Members of the School Board of Broward County, Florida Members of the Audit Committee of the School Board of Broward County, Florida Dr. Vickie L. Cartwright, Superintendent of Schools

Ladies and Gentlemen:

We have performed a review of the Property and Inventory of selected locations pursuant to The Rules of the Florida Administrative Code, Section 69I-73, and School Board Policy 1002.1.

Audits of Property and Inventory require that we account for all the property and inventory charged to the locations. To complete this task, we have reviewed all property and inventory records disclosed from District accounts and determined the status of each item. This disposition may include:

- items that are at the location and are accounted for,
- items that were not available for review before the issuance of this report,
- items that may have been stolen and are supported by the proper District forms,
- items that have been transferred from one location to another and are supported by the appropriate District forms.
- items that have been declared surplus or obsolete and are supported by the appropriate District forms and,
- items that have been purchased and verified to comply with appropriate purchasing guidelines.

We conducted our audits in accordance with Generally Accepted Government Accounting Standards issued by the Comptroller of the United States.

This report contains the Physical Plant Operations Division's property and inventory audits which consist of six (6) locations. Our property audits indicated that five (5) locations in the report did not comply with prescribed policies and procedures.

We wish to express our appreciation to the departments' administration and staff for their cooperation and courtesies extended during our audits.

Sincerely.

Joris M. Jabouin, CPA Chief Auditor

PROPERTY AUDIT REPORT

AUTHORIZATION

The Rules of the Florida Administrative Code, Section 69I-73, require that each custodian shall ensure that a complete physical inventory of all property is taken at least once each fiscal year. Each custodian shall ensure that a complete physical inventory of all property under the control of the custodian or custodian's delegate is taken whenever there is a change of custodian or custodian's delegate. In accordance with School Board Policy 1002.1 and the Audit Plan for The Office of the Chief Auditor, the inventories of the locations in the District that have been audited are presented in Section I of this report. School Board Policy 3204 – Property Accountability and Responsibility states, "The Board designates that Principals shall be the custodians of property at schools. Directors shall be the custodians of property for the County Support Services Departments." Rule 1 states, "All physical inventories shall be conducted by the Office of the Chief Auditor's Property Audits Division."

SCOPE, OBJECTIVES AND METHODOLOGY

An audit includes examining evidence supporting the amounts and disclosures represented on property records. We have reviewed all property and inventory records disclosed from District accounts and determined the status of each of the items. This disposition may include:

- items that are at the location and are accounted for,
- items that were not available for review prior to the issuance of this report,
- items that may have been stolen and are supported by the proper documentation and District forms,
- items that have been transferred from one location to another and are supported by the proper District forms,
- items that have been declared surplus or obsolete and are supported by the proper District forms.
- items that have been purchased and are verified to comply with appropriate purchasing guidelines.

Compliance

We tested compliance with policies and procedures prescribed by School Board Policies and Business Practice Bulletin O-100: <u>Procedure for Property & Inventory Control</u>. The results of our compliance tests indicated some locations did not comply with some policies and procedures established in the sources identified above.

Property Control Structure

In planning and performing our examinations, we obtain an understanding of the:

- internal property control procedure established by the administration.
- Assess the level of controlled risk to determine the nature, timing, and extent of substantive tests for compliance with applicable laws, administrative rules, and district policies, including safeguarding assets.

A material weakness is a reportable condition in which the design or operation of one or more internal property control structure elements does not reduce the risk of material errors or irregularities occurring. As a result, it would be challenging for employees to recognize the mistakes in the ordinary course of performing their assigned functions.

Our evaluation of the internal control structure does not necessarily disclose all matters that might be reportable conditions. Thus, all material weaknesses may not be identified.

Property Audit Exceptions

In order to establish reporting parameters and afford the locations some latitude in monitoring their assets, we set thresholds of approximately one (1) percent of the total property inventory historical cost. The Office of the Chief Auditor (OCA) has used the following table, provided by the Director of Accounting & Financial Reporting Department-Capital Assets (AFRD-CA), to determine the total accumulated depreciation of assets which have not been accounted for.

Computers, Printers
 Band Instruments
 Office Equipment
 Audio/Visual Equipment
 Vocational Equipment
 Other
 Years
 5 - 20 Years
 6 - 8 Years
 7 - 20 Years
 From 5 to 20 Years

The Office of the Chief Auditor reports no property exceptions for locations with an aggregate historical value, of items unaccounted for, falling below the designated 1% threshold unless significant process control weaknesses have been identified. As of July 1, 2004, Florida State Statute 274.02, changed the value of capital assets to be recorded and monitored from \$750 to \$1,000. On June 22, 2017, the Office of the Chief Financial Officer released a revision to Business Practice Bulletin O-100 Procedures for Property & Inventory Control. The revision included tracking tangible personal property valued at \$1,000 or more and trackable SMART tangible personal property that has an acquisition value less than \$1,000, is considered high risk and prone to theft and has at least one-year useful life and is not consumable in nature. In addition, any tangible personal property identified during the audit that has not yet been added to the District's Master File database is categorized as a New/Found item. If the New/Found item has an acquisition cost of \$1,000 or more, the location must process all necessary paperwork and forward it to AFRD-CA to have the item(s) added to the District's Master File database. If the equipment is certified by the OCA to have an acquisition cost less than \$1,000, the location(s) does not have to submit the supporting paperwork to AFRD-CA; however, the item(s) will be included in all future audits until it is deemed obsolete and surplused and/or transferred to a different location. The District administration requires follow-up verification of all items not accounted for during the physical audit. Subsequently, location administrators must provide a memo identifying the items found by providing the room/FISH number and/or demonstrate the appropriate District approved form(s).

