		Agenda Item Number <b>1</b>

<b>TITLE:</b> 2001-2002 SCHOOL ATTENDANCE AREAS (BOUNDARIES) AND SCHOOL USAGE RECOMMENDATIONS			
<b>REQUESTED ACTION:</b> It is recommended that the Superintendent's recommendations on school usage and school attendance areas (boundaries) for elementary schools in the district for the 2001-2002 school year be approved at this public hearing and first reading.			
<b>SUMMARY EXPLANATION AND BACKGROUND:</b> Pursuant to F.S. 230.33 and School Board Policy 5000 the Superintendent is required to submit recommendations to the School Board on school usage and attendance areas. The attached items represent the Superintendent's recommendations pursuant to these issues. The School Board will vote on the attendance areas for elementary schools as a separate item representing a rule with its own financial impact statement.			
<b>MAJOR SYSTEM GOALS:</b>  ___ •Goal One: All students will achieve at their highest potential. ___ •Goal Two: All schools will have equitable resources. <input checked="" type="checkbox"/> •Goal Three: All operations of the school system will support and align with student achievement and needs. ___ •Goal Four: All stakeholders work together to build a better school system.			
<b>FINANCIAL IMPACT:</b> See Financial Impact Statement in the <u>attached 2001-2002 School Attendance Areas (Boundaries) and School Usage Recommendations</u> document			
<b>EXHIBITS: (List)</b> 2001-2002 School Attendance Areas (Boundaries) and School Usage Recommendations including: a. Supporting Documentation; b. Proposed Attendance Areas for the 2001-2002 School Year and Tentative Financial Impact Statements-Elementary-Middle-High; c. Tentative Financial Impact Information; d. Current School Boundaries, by level; e. School Board Policies 5000, 5001, and 5004

Superintendent of Schools**

**INTRODUCTION**

Based upon direction provided by the School Board at the February 6, 2001 meeting, only recommendations for school attendance areas (boundaries) and school usage changes for the 2001-2002 school year are being provided. The School Board will adopt (re-establish) school attendance areas (boundaries) and school usage for all other schools in the district, including schools where previously adopted phase-in changes will be implemented, in 2001-2002.

Student Choice/School Boundaries staff will provide a comprehensive review of all schools by September 2001, including, but not limited to: programs; grade configurations; school configurations; boundary changes; future sites; and charter schools. Additionally, the boundary process will be reviewed for the 2002-2003 school year.

**OVERVIEW OF PROPOSED BOUNDARY CHANGES**

Thirty-three boundary and school usage changes for the 2001-2002 school year are being recommended that will:

- set boundaries for four new elementary schools;
- relieve critical overcrowding and overcrowding at 13 existing schools;
- utilize available space in five existing elementary schools and relieve critical overcrowding and overcrowding at three existing elementary schools;
- improve feeder patterns at eleven schools;
- continue sixth grade students at elementary schools to relieve overcrowding and to facilitate construction activities;
- change existing boundaries at four middle schools to ease crowding;
- establish magnet boundaries for the north area "Hi Zone" magnet program;
- continue to utilize existing portable annexes and continue the use of a permanent school facility; and
- provide additional choices for families and students in the district.

Next fall, three new elementary schools will be opened:

- Elementary School "D-6" located at 10700 Trails End in the City of Parkland;
- Elementary School "F-91" located at 5700 NW 94<sup>th</sup> Avenue in the City of Tamarac; and
- Elementary School "E-6" located at 13601 Monarch Lakes Boulevard in the City of Miramar;
- additionally, new Elementary School "X" located at 3925 N. State Road 7 is anticipated to open in January 2002.

The new schools will provide relief from critical overcrowding and overcrowding at:

- Riverglades Elementary;
- Country Hills Elementary;
- Eagle Ridge School;
- Tamarac Elementary;
- Banyan Elementary;
- Lakeside Elementary;
- Sea Castle Elementary; and,
- Silver Lakes Elementary.

**SET BOUNDARIES FOR FOUR NEW ELEMENTARY SCHOOLS. RELIEVE CRITICAL OVERCROWDING AND OVERCROWDING AT NINE EXISTING ELEMENTARY SCHOOLS**

**New Elementary School "D-6"**

New Elementary School "D-6" located at 10700 Trails End in the City of Parkland, anticipated to open in August 2001, will relieve Riverglades Elementary School and provide choice options for students who attend Country Hills Elementary School and Eagle Ridge School. Overcrowding at Park Springs Elementary School will be mitigated through a boundary change to Riverglades Elementary School.

Areas located west of Riverside Trail Drive, north of Holmberg Rd., west of NW 87<sup>th</sup> Avenue and north of the Sawgrass Expressway, in the current Riverglades Elementary School boundary area, are proposed for assignment to new Elementary School "D-6." One hundred choice seats are also designated at new Elementary School "D-6" for students who reside in the Country Hills Elementary School boundary area. One hundred choice seats are also designated at new Elementary School "D-6" for fourth and fifth grade students who reside in the Eagle Ridge School boundary area.

Through the district-wide boundary process, the community explored moving geographic areas from Country Hills Elementary and Eagle Ridge School to the new elementary school. The Country Hills Elementary and the Eagle Ridge School facilities are located on the northern edges of their respective boundary areas. Therefore, assigning areas to new Elementary School "D-6" will move students residing in close proximity to Country Hills Elementary and Eagle Ridge School. Choice seats provide an option for relief without assigning specific areas from Country Hills and Eagle Ridge to new Elementary School "D-6." One hundred choice seats are designated for each school at Elementary "D-6." Parents may apply for seats at new Elementary "D-6"; however, transportation to "D-6" is the responsibility of the parents.

Geographic areas located north of the Sawgrass Expressway in the current Park Springs Elementary School boundary are proposed for assignment to Riverglades Elementary School. This change reduces overcrowding at Park Springs Elementary and provides the same high school feeder pattern of other students in the surrounding community. It is anticipated that this same area which currently

attends Forest Glen Middle School will attend New Middle School "LL" when it opens in the 2002-03 school year.

New Elementary School "D-6" relieves critical overcrowding at Riverglades Elementary School and reduces the projected enrollment by 614 students. The boundary change to Riverglades Elementary School reduces enrollment at Park Springs Elementary School by 147 students. After all proposed changes are implemented, the projected enrollment at Riverglades Elementary School, next fall, is 1001 students; while Park Springs projected enrollment is 851 students. Riverglades and Park Springs Elementary Schools' permanent capacities are 853 students and 840 students, respectively. New Elementary School "D-6" will open with a projected enrollment of 614 students plus choice students from Country Hills Elementary School and Eagle Ridge School. The permanent capacity of new Elementary School "D-6" is 1115 students. The new school is located in a high growth area and the enrollment is projected to increase annually as new homes are built and occupied.

### **New Elementary School "F-91"**

New Elementary School "F-91," under construction in the City of Tamarac at 5700 NW 94<sup>th</sup> Avenue, is scheduled to open in August 2001. Elementary School "F-91" will provide significant relief to Tamarac Elementary School which has been critically overcrowded for several years. Enrollment at Tamarac Elementary School has been capped for two years. Banyan Elementary School will also be afforded relief from Elementary School "F-91."

Areas south of McNab Road and areas north of McNab Road and west of Nob Hill Road in the current Tamarac Elementary School boundary, are proposed to attend new Elementary School "F-91." Students from the southern portion of Banyan Elementary School's current boundary area located east of University Avenue are designated to attend new Elementary School "F-91." Additionally, 150 choice seats are proposed at the new facility for students residing within the Banyan Elementary School boundary area. Choice seats are proposed as an alternative to assigning additional areas from Banyan Elementary School to Elementary School "F-91." New Elementary School "F-91" is located in close proximity to Banyan Elementary School. Boundary changes were discussed to assign additional neighborhoods from Banyan to "F-91." Safety concerns regarding students crossing major highways and proximity to Banyan Elementary were identified as shareholder concerns.

New Elementary School "F-91" is projected to open with 764 students, not considering choice seat students. The permanent capacity of Elementary "F-91" is 1092 students. Tamarac Elementary School's projected enrollment next year, after changes to the new school, is 1068 students. Tamarac's permanent capacity, after construction of the planned classroom addition, is 1070 students. The permanent capacity of Banyan Elementary School is 737 students. The proposed change to Elementary School "F-91" reduces Banyan's projected enrollment by 127 students to 1038 students. Students opting for choice seats at Elementary School "F-91" further reduces Banyan's enrollment next year.

### **New Elementary School "X"**

New Elementary School "X" under construction in the City of Lauderdale Lakes at 3925 North State Road 7, is anticipated to open in January 2002. Elementary School "X" provides a new facility for students who have attended Castle Hill Annex for five years. Castle Hill Annex will be razed and the area will become play fields for Lauderhill Paul Turner Elementary School. Larkdale Elementary School will also be afforded relief by Elementary "X." Areas currently attending Rock Island Elementary School which are in close proximity to the new school, are proposed to attend Elementary "X."

Students currently attending Castle Hill Annex Elementary will attend Elementary School "X." Geographic areas east of US 441 and south of Oakland Park Boulevard, assigned to Larkdale Elementary School, are also proposed for Elementary School "X." This area includes portions of Eastgate, Glen Cove Apartments and the Canterbury Apartments. A community located northeast of Commercial Boulevard and southeast of the Florida Turnpike, assigned to Rock Island Elementary, is recommended for inclusion in the Elementary "X" boundary. This area is one-half mile north of Elementary School "X" and includes the Palm Island Club and Imperial Estates and Village Park Mobile Home communities. Assignment of this area to Elementary School "X" will clean up the feeder pattern for students residing in this area. Currently, Rock Island Elementary feeds into two middle schools.

Current Castle Hill Annex students will move to new Elementary School "X." Presently, over 350 students residing in the Castle Hill Annex Elementary boundary area attend other public elementary schools in the district. This phenomenon reflects the many choice options provided by the district. It is anticipated that a portion of these elementary school students will attend new Elementary School "X" when it opens. It is estimated that 672 students residing in the Castle Hill Annex boundary, including students attending Castle Hill Annex, will attend Elementary School "X." The planned permanent capacity for Elementary School "X" is 1115 students. One hundred and twenty students are projected to attend Elementary "X" from Larkdale Elementary and 50 students are projected from Rock Island Elementary. Implementation of all identified changes will open Elementary School "X" with 847 students.

The projected enrollment at Larkdale Elementary School will be reduced from 940 students to 870 students. The permanent capacity at Larkdale Elementary is 754. Additional future boundary changes are anticipated to relieve Larkdale Elementary School in conjunction with the opening of Elementary School "N-91." Rock Island Elementary School's enrollment will be reduced from 590 students to 535 students from the proposed change to Elementary School "X." The permanent capacity at Rock Island Elementary School is 558. New Elementary School "N-91" will house Rock Island Elementary when operational. It is anticipated that the current Rock Island facility will be repurposed for other district uses.

Staff is currently researching traffic counts and walk route conditions to determine if transportation will be provided to Elementary School "X" from areas south of Oakland Park Boulevard and east of US 441. The traffic volume warrants transportation if crossing guards and other safety features are not forthcoming from the City of Lauderdale Lakes and Broward County. Safety Department staff

have determined that areas proposed from Rock Island Elementary will be transported to Elementary "X" due to the traffic volume at the Commercial Boulevard/ US 441 intersection. The construction schedule anticipates that Elementary "X" will be operational in January 2002. Students will attend their current schools until the new facility is open.

### **New Elementary School "E-6"**

New Elementary School "E-6" under construction at 13601 Monarch Lakes Boulevard in the City of Miramar is anticipated to open next fall. This new school will relieve overcrowding at Lakeside and Sea Castle Elementary Schools and provide choice seats for students residing in the Silver Lakes Elementary School boundary.

Kindergarten through sixth grade students living in the Lakeside Elementary School boundary and south of Pembroke Road are proposed to attend new Elementary School "E-6." This area includes the following communities: Trilogy, Monarch Lakes, Huntington, Windsor Palms, the Estates area and Somerset. Communities located west of Hiatus Road in Sea Castle Elementary School's boundary area are recommended for assignment to the new elementary school. Renaissance, St Andrews, The Enclave, Promenade and Haven Lake Mobile Home Park are the communities slated to attend Elementary School "E-6" from Sea Castle Elementary School.

Two hundred choice seats are recommended at new Elementary School "E-6" for students residing in the Silver Lakes Elementary School boundary area. In the discussions regarding new Elementary School "E-6," shareholders identified concerns including:

- opening "E-6" overenrolled;
- students moving two or three times during their years in elementary school;
- local traffic congestion;
- students being transported over Interstate 75; and
- split feeder patterns.

Considering the articulated concerns, choice seats are proposed to relieve Silver Lakes Elementary. Parents may choose to send their children to the new school. Transportation is the responsibility of parents.

The district demographer has identified Silver Lakes Elementary School as the second most critical elementary need in the district behind relief for Gator Run Elementary School. Silver Lakes Elementary is projected to exceed 1800 students next fall and over 2500 students by the fall of 2005. The Board will consider potential additional options, including new Elementary School "R," to relieve Silver Lakes Elementary School during the Capital Plan process later this spring.

New Elementary School "E-6" is projected to open with 1029 students, not including choice seat students. The permanent capacity of "E-6" is 1100. Lakeside Elementary School's projected enrollment will be reduced by 765 students to 1202, with the recommended change. Lakeside Elementary School will retain their K-6 grade configuration during the 2001-2002 school year to help overcrowding at Walter C. Young Middle School. Lakeside Elementary School's permanent capacity

is 985 students. Two hundred and sixty-four students are projected for the area changing from Sea Castle Elementary School to new Elementary School "E-6" including projected sixth grade students. Sea Castle's enrollment will be reduced to 908 students just above the permanent capacity of 840.

**UTILIZING AVAILABLE SPACE IN FIVE EXISTING ELEMENTARY SCHOOLS AND  
RELIEVE CRITICAL OVERCROWDING AND OVERCROWDING AT THREE EXISTING  
ELEMENTARY SCHOOLS**

**Winston Park Elementary School to Deerfield Park, Charles Drew, Markham and Sanders  
Park Elementary Schools**

Boundary changes are recommended to move kindergarten through fifth grade students from Winston Park Elementary School to Deerfield Park, Markham, Charles Drew and Sanders Park Elementary Schools. Winston Park Elementary is critically overcrowded. Areas east of Military Trail and north of NW 45<sup>th</sup> Street in Pompano Beach are proposed to move to Deerfield Park Elementary School. This area is geographically closer to Deerfield Park which is currently under-enrolled.

The community located east of SCL Railroad, west of Interstate 95 and south of Sample Road in Pompano Beach is recommended for assignment to Markham Elementary School. The Pelican Point Apartment community and other smaller apartment complexes are located in this area. Students residing here will attend a school closer to their community and utilize available seats at Markham Elementary School. The Blue Lake community and adjacent residential areas are recommended to attend Charles Drew Elementary School in the 2001-2002 school year. Blue Lake is located south of Sample Road, west of the SCL Railroad, north of Copans Road and east of Powerline Road.

The northern portion of the Lincoln Park community in the City of Pompano Beach is currently assigned to Winston Park Elementary School. Students in this area may also apply for choice seats at Sanders Park Elementary School, or attend Cresthaven or McNab Elementary Schools. It is recommended that Liberty Park students residing north of NW 19<sup>th</sup> Street and west of NW 5<sup>th</sup> Terrace (both sides) be assigned to Sanders Park Elementary School in the 2001-2002 school year. These students will continue to have the choice to attend Winston Park Elementary with transportation provided.

Taken together, the boundary changes outlined will reduce projected enrollment at Winston Park Elementary School by 345 students next fall with projected enrollment of 1092 students in the 2001-02 school year. The school's permanent capacity is 840 students. Deerfield Park Elementary School's projected enrollment with the new area added, is 814 students with a permanent capacity of 942. Markham Elementary School's enrollment will increase to 698 with the proposed change; Markham's permanent capacity is 779. Charles Drew's projected membership will increase to 681 students next fall with a permanent capacity of 754 students. Sanders Park Elementary School will gain 23 students, if all students chose to attend this school year.

These proposed changes when implemented will:

- reduce critical overcrowding in Winston Park Elementary School;
- utilize available seats at Charles Drew, Markham and Deerfield Park Elementary Schools;
- provide additional options for students;
- improve feeder patterns; and
- move students closer to schools in their community.

Winston Park Elementary School's boundary area includes several large residential developments. Even with the proposed boundary changes, the enrollment is projected to exceed over 1300 students within five years. The School Board has approved new Elementary School "O" in the Capital Plan. This new school will alleviate overcrowding in Winston Park, Tradewinds and Quiet Waters Elementary Schools. It is anticipated that Elementary School "O" will open in the fall 2002.

#### **Hollywood Central Elementary School to Dania and Hallandale Elementary Schools**

Hollywood Central Elementary School houses over 1176 students; the permanent capacity of 849 seats. Meanwhile, Dania Elementary School is under-enrolled. Dania's 20<sup>th</sup> day enrollment was 635 students; the permanent capacity at Dania Elementary is 806 seats. Hallandale Elementary School has a permanent capacity of 653 seats. It is a phased replacement school. The anticipated capacity at Hallandale, after planned construction, is 1092 seats. Hallandale Elementary, which utilizes a multi-track, year-round calendar, serves 1067 students this year.

