SUBJECT: **PRELIMINARY 2015-2016 BENCHMARK DAY ENROLLMENT REPORT**

Beginning in the 2013-2014 school year, the District's benchmark enrollment reporting date was moved from the twentieth day of school to the Monday following the Labor Day holiday. This new benchmark day replaces the tenth and twentieth day enrollment counts reported in previous years. The enrollment reported on the Monday following Labor Day is statistically comparable to the annual enrollment reported on the twentieth day of school and allows for school planning processes to begin earlier than in previous years.

The District's total enrollment to be used for statistical purposes reported on Monday, September 14, 2015, was **268,836**, representing prekindergarten (PreK) through twelfth grade students enrolled in all District elementary, middle, high, combination, center, and charter schools. The final Benchmark Day Enrollment Report will include individual school enrollment data disaggregated by gender, race, ethnicity, English Language Learners (ELL), Exceptional Student Education (ESE), and Free or Reduced Lunch (FRL).

The Districtwide enrollment including centers and charter schools **increased this year by 3,435 students compared to the 2014-2015 benchmark day enrollment**. The table below shows the historical benchmark day enrollment count change over the past five years.