Unaccounted / Found Items

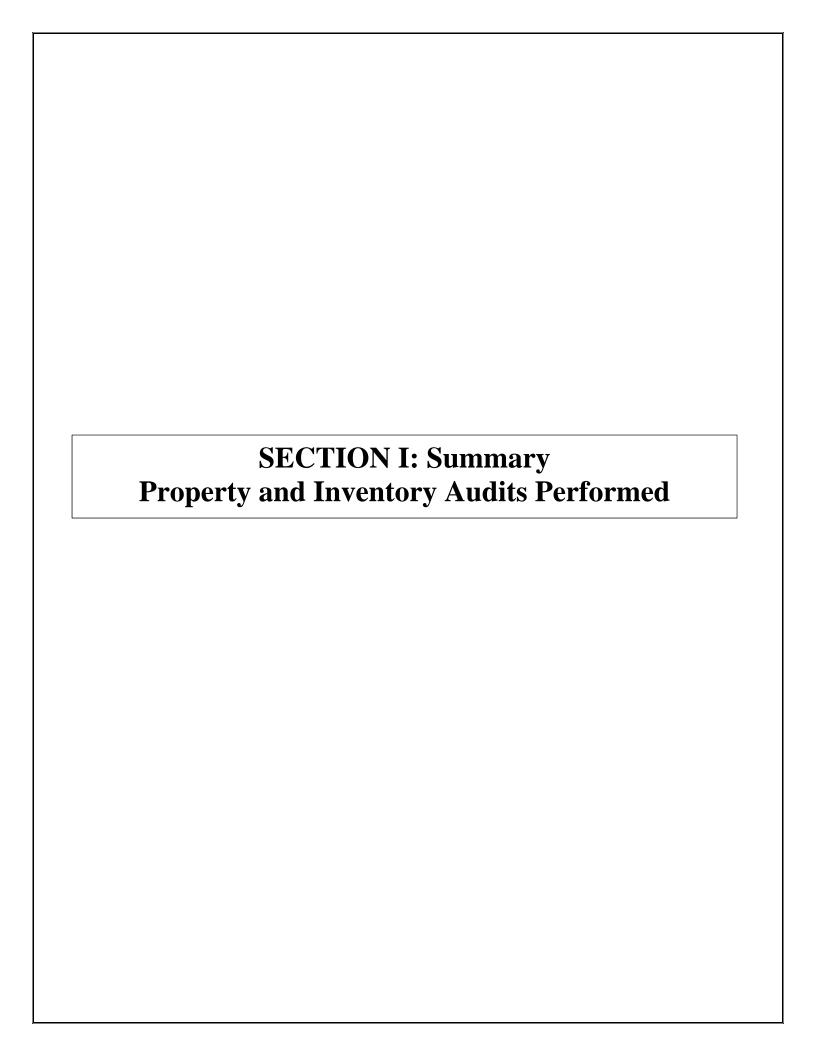

While conducting the audit, there are instances in which items are determined to be unaccounted for. Unaccounted for means property held by a custodian, subject to the accountability provisions of Section 274.03, F.S., which cannot be physically located by the custodian or custodian delegate, which property has not been otherwise lawfully disposed of. When the Office of the Chief Auditor determines that the item(s) is not accounted for, the asset is moved to an Unaccounted for Tangible Personal Property List. This item will remain designated on the Unaccounted for until the item is located and reactivated by Accounting & Financial Reporting Department-Capital Assets (AFRD-CA). If the item is not reactivated after two years, the item(s) is removed from the location's active list of property records.

In addition to having items that are not accounted for, the Office of the Chief Auditor issues a final audit report to the property custodian, identifying the final discrepancy list as well as outlining any material weaknesses associated with the location's inventory control. A copy of the final discrepancy report will be forwarded to AFRD-CA in order to amend the property records as deemed appropriate. For any new/found tangible personal property listed on the final audit discrepancy report with a historical cost/estimated value of \$1,000 or more, the location must forward a **03290** Equipment Acquisition form signed by the property custodian with invoices or supported estimated values authorizing AFRD-CA to add these property items to the Master File of Capital Assets database.

Summary of Property and Inventory Review for Fiscal Year 2022-20	Summary	of Property	and Inventory	Review for	Fiscal Year	2022-202
--	---------	-------------	---------------	------------	-------------	----------

The following report discloses the audit results for the division of Physical Plant Operations (PPO). The audits were finalized by October 7, 2022. A summary of this report notes that:

- For the six PPO locations, 2,674 items were listed in the property records at a historical cost of \$21,559,663.
- For the six PPO locations included in this report, 63 items were considered unaccounted for and had a historical cost of \$135,113.

(See pages 5 - 10 for more details.)

The Office of the Chief Auditor (OCA) conducted the Physical Plant Operations Division (PPO) property and inventory audit. PPO's inventory accounts are composed of the following:

9604 Physical Plant Operations

The primary department where multiple professional trades provide maintenance, services, and other support services to District locations and capital projects.

9607 Facilities Support Services

The department provides technical support within the PPO division.

9608 Custodial Grounds

The department is responsible for the centralized function of custodial services and grounds maintenance.

9610 North /9620 Central /9630 South

The regional zones provide services to locations within their geographical areas.

Throughout this report, PPO refers to all the locations as a whole because they all follow the same procedures issued under the leadership of the Executive Director and Director (currently vacant). The audit consisted of accounting for furniture, fixtures, and equipment (FF&E) containing a historical cost of \$1,000 or more and assets purchased through the most recent information technology refresh. The entire division was audited because the equipment is shared among the different areas.

After reviewing the PPO's internal controls related to property and inventory, it was determined that some controls over inventory and fixed assets were out of compliance with the District's policies and procedures. Reoccurring systemic issues were found in PPO's processes, including the standard operating procedures (SOP). The issues included purchasing items, transferring assets to the proper location in a timely fashion, administering property passes for assets provided to employees or locations throughout the District, obtaining signatures from custodial staff instead of the property custodian on property passes, recognizing deficiencies with the semi-annual inventory process, filling incomplete police reports, and circumventing the District's purchasing procedures.