Changes are proposed to relieve overcrowding by moving students from Hollywood Central to Dania Elementary School. Geographic areas located east of the Intracoastal Waterway and north of Johnson Street areas proposed to attend Dania Elementary School. Additionally area located west of US1, east of the FEC Railroad, between McKinley and Johnson Streets will, with School Board approval, attend Dania Elementary. These changes will reduce projected enrollment at Hollywood Central Elementary School next year by 82 students while utilizing available seats at Dania Elementary.

Portions of the current Hollywood Central Elementary School boundary area located south of Hallandale Beach Boulevard and east of the Intracoastal Waterway are recommended to attend Hallandale Elementary School next fall. Thirty students are projected from this area.

#### **Bethune Elementary School to Collins Elementary School**

Collins Elementary School is under-enrolled by 98 students; their enrollment is 296 students. Bethune Elementary School is overenrolled by 200 students. Areas assigned to Bethune Elementary School located west of Interstate 95, north of Stirling Road and east of Ravenswood Road, and areas located west of Ravenswood Road north of Griffin Road are being recommended for change to Collins Elementary School. Seventy-eight students are projected to live in these areas next year.

This proposed boundary adjustment will reduce crowding at Bethune, reducing their enrollment to under 1000 students. New students in the area proposed for change may apply for the magnet

program at Bethune Elementary School. Students applying to the program will be accepted according to School Board Policy 5004.

### **CONTINUE SIXTH GRADE STUDENTS AT ELEMENTARY SCHOOLS TO RELIEVE OVERCROWDING AND TO FACILITATE CONSTRUCTION ACTIVITIES**

Additions to Deerfield Beach Middle School are currently under construction. They are anticipated to be completed in the 2001-2002 school year. Feeder elementary schools are housing sixth grade students this year to alleviate overcrowding and safety concerns at the school. Deerfield Beach Middle School feeder elementary schools are recommended to continue to house sixth grade students who reside in their boundary area next year. The feeder elementary schools include:

- Deerfield Beach;
- Deerfield Park;
- Park Ridge;
- Norcrest; and
- Tedder.

Additionally, sixth grade students who reside north of Hillsboro Boulevard, west of NW 1<sup>st</sup> Terrace and east of Interstate 95, will attend Deerfield Park Elementary School next fall. Sixth grade students in this area attend Deerfield Park this year.

Projected enrollment at Deerfield Beach Middle School with the proposed continuation of the K-6 grade configuration at feeder elementary schools is 1151 students next year. Sixth grade students in the magnet program at Deerfield Beach Middle School will attend the middle school facility.

Floranada Elementary School exceeded projections this year by 108 students. Their 20<sup>th</sup> day enrollment was 843 students. The permanent capacity at Floranada is 1115 students. Families with children are moving into the Floranada Elementary School boundary. Additionally, school-based staff indicates that some children have returned to public school from private schools.

Rickards Middle School's enrollment exceeds permanent capacity by 263 students. Projections indicate that Rickards will remain overcrowded for several years as students from overcrowded feeder schools move into middle school. Three of the four feeder elementary schools are overcrowded including:

- North Andrews Gardens (401 students over capacity);
- Oakland Park Elementary (302 over capacity); and
- Lloyd Estates (209 over capacity).

To ease the overcrowding push into Rickards Middle School, it is recommended that 160 sixth grade students be housed at Floranada Elementary School in the 2001-2002 school year. These students will be administered through Rickards Middle School as they are this year. Sixth grade students will use available seats at Floranda.

The enrollment at Floranada Elementary School is projected to grow over the next five years. The projection for the 2005-2006 school year is 1025 students. The projection does not include students who may be reassigned. Three percent per year of Floranada's permanent capacity, or 33 students, may be reassigned to the school. Staff will monitor the enrollment at Floranada Elementary School next year and recommend changes to the school usage at Floranada, if warranted.

Silver Palms and Pines Lakes Elementary Schools are being recommended to continue to house K-6 students in the 2001-2002 school year. This proposal will allow some relief for Walter C. Young and Pines Middle Schools. Middle School "MM" in the City of Miramar, anticipated to open in the fall 2002-03, will provide additional relief for Walter C. Young and Pines Middle Schools. The K-6 grade configurations at Silver Palms and Pines Lakes Elementary Schools will be reviewed at that time.

### **CHANGE BOUNDARIES AT FOUR MIDDLE SCHOOLS TO EASE CROWDING AND IMPROVE FEEDER PATTERNS**

Boundary changes are propounded from Bair Middle School to Westpine Middle School and from Westpine Middle School to Lauderdale Lakes Middle School. Incoming sixth grade students residing south of Oakland Park Boulevard in the Welleby Elementary School boundary area, are slated to attend Westpine Middle School next fall. Current sixth and seventh grade students living in this area will finish their middle school years and Bair Middle School. In the 2002-03 school year, sixth and seventh grade students residing in this area will attend Westpine Middle School. In 2003-04, all grades will attend Westpine Middle School.

This boundary adjustment will provide a clean feeder pattern for Welleby Elementary School students into Westpine Middle School. Additionally, some relief will be afforded to Bair Middle School with the recommended boundary change. Next year the community and staff will review and recommend, in conjunction with the boundary for new Middle School "II," additional changes to provide significant relief for Bair Middle School. The permanent capacity and projected enrollment after the proposed change at Bair Middle School are 1427 seats and 1818 students, respectively.

Additional changes for Westpine Middle School are proposed to align elementary to middle school feeder patterns. Geographic areas currently assigned to Westpine Middle School located east of West Inverrary Drive and south of NW 44<sup>th</sup> Street are slated to attend Lauderdale Lakes Middle School next fall. Incoming sixth grade students will attend Lauderdale Lakes Middle. Current sixth and seventh grade students will attend Westpine Middle School (as seventh and eighth graders). One grade level will be phased into Lauderdale Lakes Middle School each school year.

The proposed change of sixth grade students from Westpine Middle School to Lauderdale Lakes Middle School will provide a clean feeder pattern for students attending new Elementary School "X." Implementation of the recommended change will increase the enrollment at Lauderdale Lakes Middle School to 1267 students. The permanent capacity at Lauderdale Lakes is 1199 seats. Boundary changes moving sixth grade students into and out of Westpine Middle School will improve feeder patterns and result in a net increase at Westpine Middle School of 13 students. Westpine Elementary School will be afforded significant relief in the 2002-2003 school year when new Middle School "II" opens.

## **ESTABLISH MAGNET BOUNDARIES FOR THE NORTH AREA "HI ZONE" MAGNET PROGRAM**

The North Area "HI Zone" has been recommended for implementation through a separate process. Through the district-boundary process, the School Board will establish the area for the Health and Wellness Program at Deerfield Beach Middle School. Specifically, it is proposed that middle school students residing in the North Area "HI Zone," comprised of the Deerfield Beach, Pompano Beach, and Crystal Lake Middle School boundary areas, may apply to the Health and Wellness Program at Deerfield Beach Middle School, in accordance with School Board Policy 5004.

## **UTILIZE EXISTING PORTABLE ANNEXES AND PERMANENT SCHOOL FACILITY**

The continued use of the ninth grade portable annex serving Flanagan High School, located at SW 172<sup>nd</sup> Avenue and Pines Boulevard is being recommended for the 2001-2002 school year. Flanagan's enrollment is anticipated to exceed 5200 next fall. The School Board has also approved the use of additional portables at the main Flanagan High School campus to mitigate overcrowding. Western High School's enrollment is projected to exceed 4400 student next fall. It is proposed to continue use of the existing ninth and tenth grade annexes for Western High School next year. High School "HHH" will open in the 2002-2003 school year to provide significant relief for Western High School.

Olsen Middle School in the City of Dania Beach continues to be overcrowded. The original Olsen facility, which is adjacent to the newer school, is housing sixth grade students this year. The continued use of this facility is being recommended for the 2001-2002 year to mitigate overcrowding at Olsen Middle School.

## **BOUNDARY HEARINGS**

The boundary and school usage changes outlined in this overview and in the document is presented as three separate agenda items in the following order: elementary schools; middle schools; and, high schools.

The Boundary Hearing Schedule is as follows:

Wednesday, February 21, 2001- First Boundary Hearing, 7:00PM Plantation High School

Wednesday, March 21, 2001 – Second Boundary Hearing, 7:00PM Plantation High School

If necessary, a third boundary hearing will be scheduled in April 2001.

## **SUPPORTING DOCUMENTATION**

Recommendations  
Area Descriptions  
Statistics  
Maps of Proposed Changes

The supporting documentation is presented as an explanation and graphic representation of the attendance area changes proposed for the 2001/2002 school year. The School Board of Broward County, Florida, will vote on the maps depicting and describing school's attendance areas as contained in Section II of this document, unless otherwise amended during the public hearing process. For all other schools in the district, attendance areas will be the same, in the 2001/2002 school year as they were in the 2000/2001 school year, or will follow previously approved grade phase-ins.

# PROPOSED ATTENDANCE AREA AND SCHOOL USAGE CHANGES

## ELEMENTARY SCHOOLS

- E-1** Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Deerfield Park Elementary School in the 2001/2002 school year..
- E-2** Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Markham Elementary School in the 2001/2002 school year.
- E-3** Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Sanders Park Elementary School. Students have a choice to attend Winston Park Elementary with transportation in the 2001/2002 school year.
- E-4** Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Charles Drew Elementary School in the 2001/2002 school year.
- E-5** Retain a kindergarten through sixth grade (K-6) grade configuration at Deerfield Park Elementary School in the 2001/2002 school year.
- E-6** Retain a kindergarten through sixth grade (K-6) grade configuration at Deerfield Beach Elementary School in the 2001/2002 school year.
- E-7** Retain a kindergarten through sixth grade (K-6) grade configuration at Norcrest Elementary School in the 2001/2002 school year.
- E-8** Retain a kindergarten through sixth grade (K-6) grade configuration at Tedder Elementary School in the 2001/2002 school year.
- E-9** Retain a kindergarten through sixth grade (K-6) grade configuration at Park Ridge Elementary School in the 2001/2002 school year.
- E-10** Establish New Elementary School "D-6". Adjust the boundary of Riverglades Elementary School to bring kindergarten through fifth grade students to Elementary School "D-6" in the 2001/2002 school year.
- E-11** Adjust the boundary of Park Springs Elementary School to bring Kindergarten through and fifth grade students to Riverglades Elementary School in the 2001/2002 school year.
- E-12** Reserve 100 choice seats at Elementary School "D-6" for Kindergarten through 3rd grade students residing in the Country Hills Elementary School boundary area in the 2001/2002 school year.
- E-13** Reserve 100 choice seats at Elementary School "D-6" for 4th and 5th grade students residing in the Eagle Ridge School boundary area in the 2001/2002 school year.
- E-14** Establish New Elementary School "F-91". Adjust the boundary of Tamarac Elementary School to bring kindergarten through fifth grade students to Elementary School "F-91" in the 2001/2002 school year.
- E-15** Adjust the boundary of Banyan Elementary School to bring kindergarten through fifth grade students to Elementary School "F-91" in the 2001/2002 school year.
- E-16** Reserve 150 choice seats at Elementary School "F-91" for Kindergarten through 5th grade students residing in the Banyan Elementary School boundary area in the 2001/2002 school year.
- E-17** Establish New Elementary School "X". Kindergarten through fifth grade students residing in the boundary of Castle Hill Elementary School Annex will attend Elementary School "X" in the 2001/2002 school year.
- E-18** Adjust the boundary of Rock Island Elementary School to bring kindergarten through fifth grade students to Elementary School "X" in the 2001/2002 school year.
- E-19** Adjust the boundary of Larkdale Elementary School to bring kindergarten through fifth grade students to Elementary School "X" in the 2001/2002 school year.

- E-20** Phase out 150 choice seats for Flamingo Elementary School students at Fox Trail Elementary School beginning in the 2001/2002 school year.
- E-21** Adjust the boundary of Pasadena Lakes Elementary School to bring kindergarten through fifth grade students to Cooper City Elementary School in the 2001/2002 school year.
- E-22** Establish New Elementary School "E-6". Adjust the boundary of Lakeside Elementary School to bring kindergarten through sixth grade to Elementary School "E-6" in the 2001/2002 school year.
- E-23** Adjust the boundary of Sea Castle Elementary School to bring kindergarten through fifth grade students to Elementary School "E-6" in the 2001/2002 school year.
- E-24** Reserve 200 choice seats at Elementary School "E-6" for kindergarten through fifth grade students residing in the Silver Lakes Elementary School boundary area in the 2001/2002 school year.
- E-25** Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Hallandale Elementary School in the 2001/2002 school year.
- E-26** Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Dania Elementary School in the 2001/2002 school year.
- E-27** Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Dania Elementary School in the 2001/2002 school year.
- E-28** Adjust the boundary of Bethune Elementary School to bring kindergarten through fifth grade students to Collins Elementary School in the 2001/2002 school year.

### **MIDDLE SCHOOLS**

- M-1** Adjust the boundary of Bair Middle School to Westpine Middle School, phase-in sixth grade students in the 2001/2002 school year.
- M-2** Adjust the boundary of Westpine Middle School to Lauderdale Lakes Middle School, phase-in sixth grade students in the 2001/2002 school year.
- M-3** House 160 Rickards Middle School sixth grade students at Floranada Elementary School in the 2001/2002 school year.
- M-4** Adjust the boundary of Walter C. Young Middle School to bring sixth through eighth grade students to Silver Trail Middle School in the 2001/2002 school year.
- M-5** Sixth grade students residing in a portion of Walter C. Young boundary area attend New Elementary School "E-6" in the 2001/2002 school year.

# **ELEMENTARY SCHOOLS - RECOMMENDATIONS E-1 THROUGH E-9:**

Note: "Number of Students" are projected students for the 2001/2002 school year, unless noted.

<b>RECOMMENDATION E-1:</b> Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Deerfield Park Elementary School.		
<b>Winston Park Elementary to Deerfield Park Elementary</b>	Commence at the intersection of NW 49th Court and Military Trail, east to the S.C.L. Railroad, south to NW 45th Street extended (includes Crystal Point development), west to Military Trail and north to NW 49th Court.	<b>Number of Students* 64</b>
<b>RECOMMENDATION E-2:</b> Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Markham Elementary School.		
<b>Winston Park Elementary to Markham Elementary</b>	Commence at the intersection of Sample Road and the S.C.L. Railroad, east to Interstate 95, south to Copans Road, west to the S.C.L. Railroad and north to Sample Road.	<b>Number of Students* 163</b>
<b>RECOMMENDATION E-3:</b> Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Sanders Park Elementary School. Students have a choice to attend Winston Park Elementary School with transportation.		
<b>Winston Park Elementary to Sanders Park Elementary</b>	Commence at the intersection of Copans Road and Interstate 95, east to a line 100 feet east of NW 5th Terrace extended, south to NW 5th Terrace extended/NW 19th Street extended, west to Interstate 95 and north to Copans Road.	<b>Number of Students* 23</b>
<b>RECOMMENDATION E-4:</b> Adjust the boundary of Winston Park Elementary School to bring kindergarten through fifth grade students to Charles Drew Elementary School.		
<b>Winston Park Elementary to Charles Drew Elementary</b>	Commence at the intersection of Sample Road and Powerline Road, east to the S.C.L. Railroad, south to Copans Road, west to Powerline Road and north to Sample Road.	<b>Number of Students* 95</b>
<b>RECOMMENDATION E-5:</b> Retain a kindergarten through sixth grade (K-6) grade configuration at Deerfield Park Elementary School in the 2001/2002 school year. Sixth grade students residing east of Interstate 95, south of the Palm Beach County Line, west of NW 1st Terrace, and north of Hillsboro Blvd. will attend Deerfield Park Elementary School in the 2001/2002 school year.		
<b>RECOMMENDATION E-6:</b> Retain a kindergarten through sixth grade (K-6) grade configuration at Deerfield Beach Elementary School in the 2001/2002 school year.		
<b>RECOMMENDATION E-7:</b> Retain a kindergarten through sixth grade (K-6) grade configuration at Norcrest Elementary School in the 2001/2002 school year.		
<b>RECOMMENDATION E-8:</b> Retain a kindergarten through sixth grade (K-6) grade configuration at Tedder Elementary School in the 2001/2002 school year.		
<b>RECOMMENDATION E-9:</b> Retain a kindergarten through sixth grade (K-6) grade configuration at Park Ridge Elementary School in the 2001/2002 school year.		

# **ELEMENTARY SCHOOLS - RECOMMENDATIONS E-10 THROUGH E-17:**

Note: "Number of Students" are projected students for the 2001/2002 school year, unless noted.

