Agenda and Goals

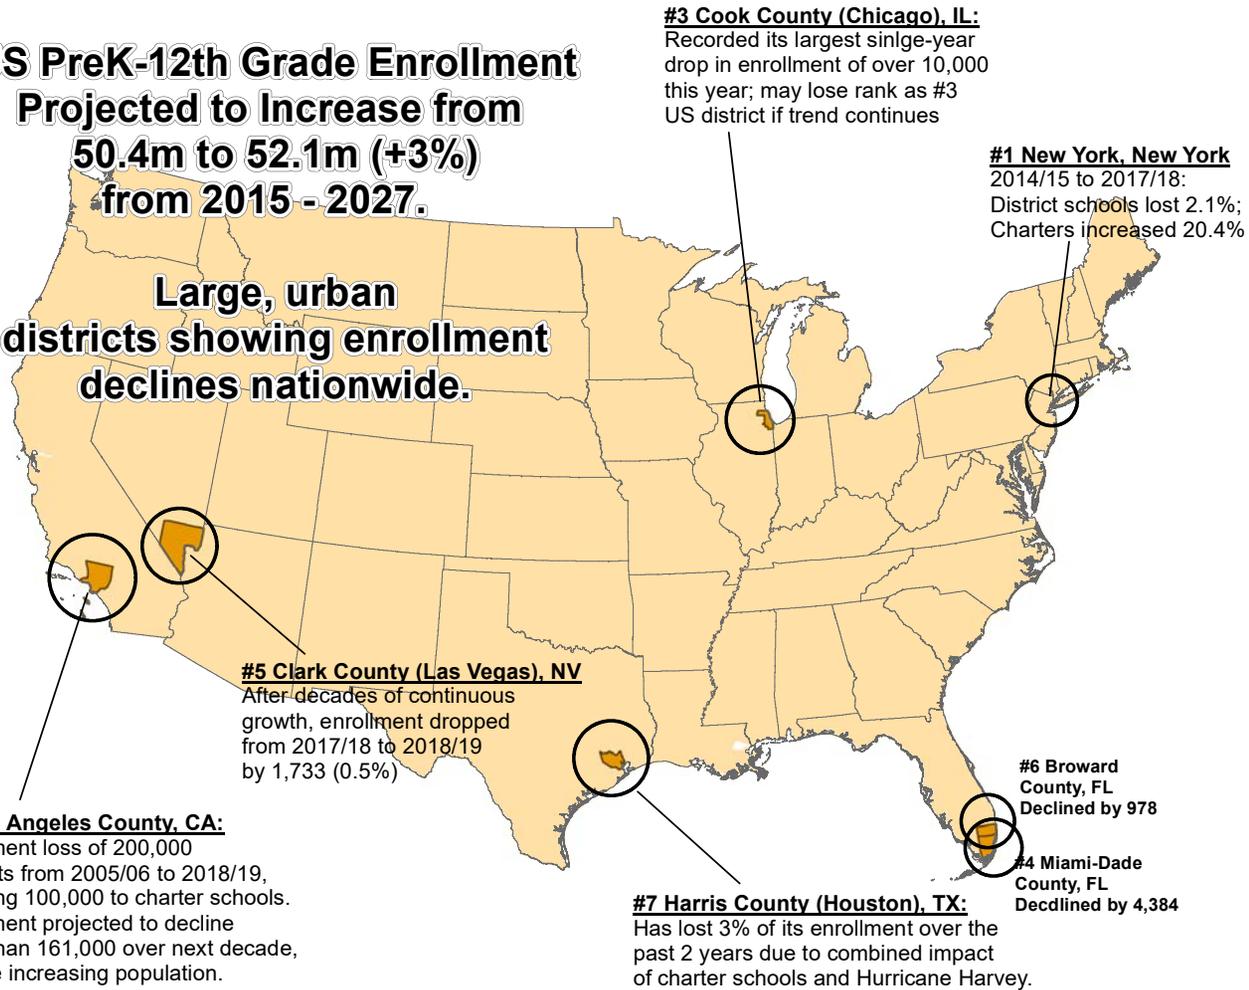

- 1) National Enrollment Trends
- 2) Florida Enrollment
- 3) Broward County Population and Enrollment
- 4) Parent Survey
- 5) Principal Study Group
- 6) Solutions