Finding 1: Missing Equipment

The chart below depicts the number of assets deemed missing, the historical cost, and the remaining value of the assets that were not physically seen and are recognized as missing at each of the respective locations:

	Items Not	Historical Cost (IUAF)	Total
Location	Physically Accounted for	Not Physically Accounted for	Net Value
9604	22	\$39,587	\$3,719
9607	1	\$1,494	\$0
9608	16	\$47,520	\$0
9620	2	\$3,500	\$0
9630	3	\$4,121	\$0
Total	44	\$96,222	\$3,719

(See pages 5 - 10 for more details.)

The Unaccounted-for List of Tangible Personal Property is found on pages seven through twelve of this report. The majority of the equipment on the unaccounted-for list are assets that continuously move to provide temporary emergency services at the locations. These assets are at higher risk of being misplaced, lost, or prone to theft because the current manual process does not track assets in real-time.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would execute the following corrective actions (*italicized*):

OCA Recommendation: The Office of the Chief Auditor suggests reconciliation of all assets be completed as often as needed to ensure an accurate physical accounting of site-designated assets by the staff. The Director should ensure the accounting of assets is completed semi-annually in order to comply with policies and procedures.

PPO's Response: PPO is committed to a goal of zero missing assets for the next Property Inventory audit of 2017-18.

- a) Processes will be revised to ensure that internal audits will be conducted in PPO at least semi-annually. Action: Management reviewed the Business Practice Bulletin O-100. Semi-Annual Inventories
- b) PPO will revise all standard operating procedures for policies and processes that involve inventory items to ensure that all documentation by the department provides the serial numbers of equipment. Management is accountable for reviewing documentation for accuracy. Transfers- Surplus Documents
- c) Continuous training will be provided to all staff identified in the process and designated to interface with inventory management responsibilities, including property custodian(s). Action: Inventory Process & Tips Training assigned and received by staff.
- d) Training will be provided at a minimum on the following: i. 3290A Surplus Declaration Transfer Form ii. Filing police reports for stolen items iii. Business Practice Bulleting O-100: Section B, Transferring Tangible Personal Property iv. All procedures regarding inventory management of equipment and parts in PPO.

After reviewing the responses, the Auditor attempted to validate the actions performed by PPO. The Auditor's findings are as follows:

The OCA requested documentation to validate semi-annual inventories were being conducted by all PPO locations. The OCA was provided documentation from one location (9610 North Area) that conducted a semi-annual inventory in 2018. The other departments did not provide documentation to validate those semi-annual inventories were conducted.

According to School Board Policy 3204 <u>Property Accountability and Responsibility</u> (SBP 3204), the Director is the property custodian for the county support services departments. The Auditor noted that the roles defined in the SOP did not comply with SBP 3204. It designated the Facilities Support staff member, not the Director, as the property custodian.

The SOP assigns duties to the OCA to determine PPO's assets record-keeping requirements. The OCA is not responsible for operations and does not perform ongoing controls.

Semi-annual inventories were not mentioned in the SOP.

Accountability and responsibilities were not established in the SOP for PPO.

PPO provided training certificates for staff that attended the Property and Inventory training in the past; however, many have been reassigned within the District, and new staff members have not provided documentation of their training.

Recommendations

➤ PPO should develop standard operating procedures that detail the steps and procedures required for semi-annual inventories and individual employees to safeguard the equipment they are entrusted with.

- ➤ PPOs should create and maintain a perpetual inventory system that enables them to manage and track the inventory of assets and attractive undervalue items in real-time.
- Every effort should be made to continue to locate the missing items.

Finding 2: Surplus – Disposition

The following table itemizes the number of assets surplused after the last audit that were still active on the District's Master File database during the PPO property and inventory audit:

Equipment Surplus Out of Compliance							
Location	Total Net Value						
9604	7	\$14,285	\$0				
9608	6	\$13,863	\$0				
9610	4	\$4,692	\$0				
Total 17		\$32,840	\$0				

(See pages 5 - 10 for more details.)

When a property custodian identifies assets to dispose of, the Business Practice Bulletin O-100: <u>Procedures for Property and Inventory Control</u> (BPB O-100) provides the step-by-step procedures that should be followed to ensure that the assets are disposed of lawfully and removed from the District's Master File database. The department presented various 3290A Surplus Declaration Transfer forms during the audit. The forms were reviewed and found to be incomplete. They were missing required information, such as BPI numbers, serial numbers, signatures, accurate descriptions, and exact destinations. By not filling out the 3290A forms appropriately, Capital Assets cannot determine that an asset was disposed of. Therefore, the assets remained in PPO's inventory. Unfortunately, by not performing the semi-annual inventories appropriately and conducting the necessary follow-up with Accounting and Financial Reporting Department – Capital Assets (AFRD-CA), the District's records reflect these assets as active.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would execute the following corrective actions (*italicized*):

OCA Recommendation: The location should improve its processes for completing the 3290A Surplus Declaration Transfer forms after the tangible personal property has been recognized as salvageable equipment.

PPO's Response: PPO Management agrees, and the PPO Property Custodian will work with each Manager and this office to ensure that 3290A forms are executed on every asset transfer. Please see corrective action #1.

Auditor's review revealed that the actions stated in the response could not be validated.

Recommendations

- ➤ PPO should revise the standard operating procedure to include detailed instructions for the surplus procedures.
- > Surplus procedures in the BPB O-100 should be reviewed with employees tasked with the department's property and inventory processes.
- ➤ PPO should establish and document a follow-up process with AFRD-CA to ensure that asset records are removed as intended.

Finding 3: Semi-annual Inventories

According to the BPB O-100, locations are minimally required to perform semi-annual inventories to ensure the District's property records are accurately maintained and updated. Based on the BPB O-100, conducting semi-annual inventories is to physically account for all tangible personal property assigned to the location's property custodian and ensure the District's property records are accurately maintained and updated. During the audit, the OCA received documentation from one location (9610 PPO Zone 1) that performed a semi-annual inventory in 2018. The OCA requested but was not provided with documentation to substantiate that semi-annual inventories were performed at the other PPO locations since the last audit in FY2017.