<b>RECOMMENDATION E-10:</b> Establish New Elementary School "D-6", a new school to be located at 10700 Trails End, in the City of Parkland, anticipated to open in August, 2001. Adjust the boundary of Riverglades Elementary School to bring kindergarten through fifth grade students to Elementary School "D-6".		
<b>Riverglades Elementary to Elementary "D-6"</b>	Commence at the intersection of the Palm Beach County Line and the Levee L-36 east to Riverside Drive Trail extended, south to Holmberg Road, west to NW 87th Avenue/ NW 87th Avenue extended, south to NW 58th Court/NW 58th Court (both sides to Riverglades Elementary School), west to the property line of the Tall Pines subdivision, south to the Sawgrass Expressway, west to the Levee L-36 and north to the Palm Beach County Line.	<b>Number of Students* 614</b>
<b>RECOMMENDATION E-11:</b> Adjust the boundary of Park Springs Elementary School to bring kindergarten through and fifth grade students to Riverglades Elementary School.		
<b>Park Springs Elementary to Riverglades Elementary</b>	Commence at the intersection of Hillsboro Blvd. and NW 61st Avenue extended, east to U.S. 441, south to the Sawgrass Expressway, west to NW 61st Avenue extended and north to Hillsboro Blvd.	<b>Number of Students* 147</b>
<b>RECOMMENDATION E-12:</b> Reserve 100 choice seats at Elementary School "D-6" for kindergarten through 3rd grade students residing in the Country Hills Elementary School boundary area.		
<b>RECOMMENDATION E-13:</b> Reserve 100 choice seats at Elementary School "D-6" for fourth and fifth grade students residing in the Eagle Ridge School boundary area.		
<b>RECOMMENDATION E-14:</b> Establish New Elementary School "F-91", a new school to be located at 5700 NW 94th Avenue, in the City of Tamarac anticipated to open in August, 2001. Adjust the boundary of Tamarac Elementary School to bring kindergarten through fifth grade students to Elementary School "F-91".		
<b>Tamarac Elementary to Elementary "F-91"</b>	Commence at the intersection of the Cypress Creek Canal and the Levee, east to Nob Hill Road, south to McNab Road, east to University Drive, south to Commercial Blvd., east to NW 64th Avenue, south to NW 44th Street, west to University Drive, north to Commercial Blvd., west to the Levee and north to the Cypress Creek Canal.	<b>Number of Students* 637</b>
<b>RECOMMENDATION E-15:</b> Adjust the boundary of Banyan Elementary School to bring kindergarten through fifth grade students to Elementary School "F-91".		
<b>Banyan Elementary to Elementary "F-91"</b>	Commence at the intersection of NW 44th Street and University Drive, east to West Inverrary Blvd., south to Oakland Park Blvd., west to University Drive and north to NW 44th Street.	<b>Number of Students* 127</b>
<b>RECOMMENDATION E-16:</b> Reserve 150 choice seats at Elementary School "F-91" for kindergarten through fifth grade students residing in the Banyan Elementary School boundary area.		
<b>RECOMMENDATION E-17:</b> Establish New Elementary School "X", a new school to be located at 3925 North State Road 7, in the City of Lauderdale Lakes anticipated to open in January, 2002. kindergarten through fifth grade students in the Castle Hill Elementary School Annex boundary area will attend Elementary School "X". Students will attend Castle Hill Annex until New Elementary School "X" is operational.		
<b>Castle Hill Elementary Annex to Elementary "X"</b>	Commence at the intersection of NW 44th Street and West Inverrary Blvd., east to the Florida Turnpike, northeast to Commercial Blvd., southeast to U.S. 441, south to Oakland Park Blvd., west to West Inverrary Blvd., and north to NW 44th Street.	<b>Number of Students* 522</b>

**ELEMENTARY SCHOOLS - RECOMMENDATIONS E-18 THROUGH E-25:**

Note: "Number of Students" are projected students for the 2001/2002 school year, unless noted.

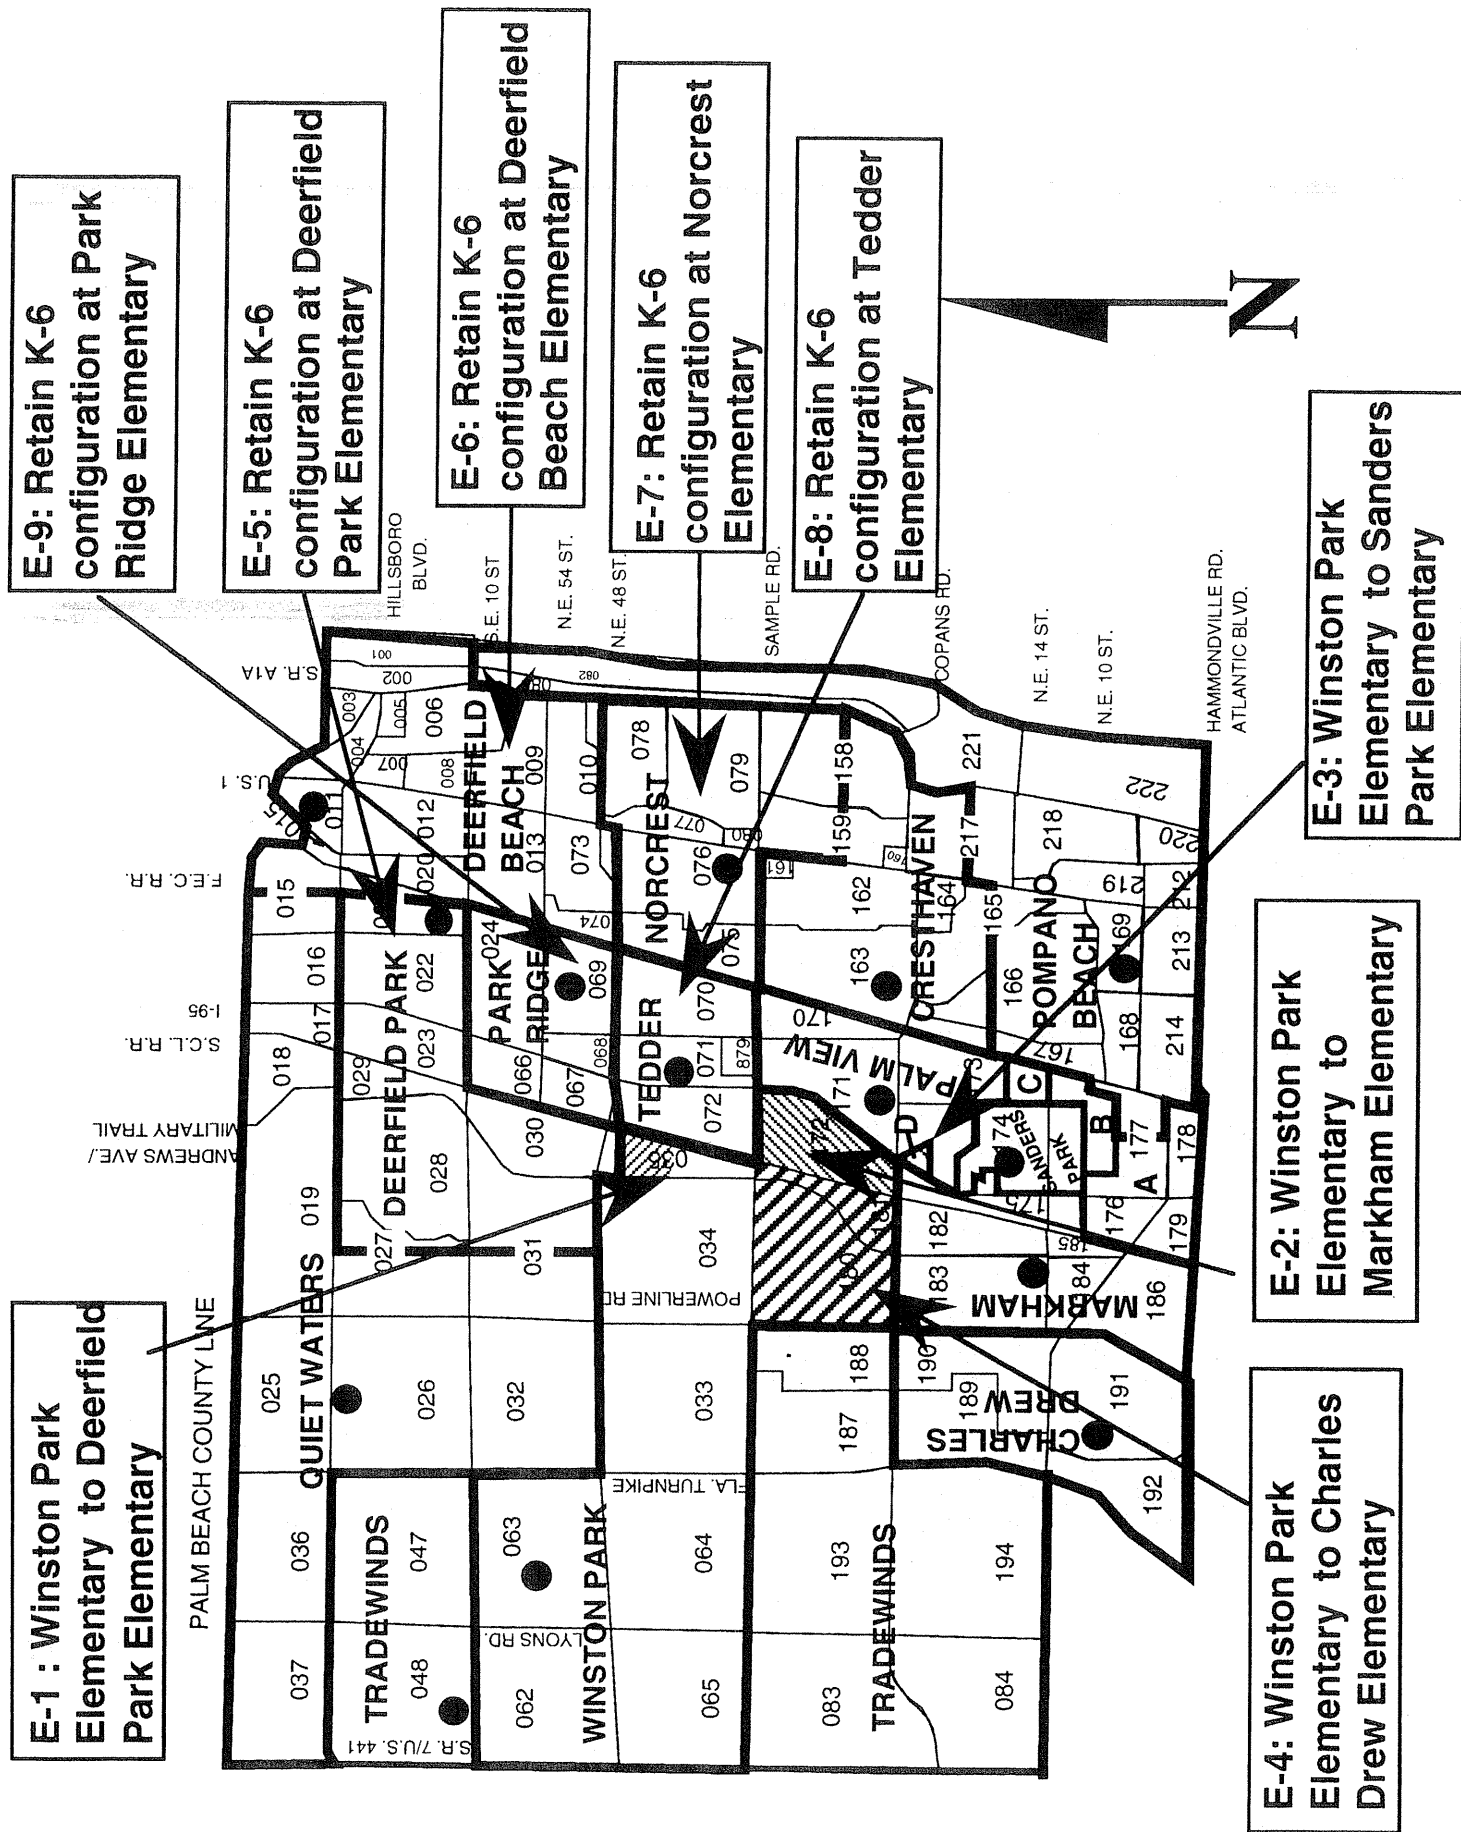

<b>RECOMMENDATION E-18:</b> Adjust the boundary of Rock Island Elementary School to bring kindergarten through fifth grade students to Elementary School "X". Students will attend Rock Island Elementary School until New Elementary School "X" is operational.		
<b>Rock Island Elementary to Elementary "X"</b>	Commence at the intersection of the Florida Turnpike and Commercial Blvd., northeast to U.S. 441, south to Prospect Road, east to Hawkins Road, south to NW 43rd Place, west to U.S. 441, north to Commercial Blvd., and northwest to the Florida Turnpike.	<b>Number of Students* 55</b>
<b>RECOMMENDATION E-19:</b> Adjust the boundary of Larkdale Elementary School to bring kindergarten through fifth grade students to Elementary School "X". Students will attend Rock Island Elementary School until New Elementary School "X" is operational.		
<b>Larkdale Elementary to Elementary "X"</b>	Commence at the intersection of Oakland Park Blvd. and U.S. 441, east to Martin Luther King Blvd. (NW 31st Avenue), south to NW 29th Street/NW 29th Street extended, west to the west property line of Somerset Condominium, south to the canal south of NW 27th Street extended, west to a canal east of NW 39th Terrace, south to NW 24th St, west to U.S. 441, north to Oakland Park Blvd.	<b>Number of Students* 70</b>
<b>RECOMMENDATION E-20:</b> Phase out 150 choice seats for Flamingo Elementary School students at Fox Trail Elementary School beginning in the 2001/2002 school year.		
<b>RECOMMENDATION E-21:</b> Adjust the boundary of Pasadena Lakes Elementary School to bring kindergarten through fifth grade students to Cooper City Elementary School.		
<b>Pasadena Lakes Elementary to Cooper City Elementary</b>	Commence at the intersection of Stirling Road and Palm Avenue, east to University Drive, south to Sheridan Street, west to Palm Avenue and north to Stirling Road.	<b>Number of Students* 5</b>
<b>RECOMMENDATION E-22:</b> Establish New Elementary School "E-6", a new school to be located at 13601 Monarch Lakes Blvd., in the City of Miramar anticipated to open in August, 2001. Adjust the boundary of Lakeside Elementary School to bring kindergarten through sixth grade students to Elementary School "E-6".		
<b>Lakeside Elementary to Elementary "E-6"</b>	Commence at the intersection of Pembroke Road and Interstate 75, east to Flamingo Road, south to the Miami Dade County Line, west to Interstate 75 and north to Pembroke Road.	<b>Number of Students* 765</b>
<b>RECOMMENDATION E-23:</b> Adjust the boundary of Sea Castle Elementary School to bring kindergarten through fifth grade students to Elementary School "E-6".		
<b>Sea Castle Elementary to Elementary "E-6"</b>	Commence at the intersection of Pembroke Road and Flamingo Road, east to Hiatus Road, south to the Miami Dade County Line, west to Flamingo Road, and north to Pembroke Road.	<b>Number of Students* 216</b>
<b>RECOMMENDATION E-24:</b> Reserve 200 choice seats at Elementary School "E-6" for kindergarten through fifth grade students residing in the Silver Lakes Elementary School boundary area for the 2001/2002 school year.		
<b>RECOMMENDATION E-25:</b> Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Hallandale Elementary School.		
<b>Hollywood Central Elementary to Hallandale Elementary</b>	Commence at the intersection of Hallandale Beach Blvd. and the Intracoastal Waterway, east to the Atlantic Ocean, south to the Miami Dade County Line, west to the Intracoastal Waterway and north to Hallandale Beach Blvd.	<b>Number of Students* 30</b>