National Trends and "Big 7" Districts

**US PreK-12th Grade Enrollment
Projected to Increase from
50.4m to 52.1m (+3%)
from 2015 - 2027.**

**Large, urban
districts showing enrollment
declines nationwide.**

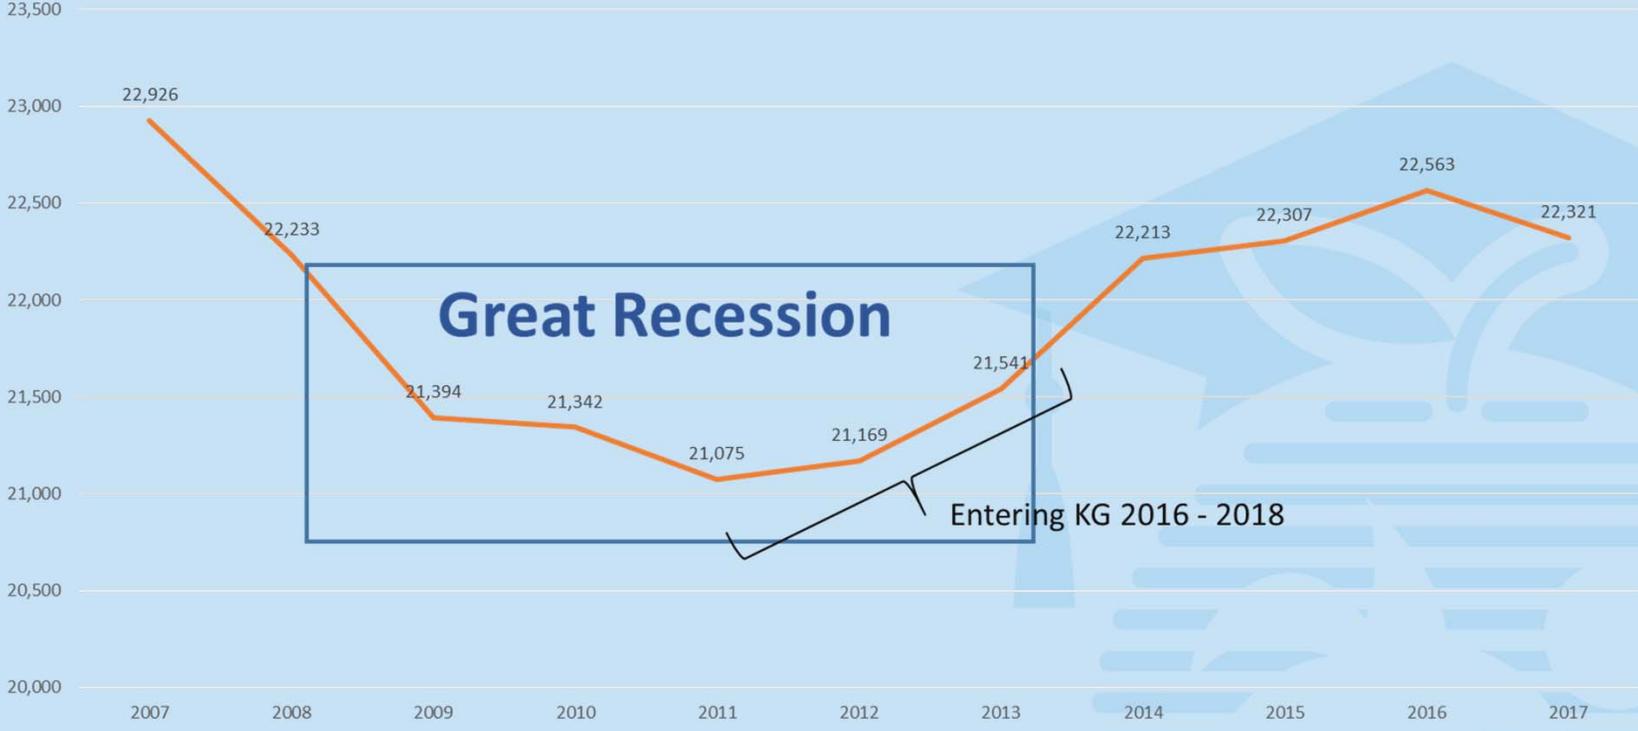

District and Charter School Enrollment, 2001 to 2018

- For the third straight year, total Broward County public school enrollment has exceeded 270,000 students.
- Enrollment in BCPS District schools, however, is the lowest it has been in the entire span of 2001 to 2018.
- Charter school enrollment has increased in this time from 3.3% to 17.0% of total enrollment.