The semi-annual inventories serve as a control to account for whether an asset is within their physical possession and ensure the department maintains accurate records. For example, the following questions may be answered when conducting semi-annual inventories: Is the item physically accounted for? Is the serial number correct? Is the item in the right location? Is the item properly assigned to a location, an employee, or a student with a property pass? Are there multiple line items for one asset?

The following questions should be documented for assets that are not physically accounted for: Is the item out for repair? Has the item been exchanged under warranty? Was the item transferred? Was documentation sent to AFRD-CA not processed, and did someone follow up with them? Are there items that were inappropriately put on the department's inventory? Has AFRD-CA been notified that those assets should not be on the inventory?

After physically accounting for assets, the department must develop a reconciliation process and follow up with AFRD-CA to ensure that their inventory records are accurate. Many discrepancies noted during the audit should have been identified during the departments' reconciliation of assets. This process is necessary to promptly identify discrepancies in the District's property records and correct errors timely.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would conduct the following corrective actions (italicized):

OCA Recommendation: The locations must take appropriate measures to ensure the safekeeping of all tangible personal property.

PPO's Response: PPO agrees and has designated an individual whose primary responsibility is the maintenance of all property inventories (hereafter identified as PPO Property Custodian)."

The corrective action implemented was not sufficient to address this issue.

OCA Recommendations: At a minimum, semi-annual inventories should be conducted to ensure the District's property records are accurately maintained and updated. This includes the high-risk property items maintained within the secondary database established by the location.

PPO's Response: PPO agrees. Please see corrective action #1."

The OCA requested but was not provided documentation to substantiate that the semi-annual inventories were conducted or undervalued items were being tracked at most PPO departments. Only one department within the PPO division provided documentation.

Recommendations:

➤ PPO should conduct semi-annual inventories to ensure the safekeeping of all District tangible personal property and certify that asset records are accurately maintained and updated. This includes the undervalued high-risk property items cataloged within the secondary database established by the location.

- ➤ PPO should revise the standard operating procedure to include detailed instructions for conducting semi-annual inventories and performing the reconciliation against the property records process to ensure asset records are being updated.
- ➤ PPO should revise the standard operating procedures to include a process for reporting discrepancies identified during the semi-annual inventory. Any corrections required to the asset record should be promptly reported to AFRD CA.

Recommendations to the Office of the Chief Financial Officer:

➤ The Chief Financial Officer (CFO) should revise BPB O-100 to detail the reconciliation process locations must conduct after completing the physical inventory to ensure property records are accurately updated. The Chief Auditor and Deputy Superintendent of Operations discussed this matter, and both agreed with this recommendation.

Finding 4: Property Passes

During the property and inventory audit for PPO, many items were assigned to employees and locations without issuing property passes. The BPB O-100 states that tangible personal property will be assigned to staff for temporary removal of the property from the primary operational site location. In such instances, a Property Pass must be executed to document the assignment and removal of capital equipment from the location. A unique Property Pass must be completed for each piece of tangible personal property removed from the location. Property Passes must be updated annually or as needed to ensure the physical accounting and proper return of the District's capital equipment.

Due to extenuating circumstances caused by the COVID-19 pandemic, the Information and Technology Department (IT) redirected an order of 125 laptops to PPO. These laptops accommodated requests from employees who were required to work from home but did not have access to computers. The OCA requested property passes; however, PPO management acknowledged that property passes were never issued. After multiple reminders of the requirements in the BPB O-100, PPO management refused to execute property passes for tangible personal property removed from the location by staff. Management stated property passes were not issued because PPO did not own the laptops. The laptops reside on the IT inventory report. Five laptops associated with this batch of computers are missing (see Finding 1 for details).

In addition, when the Auditor reviewed the property passes provided for AC spot coolers, there were multiple instances where the assets were assigned to the head custodian. Per SBP 3204, the property custodian shall be the principal/director of the school/department. A more detailed review of the department's property passes revealed that they did not have sufficient descriptions of the item, the serial number, BPI number, and the Fish number of where the assets were located. Not having this information increases the difficulty of finding the spot coolers. In addition, the same asset could have been issued multiple property passes that move the same asset to various locations throughout the District, making it challenging to identify the items' current location.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would conduct the following corrective actions (*italicized*):

OCA Recommendation. A property pass must be executed to document the assignment and removal of equipment from the primary operational site.

PPO's Response: PPO Management will work with the PPO Property Custodian and this office to ensure that property passes are executed for every assignment and removal of equipment from the primary operational site."

Auditor's review revealed that the actions stated in the response could not be validated.

Recommendations

- ➤ PPO should follow procedures found in the BPB O-100 for issuing property passes to employees and locations when equipment has been authorized to be temporarily removed from the primary operational location.
- ➤ PPO should update the standard operating procedures to include detailed instructions for issuing property passes for equipment authorized to be temporarily removed from the primary operational location.
- ➤ PPO shall issue property passes to principals/directors of locations when the assets are temporarily assigned.
- ➤ PPOs should create and maintain a perpetual inventory system that enables them to manage and track the inventory of assets and attractive undervalue items in real-time.

Finding 5: Discrepancies

The OCA identified the following asset records at each location that contained discrepancies:

Location	Discrepancies Identified
9604	354
9607	9
9608	40
9610	3
9620	4
9630	33
Total	443

(See pages 26 - 33 for more details.)

According to the BPB O-100, purchasing items in lots, bundles, or attached lists is prohibited. When tangible personal property is received online, the individual must process the receipt of goods for each item separately and record the unique serial number for each property item within the SAP system. A large number of discrepancies noted included serial numbers that were incomplete or incorrect and incorrect values (see Exhibit B).