**ELEMENTARY SCHOOLS - RECOMMENDATIONS E-26 THROUGH E-28:**

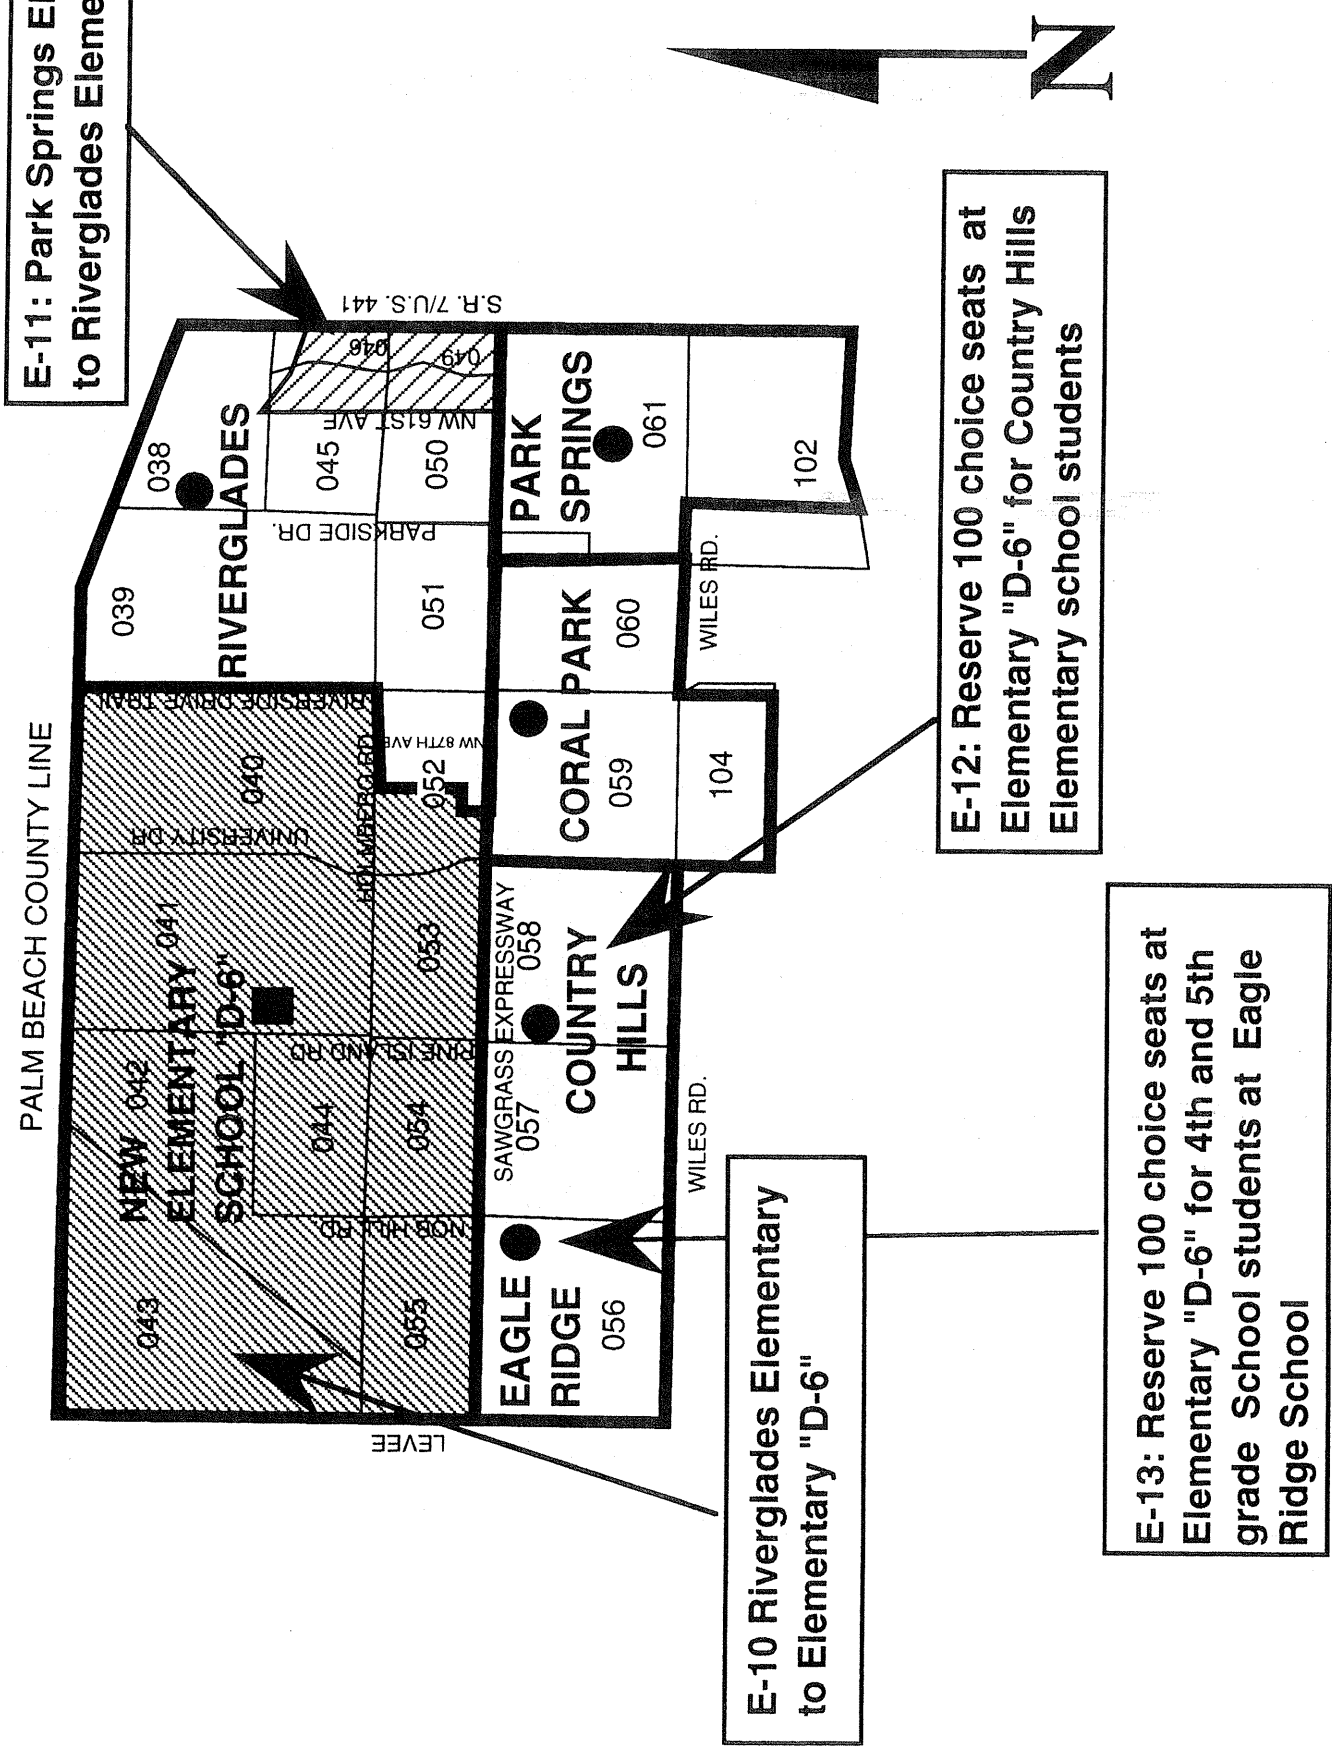

Note: "Number of Students" are projected students for the 2001/2002 school year, unless noted.

<b>RECOMMENDATION E-26:</b> Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Dania Elementary School.		
<b>Hollywood Central Elementary to Dania Elementary</b>	Commence at the intersection of Port Everglades Inlet and the Intracoastal Waterway, east to the Atlantic Ocean, south to Johnson Street extended, west to the Intracoastal Waterway and north to Port Everglades Inlet.	<b>Number of Students* 52</b>
<b>RECOMMENDATION E-27:</b> Adjust the boundary of Hollywood Central Elementary School to bring kindergarten through fifth grade students to Dania Elementary School.		
<b>Hollywood Central Elementary to Dania Elementary</b>	Commence at the intersection of McKinley Street and the F.E.C. Railroad, east to U.S. 1, south to Johnson Street, west to the F.E.C. Railroad, and north to McKinley Street.	<b>Number of Students* 30</b>
<b>RECOMMENDATION E-28:</b> Adjust the boundary of Bethune Elementary School to bring kindergarten through fifth grade students to Collins Elementary School.		
<b>Bethune Elementary to Collins Elementary</b>	Commence at the intersection of the Dania Cutoff Canal and U.S. 441, east to Interstate 95, south to Stirling Road, west to Ravenswood Road, north to Griffin Road, west to U.S. 441 and north to the Dania Cutoff Canal.	<b>Number of Students* 78</b>

\* Capacity is Florida Inventory of School Houses (F.I.S.H.) - State Department of Education permanent capacity (without portables), September, 2000.

\*\* Permanent capacity plus portable capacity

\*\*\* A 4 classroom addition is planned and funded in the Capital Plan to replace portables and a 12 classroom addition for expansion. The additions will add 549 to the permanent capacity.

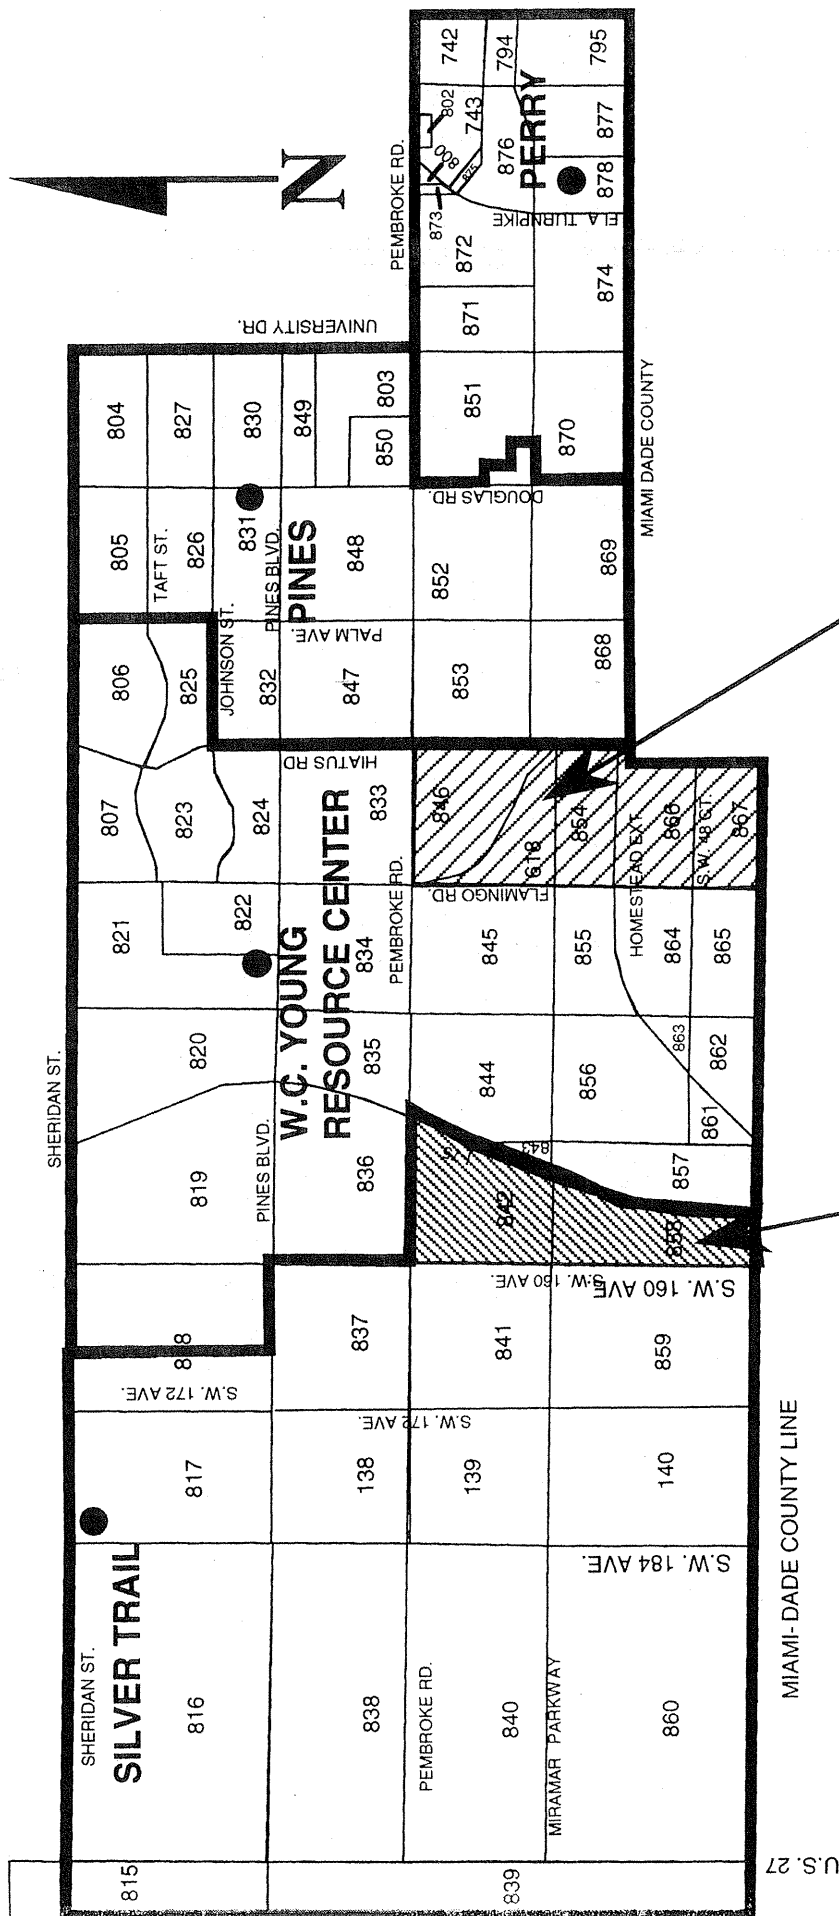

**MIDDLE SCHOOLS - RECOMMENDATIONS M-1 THROUGH M-5:**

Note: "Number of Students" are projected students for the 2001/2002 school year, unless noted.

<b>RECOMMENDATION M-1:</b> Adjust the boundary of Bair Middle School to Westpine Middle School. Phase in sixth grade students in the 2001/2002 school year, sixth and seventh grades students in the 2002/2003 school year and sixth through eighth grade students in the 2003/2004 school year.		
<b>Bair Middle to Westpine Middle</b>	Commence at the intersection of Oakland Park Blvd. and the C-42 Canal, east to Pine Island Road, south to the C-13 Canal, west to a line approximately 1320 feet west of Nob Hill Road (east property line of Summerbreeze Apts.), south to the line approximately 498 feet south of the C-13 canal, south of property line of Summerbreeze Apts.), west to NW 99th Terrace/NW 99th Terrace extended, south to Sunrise Lakes Blvd., west to Nob Hill Road, north to the C-13 Canal, west to the C-42 Canal and north to Oakland Park Blvd.	<b>Number of Students*</b>  <b>47</b>
<b>RECOMMENDATION M-2:</b> Adjust the boundary of Westpine Middle School to Lauderdale Lakes Middle School. Phase in sixth grade students in the 2001/2002 school year, sixth and seventh grades students in the 2002/2003 school year and sixth through eighth grade students in the 2003/2004 school year.		
<b>Westpine Middle to Lauderdale Lakes Middle</b>	Commence at the intersection of NW 44th Street and West Inverrary Blvd., east to the Florida Turnpike, south to Oakland Park Blvd., west to West Inverrary Blvd., and north to NW 44th Street.	<b>Number of Students*</b>  <b>34</b>
<b>RECOMMENDATION M-3:</b>	Change the number of reserved seats for Rickards Middle School sixth grade students who reside in the Rickards Middle School boundary area at Floranada Elementary School in the 2001-2002 school year from 240 to 160 seats. The sixth grade students will be administered by Rickards Middle School. It is anticipated that existing transportation routes with extended stops will be utilized to Floranada Elementary School.	<b>Number of Students*</b>  <b>160</b>
<b>RECOMMENDATION M-4:</b> Adjust the boundary of Walter C. Young Middle School to bring sixth through eighth grade students to Silver Trail Middle School in the 2001/2002 school year.		
<b>Walter C. Young Middle to Silver Trail Middle</b>	Commence at the intersection of Pembroke Road and SW 160th Avenue, east to Interstate 75, south to the Miami Dade County Line, west to SW 160th Avenue and north to Pembroke Road.	<b>Number of Students*</b>  <b>128</b>
<b>RECOMMENDATION M-5:</b> Sixth grade students residing in the following area will attend New Elementary School "E-6" in the 2001/2002 school year.		
<b>Sixth grade attend Elementary "E-6"</b>	Commence at the intersection of Interstate 75 and Pembroke Rd., east to Hiatus Road, south to the Miami Dade County Line, west to Interstate 75 and north to Pembroke Road.	<b>Number of Students*</b>  <b>48</b>

# RECOMMENDATIONS M-4 AND M-5

M- 5: WC Young Middle sixth grades students residing in this area attend Elementary School "E-6"

M- 4: WC Young Middle to Silver Trail Middle

\*\* Permanent capacity plus portable capacity

\*\*\* Projected Enrollment of Walter C. Young Middle assumes 6th Grade will remain at Lakeside, and Silver Palms Elementary Schools for the 2001-2002 school year; Elementary School E-6 will also house 6th grade students, Walter C. Young Middle Schools enrollment is adjusted for these projected students.

BOARD AGENDA ITEM #1  
PROPOSED ELEMENTARY SCHOOL ATTENDANCE AREAS

The School Board of Broward County, Florida, will vote on elementary school attendance areas for the 2001-2002 school year as a separate agenda item with its own tentative financial impact statement

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Elementary Schools in the District  
2001-2002 School Year

**SUMMARY OF INTENDED ACTION:**

It is proposed that:

1. Boundaries be changed between the following existing schools to establish the area bordered by NW 49<sup>th</sup> Court on the north, the S.C.L. Railroad on the east, NW 45<sup>th</sup> Street and NW 45<sup>th</sup> Street extended on the south (includes Crystal Lake Development) and Military Trail on the west, as a portion of the boundary area of Deerfield Park Elementary School.

Winston Park Elementary School to Deerfield Park Elementary School.

2. Boundaries be changed between the following existing schools to establish the area bordered by Sample Road on the north, Interstate 95 on the east, Copans Road on the south and the S.C.L. Railroad on the west, as a portion of the boundary area of Markham Elementary School.

Winston Park Elementary School to Markham Elementary School.

3. Boundaries be changed between the following existing schools to establish the area bordered by Copans Road on the north, the line 100' east of NW 5<sup>th</sup> Terrace/NW 5<sup>th</sup> Terrace extended on the east, NW 19<sup>th</sup> Street and NW 19<sup>th</sup> Street extended on the south and Interstate 95 on the west, as a portion of the boundary area of Sanders Park Elementary School. Elementary school children residing in this area have the option to attend Winston Park Elementary with transportation.