Broward Births 2007 -2017

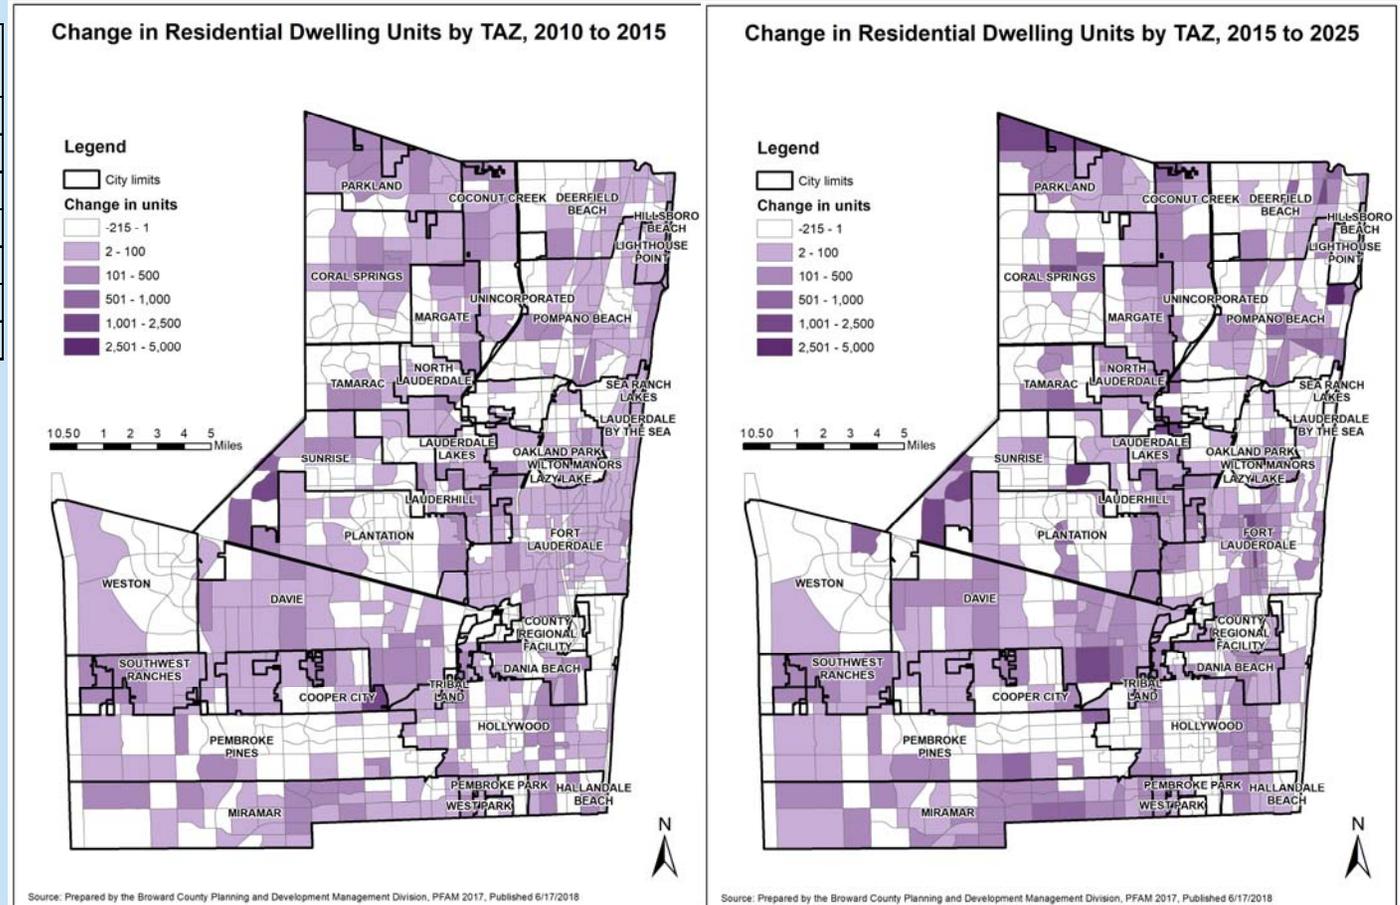

- Lowest kindergarten cohort corresponds with lowest number of births five years prior at trough of Great Recession

Change in Number of Residential Dwelling Units, 2010 to 2015 and 2015 to 2025

Year	Total Dwelling Units	Increase
2010	844,529	
2015	885,943	41,414
2020	941,294	55,351
2025	979,460	38,166
2030	1,014,895	35,435
2035	1,044,979	30,084
2040	1,069,750	24,771

The total number of residential dwelling units in Broward County is projected to increase by an average of 37,537 units every five years through 2040.

Population Change vs Enrollment Change by Municipality, 2010 - 2018

In the map at left, growth in population by municipality of the past 8 years is shown. At right is the change in total student enrollment. Noteworthy is the declining enrollment from Miramar and Pembroke Pines, cities which have experienced overall population growth during this period.

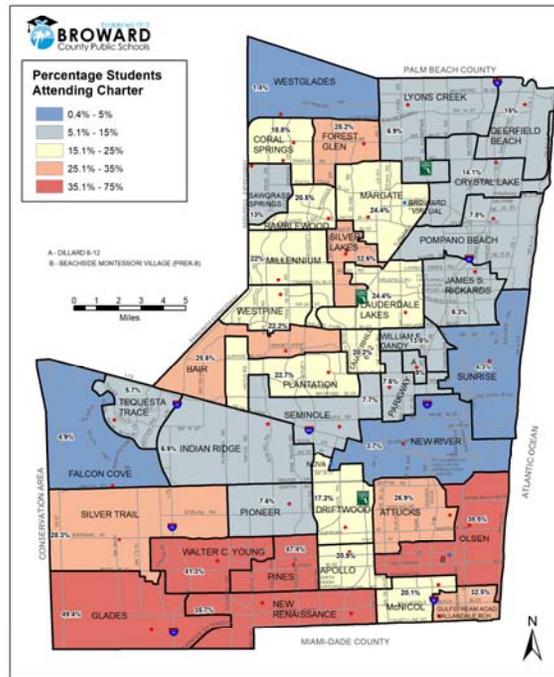

Percentage of Students Attending Charter Schools per Home School Boundary, 2018/19