Discrepancies identified during the semi-annual inventory should be communicated and corrected with Accounting and Financial Reporting – Capital Assets.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would conduct the following corrective actions (italicized):

OCA Recommendation. Any corrections required to asset record(s) should be promptly reported to AFRD-CA. If the tangible personal property has not been received at the location, and the asset records were mistakenly created for this location, the Property Custodian should immediately notify AFRD-CA to correct the discrepancy in a timely manner.

PPO's Response: PPO agrees and the PPO Property Custodian will ensure compliance."

The OCA requested and was not provided documentation to substantiate discrepancies reported to AFRD-CA.

Recommendations

- ➤ PPO should confirm that staff verifying equipment during the semi-annual inventory is also certifying the property record information is accurate.
- ➤ PPO should confirm that all corrections required to asset records, including changes to the item's description, serial number, or quantities received, are promptly reported to AFRD-CA.

Finding 6: Transfers

According to the Florida Administrative Rule 69I-73: Tangible Personal Property Owned by Local Governments, the physical location (the city, address, or building name, and room number therein) must be recorded for each record. The BPB O-100 states that when a location permanently transfers tangible personal property to another location, the property custodian must execute a 3290A Surplus Declaration Transfer Form.

As mentioned in Finding 4, the IT Department redirected 125 laptops to PPO during the COVID 19 pandemic period. The IT Department has not created transfer documents for this transaction to date. Computers were validated to be within PPO's use and possession during the audit.

During the multiple site visits at PPO locations, 111 assets (5.6% of all of PPO's combined inventory) were located at zones/locations that did not match the Master File's assigned areas for those records. Of the 111, 110 were listed as if they were located at the PPO main location (9604) but were found at other PPO locations/zones (e.g., an asset assigned to 9604 was found at 9610).

A significant problem was identified in the process during interviews with PPO staff. Although PPO has multiple locations, only three of six PPO locations are provided a budget. PPO cannot purchase assets directly from specific locations with the current purchasing process. As a result, even if PPO were to put the appropriate information in SAP, the location of the asset would be inaccurate. As a result, PPO would be required to produce transfer documents after the purchase so that the asset accurately reflects where the item is located.

As a part of the reconciliation process of the semi-annual inventories, discrepancies should have been revealed. If assets are transferred or found in a different location, PPO could have generated a 3290A to perform the appropriate transfer. Asset transfer procedures were not followed.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would conduct the following corrective actions (italicized):

OCA Recommendation: When transferring tangible personal property to a different location, the proper documentation should be executed and completed. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

PPO's Response: PPO agrees and will comply, and PPO management is accountable to provide continuous training opportunities to staff on procedures including transfer documentation.

Auditor's review revealed that the actions stated in the response could not be validated.

Recommendations to PPO

- ➤ PPO should improve its purchasing practices, ensuring that the correct location is listed on assets regardless of the budget(s) used to purchase the asset.
- ➤ PPO shall ensure that assets are listed at the appropriate location. PPO shall properly execute a 3290A Surplus/Transfer Declaration form when discrepancies occur and immediately communicate the discrepancies to Accounting and Financial Reporting.
- ▶ PPO must confirm that the 3290A Surplus/Transfer Declaration forms were executed correctly.

Recommendations to the IT Department

The IT Department should complete 3290A Surplus Declaration Transfer forms to transfer for the 125 computers redirected to PPO.

Finding 7: Newly Added Equipment

The chart below depicts the number of new/found items added to PPO's inventory during the audit:

Location	New/Found Items	Value of New/Found Items		
9604	98	\$321,559		
9608	59	\$173,846		
9610	17	\$82,509		
9620	14	\$59,125		
9630	81	\$189,376		
Total	269	\$826,415		

(See pages 34 - 39 for more details.)

According to the BPB O-100, all non-consumable tangible personal property must be ordered through the District's Purchasing system utilizing appropriate coding. Locations are prohibited from purchasing items in "lots," "bundles," or "attached list," or on purchasing cards. To accurately account for each property item electronically, tangible personal property must be ordered on unique requisition lines, and the cost center must be the same as the delivery address. Purchases must only be ordered via standard requisitions/purchase orders. During the audit, assets not found in the District's Master File database were added to the PPO audit database (see Exhibit C). A review of PPO purchase orders was performed during the audit. The audit revealed that some assets were inappropriately procured through multiple methods, including 1) purchasing cards, 2) Maximo work orders, and 3) items placed into the PPO department without acknowledgment from the Property Custodian.

Interviews with PPO revealed that although purchases on the P-Cards are prohibited, the District's vendors are hesitant to provide services to PPO because of the amount of time it takes to get paid by purchase orders. P-Card purchases, although not allowed, provided quicker payments to the vendor, which improved vendor and District relationships, though these transactions are not transparent. This audit revealed multiple new assets added to PPO's inventory due to reoccurring practices. During the audit, the Management was unaware of this and changed procurement practices.

On 2/19/2019, PPO started exporting the transaction information directly from Maximo into SAP. In Maximo, PPO allocates all labor and materials for jobs on work orders to appropriately attribute costs to specific jobs. A review of PPO's purchases revealed that all items placed in Maximo were coded to the Repairs and Maintenance general ledger account. Further review revealed that all assets and tools purchased through the Maximo work orders system were allocated as materials, not assets. They are not added to the District's asset inventory unless a Procurement and Warehousing Services purchasing agent catches the error and forces PPO to reclassify the asset through a manual journal entry. Two PPO Zones corrected all tools and equipment purchases before ordering manually. In contrast, the other locations sent the orders with misclassified accounts and did not account for assets. As a result, multiple assets were added as newly found items to PPO's inventory.

Recommendations

- ➤ PPO shall develop procedures within the department and align with purchasing practices to ensure that all tangible personal property is purchased in accordance with District purchasing policies and procedures.
- > PPO shall not use P-Cards for purchases of assets.