Winston Park Elementary School to Sanders Park Elementary School.

4. Boundaries be changed between the following existing schools to establish the area bordered by Sample Road on the north, the S.C.L. Railroad on the east, Copans Road on the south and Powerline Road on the west, as a portion of the boundary area of Charles Drew Elementary School.

Winston Park Elementary School to Charles Drew Elementary School.

5. The grade configuration at Deerfield Beach Elementary School remain kindergarten through sixth grade students in the 2001-2002 school year.
6. The grade configuration at Deerfield Park Elementary School remain kindergarten through sixth grade students in the 2001-2002 school year. sixth grade students residing east of Interstate 95, south of the Palm Beach County Line, west of NW 1st Terrace, and north of Hillsboro Blvd. will attend Deerfield Park Elementary School in the 2001-2002 school year.
7. The grade configuration at Norcrest Elementary School remain kindergarten through sixth grade students in the 2001-2002 school year.
8. The grade configuration at Tedder Elementary School remain kindergarten through sixth grade students in the 2001-2002 school year.
9. The grade configuration at Park Ridge Elementary School remain kindergarten through sixth grade students in the 2001-2002 school year.

10. Boundaries be changed to reduce current and projected overcrowding by establishing Elementary School "D-6" to be located at 10700 Trails End, in the City of Parkland, anticipated to open in August 2001. Additionally, it is proposed that the area bordered by Palm Beach County Line on the north, Riverside Drive Trail on the east, Holmberg Road on the south, NW 87<sup>th</sup> Avenue/NW 87<sup>th</sup> Avenue extended on the east, NW 58<sup>th</sup> Court and NW 58<sup>th</sup> Court extended on the south (both sides to Riverglades), the west property line of the Tall Pine Development on the west, Sawgrass Expressway on the south and the L-36 Levee on the west, be established as the boundary area of Elementary School "D-6". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the new Elementary School "D-6" boundary area being established.

Riverglades Elementary School to Elementary School "D-6".

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Elementary Schools in the District  
2001-2002 School Year

11. Boundaries be changed between the following existing schools to establish the area bordered by Hillsboro Blvd. on the north, U.S. 441 on the east, Sawgrass Expressway on the south and NW 61<sup>st</sup> Avenue extended on the west, as a portion of the boundary area of Riverglades Elementary School.

Park Springs Elementary School to Riverglades Elementary School.

12. 100 choice seats be reserved for kindergarten through third grade students residing in the Country Hills Elementary boundary at Elementary School "D-6" for the 2001-2002 school year.
13. 100 choice seats be reserved for forth through fifth grade students residing in the Eagle Ridge boundary at Elementary School "D-6" for the 2001-2002 school year.
14. Boundaries be changed to reduce current and projected overcrowding by establishing Elementary School "F-91" to be located at 5700 NW 94<sup>th</sup> Avenue, in the City of Tamarac, anticipated to open in August 2001. Additionally, it is proposed that the area bordered by the Cypress Creek canal on the north, Nob Hill Road on the east, McNab Road on the north, University Drive on the East, Commercial Blvd. on the north, NW 64<sup>th</sup> Avenue on the east, NW 44<sup>th</sup> Street on the south, University Drive on the west, Commercial Blvd. on the south and the L-35-A Levee on the west, be established as a portion of the boundary area of new Elementary School "F-91". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "F-91" boundary area being established.

Tamarac Elementary School to Elementary School "F-91".

15. The area bordered by NW 44<sup>th</sup> Street on the north, West Inverrary Blvd. on the east, Oakland Park Blvd. on the south, and University Drive on the west, be established as a portion of the boundary area of Elementary School "F-91". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "F-91" boundary area being established.

Banyan Elementary School to Elementary School "F-91".

16. 150 choice seats be reserved for kindergarten through fifth grade students residing in the Banyan Elementary boundary at Elementary School "F-91" for the 2001-2002 school year.
17. Boundaries be changed to reduce current and projected overcrowding by establishing Elementary School "X" to be located at 3925 North State Road 7, in the City of Lauderdale Lakes, anticipated to open in January 2002. Students will be housed at existing schools until new Elementary School "X" is operational. Additionally, it is proposed that the area bordered by NW 44<sup>th</sup> Street on the north, the Florida Turnpike on north and east, Commercial Blvd. on the northeast, U.S. 441 on the east, Oakland Park Blvd. on the south and West Inverrary Blvd. on the west, be established as a portion of the boundary area of new Elementary School "X". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "X" boundary area being established.

Castle Hill Elementary School Annex to Elementary School "X".

18. The area bordered by the Florida Turnpike on the northwest, U.S. 441 on the east, Prospect Road on the north, Hawkins Road on the east, NW 43<sup>rd</sup> Place on the south, U.S. 441 on the west and Commercial Blvd. on the southwest, be established as a portion of the boundary area of new Elementary School "X". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "X" boundary area being established.

Rock Island Elementary School to Elementary School "X".

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Elementary Schools in the District  
2001-2002 School Year

19. The area bordered by Oakland Park Blvd. on the north, Martin Luther King Blvd. (NW 31<sup>st</sup> Avenue) on the east, NW 29<sup>th</sup> Street and NW 29<sup>th</sup> Street extended on the south, the west property line of Somerset condominium on the east, a canal south of NW 27<sup>th</sup> Street and NW 27<sup>th</sup> Street extended on the south, a canal east of NW 39<sup>th</sup> Terrace on the east, NW 24<sup>th</sup> Street on the south, and U.S. 441 on the west be established as a portion of the boundary area of Elementary School "X". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "X" boundary area being established.

Larkdale Elementary School to Elementary School "X".

20. The 150 choice seats at Fox Trail Elementary School for Flamingo Elementary School students be phased out beginning in the 2001-2002 school year.
21. Boundaries be changed between the following existing schools to improve feeder patterns and to establish the area bordered by Stirling Road on the north, University Drive on the east, Sheridan Street on the south and Palm Avenue on the west, as a portion of the boundary area of Cooper City Elementary School.

Pasadena Lakes Elementary School to Cooper City Elementary School.

22. Boundaries be changed to reduce current and projected overcrowding by establishing Elementary School "E-6" to be located at 13601 Monarch Lakes Blvd., in the City of Miramar, anticipated to open in August 2002. Additionally, it is proposed that the area bordered by Pembroke Road on the north, Flamingo Road on the east, Miami-Dade County Line on the south and Interstate 75 on the west, be established as a portion of the boundary area of Elementary School "E-6". The following identifies the existing elementary school from which some kindergarten through sixth grade students will be assigned to the Elementary School "E-6" boundary area being established.

Lakeside Elementary School to Elementary School "E-6".

23. The area bordered by Pembroke Road on the north, Hiatus Road on the east, Miami-Dade County Line on the south and Flamingo Road on the west, be established as a portion of the boundary area of Elementary School "E-6". The following identifies the existing elementary school from which some kindergarten through fifth grade students will be assigned to the Elementary School "E-6" boundary area being established.

Sea Castle Elementary School to Elementary School "E-6".

24. 200 choice seats be reserved at Elementary School "E-6" for kindergarten to fifth grade students residing in the Silver Lakes Elementary School boundary area in the 2001-2002 school year.
25. Boundaries be changed between the following existing schools to relieve overcrowding and to establish the area bordered by Hallandale Beach Blvd. and Hallandale Beach Blvd extended on the north, Atlantic Ocean on the east, Miami-Dade County Line on the south, and the Intracoastal Waterway on the west, as a portion of the boundary area of Hallandale Elementary School.

Hollywood Central Elementary School to Hallandale Elementary School

26. Boundaries be changed between the following existing schools to relieve overcrowding and to establish the area bordered by Port Everglades Inlet on the north, Atlantic Ocean on the east, Johnson Street and Johnson Street extended on the south, and the Intracoastal Waterway on the west, as a portion of the boundary area of Dania Elementary School.

Hollywood Central Elementary School to Dania Elementary School

27. Boundaries be changed between the following existing schools to relieve overcrowding and to establish the area bordered by McKinley Street on the north, North Federal Highway on the east, Johnson Street on the south, and the F.E.C. Railroad on the west, as a portion of the boundary area of Dania Elementary School.

Hollywood Central Elementary School to Dania Elementary School

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Elementary Schools in the District  
2001-2002 School Year

28. Boundaries be changed between the following existing schools to relieve overcrowding, address underenrolled schools and to establish the area bordered by Dania Cutoff Canal on the north, Interstate 95 on the east, Stirling Road on the south, Ravenswood Road on the east, Griffin Road on the south and U.S. 441 on the west, as a portion of the boundary area of Collins Elementary School.

Bethune Elementary School to Collins Elementary School

29. Boundaries, school usage and admission policies for all other elementary schools in the district remain the same, in the 2001-2002 school year, as in the 2000-2001 school year.

**PURPOSE OF THE ACTION:**

The purpose of the proposed boundary recommendations and school usage plans includes relieving current and projected critical overcrowding in identified areas, providing continued quality programs, and:

- a. Additional choice options for families
- b. Feeder Patterns
- c. Safety of students
- d. Transportation, and
- e. Utilization of underenrolled facilities

**LEGAL AUTHORITY FOR TAKING ACTIONS:**

The School Board is authorized to take such action under Section 230.22, Florida Statutes and Section 230.23, Florida Statutes, implementing Section 230.23 (4), Florida Statutes, as well as administrative Rule 6A1.43 of the Florida State Board of Education and in accordance with existing School Board Policy #5000. It should be noted that the adoption of a zoning plan is not considered a change in policy by the Board, but appears to fall under the Board definition of a rule in Section 120.52 (16), Florida Statutes.

**PLANS FOR IMPLEMENTING THE ACTION:**

Approved Board action regarding boundary and school usage changes, choice options and admission policies would become effective for the 2001-2002 school year. New Elementary School "X" will open mid-year (January 2002), Students residing in this boundary area will remain at their current elementary schools until new Elementary School "X" operational. Boundary and school usage changes for existing elementary schools have been outlined and will be implemented following School Board approval. Some personnel from existing schools may be assigned to new or to other existing schools. As per School Board policy, the Superintendent will designate personnel to work with parents, the community and staff as they move from existing schools to new or to other existing schools.

#### A MONTESSORI MAGNET SCHOOL:

Admission requirements for those students applying to the program shall be in accordance with the provisions of School Board Policy #5004 and the magnet attendance guidelines for the Montessori Magnet Program.

One hundred fifty seats are reserved for prekindergarten through fifth grade students in the "community" surrounding Virginia Shuman Young Elementary School.

\*East of the FEC Railroad, south of Sunrise Blvd., east of Middle River, west of Victoria Park Rd./Mola Ave., and north of New River

#### A SCHOOL NEAR THE WORKPLACE:

Parents of preschool children ages three and four and/or kindergarten through fifth grade students, who work in the downtown areas north of the New River and who meet the Workplace guidelines, may apply for their children to attend Virginia Shuman Young Elementary School.

BOARD AGENDA ITEM #2  
PROPOSED MIDDLE SCHOOL ATTENDANCE AREAS

The School Board of Broward County, Florida, will vote on middle school attendance areas for the 2001-2002 school year as a separate agenda item with its own tentative financial impact statement

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Middle Schools in the District  
2001-2002 School Year

**SUMMARY OF INTENDED ACTION:**

It is proposed that:

1. Boundaries be changed between the following existing schools to improve feeder patterns, relieve overcrowding and to establish the area bordered by Oakland Park Blvd. on the north, Pine Island Road on the east, the C-13 Canal on the south, the line approximately 1320 feet east of Nob Hill Road (east property line of Summerbreeze Apts.) on the east, the line approximately 498 feet south of the C-13 Canal (south property line of Summerbreeze Apts.) on the south, NW 99<sup>th</sup> Terrace/NW 99<sup>th</sup> Terrace extended on the east, Sunrise Lakes Blvd. on the south, Nob Hill Road on the west, the C-13 Canal on the south and the C-24 Canal on the west, as a portion of the boundary area of Westpine Middle School. Sixth grade students will be phased-in in the 2001/2002 school year, sixth and seventh grade students in the 2002/2003 school year, sixth through eighth grade students in the 2003/2004 school year.

Bair Middle School to Westpine Middle School

2. Boundaries be changed between the following existing schools improve feeder patterns, relieve overcrowding and to establish the area bordered by NW 44<sup>th</sup> Street on the north, the Florida Turnpike on the east, Oakland Park Blvd. on the south, and West Inverrary Blvd. on the west, as a portion of the boundary area of Lauderdale Lakes Middle School. Sixth grade students will be phased-in in the 2001/2002 school year, sixth and seventh grade students in the 2002/2003 school year, sixth through eighth grade students in the 2003/2004 school year.

Westpine Middle School to Lauderdale Lakes Middle School

3. Boundaries be changed between the following existing schools to relieve overcrowding, improve feeder patterns and to establish the area bordered by Pembroke Road on the north, Interstate 75 on the east, Miami-Dade County Line on the south and SW 160<sup>th</sup> Avenue on the west, as a portion of the boundary area of Silver Trail Middle School. Move sixth through eighth grade students in the 2001/2002 school year.

Walter C. Young Middle School to Silver Trail Middle School

4. The number of seats for Rickards Middle School sixth grade students, who reside in the Rickards Middle School boundary area, at Floranada Elementary School be reduced from 240 seats to 160 seats in the 2001-2002 school year. Sixth grade students will be administered by Rickards Middle School. It is anticipated that existing transportation routes with extended stops will be utilized to Floranada Elementary School.
5. Middle school students residing in the "North Area HI Zone" which is comprised of the Deerfield Beach, Pompano Beach, and Crystal Lake Middle School boundary areas, may apply to the Health and Wellness Program at Deerfield Beach Middle School, in accordance with School Board Policy #5004.
6. Sixth grade students residing in a portion of Walter C. Young Middle School boundary area bordered by Pembroke Road on the north, Hiatus Road on the east, Miami-Dade County Line on the south and Flamingo Road to the west, attend new Elementary School "E-6" in the 2001/2002 school year.
7. Boundaries, school usage and admission policies for all other middle schools in the district remain the same or follow previously approved grade phase-in changes, in the 2001/2002 school year, as in the 2000/2001 school year.

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Middle Schools in the District  
2001-2002 School Year

**PURPOSE OF THE ACTION:**

The purpose of the proposed boundary recommendations and school usage plans includes relieving current and projected critical overcrowding in identified areas, providing continued quality programs, and:

- a. Additional choice options for families
- b. Feeder Patterns
- c. Safety of students, and
- d. Transportation

**LEGAL AUTHORITY FOR TAKING ACTIONS:**

The School Board is authorized to take such action under Section 230.22, Florida Statutes and Section 230.23, Florida Statutes, implementing Section 230.23 (4), Florida Statutes, as well as administrative Rule 6A1.43 of the Florida State Board of Education and in accordance with existing School Board Policy #5000. It should be noted that the adoption of a zoning plan is not considered a change in policy by the Board, but appears to fall under the Board definition of a rule in Section 120.52 (16), Florida Statutes.

**PLANS FOR IMPLEMENTING THE ACTION:**

Approved Board action regarding boundary and school usage changes, choice options and admission policies would become effective for the 2001/2002 school year. Boundary and school usage changes for existing middle schools have been outlined and will be implemented following School Board approval. Some personnel from existing schools may be assigned to other existing schools. As per School Board policy, the Superintendent will designate personnel to work with parents, the community and staff as they move from existing schools to other existing schools.

**ESTIMATED ECONOMIC IMPACT STATEMENT:**

The financial costs of the above are estimated at this date to be the following:

---

**A. BOUNDARY AND SCHOOL USAGE CHANGES \***

**1. Existing Middle Schools**

<b>Walter C. Young</b>	<u>2001-2002 Fiscal Year</u>		Financial Impact
	Before Change	After Change	
Support Allocation	\$ 778,678	\$ 778,678	\$ 0
<b>Silver Trail</b>	<u>2001-2002 Fiscal Year</u>		Financial Impact
	Before Change	After Change

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all Middle Schools in the District  
2001-2002 School Year

**ESTIMATED ECONOMIC IMPACT STATEMENT:**

The financial costs of the above are estimated at this date to be the following:

---

**A. BOUNDARY AND SCHOOL USAGE CHANGES \***

Bair	2001-2002 Fiscal Year		Financial Impact
	Before Change	After Change	
Support Allocation	\$ 778,678	\$ 778,678	\$ 0
<b>Total Support Allocation</b>			\$ 0
<b>Total Net Transportation Costs</b>			\$ 65,676

---

**B. ANNUAL DISTRICTWIDE COSTS FOR 2001-2002**

Total Cost of Transportation Districtwide	\$ 61,569,068*
Operational Costs	\$ 53,633,982
Capital Costs	\$ 7,935,086
Cost of Moving/Hook-up of Portables Districtwide	\$ 6,300,000**

---

**C. COSTS TO OTHER AGENCIES - ADDITIONAL SAFETY FEATURES:**

City of Sunrise	\$ 10,000
-----------------	-----------

---

\* Due to funding arrangements, record keeping procedures, and utilization of buses across school levels, it is not possible to break out accurately specific transportation costs for middle school students.

\*\* Because specific portable classroom allocations have not been done at this date, it is not possible to accurately break out the costs for middle schools.

