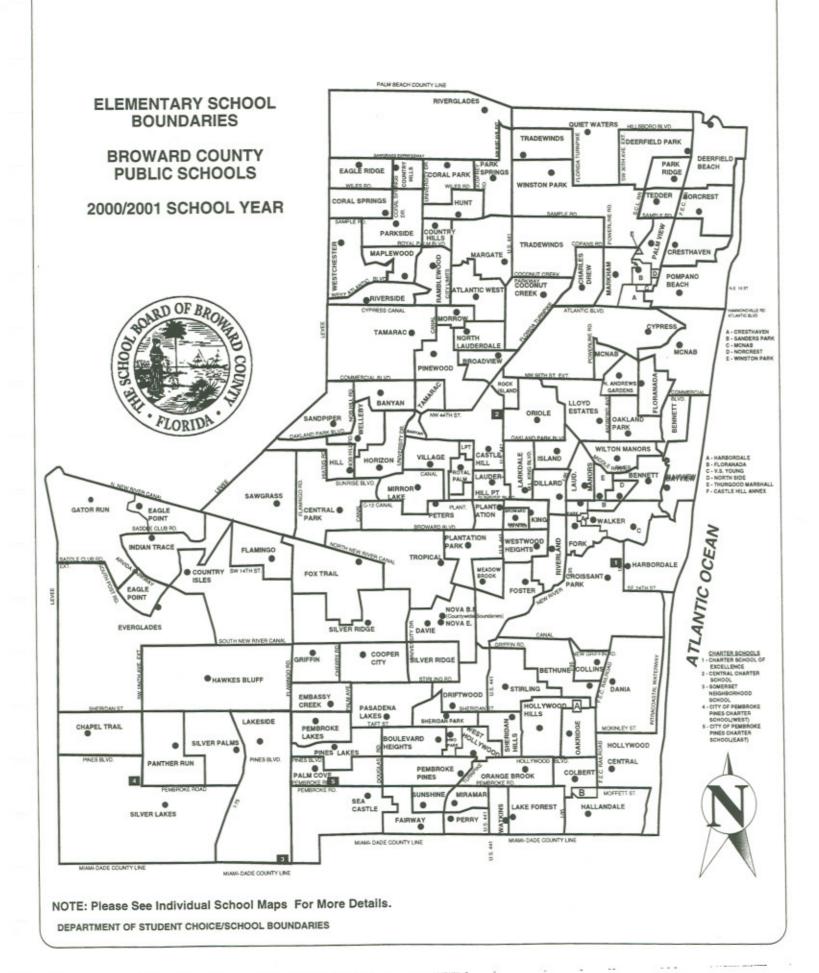

Science and Technology - Country Hills Elementary (K - 3rd grade) Eagle Ridge Intermediate (4th - 6th grade) (North of Sunrise Blvd.)

Students use technology as an integral part of the instructional program. A focus on scientific investigations helps students to understand problem-solving strategies and discovery learning.

### Nova Center for Applied Research & Professional Development:

The nationally recognized Nova Center is comprised of – Nova Eisenhower Elementary, Nova Blanche Forman Elementary, Nova Middle, and Nova High School – form one complex focused on research and professional development. Students throughout the county may apply for admissions to these schools. Parents should contact 765-6375 for information.

DEPARTMENT OF STUDENT CHOICE/SCHOOL BOUNDARIES

### CHOICE AREAS (Former Starburst Areas)

The maps in this document depict former starburst areas.

Starbursting was a term used to describe a student assignment method begun in the 1970's which assigned students from certain communities and neighborhoods to various schools within the district to assist with integration. Students residing in the same neighborhood were assigned to different schools.

The School Board has eliminated Starbursting completely. Beginning in the 1995/96 school year and continuing in the 1996/97 school year the School Board implemented choice assignments for 8,400 students residing in former starburst areas. These areas had been subject to mandatory busing for desegregation. Students and families residing in these areas may now attend their neighborhood school or they may choose to be bused to a school outside their neighborhood/community.

Additionally, the School Board has adopted policy providing transportation for all students residing in choice areas (former starburst areas) who attend former starburst schools, and reside over two miles from these schools.

High school students residing south of SW 21st Street, east of SW 40th Avenue, south of Pembroke Road, west of SW 35th Avenue extended, north of Hallandale Beach Blvd., east of SW 52nd Avenue, north of SW 25th Street and east of SW 56th Avenue have the option to attend Miramar High in the 2000/2001 school year.

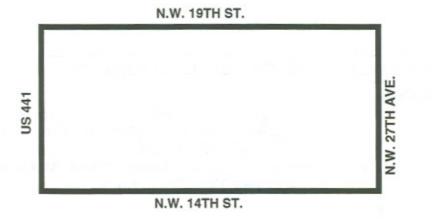

HALLANDALE BEACH BLVD.

ATHLETIC ELIGIBILITY - A student shall be eligible in the school in which he or she first enrolls each school year, or makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in any member school. The student shall be eligible in hat school so long as he or she remains enrolled in that school.

#### PIPER HIGH

8000 NW 44 STREET SUNRISE, FLORIDA 33321 572-1300

#### ASSIGNED TO PIPER HIGH: CHOICE OF DILLARD HIGH

High school students residing south of NW 19th St., east of U.S. 441, north of NW 14 St. extended, and west of NW 27th Ave., have the option to attend Dillard High in the 2000/2001 school year.

ATHLETIC ELIGIBILITY - A student shall be eligible in the school in which he or she first enrolls each school year, or makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in any member school. The student shall be eligible that school so long as he or she remains enrolled in that school.

# FEEDER PATTERNS 2000/2001 SCHOOL YEAR

DEPARTMENT OF STUDENT CHOICE/SCHOOL BOUNDARIES

10

#### FEEDER PATTERNS - 2000/2001 SCHOOL YEAR

There are several ways of understanding and interpreting feeder patterns. Feeder patterns change, over time, as a result of new school openings and boundary changes. This report will be updated annually. If you have questions about feeder patterns contact Art Wittman at 768-8166 (ESOL, and ESE cluster assignments are not included in this analysis)

#### This document includes three sets of feeder patterns:

Set one keys in on the elementary schools:

The feeder patterns delineated will answer the question,

# What middle and high schools will students attending elementary \_\_\_\_ feed into?

For example, What middle and high schools will students who attend Hollywood Hills Elementary feed into?

Answer, Hollywood Hills Elementary feeds into Olsen Middle School and the Controlled Choice Zone Middle Schools and South Broward and Hollywood Hills High Schools.

Set two keys in on the high schools:

The feeder patterns in this set will answer the question,

# What are the elementary and middle feeder schools for high school?

For example, What are the elementary and middle feeder schools for Coral Springs High?

Answer, Coral Park, Forest Hills, Hunt and Park Springs Elementary Schools and Forest Glen, Ramblewood and Margate Middle Schools feed into Coral Springs High.

Set three keys in on the middle schools:

The feeder patterns in this set will answer the question,

# What are the elementary feeder schools for \_\_\_\_\_ middle school?

For example, What are the elementary feeder schools for Lauderhill Middle School?

Answer, Castle Hill, Larkdale, Lauderhill, P.T., Plantation Royal Palm and Village Elementary Schools feed into Lauderhill Middle School.