- ➤ PPO shall evaluate and ensure that assets purchased through Maximo align with District purchasing policies and procedures.
- ➤ PPO should notify AFRD-CA immediately if an asset has not been received and an asset record was mistakenly created for the department.

<u>Finding 8: CARES Act - Equitable Services to Students and Teachers in Non-Public Schools (ESSER)</u> Assets

During the review of PPO's assets, it was noted that seven electrostatic backpack sprayers (sprayers) were incorrectly added to PPO's inventory list, costing a total of \$10,376. PPO stated the sprayers were added to the inventory without their knowledge. They also said they did not know where to find them as it was not an order they had placed. Upon further investigation, the purchases were a part of the Equitable Services to Students and Teachers in Non-Public Schools (ESSER) Grant under the CARES Act Program. The program required local educational agencies (LEA) to provide equitable services "in the same manner as provided under section 1117 of the ESEA [Elementary and Secondary Education Act]" to students and teachers in non-public schools. The program guidelines required the District to purchase items on behalf of private schools, as the grant funding was not being provided directly to the private schools. LEA or other public agencies maintain control of funds. The guidance provided by the U.S. Department of Education states that title to materials, equipment, and property purchased with such funds must be in a public agency.

The Office of the Chief Financial Officer (CFO) administered the ESSER grant purchases, including the sprayers. The purchase of thirty-five sprayers totaling \$51,880 was processed, ensuring the private schools received the equipment requested through the grant. The Auditor found that the address for the sprayers in SAP corresponded to that of the CFO. Based on the procedures provided by AFRD-CA, all thirty-five sprayers would have been assigned to the CFO's organization unit. Twenty-eight of thirty-five sprayers were added to the CFO's inventory. The remaining seven were added to PPO's inventory without any documentation, acknowledgment, or approval from PPO. When information was requested from AFRD-CA regarding the seven sprayers found on PPO's inventory, they explained that the sprayers are located at non-District locations. They also stated that PPO was determined to be the assigned property custodian for PPE items using ESSER funding. AFRD-CA was unaware of what was or was not discussed with PPO management.

In addition, the Florida Administrative Rule 69I-73.003 Recording of Property (FAC 69I-73.003) provides guidance for property record requirements. It states that governmental units shall maintain records of property in their custody, which shall contain, at a minimum, the information required by the rule. An individual property record should contain the item's physical location (the city, county, address or building name, and room number therein). Based on the information gathered during the audit, the Auditor noted the sprayers were directly shipped from the vendor to the individual non-public school locations. The asset records in SAP do not indicate this information. As a result of the incorrect delivery address entered in SAP for the sprayers, the property records do not comply with the FAC 69I-73.003.

AFRD-CA assigned the assets to a department without receiving the approval of that department in accordance with FAC 69I-73.003 <u>Recording of Property</u> and BPB O-100, B. <u>Transferring Tangible Personal Property</u> requirements.

Although this issue has since been communicated to the appropriate parties, the assets remain under PPO's inventory.

Recommendations to CFO

Purchases of assets for locations outside the District should be assigned unique physical location numbers that accurately represent the asset's location at a minimum.

Recommendations to AFRD-CA

➤ AFRD-CA should ensure that the appropriate forms are obtained with the proper signatures certifying both property custodians are aware of the changes.

Finding 9: Police Report

A burglary was reported to local authorities since the last property and inventory audit was completed at PPO. The police report provided by the department noted that the serial number was omitted from the report. The lack of referencing serial numbers on a police report decreases the possibility of recovering the equipment if found by local authorities in the future. As part of the District's policies and procedures, the department must provide serial numbers for the stolen tangible personal property and a narrative of the event. Equipment remains unaccounted for because procedures were not followed.

A similar finding was identified during the prior audit conducted in 2016-2017. The Director's Management Response stated they would conduct the following corrective actions (italicized):

OCA Recommended: Policies and procedures for reporting theft or vandalism of fixed assets should be provided to all staff members who are assigned equipment that is temporarily removed from the primary operational site to ensure that everyone is aware of the expectations for safeguarding as well as the reporting requirement for District assets in the future.

PPO's Response: The PPO Property Custodian will be immediately trained to ensure that assets are accurately managed, safely stored, and properly identified when reported in forms and reports including not less than the serial number and description narrative. Please see corrective action #1."

The OCA requested but was not provided any documentation to validate when the Director reviewed policies and procedures reporting theft or vandalism with PPO staff members.

Recommendations

> PPO shall comply with all requirements of reporting theft or vandalism per the BPB O-100.

Additional Recommendations

➤ Due to staff turnover, the OCA recommends the Executive Director of PPO register designated property and inventory team member(s) for the Inventory Process & Tips training offered by the IT Department. The Executive Director should also review BPB O-100 with the department's property and inventory team and ensure compliance with all policies and procedures.

PROPERTY AND INVENTORY AUDIT RESPONSE - FISCAL YEAR

2016-17 PHYSICAL PLANT OPERATIONS (PPO)

Through this correspondence, we acknowledge receipt and review of the findings from the FY 2016-17 property and inventory audit for the Physical Plant Operations Department (PPO). In addition, we acknowledge receipt of management responses from the department.

The director of PPO, recognizes the findings and has been instructed to ensure that all staff follows through with the corrective actions as proposed by the department.