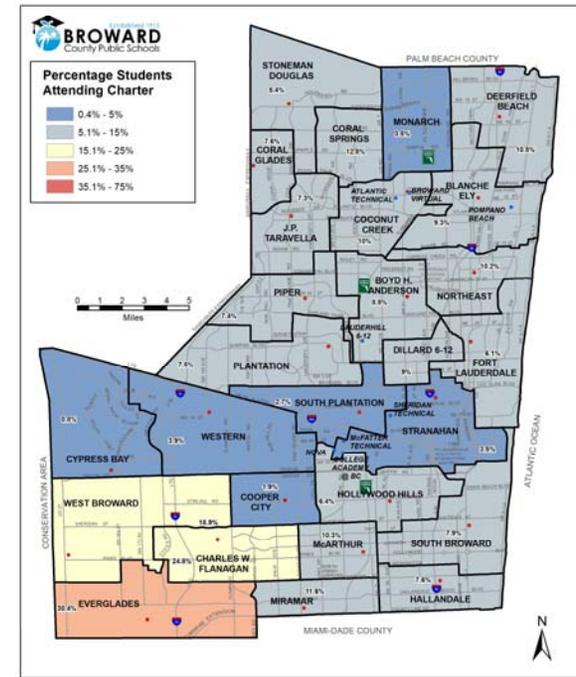

ELEMENTARY % BOUNDARY ATTENDING CHARTER SCHOOLS, 2018/19

MIDDLE % BOUNDARY ATTENDING CHARTER SCHOOLS, 2018/19

HIGH % BOUNDARY ATTENDING CHARTER SCHOOLS, 2018/19

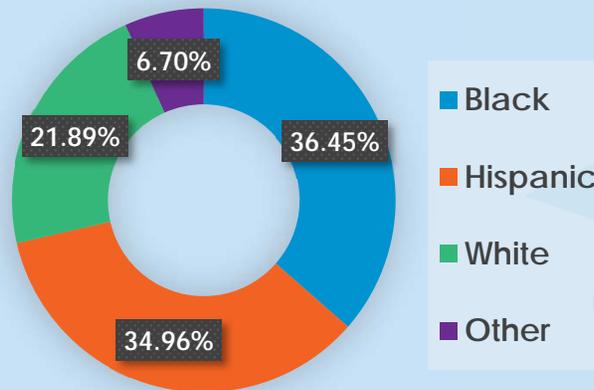

- Charter school impact is most significant at the elementary and middle school levels and in the southern and north-central areas of the county, with schools in SW Broward, highest at Glades Middle with over 49% of boundary students attending charter schools.

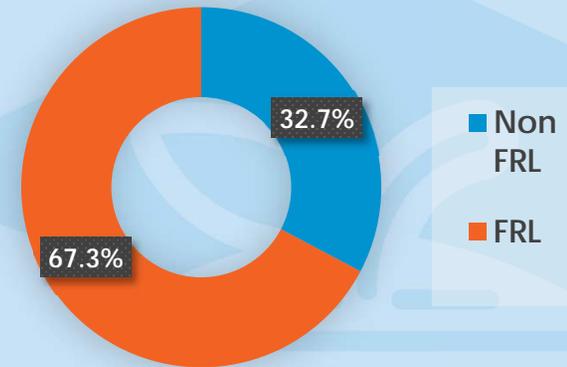

Demographics of Survey Recipients

- Survey sent to parents of 41,267 students who have left BCPS since December 2016
- 5,181 (12.6%) responded to the survey by email or text message link

Why are Parents Leaving Broward County?