**ESTIMATE OF THE COST OR THE ECONOMIC BENEFIT TO ALL PERSONS  
DIRECTLY AFFECTED BY THE PROPOSED ACTION:**

The implementation of the proposed action represents no significant impact of the persons directly affected.

**ESTIMATE OF PROPOSED ACTION ON COMPETITION AND THE OPEN MARKET  
FOR EMPLOYMENT:**

None

**DATA METHODS USED IN MAKING COST ESTIMATES:**

The Departments of Budget, Property Management & Site Acquisition, Transportation, Risk Management, Safety & Benefits, Student Choice/School Boundaries, and Magnet/ Program Development provided data necessary to estimate and compare costs, and to estimate anticipated annual costs.

**BOARD AGENDA ITEM #3**  
**PROPOSED HIGH SCHOOL ATTENDANCE AREAS**

The School Board of Broward County, Florida, will vote on high school attendance areas for the 2000-2001 school year as a separate agenda item with its own tentative financial impact statement

The School Board of Broward County, Florida

**TENTATIVE FINANCIAL IMPACT STATEMENT**  
for School Attendance Areas, School Usage and Admission Policies  
for all High Schools in the District  
2001-2002 School Year

**SUMMARY OF INTENDED ACTION:**

It is proposed that Boundaries, school usage and admission policies for all high schools in the district remain the same or follow previously approved grade phase-in changes, in the 2001-2002 school year, as in the 2000-2001 school year.

**PURPOSE OF THE ACTION:**

The purpose of the proposed recommendation is to re-establish existing high school attendance areas and school usage and to provide continued quality programs.

**LEGAL AUTHORITY FOR TAKING ACTIONS:**

The School Board is authorized to take such action under Section 230.22, Florida Statutes and Section 230.23, Florida Statutes, implementing Section 230.23 (4), Florida Statutes, as well as administrative Rule 6A1.43 of the Florida State Board of Education and in accordance with existing School Board Policy #5000. It should be noted that the adoption of a zoning plan is not considered a change in policy by the Board, but appears to fall under the Board definition of a rule in Section 120.52 (16), Florida Statutes.

**PLANS FOR IMPLEMENTING THE ACTION:**

Approved Board action re-establishing existing high school attendance areas and school and admission policies would become effective for the 2001-2002 school year.

Total Cost of Transportation Districtwide	\$ 61,569,068*
Operational Costs	\$ 53,633,982
Capital Costs	\$ 7,935,086
Cost of Moving/Hook-up of Portables Districtwide	\$ 6,300,000**

---

**C. COSTS TO OTHER AGENCIES - ADDITIONAL SAFETY FEATURES:**

None

---

\* Due to funding arrangements, record keeping procedures, and utilization of buses across school levels, it is not possible to break out accurately specific transportation costs for high school students.

\*\* Because specific portable classroom allocations have not been done at this date, it is not possible to accurately break out the costs for high schools.

**ESTIMATE OF THE COST OR THE ECONOMIC BENEFIT TO ALL PERSONS  
DIRECTLY AFFECTED BY THE PROPOSED ACTION:**

The implementation of the proposed action represents no significant impact of the persons directly affected.

**ESTIMATE OF PROPOSED ACTION ON COMPETITION AND THE OPEN MARKET  
FOR EMPLOYMENT:**

None

**DATA METHODS USED IN MAKING COST ESTIMATES:**

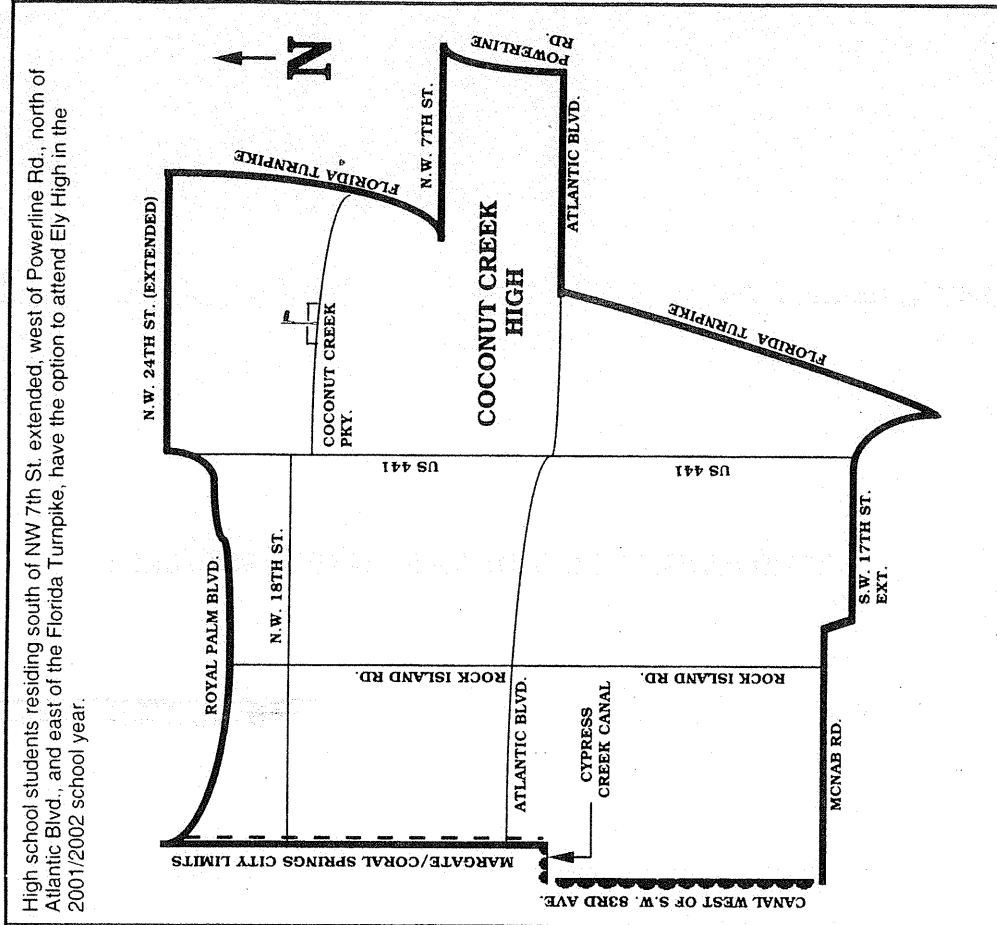

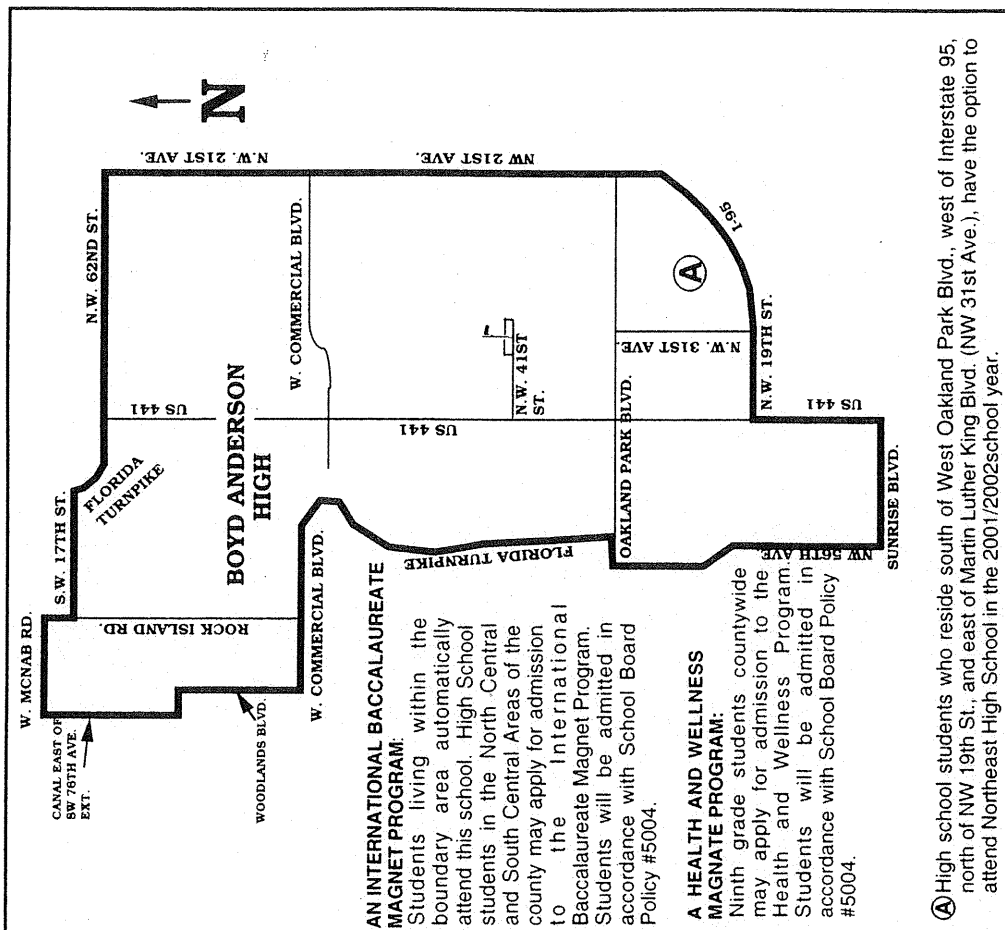

The Departments of Budget, Property Management & Site Acquisition, Transportation, Risk Management, Safety & Benefits, Student Choice/School Boundaries, and Magnet/Program Development provided data necessary to estimate and compare costs, and to estimate anticipated annual costs.

TO: Art Wittman, Demographer/Statistician  
Boundaries & Desegregation

FROM: Lee A. Stepanchak, Director *L Stepanchak*  
Property Management & Site Acquisition Department

SUBJECT: **PROJECTED FISCAL IMPACT OF PORTABLE CLASSROOM  
REALLOCATION - SCHOOL YEAR 2001-2002**

During the calendar year 2000, a total of 205 portable units were relocated and/or hooked-up to services (electric, intercom, fire alarm, access). These totals include the delivery and installation of the eight modular buildings at Pinewood Elementary and the six new Headstart units at various schools; all, of which, were underway at year's end. A total of 101 portables (49%) were moved and/or hooked up to support the construction program, either on-site or from another site to the project site. The construction project support represents a higher proportion of total moves than in previous years. Two district units were board approved for demolition.

The majority of moves for the year were scheduled during the summer break. This year, Property Management successfully accomplished the relocation of an all-portable school, (20 units) from Gator Run Elementary to Bayview Elementary to accommodate students while the permanent school is being replaced. The Bayview portable school will be utilized for approximately 18 months. In addition, at two schools (Margate Elementary and Nova High) large state relocatables were converted to dining areas with serving lines and seating space to alleviate severe lunch time overcrowding in the school facilities.

This year our vendors experienced difficulty with the moving subcontractor, who works for all three of our approved vendors. This difficulty consequentially delayed some portable openings beyond school start. Moreover, the Code Compliance Section, in implementing the new portable standards, required numerous repairs prior to occupancy that delayed the occupancy of some units.

As part of our attrition plan, 12 leased units were returned to their respective vendors. Seventy-nine portables are still leased. Of this figure 18 are leased to support construction, 14 are leased for administrative purposes and 47 other units are leased for programs such as Pre-K, community school, etc.

**The costs incurred during the year to move a portable, prepare the foundations and piers, hook up the life safety systems and plumbing, install stairs and ramps, and to repair/replace items for code compliance increased from an average of \$26,000 per unit to approximately \$33,000 per unit. Some of these**

increased costs are attributable to the use of our new documents (RFP 20-205T) and some to the renovation work necessary to meet code.

Although approximately 104 of the portable moves were funded through the Operating Budget, the move/upgrade to Code costs have escalated as well as the need for additional work at existing sites. An example of the costs that are being incurred now to facilitate school needs is the rebuilding of the State Relocatable at Margate Elementary for an ancillary dining area. The unit had been functioning as classrooms so it was in place and hooked to services. The project cost, which included removing partitions, providing a new floor, and serving line was approximately \$35,000. We anticipate that this type of repurposing will escalate in the future to meet special needs.

**In estimating the budget for fiscal year 2001-2002, it is necessary to consider the following: the cost of moving portables (including renovations to meet Code), the cost required to bring the portables to the new state standards (ITV, some covered walkways etc.), and the cost required to accomplish district objectives. Therefore, the following is an estimate of the fiscal impact of the anticipated additional students and of the school boundaries:**

Cost per move	\$33,000
Estimated # of units to be moved	<u>x 100</u>
Total estimated cost for moves .....	\$3,300,000

Estimated costs associated with moves to meet new state standards .....	\$2,000,000
--	-------------

Estimated cost of special projects to meet district objectives .....	<u>\$1,000,000</u>
---	--------------------

<b>TOTAL OPERATING FUNDS REQUIRED .....</b>	<b>\$6,300,000</b>
<b>(FOR FY 2001-2002)</b>	

LAS/jad

**# 5000**

**# 5001**

**# 5004**

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

THE SUPERINTENDENT OF SCHOOLS SHALL, NO LATER THAN THE SECOND WEEK IN MARCH, SUBMIT TO THE SCHOOL BOARD RECOMMENDATIONS FOR THE ESTABLISHMENT, ORGANIZATION, AND OPERATION OF EDUCATIONAL FACILITIES. THIS ORGANIZATION OF SCHOOLS, CLASSES AND SERVICES WILL PROVIDE ADEQUATE EDUCATIONAL OPPORTUNITIES FOR ALL CHILDREN IN THE DISTRICT.

AFTER CONSIDERING RECOMMENDATIONS OF THE SUPERINTENDENT OF SCHOOLS, THE SCHOOL BOARD SHALL ADOPT AND PROVIDE FOR THE EXECUTION OF PLANS FOR THE ESTABLISHMENT, ORGANIZATION, AND OPERATION OF THE SCHOOLS OF THE DISTRICT WHICH SHALL INCLUDE:

1. DESIGNATING SCHOOLS AND ATTENDANCE AREAS FOR THE ENSUING SCHOOL YEAR(S).
2. PROVIDING ADEQUATE EDUCATIONAL FACILITIES FOR ALL SCHOOL-AGE CHILDREN IN THE DISTRICT, AS DEFINED IN FLORIDA STATUTE 230.23 (4)(C).
3. PROVIDING STRATEGIES TO ACCOMMODATE GROWTH.
4. PROVIDING POSITIVE ALTERNATIVE STRATEGIES TO BE IMPLEMENTED WITHIN A DESIGNATED TIMEFRAME FOR THOSE UNDER ENROLLED SCHOOLS TO INCREASE THEIR ENROLLMENT.
5. PROVIDING FOR THE ELIMINATION OF SCHOOL CENTERS AND FOR THE REPURPOSING/CONSOLIDATION OF SCHOOLS WHENEVER THE NEEDS OF PUPILS CAN BETTER AND MORE ECONOMICALLY BE SERVED.

THE PROVISIONS OF THIS POLICY REGARDING CRITICALLY OVERCROWDED SCHOOLS AND CRITERIA SHALL BE CONSISTENT WITH THE PROVISIONS OF THE PUBLIC SCHOOL FACILITIES ELEMENT OF THE BROWARD COUNTY COMPREHENSIVE PLAN.

AUTHORITY: F.S. 230.22 (1) (2) F.S. 230.23 (4) (A) (B) (C)

POLICY ADOPTED: 11/13/69

POLICY READOPTED: 9/5/74

POLICY AMENDED: 3/7/83; 1/24/85; 7/7/88; 8/2/94; 7/18/95; 6/17/97

AMENDED POLICY APPROVED: 8/17/99

**RULES**

The procedural guidelines to be used in the implementation of this policy shall include the following components:

**Objectives**

1. The School Board is committed to maintaining a unitary school system and to applying student assignment strategies equally and fairly for all students in a manner that promotes diverse student enrollments.
2. Provide opportunities for equitable instructional services throughout the district.
3. Improvement of instructional services and student learning.
4. Stabilization of school attendance boundaries to the greatest extent possible.
5. Every three-to five-years there shall be a major review of boundaries and changes shall be made, as necessary.
6. Equitable impact on groups as defined in the district's diversity definition.
7. Provide the opportunity for public input.
8. Establishment and maintenance of feeder patterns that permit students to move forward together from elementary school, to middle school and middle school to high school to the maximum extent possible.

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

9. Involvement of the affected community in the decisions regarding recommendations for uses of schools no longer needed by the district.
10. Apply guidelines and standards for adequate educational facilities, designate schools and attendance areas, provide positive alternative strategies for accommodating growth, consider alternative strategies for under enrolled schools and, after due consideration of all factors, eliminate and consolidate schools or construct new schools.
11. Insure that educational facilities throughout the district are equal. The ultimate mission of the School District is to provide equal educational opportunity for all students while assuring an equitable distribution and use of resources.

