Members of the School Board of Broward County, Florida
Members of the School Board Audit Committee
Robert W. Runcie, Superintendent of Schools

Ladies and Gentlemen:

We have audited the Statement of Changes in Fund Balances for the Internal Funds at seventeen (17) schools pursuant to the Florida State Board of Education, Administrative Rule 6A-1.001 and School Board Policy 1002.1. Each school's Principal is responsible for the preparation of the Statement of Changes in Fund Balances. Our responsibility is to express an opinion on these statements based on our audits.

We conducted our audits in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements.

The audits at these seventeen (17) schools included an examination of the Internal Funds.

An audit includes evaluating and examining, on a test basis, the financial statements and supporting documents. In planning and performing our audits of the schools' financial statements, we considered the internal control structures. Our review of the internal control structures facilitates the development of the audit procedures and the expression of an opinion on the financial statements. We believe our audits provide a reasonable basis for our opinion.

Members of The School Board of Broward County, Florida
Members of The School Board Audit Committee
Robert W. Runcie, Superintendent of Schools
Page 2

The schools' records were maintained in conformity with the School Board's accounting procedures for Internal Funds. These accounting procedures require all financial transactions be recorded on a cash basis method, with no records maintained on accounts receivables, accounts payable, or accruals. Accordingly, the Statements of Changes in Fund Balances, as shown in this report, do not present the financial position or the results of operations of the schools in the manner required by generally accepted accounting principles.

Our audits indicated that the seventeen (17) schools in this report complied with prescribed policies and procedures.

In our opinion, the Statements of Changes in Fund Balances for the seventeen (17) schools present fairly the changes in fund balances of the schools' Internal Funds, arising from cash transactions.

We wish to express our appreciation to the administration and staff of the various schools for their cooperation and courtesies extended during our audits.

Sincerely,

Joris Jabouin, CPA
Chief Auditor
Office of the Chief Auditor

INTERNAL AUDITOR'S REPORT

AUTHORIZATION

State Board of Education Rule 6A-1.001, Florida Administrative Code, requires District School Boards to provide for audits of the schools' Internal Funds. In accordance with School Board Policy 1002.1 and the Audit Plan for the 2019-2020 fiscal year, the Office of the Chief Auditor has audited the financial statements for the schools listed in the Table of Contents section of this report. The financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles. These financial statements are the responsibility of the Principal. Our responsibility is to express an opinion on these financial statements based on our audits.

SCOPE, OBJECTIVES, AND METHODOLOGY

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We selected and tested a representative sample of receipts and disbursements for all the audited schools. We also analyzed selected activities where the schools generated significant revenues. An audit also includes assessing the accounting principles and significant estimates made by the administration, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We perform our audits with the objectives of:

- expressing an opinion on the financial statements of the schools.
- evaluating compliance by the schools with the policies and procedures prescribed by the Standard Practice Bulletins.
- evaluating the internal control structure at the schools to determine the extent to which selected control environment factors promote compliance with the policies and procedures prescribed by the Standard Practice Bulletins.

We conducted our audits in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States. Those standards require we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements.

Financial Statements

In our opinion, the financial statements contained in these audit reports present fairly, in all material respects, the changes in fund balances arising from cash transactions of the schools, on the cash basis of accounting.

Compliance

We also tested compliance with selected policies and procedures prescribed by the Standard Practice Bulletins.

Internal Control Structure

In planning and performing our examinations, we obtained an understanding of the:

- internal control structure established by the administration.
- operational internal control policies and procedures relevant to cash receipts and disbursements.
- assessed level of controlled risk to determine the nature, timing, and extent of substantive tests for compliance with applicable laws, administrative rules, and district policies; including the reliability of financial records and the safeguarding of assets.

The scope of our audits also included an assessment of the controls in place at the schools to promote compliance with the Standard Practice Bulletins, which contain the procedures established to control the use of the Internal Funds. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that material errors or irregularities in the school's financial records, cash receipts, and disbursements, may occur and not be detected within a timely period by school employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and would not necessarily disclose all material weaknesses.

The results of our audits for the individual schools are included within each report.

CASH AND INVESTMENT SUMMARY

	<u>6/30/19</u>
Cash Account:	
Checking Account – Wells Fargo Bank	\$ 19,845.99
 TOTAL	 <u>\$ 19,845.99</u>

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1002.1, we have audited the financial statement of Annabel C. Perry Pre-K - 8 for the 2018-19 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2018-19 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1002.1, we have audited the financial statement of Crystal Lake Community Middle School for the 2018-19 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the school presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2018-19 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.