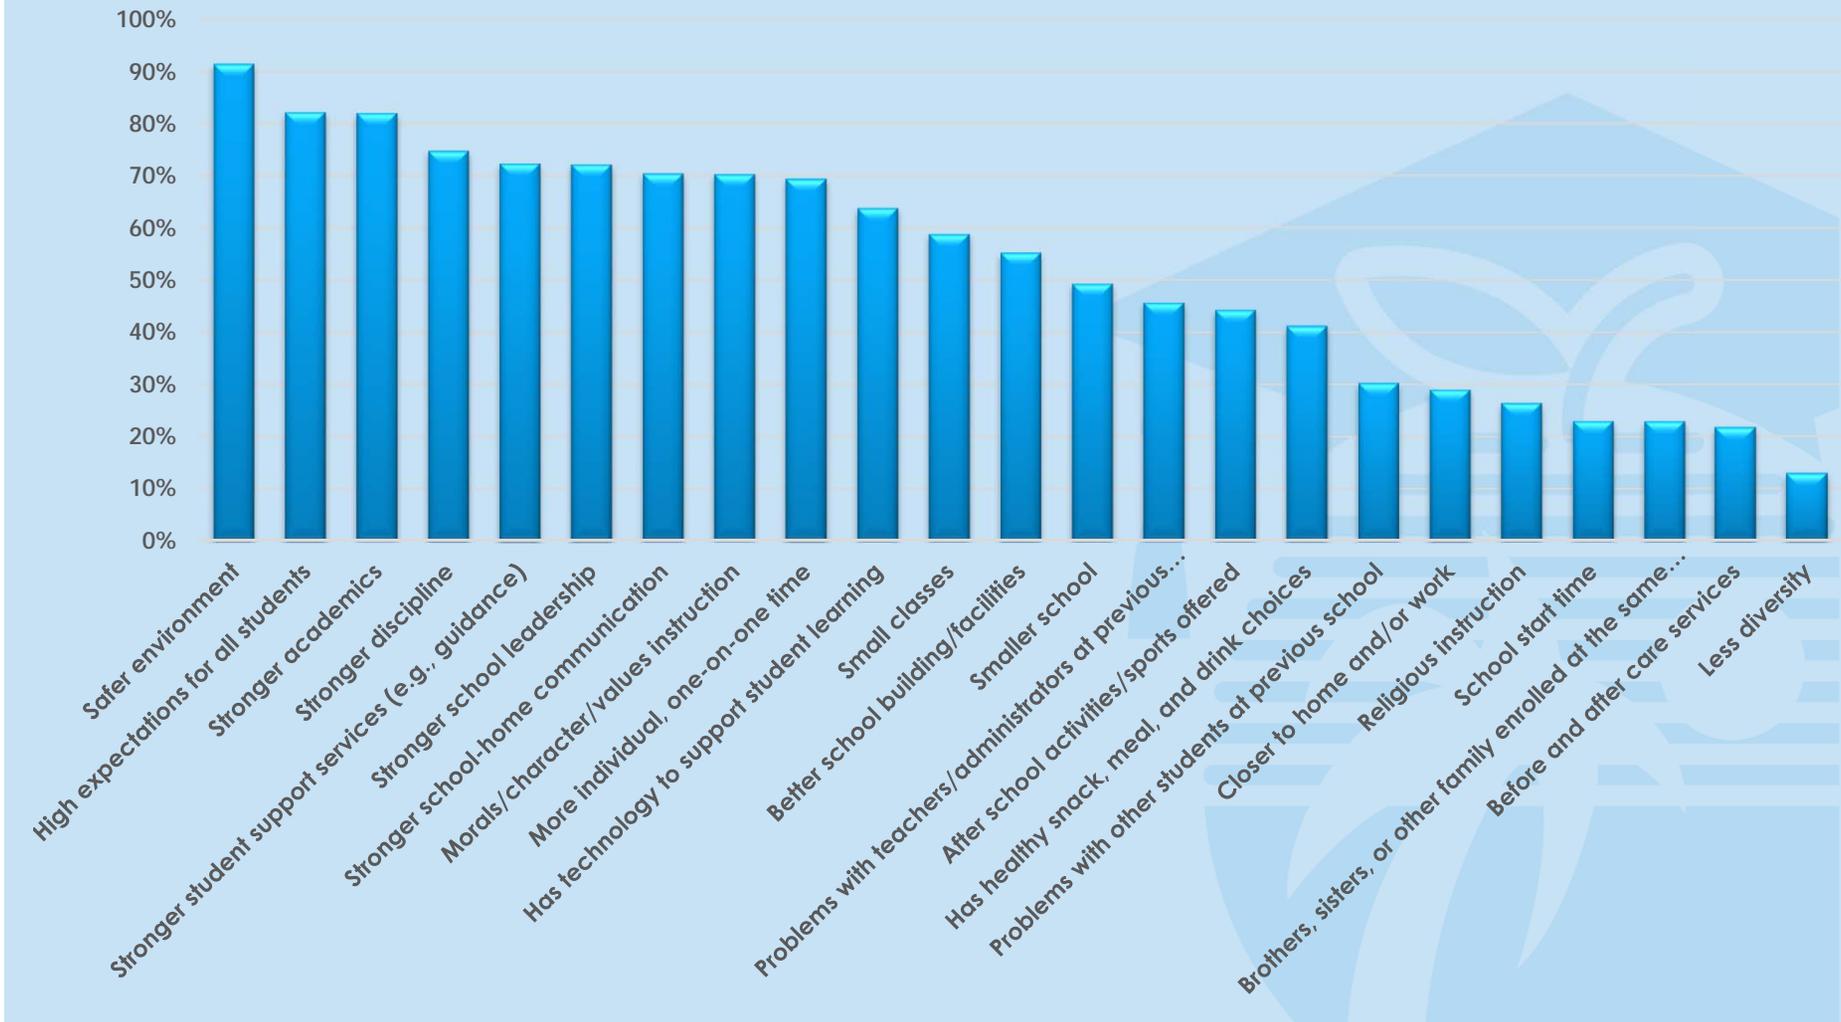

PARENTS' REASONS FOR MOVING OUT OF COUNTY AND/OR STATE

Why Are They Leaving Broward County Public Schools?