Guidelines for the Establishment of Boundaries and Attendance Areas

1. Boundary changes are appropriate means to maintain equal educational opportunities.
2. Consideration should be given to the demographic changes of the community and the student populations at each school in order to maintain a unitary school system and to promote diverse student enrollments.
3. Where possible, neighborhood elementary schools should be maintained.
4. Visual inspection of affected boundary areas shall be required before proposing any boundary adjustments, school closings, or establishing boundaries for new schools.
5. The assignment of a student to or from a particular facility should be considered if it is continually over utilized or underutilized. The standards for closure or construction shall be considered in the application of this guideline.
6. Area Superintendents, after receiving input from School Advisory Forums, Innovation Zones, School Advisory Councils, PTAs, PTOs, Diversity Committee members, Area Focus Groups and from other individuals and parents will make recommendations to the Superintendent of Schools who, in turn, will make recommendations to the School Board. Principals of schools proposing boundary changes shall transmit a description of proposed changes to the School Boundaries department, prior to consideration of the proposal by the entire Innovation Zone. Staff shall analyze such proposal(s) with regard to any impact on current or future critical overcrowding status at the sending or receiving school(s). A report shall be transmitted by the School Boundary department to the Principal(s)/Innovation Zone stakeholders, in a timely manner, for information purposes. The report shall be part of the boundary process record and shall be considered by Innovation Zones, Area Focus groups and Area Superintendents, in their recommendations to the Superintendent of Schools.  
 \* Individual Diversity Committee members shall have the opportunity and are encouraged to participate in their respective area/innovation zone boundary focus groups, which are responsible for making annual recommendations regarding boundary changes to the Superintendent of Schools.
7. Through area focus groups, members of the School Advisory Forum, Innovation Zone, School Advisory Council, PTA, PTO, Diversity Committee and parents and other members of the community will be notified of and consider proposed boundary changes, new school openings, and/or recommended school repurposing/closures, prior to School Board action, allowing for full participation of the public.

Standards for School Construction and School Sites

1. Planning new school construction, site acquisitions or disposals, building additions, or the location of portables, shall be done consistent with Policy 7000. Overall financial impact on the District, cost effectiveness, (including capital cost,) transportation requirements and enrollment projections for the affected geographical areas should also be carefully considered as relevant factors.

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

2. Portable buildings should be used as temporary and not permanent facilities.
3. New plant construction should be considered when long-range enrollment projections clearly indicate the need for construction of additional facilities. The guidelines for establishment of boundaries shall be considered in the application of this standard.
4. A long-range plan for site acquisition and disposal must be prepared in conjunction with long-range projections of enrollment.
5. All plant construction and site acquisition and disposal must comply with State Board Rules and Florida Statutes.

Standards for Overcrowded Schools

1. After the 20 day count in September of each school year, each Area Superintendent will evaluate the impact of actual student enrollment and determine critically overcrowded schools.
2. Schools shall be deemed critically overcrowded when they exceed the enrollment limits reflected below or have special issues (i.e., schools on small acreage, extremely limited FISH capacity, or schools in areas of rapidly growing student populations or have program capacity issues). Schools shall be deemed approaching critically overcrowded when they exceed 95% of the enrollment limits reflected below.

a.	Elementary	capacity fewer than 900 capacity 900 or greater	175% of FISH* or exceeds 1200 150% of FISH*
b.	Middle	capacity fewer than 1500 capacity 1500 or greater	140% of FISH* or exceeds 1700 125% of FISH*
c.	High	capacity fewer than 2000 capacity 2000 or greater	150% of FISH* or exceeds 2500 125% of FISH*

\* For purposes of implementation of this policy, FISH (Florida Inventory of School Houses) means permanent capacity. Designated permanent portable facilities that have assigned attendance areas through the annual boundary process shall also be counted as capacity.

3. Schools for which the School Board has approved a boundary change moving students out of a critically overcrowded school or out of a school that is approaching the criteria for a critically overcrowded school, as defined in paragraph 2. above, shall be subject to the provisions of School Board Policy 5001, REASSIGNMENTS OF STUDENTS, Paragraph 7. c.
4. Criteria for determining alternative student enrollment options will include, but not be limited to, a review of the following criteria:
  - a. Welfare, health and safety of children and faculty/staff
  - b. Impact on the overall facility (ingress and egress problems)
  - c. Impact on support services, such as cafeteria and library
  - d. Amount of funding dedicated to the classroom through the instructional allocation, including but not limited to, books, equipment, supplies, and educational materials.
  - e. Number of floating teachers
  - f. Doubled classrooms
  - g. Full classroom use of small rooms (i.e., resource rooms, conference rooms)
  - h. Class size (student/teacher/paraprofessional ratio)
  - i. Number of portables and the impact on student learning potential and teacher morale
  - j. Acreage of site
  - k. Playground area/sports/recreation
  - l. Planned future renovations or replacement of facility
  - m. Parking on campus
  - n. Restroom facilities

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

- o. Impact of changes on diversity of school(s) and district
  - p. Impact on community/neighborhood
5. Schools required as a result of this review process to implement alternative student enrollment options will consider the following and provide a minimum of five prioritized options for addressing overcrowding to the Area Superintendent:
- a. Additional portables (dependent upon available portables and/or available funds to purchase, move, and/or hookup portables to be provided by the school district and/or others, (including municipalities, developers, etc.)
  - b. Enrollment capping (i.e. school will not accommodate any more students and new students are assigned to designated schools that are less crowded)
  - c. Flexible school day/week/month/year (including, but not limited to) scheduling:
    - (1) Extended school day
      - (a) Multiple period high school day
      - (b) Double sessions
      - (c) Merging of regular school day and community school schedule
    - (2) Multi-track year-round education program
    - (3) 1/2 day kindergarten
    - (4) Dual enrollment programs with institutions of higher learning
    - (5) Other school day/week/month/year models that may be identified through this process
  - d. Boundary changes (in conjunction with the Area Boundary Focus Group process)
  - e. Reconfigured grades/educational programs and sites, dependent on available capital funds to be provided by the school district and/or other individuals/groups/entities (including but not limited to):
    - (1) Kindergarten Center
    - (2) Primary Grade Center K-2
    - (3) K-5 Center
    - (4) Intermediate Center
    - (5) Single Grade Center
    - (6) Other reconfigurations that may be identified through this process
  - f. Manage the overcrowded condition, employ methods to reduce the negative impact on class size, and student achievement, and to ensure student safety, and accreditation
  - g. Other options that will achieve the desired result (i.e. relieve overcrowding without having to allocate additional capital resources that are not available). There is no limit to the number of options that may be suggested under this category.
6. Alternative student enrollment options recommended in paragraph.5. above that impact other schools must be recommended collaboratively by both sending and receiving schools.
7. The principal of each school under review will meet with elected parent leadership of and representatives of faculty/staff, i.e. building steward, and students to develop recommendations for consideration by the entire school and community.
8. The Area Superintendent will insure that the principal:
- a. Meets with the shareholders to review all options viewed as appropriate.
  - b. Schedules day, evening and night presentation(s) for shareholders with equal time for each option deemed appropriate.
  - c. Gains broad consensus on proposed alternative student enrollment options among staff, parents and other shareholders. If consensus cannot be reached, the Area Superintendent

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

will make a recommendation to the Superintendent of Schools on a proposed alternative student enrollment option.

- d. Observe the mid-November deadline for a recommendation in this regard to the Area Superintendent.
9. The Area Superintendent will make a recommendation to the Superintendent of Schools by the end of November.
10. The Superintendent of Schools will make a recommendation to the School Board by the end of December.
11. This policy will be reviewed annually in June to review the enrollment-limits criteria for defining critically overcrowded schools

Standards for Review of Proposals for addressing school district capital outlay needs and/or overcrowding from municipalities, developers or other individuals/groups/entities.

1. Recognizing that many documented capital needs can only be met through a substantial new source of revenue, the School Board shall encourage municipalities, developers, groups, individuals and businesses to submit proposals to the School Board addressing critical overcrowding, and/or plans for renovating, building or rebuilding school facilities. All proposals and/or plans must result in substantial economic benefits or savings for the School District, must not delay or defer projects in the five year capital improvement program and must be submitted on or before a date specified by the School District. In evaluating proposals, the following factors shall be taken into consideration:
  - a. Community need
  - b. Economic feasibility
  - c. Community support
  - d. Ability to promote diversity
  - e. Financial incentives/matching dollars
  - f. Impacts on all equity issues in the District
  - g. Health and safety factors
  - h. Potential impact on student achievement
  - i. Continued requirement to meet critical facility needs district-wide, particularly when using COPs funds for leveraging purposes
2. To the extent that a municipality, developer, or other individual/group/entity proposes a plan that will result in substantial economic benefits or savings for the school district, the School Board may consider addressing the capital requirements for facilities that serve that municipality or development earlier than would have been the case through its existing five year capital improvement program.
3. Any plan proposed by a municipality, developer, or other individual/group/entity to address school district capital needs and/or school overcrowding shall not provide any vesting rights for concurrency to developers or other individuals/groups/entities. Credit for future obligations under concurrency provisions of the Broward County Comprehensive Plan will be granted on a dollar for dollar basis.
4. Where the provision of significant resources by a municipality, developer, or other individual/group/entity would affect the equitable distribution of resources districtwide, the proposal shall be modified to reflect that equity standard.

Standards for the Closing of Schools

Schools should be considered for closing if they are consistently not educationally effective in relation to other schools in the district, using one or more of the following criteria:

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

1. The overall financial impact on the District, cost effectiveness, (including capital outlay), transportation requirements and enrollment projections for the affected geographical areas should be carefully considered as relevant factors.
2. The school's student enrollment is one of the lowest in the district and/or the population projections of the school's contiguous attendance area is predicted to continue declining.
3. General condition of the building is poor and/or design is educationally obsolete and exceptionally large amounts of capital outlay are needed to continue the operation of the school.
4. A school will not be considered for closing if doing so would have an inequitable impact on groups as defined in the district's diversity definition

Guidelines for the Development of Positive Alternatives to Keep Schools Open

1. Area Focus Groups, established and facilitated by Area Superintendents will identify under-enrolled schools with the potential to increase their enrollment. Implementation plans in this regard will be developed by the Area Superintendents, Area Focus Groups, and designated principals, School Advisory Forums and School Advisory Councils.

Guidelines for Implementation

1. The Area Superintendents and/or the Area Focus Groups, shall submit to the Superintendent of Schools a list of:
  - a. Schools with recommended boundary changes;
  - b. Schools or areas designated for new construction or building additions;
  - c. Schools subject to further review with recommendations for implementation of positive alternative strategies;
  - d. Schools that will be recommended for closing and/or consolidation;
  - e. And any other policy revisions necessary to ensure the implementation of this policy.
2. When recommendations have been made by the Superintendent of Schools to the School Board for a school closing or major boundary change, the Area Superintendents and designated staff will meet with the school personnel, School Advisory Council, School Advisory Forum, PTA, PTO, parents of the students at the affected school(s), the Diversity Committee, local governments and other members of the community, for information on and preparation for the change.
3. When recommendations have been made for strategies to increase enrollment designated personnel will work with the staff and parents of that school to begin design and implementation of the plan to effect the same. The School Board shall designate a reasonable timeframe for implementation and results at the end of which the school will be reviewed.
4. After final adoption of recommendations by the School Board, the Superintendent of Schools shall immediately designate personnel to plan with the parents, community and staff of the schools involved to ensure a smooth transition process during implementation of the recommendations.

Guidelines for the Use of Closed Schools

1. The Superintendent of Schools shall bring within a reasonable time, recommendations for disposal or alternative uses of schools closed by the School Board.

**ADEQUATE EDUCATIONAL FACILITIES, DESIGNATION OF SCHOOLS AND ATTENDANCE AREAS, DEVELOPMENT OF POSITIVE ALTERNATIVES TO ACCOMMODATE GROWTH, TO KEEP SCHOOLS OPEN, AND TO ELIMINATE, CONSOLIDATE, OR REPURPOSE SCHOOLS**

2. If the system has no further need for the facility, the School Board shall act in accordance with Chapter 235.04 (1) Florida Statutes, after receiving recommendations for use from a task force of parents, citizens and the local government of the affected community.
3. "Moth-balling" should be avoided unless it can be clearly shown that there is a potential system need for the facility in the future.

## REASSIGNMENTS OF STUDENTS

Reassignments that promote diversity are encouraged. The current Board-approved definition of diversity is:

Diversity is a broad concept that includes gender, race, ethnicity, socioeconomic background, linguistic differences, exceptional abilities, and variations of talents and abilities, and special needs. The School Board is committed to providing schools that promote cultural diversity, tolerance and fair play, and reinforce the positive tenets of a democratic society. The School Board recognizes that diversity is important in providing competent services in an inclusive setting. Students and staff with diverse backgrounds should be provided the opportunity to develop greater skills and increased sensitivity in working with others and learning to function more effectively as members of a pluralistic society.

The School Board is committed to providing quality educational opportunities for all students regardless of background characteristics by providing educational options that enhance each student's opportunity for success. The School Board is also committed to providing settings for education that promote the understanding of cultural diversity, tolerance and fair play, and reinforce the positive tenets of a democratic society. Finally, the School Board is committed to encouraging all parents to play an active role in their children's education and to increasing the educational choices available to parents and students in the public schools. Therefore, in addition to providing various magnet schools, controlled choice zone options and Nova Schools, for which students can apply pursuant to School Board Policies 5004 and 5003, the District allows students to apply for reassignment to any other school in the District that is not overcrowded or approaching the criteria for a critically overcrowded school as defined in School Board Policy #5000.

AUTHORITY: F.S. 230.22 (1) (2)

Policy Adopted: 11/13/69

Policy Readopted: 9/5/74

Policy Amended: 6/19/80; 1/20/83; 3/3/83; 9/3/96; 4/8/97; 9/2/97; 6/20/00

Emergency Rule #E482-15; 6/6/83; 6/16/83; 5/17/84; 7/18/95; 3/19/96

### Rules:

#### 1. Student Reassignments

- a. Reassignment requests shall be made and acted upon in accordance with Florida statutes, Florida State Board of Education Administrative rules, as well as School Board policies, rules and regulations. After the first day of classes, students must be attending their assigned schools to be considered for reassignment. Once a reassignment is granted, the student may remain at the reassigned school until he or she completes its highest grade.
- b. Commencing with the first day of the second semester, any student who moves out of the attendance area for his/her school shall be allowed, upon written request, to complete the second semester in the school that the student has been attending. If the student wishes to continue at that school the following year, however, the student must obtain a reassignment pursuant to this policy.

#### 2. Transfers not Considered Reassignments

Students residing in areas where students were previously starburst shall be treated as an assignment rather than a reassignment. (The Superintendent is authorized to provide transportation for such students, provided that this choice is made by a date established by the Superintendent and provided that related transportation costs are able to be funded within the existing year's budget).

#### 3. Athletic Eligibility

- a. Students shall be eligible in the school in which he/she first enrolls each school year, or at the school at which he/she participates in an athletic practice prior to the beginning of the school year. The student shall be eligible in that school so long as he/she remains enrolled in that school regardless of where he/she lives, with whom he/she lives or at which school he/she attended last year.
- b. If a student transfers from enrollment at one school to enrollment at another school during a school year, he/she will be ineligible at the school to which he/she transferred for the duration of the school year. The only exceptions to this rule will be if the student's transfer was in conjunction with a bona fide relocation of the student's residence, the divorce or legal separation of his/her parents, the death of one or both of his/her parents, the court-ordered incarceration or institutionalization of one or both of his/her parents or the student's placement by the Department of Children and Families into a foster home in another school zone.

## **REASSIGNMENTS OF STUDENTS**

- c. Students who transfer within the same academic school year for any other reason will result in athletic ineligibility unless the student applies for and is granted a hardship waiver by the Florida High School Athletic Association.
- 4. **Transportation**
  - a. The District is not obligated to provide transportation for reassigned students.
- 5. **Reporting and Monitoring**
  - a. Since the School Board is committed to ensuring equal access and to promoting diversity, the District shall analyze annually and maintain records regarding:
    - 1. the characteristics of students applying for and students receiving reassignments/assignments (as defined in section 2.a of this policy) by sending and receiving schools;  
and
    - 2. the effect of reassignments/assignments (as defined in section 2.a of this policy) on the diversity of sending and receiving schools.
- 6. **Reasons for Reassignment Requests to Non-Critically Overcrowded Schools (as defined in School Board Policy #5000):**
  - a. The Superintendent (or his/her designee) may approve reassignments for a variety of family circumstances or educational reasons. Parents must indicate such circumstance or educational reason for a reassignment on a written request form provided by the District.
- 7. **Utilization Guidelines for Reassignment Requests:**
  - a. Unless there is an extraordinary hardship such as: (a) a documented medical, emotional or psychological reason; (b) family mobility; (c) a child of a full-time employee desiring to attend the school where the parent works; or (d) a student who is entering or currently in the highest grade in a school he/she has been attending and wants to remain at that school to complete that level with his/her class, the Superintendent (or his/her designee) shall not grant a reassignment into a critically overcrowded school or one that is approaching the criteria for a critically overcrowded school, as defined in School Board Policy 5000. All assignments to Nova Schools, controlled choice schools and magnet schools/programs shall be made through the application process as defined by School Board Policies #5003 and #5004. Students will be permitted a reassignment to a school that houses a magnet program pursuant to this policy but not to the magnet program itself.
  - b. Unless there is an extraordinary hardship such as defined in paragraph a. above, the Superintendent (or his/her designee) shall limit reassignments into newly opened schools, schools opened in the 1995-1996 school year and subsequent school years, to 3% of permanent capacity, as defined in the most recent, fall, Florida Inventory of School Houses (F.I.S.H.) report, calculated noncumulatively, for a five year period from the opening year of the school(s). The Superintendent (or his or her designee) will monitor the enrollment at newly open school(s).
  - c. Unless there is an extraordinary hardship such as defined in paragraph a. above, the Superintendent (or his/her designee) shall not grant a reassignment into a critically overcrowded school or one that is approaching the criteria for a critically overcrowded school, as defined in the Standards for Overcrowded Schools section of School Board Policy 5000, for which the School Board has approved a boundary change moving students out of a critically overcrowded school or out of a school that is approaching the criteria for a critically overcrowded school, as defined in the Standards for Overcrowded Schools section of School Board Policy 5000, for a one year period from implementation of the boundary change. The Superintendent (or his or her designee) will monitor the enrollment at the school(s) for which the boundary change(s) have been approved.
  - d. Unless there is an extraordinary hardship such as defined in paragraph a. above, the Superintendent (or his/her designee) shall limit reassignments into schools that have special considerations, such as those defined in Section 2 of the Standards for Overcrowded Schools section of School Board Policy 5000. Principals whose schools reflect such are to put in writing to their Area Superintendent a request to have reassignments limited into their school because of special circumstances. After final enrollment projections in April of each school year, principals will evaluate the impact of student enrollment and submit a request detailing their special circumstance.