FROM: Sam R. Bays, Director

SUBJECT: AUDIT REPORT ON PROPERTY INVENTORY, FISCAL YEAR 2016-17

MANAGEMENT'S RESPONSE

This is to inform you that the Office of the Chief Auditor conducted the 2016-17 Fiscal Year Audit on Property Inventory with the following summarized findings:

SUMMARY:

- 1. PPO's controls over inventory and fixed assets did not meet the District's policies and procedures.
 - a. FINDING: No evidence found of semi-annual property and inventory audits, and there are findings of loss or unaccounted pieces of equipment.
 - 1. The property and inventory audit identified that of 1,132 items, 30 were unaccounted, and 21 of the 30 are missing with a dollar cost of \$80,209 and net value of \$11,237.
 - 2. Records were not provided by the department to confirm that semiannual property and inventory audits are conducted.
 - b. FINDING: <u>Processes are not being followed per policies and procedures.</u>
 - 1. Several burglaries were reported to local authorities and the reports did not include the equipment serial numbers, decreasing the possibilities of recovery should the equipment be found. Four pieces of equipment remain unaccounted for.
 - 2. Equipment designated as 'beyond economical repair' was not processed per policies and processes (3290A Surplus Declaration Transfer Form not completed) and thus remains unaccounted for.
 - 3. 145 pieces of equipment were found at locations that did not match the recorded Master File assigned location.

CORRECTIVE ACTIONS:

1. "The Office of the Chief Auditor suggests reconciliation of all assets be completed as often as needed to ensure an accurate physical accounting of site designated assets by the staff. The Principal should ensure the accounting of assets is completed semi-annually in order to comply with policies and procedures."

November 1, 2016 Audit Report on Property Inventory, Fiscal Year 2016-17 Management's Response Page 2 of 3

Response: PPO is committed to a goal of zero missing assets for the next Property Inventory audit of 2017-18.

- a. Processes will be revised to ensure that internal audits will be conducted in PPO at least semi-annually. Action: Management reviewed the Business Practice Bulletin O-100.
- b. PPO will revise all standard operating procedures for policies and processes that involve inventory items, to ensure that all documentation by the department provides the serial numbers of equipment. Management is accountable for reviewing documentation for accuracy.
- c. Continuous training will be provided to all staff identified in the process and designated to interface with inventory management responsibilities, including property custodian(s). Action: Inventory Process & Tips Training assigned and received by staff.
- d. Training will be provided at minimum on the following:
 - i. 3290A Surplus Declaration Transfer Form
 - ii. Filing police reports for stolen items
 - iii. Business Practice Bulleting O-100: Section B, Transferring Tangible Personal Property
 - iv. All procedures regarding inventory management of equipment and parts in PPO
- 2. The Office of the Chief Auditor recommends the Principal register the designated property team member(s) for the Inventory Process & Tips training offered by the Information & Technology Department. In addition, the Principal should review Business Practice Bulletin O-100: Procedure for Property and Inventory Control with the designated property team member(s) to ensure compliance with all procedures. The following internal control areas require improvement.

Response: PPO has already sent the designated property team members to the Inventory Process & Tips training offered by the Information & Technology Department. Management has already reviewed the Business Practice Bulletin O-100.

3. The locations must take appropriate measures to ensure the safekeeping of all tangible personal property.

Response: PPO agrees and has designated an individual whose primary responsibility is the maintenance of all property inventories (hereafter identified as PPO Property Custodian).

4. At a minimum, semi-annual inventories should be conducted to ensure the District's property records are accurately maintained and updated. This includes the high-risk property items maintained within the secondary database established by the location.

Response: PPO agrees. Please see corrective action #1.

November 1, 2016 Audit Report on Property Inventory, Fiscal Year 2016-17 Management's Response Page 3 of 3

5. The location should improve its processes for completing the 3290A Surplus Declaration Transfer forms after tangible personal property has been recognized as salvageable equipment.

Response: PPO Management agrees and the PPO Property Custodian will work with each Manager and this office to ensure that 3290A forms are executed on every asset transfer. Please see corrective action #1.

6. A property pass must be executed to document the assignment and removal of equipment from the primary operational site.

Response: PPO Management will work with the PPO Property Custodian and this office to ensure that property passes are executed for every assignment and removal of equipment from the primary operational site.

7. Policies and procedures for reporting theft or vandalism of fixed assets should be provided to all staff members who are assigned equipment that is temporarily removed from the primary operational site to ensure that everyone is aware of the expectations for safeguarding as well as the reporting requirement for District assets in the future.

Response: The PPO Property Custodian will be immediately trained to ensure that assets are accurately managed, safely stored, and properly identified when reported in forms and reports including not less than the serial number and description narrative. Please see corrective action #1.

8. Any corrections required to asset record(s) should be promptly reported to AFRD-CA. If the tangible personal property has not been received at the location, and the asset records were mistakenly created for this location, the Property Custodian should immediately notify AFRD-CA to correct the discrepancy in a timely manner.

Response: PPO agrees and the PPO Property Custodian will ensure compliance.

9. When transferring tangible personal property to a different location, the proper documentation should be executed and completed. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

Response: PPO agrees and will comply, and PPO management is accountable to provide continuous training opportunities to staff on procedures including transfer documentation.

MARK D. DORSETT EXECUTIVE DIRECTOR

July 21, 2022

TO: Judith M. Marte, Deputy Superintendent, Operations

The Office of the Deputy Superintendent, Operations

FROM: Mark D. Dorsett, Executive Director

Physical Plant Operations (PPO) Division

SUBJECT: AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022

This inventory audit is the cumulation of an audit that started in 2019 and was near completion when it was paused in 2020 due to COVID-19. In the intervening time, there has been a leadership change, and the audit was restarted in 2021 to include all assets acquired during the break. The result of this break and restart is that the audit presented is spanning a period of over three years. As is customary, our fixed asset file was locked from corrections during the entire three-year audit period.

The PPO Division is comprised of three departments operating out of five major locations with two additional satellite offices. As an operating policy, locations share equipment and tools to avoid the need to purchase redundant equipment. Additionally, some items, such as spot coolers and fans, are temporarily loaned to schools while repairs are completed. PPO understands that the sharing of equipment, even internally, does not relieve us the responsibility to prepare and execute property passes as required by Business Practice Bulletin (BPB) O-100.