What qualities were important in choosing a new school?

Common Concerns: BCPS Principals vs What Parents Find Important

Common Principal Concerns

- **The perception of safety driving student choice**
- **School letter grade high in over-enrolled schools and low in under-enrolled schools**
- **Principal leadership is better at over-enrolled schools**
- **The “best teachers” leave to teach at “nicer” schools**
- **“Newer and shinier” schools attract more students**
- **Schools with low enrollment have budgetary needs compared to those with high enrollment that are able to offer programs and technology addressing the academic interests of the students**
- Difficult to promote under-enrolled schools
- Student mobility is higher in lower performing schools than higher performing schools

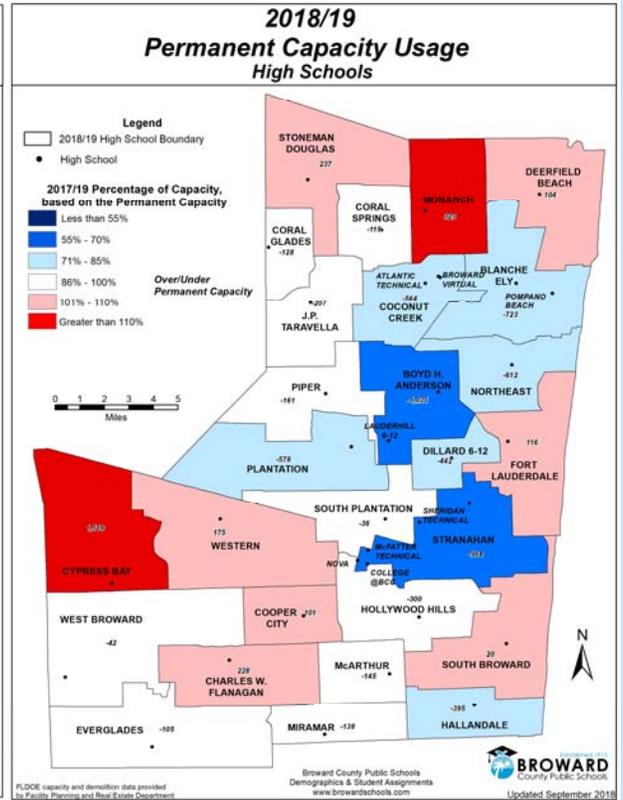

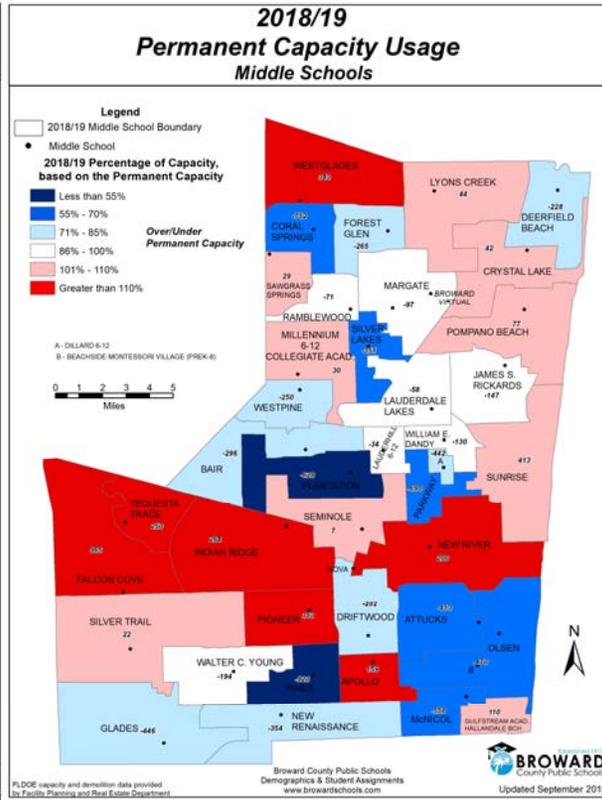