## **REASSIGNMENTS OF STUDENTS**

- e. The Area Superintendent shall review the request based upon the provisions of this policy and shall forward his/her approval or denial recommendation to the Deputy Superintendent of School Operations. The Deputy of School Operations shall render a decision on the principal's request and notify both the Area Superintendent and the requesting principal.
8. **Timelines for Processing Reassignment Requests:**
    - a. The Superintendent (or his/her designee) shall make reassignment applications available at all schools. Parents shall submit completed forms for a reassignment for the following school year to the principal of the assigned school between May 1 and phasing in four weeks prior to the beginning of school for the 2000-2001 school year and going to five weeks prior to the beginning of school for the 2001-2002 school year. Principals shall submit completed reassignment forms to the Office of Student Assignments immediately upon receipt prior to July 16.
    - b. Parents requesting a reassignment for the second semester of a school year shall submit the completed form to the principal of the assigned school between December 1 and January 15. Principals shall submit these completed reassignment forms to the Office of Student Assignments immediately upon receipt prior to January 16.
    - c. The Superintendent (or his/her designee) shall consider reassignments that are not submitted to the principal or the assigned school by the above deadlines only in cases of special needs.
  9. **Procedures for Reassignment Decisions and Parent/School Notification:**
    - a. The Superintendent's designee shall review the application based upon the provisions of this policy and shall forward the analysis to the affected area superintendent. The affected area superintendent shall render a decision on the parents' request and notify the parents and both the sending and receiving schools of the decision.
  10. **Appeals**
    - a. If additional information is provided by the parent after the affected area superintendent's decision is made, the reassignment form and the additional evidence should be forwarded to the affected area superintendent. The affected area superintendent may reconsider his/her decision.
    - b. If a parent believes that any of the procedures listed in the above rules have been violated, he/she may appeal in writing to the Superintendent.
    - c. An appeal to the Superintendent must be received in the office of School Boundaries, Student Assignment, Summer School, and Year-Round Schools no later than fifteen (15) calendar days from the date of the alleged violation of the procedure.
    - d. The Superintendent (or his/her designee) shall hear the appeal. This constitutes the final administrative decision.
    - e. The School Board is the final School District authority on appeal of a final administrative decision, as defined in "d" above.
  11. **Monitoring and Evaluation**
    - a. Each year, the Director of Student Assignment shall submit a report to the Superintendent providing the following data:
      1. the number and characteristics of students whose reassignment requests were granted or denied District-wide and for each school;
      2. an analysis of the basis/criteria upon which reassignments were granted or denied District-wide;
      3. the impact of the reassignments that were granted on the utilization and the diversity of each school;

and,

      4. any recommendations regarding modifications to this policy or its rules.

promoting both educational excellence and diversity. Based on their success in achieving these dual goals, the Superintendent shall annually recommend to the School Board the continuation, modification, discontinuation or replication of existing magnet schools/programs. The projected ability to promote these dual goals also shall be the principle criterion governing the creation of new magnet schools, including the selection of magnet themes and magnet school sites.

### **3. Access to Magnet Schools and Programs**

- a. To ensure that all students have equal educational opportunities, it is the goal of the School Board to provide all interested students the opportunity to have access to magnet schools/programs. To carry out this goal, the Superintendent shall ensure that strategies are developed by each magnet school/program and by the District to recruit a diverse pool of students who are eligible for magnet schools/programs. The goal of the magnet schools/programs is to promote educational excellence and diversity within school enrollments.
- b. In addition, at the elementary level, the District shall not use any academic or other admission criteria for determining whether a student is eligible for a magnet school/program. For magnet secondary schools/programs that have academic or other admission criteria, the Superintendent shall ensure that those criteria are educationally related to the specialized curriculum or instructional strategy and are non-discriminatory in determining students who are eligible for the magnet school/program.
- c. If there are fewer applications than seats available, the District shall admit all eligible students to fill the available seats in the magnet school/program. Where there are more eligible students than available seats in a magnet school/program, the District shall select students for the magnet school/program by the selection process described in this policy.

### **4. Transportation**

- a. The School Board shall provide transportation to all students who are enrolled in magnet schools/programs who reside more than two miles from the magnet school/program as determined by the established magnet boundary and for elementary students residing within two miles who face hazardous walking conditions. Where economically feasible, the School Board also shall provide activity buses to and from magnet secondary schools/programs to enable students to participate in extracurricular activities offered at the magnet school/program which they attend.

### **5. Monitoring and Evaluation**

- a. No later than July 15 of each year, the Superintendent shall submit to the School Board a report regarding the implementation of magnet schools/programs. This report shall include: (1) data on the pool of eligible students for each magnet school/program, including the diversity of the pool and recruitment techniques that have increased the diversity of the pool of eligible students; (2) data on the students who were accepted into the magnet school/program, including the diversity of students accepted into each magnet schools/programs; (3) data on how students are performing in each magnet school/program, including how students from diverse backgrounds

are performing; (4) data on withdrawal of students from magnet schools/programs, including the diversity of these students and the reasons for withdrawal; and (5) any recommendations for improving magnet schools/programs, including access of students to magnet schools/programs, and for creating, modifying, relocating, eliminating or duplicating magnet schools/programs and any recommendations for modifying this policy.

## **6. New Magnets**

- a. New magnet schools should be considered when demand for an existing program substantially exceeds available seats or when there is a significant foreseeable interest in a new program.
- b. New magnets, when possible, should follow a total-school model.
- c. Magnet school sites should be selected in order to (a) increase the school's ability to attract a diverse student population and (b) ensure that students in all parts of the county have equitable access to magnet programs.

## **7. Continuation, Modification, Discontinuation and Replication of Existing Magnets**

- a. All magnet schools/programs will be evaluated annually with regard to their success in achieving two goals: promoting educational excellence and attracting diverse student enrollments.
- b. Where an established magnet school for one year is not successful in achieving these goals, the Superintendent shall require the school to develop an acceptable plan to modify the program in order to improve substantially the school's/program's ability to achieve these goals.
- c. Where an established magnet school for two consecutive years is not successful in achieving these goals, the Superintendent shall require the school to choose among the following options:
  1. terminate the magnet aspects of the school/program;
  2. reconstitute the magnet school/program under the direction of the Superintendent or his/her designee.
- d. Where, for two consecutive years, all magnet schools/programs offering a particular theme are successful in achieving the basic goals of magnet schools and are significantly oversubscribed, the Superintendent and his/her designee shall prepare a draft plan for the possible replication of that program for the School Board's consideration.

## **8. Admission and Withdrawal**

- a. The Superintendent or his/her designee shall make magnet applications available at all schools and at the central office and shall mail magnet brochures and applications to the parents of all targeted students currently attending a Broward County Public School.

- o. The School Board is committed to a definition of diversity that includes children with special needs and children for whom English is a second language. These children shall be given equal opportunity to attend magnet schools/programs when possible in light of each child's need for special services and the availability of those services. In the case of a child whose special needs require the development of an Individualized Educational Program ("IEP"), attendance at a magnet school/program must be consistent with his or her IEP. The School Board shall periodically review the need for the provision of special services at each magnet school/program and the feasibility of continuing or discontinuing existing services and/or initiating new services in the future.
- p. Students admitted to the magnet schools/programs may remain in these schools/programs as long as their parents are residents of Broward County, the student has not been withdrawn to attend another school, public or private, and the student maintains a 2.5 GPA, where applicable.
  - 1. Requests for withdrawal must be filed with the principal of the school and the Director of Magnet Schools. Withdrawals for the purpose of the relocation of the student's parents/guardians outside of Broward County or to allow a student to enter a private school shall be granted at any time.
  - 2. Withdrawals for the purpose of attending the affected student's regularly assigned public school based on approved boundaries shall be granted at any time. A student who withdraws from magnet school/program must reapply for admission according to the provision of this policy.
  - 3. Any magnet student who is experiencing difficulty maintaining a 2.5 G.P.A. shall have the opportunity to receive appropriate counseling and assistance at his/her school/program. However, if a student fails to maintain a 2.5 GPA for two consecutive semesters, he/she will be ineligible to continue in the magnet and be assigned to another school/ program based on approved boundaries.
  - 4. Students who do not meet the criteria to remain in a magnet school/program may petition the Magnet Review Panel comprised of magnet coordinators and other appropriate personnel, established and chaired by the Superintendent or his/her designee, to remain based on special circumstances. Each such request shall include:
    - (a) the student's report cards
    - (b) the student's standardized test scores
    - (c) the recommendation of teachers and/or administrators
    - (d) a written explanation of special circumstances indicating the student's ability to succeed should he/she remain in the magnet school/program
    - (e) interview with the student
    - (f) alternative assessments
- q. Any request for temporary leave from a magnet school/program must be approved by the Principal and Director of Magnet Schools before the

student is withdrawn. A leave of absence from the magnet school/program shall be considered in the following situations:

1. If a family is moving out of Broward County temporarily, a leave of absence may be granted for a maximum of one (1) year.
2. A student may be granted a leave of absence from the magnet school/program for the period of time necessary to complete any of the following programs or hospital stays: being a patient in a hospital for an extended period of time, being enrolled in the Board's Homebound Program, acceptance into a Board approved Alternative Education Program, or other exceptional education programs, or enrollment in a licensed full-time substance abuse treatment program.

## **9. Appeals**

- a. If a parent believes that any of the procedures listed in the above rules have been violated, he/she may appeal in writing to the Superintendent.
- b. An appeal to the Superintendent must be received in the Superintendent's office no later than fifteen (15) calendar days from the date of the alleged violation of the procedure.
- c. The Superintendent shall select a designee to hear the appeal.

## **10. Monitoring and Evaluation**

- a. By October 15 each year, the Director of Magnet Schools shall submit a report to the Superintendent providing data regarding the geographic, gender, racial/ethnic, and socioeconomic composition of each magnet school's/program's overall student enrollment, students placed the previous year, and the school's/program's applicant pool for the previous year. The number of children with extraordinary and/or special needs and whose second language is English shall also be submitted. The Superintendent or his/her designee will evaluate this data to identify under-represented groups in the applicant pool in order to determine whether information regarding the magnet school/program is adequately distributed to these groups. The Superintendent or his/her designee and the Director of Magnet Schools also will evaluate whether obstacles exist that impede applications by members of identifiable groups of students. Finally, the Superintendent or his/her designee will develop strategies to address any identified obstacles to access or to improve the recruitment of under-represented groups.
- b. By July 15 of each year, the Superintendent shall submit to the School Board a comprehensive report regarding the implementation of each magnet school/program. The report shall include: (1) data on the pool of applicants for each magnet school/program; (2) data on the students who were accepted into each magnet school/program, including the diversity of students accepted into each magnet school/program; (3) identification of any barriers for students being admitted into magnet schools/programs and recommendations for eliminating any barriers; (4) data on how students are performing in each magnet school/program, including how students from diverse backgrounds are performing; (5) data on withdrawal of students

from magnet schools/programs, including the diversity of the students withdrawing from the magnet schools/programs, including the diversity of these students and the reasons for withdrawal; and (6) any recommendations for improving the magnet school/program, including access of students to the magnet school/program and the continuation, modification, termination, replication or creation of any magnet schools/programs.

# **11. Controlled Choice Magnet Zone Placement Procedures**

**PLACEMENT PROCEDURES FOR STUDENTS WITHIN THE CONTROLLED CHOICE MAGNET MIDDLE SCHOOL ZONE CONSISTING OF PARKWAY MIDDLE SCHOOL, NEW RIVER MIDDLE SCHOOL, DRIFTWOOD MIDDLE SCHOOL AND ATTUCKS MIDDLE SCHOOL.**

- a. The Controlled Choice Magnet Middle School Zone is being phased-in beginning with sixth grade students in the 1996-97 school year; sixth and seventh grade students in the 1997-98 school year; and sixth through eighth grade students in the 1998-99 school year.
- b. Student Assignment Plan:
  1. All incoming 6th grade students in the Controlled Choice Magnet Middle School Zone will be provided controlled choice magnet middle school zone applications at least 30 days prior to March 1 and shall be permitted to list on their controlled choice magnet middle school zone application the following:
    - a. the first school of choice
    - b. the second school of choice
    - c. the third school of choice
    - d. the student's name and address and that of any sibling who is currently attending a school in the controlled choice magnet middle school zone and who will be attending that school the next school year.
    - e. race, gender, socioeconomic level, language spoken in the home, special needs.

Every effort shall be made by the Superintendent or his/her designee to intervene if the Controlled Choice Magnet Middle School Zone application has not been submitted or completed by the student and parent/guardian. If intervention is not effective, the student will be randomly assigned to a school in the Controlled Choice Magnet Middle School Zone as stated below in subsection 5 of this section.

2. Sixth grade students living within a proximity preference area who select the school in that area as their first choice on the Controlled Choice Magnet Middle School Zone application form and submit that form by March 1 shall be assigned to that school. The proximity preference areas are defined as the former (1996-97) boundaries of Parkway, Driftwood, New River and Attucks Middle Schools. Seventh and eight grade students living within the proximity preference area may be assigned using the same procedures pending space availability.

3. If a zone student submits his/her Controlled Choice Magnet Middle School Zone application by March 1 and selects as his/her first choice a school where his/her sibling (a brother, sister, half-brother, half-sister, stepbrother or stepsister, living in the same household as the student) is currently attending and the sibling will attend that school during the next school year, that student will be assigned to his/her school of first choice.
4. All zone students who do not choose a school within their proximity preference area or a school which a sibling currently attends as their first choice but submits a Controlled Choice Magnet Middle School Zone application by March 1 will be assigned to a school within the Controlled Choice Magnet Middle School Zone based on a multiple chances random selection process described in rule 8-k of this policy.
5. All other students residing in the Controlled Choice Magnet Middle School Zone who submit a Controlled Choice Magnet Middle School Zone application after March 1 will be assigned to a school within the Controlled Choice Magnet Middle School Zone based on a subsequent multiple chances random selection process as described in rule 8-k of this policy.
6. All incoming sixth grade students receiving their first choice will be expected to remain at that school for at least one complete semester.
7. All students not assigned to their first choice school will be placed on a waiting list. Students will be placed on the waiting list through the multiple chances random selection process described above and offered placements in their first choice school as seats become available.
8. Once a student attends a school within the Controlled Choice Magnet Middle School Zone, (i) it is not necessary for that student to reapply to attend that school the following year and (ii) that student will automatically be assigned to that school for the following year.
9. If during the school year a student changes residency within the Controlled Choice Magnet Middle School Zone, he/she may remain at their present school. If a student changes their residency to outside the Controlled Choice Magnet Middle School Zone he/she may remain at their present school subject to space availability and transportation will be provided as per rule 4 of this policy.
10. Reassignments to Controlled Choice Magnet Middle Schools may be granted for reasons of special circumstances so determined by the Superintendent or his/her designee once the waiting lists are depleted and subject to space availability in accordance with the provisions of School Board policy 5001.
11. Each Middle School in the Controlled Choice Magnet Middle School Zone will set aside a minimum of 5% of its respective FISH capacity for students who reside outside of the Controlled Choice Magnet Middle School Zone. Selection of these students will be based upon the rules set forth in rule 8 of this policy.

- D. Hardship: The School District may admit students to a Controlled Choice Magnet Middle School based upon hardship in compliance with School Board Policy 5001.
- E. Appeals:
1. If a parent/legal guardian believes that any of the procedures listed in the above rules have been violated, he/she may appeal in writing to the Superintendent.
  2. An appeal to the Superintendent must be received in the Superintendent's office no later than fifteen calendar days from the date of the alleged violation of the procedure.
  3. The Superintendent shall select a designee to hear the appeal.
- F. Review of this Student Assignment Plan
1. This Student Assignment plan should be reviewed by the Diversity Committee on an annual basis.
  2. This policy will be reviewed annually by the Administration no later than June, as well as the Diversity Committee, with an evaluation to be submitted to the School Board no later than July 15 of each year.

THE RULES LISTED BELOW SHALL GOVERN MAGNET PROGRAMS.

AUTHORITY: F.S. 230.22 (1) (2)

Policy Adopted: 6/2/88, 10/17/89, 5/1/90; 5/2/95; 9/3/96

Amended Policy

Adopted: 4/8/97