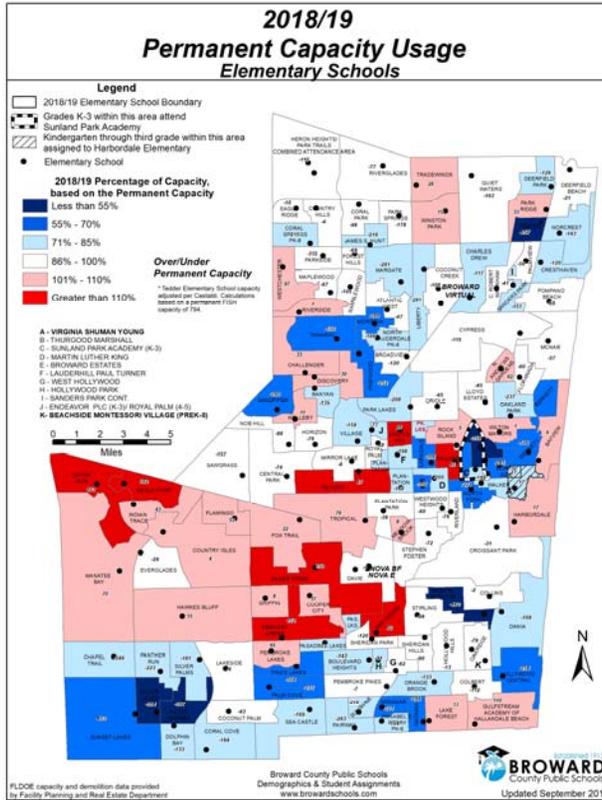

Common Parent Concerns

- **Safer environment/better discipline**
- High student expectation/individual attention
- **Better academics/letter grade**
- Stronger student support services
- **Stronger school leadership**
- Better school-home communication
- **Condition of school & learning technology**
- Problems with administration or school staff
- Before and after school activities/sports/services
- Siblings able to attend the same school
- School location convenience
- Religious instruction
- School start/end time
- Transportation availability

Top 5 Parent Concerns

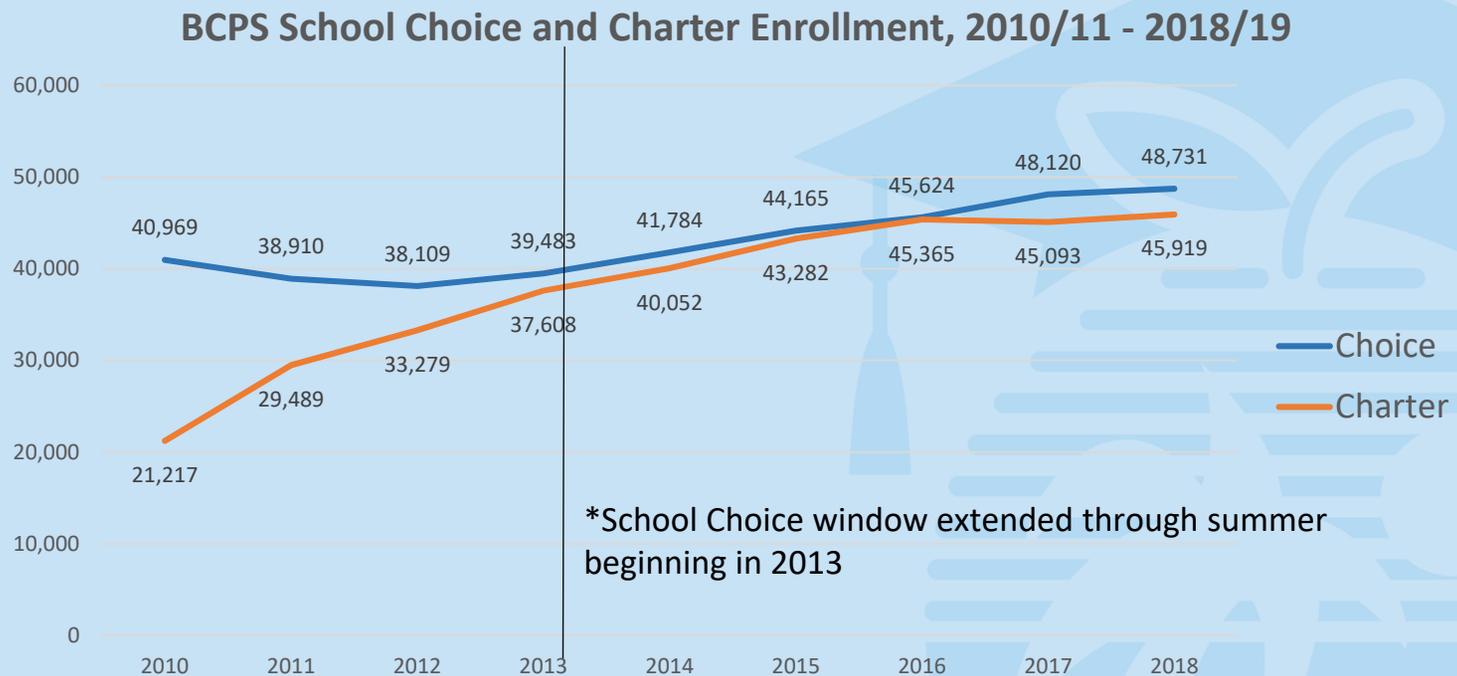

Permanent Capacity Utilization by Level, 2018/19

- Largest number of under-enrolled schools at elementary and middle levels
- 30 total schools enrolled below 70% capacity
- 7 schools below 55% capacity

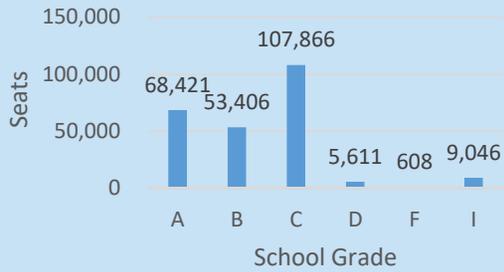

Enrollment in School Choice Programs and Charter Schools

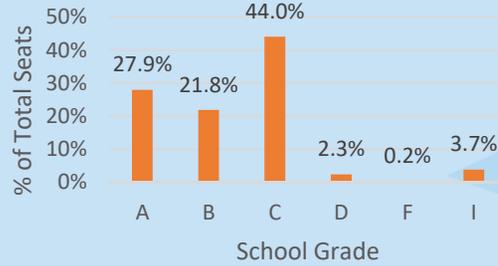

Capacity and Empty Seats by School Grade

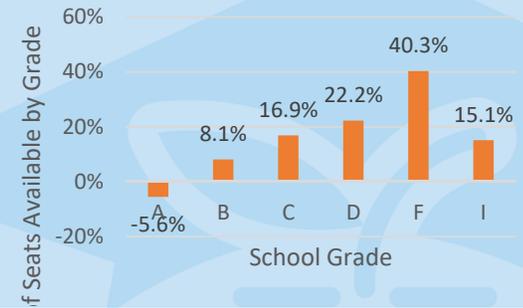

Total Capacity by School Grade

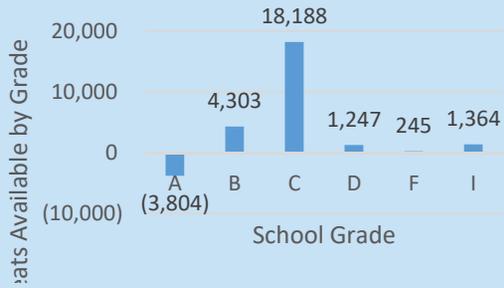

% of Total Capacity per School Grade

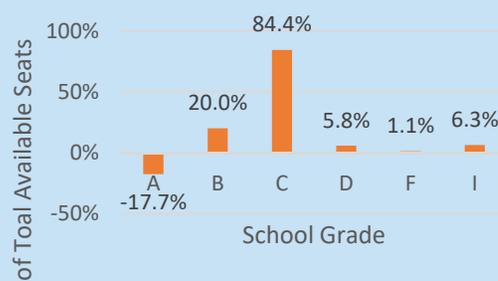

The lower the grade the higher the % seats available

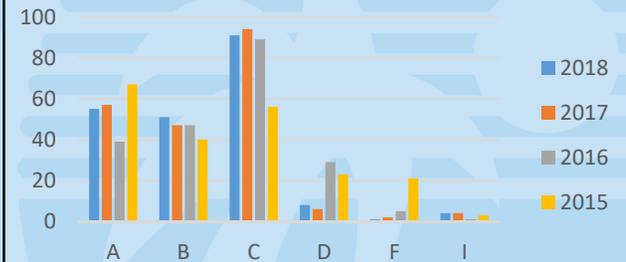

Total Empty Seats by School Grade

21,543 net empty seats
84.4% in C schools

Total Schools by School Grade, 2015-2018

More than 90% of net empty seats Districtwide are in C, D, and F schools.

Solutions

1. School Reconfiguration
2. Capacity Alignment with SMART Program
3. Align Principal and Parent Expectations
4. Enhance School Performance
5. Improve Individual Attention and Safety

School Satisfaction

Options: K-8 Schools

K-8's, Two Models:

- **Elementary Schools Expanded Grades**, choice to attend 6-8 (not assigned by boundary)- Hollywood Central Elementary
- **Combined Adjacent Elementary and Middle Sites**, assigned boundaries as now for elementary and middle (no boundary changes)- Bethune ES + Attucks MS; Driftwood ES + Driftwood MS; Broward Estates ES + Parkway MS

Options: Early Learning Centers

- Fort Lauderdale has expressed an interest in replicating in their city the work done in Hallandale Beach at the Gulfstream Early Learning Center
- Large proportion of students eligible for Free & Reduced Price Lunch (FRL), a proxy economic indicator of poverty
- High number of students on the Head Start and Early Learning Subsidized Care wait lists
- High levels of poverty and greater number of eligibility points within Head Start classrooms
- Majority of students entering kindergarten not reaching readiness benchmark on Florida Kindergarten Readiness Screener
- Opportunities for Early Childhood partnership with City of Fort Lauderdale and/or private entities to provide services in non-school sites