It was clear by the initial audit findings in 2020 that PPO department needed to take additional steps to manage the asset inventory beyond those taken after the last asset audit in 2017. Staff assigned to tracking our asset inventory have left the District, and there were too many cases where property passes, 3290A (Capital Assets Activity, Surplus Declaration Transfer) forms, etc. were executed in an incomplete manner. To address this need, a plan was created in late 2020 to internally reorganize the staff to create an asset management team: a new Asset Management Coordinator position (full time) and five Clerk Specialist IV positions, one assigned to each major location. Several steps of this plan have been completed: the five Clerk Specialist IV staff have been identified and transferred to the appropriate locations, the Property and Inventory Coordinator, Operations job description has been drafted and is under review by the Compensation Department. (See Exhibit A).

OCA Recommendations _ PPO's Responses

Finding 1: Missing Equipment Recommendations:

PPO should develop standard operating procedures that detail the steps and procedures required for individual employees to safeguard the equipment they are entrusted with.

PPO Response:

 We agree. PPO will update the existing PPO SOP (Standard Operating Procedure) PPO-130 with a focus on employee safeguarding of equipment. Target to update SOP: September 2022.

AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022 July 21, 2022 Page 2 of 6

PPO should create and maintain a perpetual inventory system that enables them to manage and track the inventory of assets, and attractive undervalue items in real-time.

PPO Response:

- We agree. PPO is in development/test mode with a database that is designed to maintain and manage its property and inventory (SAP assets and undervalued items), formerly known as PAMP (Property Asset Management Program) and currently known as ATM (Asset Tracking Manager). Within this database, PPO will track and store the District's Forms (3290a, etc.) which are used to track assets/items, as per the District's Business Practice Bulletin O-100. PPO will continue to track the progress of this effort through the Office of the Deputy Superintendent of Operations. Target to complete system revisions: June 2023.
- Every effort should be made to continue to locate the missing items.

PPO Response:

 Agreed. PPO acknowledges the importance of accounting for PPO assets and will continue to work to locate missing items.

Finding 2: Surplus – Disposition Recommendations:

PPO should revise the standard operating procedure to include detailed instructions for the surplus procedures.

PPO Response:

- We agree. PPO will update the existing PPO SOP PPO-130 with a focus on instructions for surplus procedures. Target to update SOP: September 2022.
- Surplus procedures found in the BPB O-100 should be reviewed with employees tasked with the department's property and inventory processes.

PPO Response:

- We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Training for this group regarding BPB (Business Practice Bulletin) O-100 will be completed by August 2022.
- PPO should establish and document a follow-up process with AFRD-CA (Accounting & Financial Reporting Capital Assets group) to ensure that asset records are removed as intended.

PPO Response:

• We agree. PPO will update the existing PPO SOP PPO-130 with a focus on asset record followup. Target to update SOP: September 2022, with training of staff to follow by October 2022.

Finding 3: Semi-annual Inventories Recommendations:

PPO should conduct semi-annual inventories to ensure the safekeeping of all District tangible personal property and certify that asset records are accurately maintained and updated. This includes the undervalued high-risk property items cataloged within the secondary database established by the location.

AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022 July 21, 2022 Page 3 of 6

PPO Response:

- We agree. After training of staff, a schedule will be developed for each department with required start and end dates. Expected schedule completion date: November 2022.
- The first semi-annual inventory for Fiscal Year 2022-23 will be completed no later than January 31, 2023.
- PPO should revise the standard operating procedure to include detailed instructions for conducting semi-annual inventories and performing the reconciliation against the property records process to ensure asset records are being updated.

PPO Response:

- We agree. PPO will update the existing PPO SOP PPO-130 to include instructions for conducting semi-annual inventories and performing the reconciliation procedures. Target to update SOP: September 2022, with training of staff to follow by October 2022.
- PPO should revise the standard operating procedures to include a process for reporting discrepancies identified during the semi-annual inventory. Any corrections required to the asset record should be promptly reported to AFRD CA.

PPO Response:

• We agree. PPO will update the existing PPO SOP PPO-130 to include instructions for reporting discrepancies identified during the semi-annual inventories and performing the reconciliation procedures. Target to update SOP: September 2022, with training of staff to follow by October 2022.

Recommendation(s) to the Office of the Chief Financial Officer:

The Chief Financial Officer (CFO) is responsible for establishing the requirements for recording property and the periodic property review for inventory purposes. The CFO should revise BPB O-100 to include a complete reconciliation process of the semi-annual inventories in more detail for locations to be aware of their responsibilities when discrepancies are found.

Finding 4: Property Passes Recommendations:

PPO should follow procedures found in the BPB O-100 for issuing property passes to employees and locations when equipment has been authorized to be temporarily removed from the primary operational location.

PPO Response:

- We agree. Employee property passes will enhance PPO's ability to track and manage assets. PPO will update the existing PPO SOP PPO-130 to include instructions for issuing property passes. Target to update the SOP: September 2022, with training of all staff that manage assets to follow by December 2022.
- PPO should update the standard operating procedures to include detailed instructions for issuing property passes for equipment authorized to be temporarily removed from the primary operational location.

Educating Today's Students to Succeed in Tomorrow's World

AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022 July 21, 2022 Page 4 of 6

PPO Response:

- We agree. Intradepartmental property passes will enhance PPO's ability to track and manage assets. PPO will update the existing PPO SOP PPO-130 to include instructions for issuing property passes. Target to update SOP: September 2022, with training of all staff that manage assets to follow by November 2022.
- PPO shall issue property passes to principals/directors of locations when the assets are temporarily assigned.

PPO Response:

- We agree. Timely executed property passes will enhance PPO's ability to track and manage assets. Assets are sometimes moved to respond to urgent and emergency situations. This will require an initial property pass executed by the staff located onsite (if any) and follow-up to obtain a completed property pass. Target to implement and train staff: November 2022.
- PPO should create and maintain a perpetual inventory system that enables them to manage and track the inventory of assets, and attractive undervalue items in real-time.

PPO Response:

• We agree. A separate inventory system will enhance PPO's ability to track and manage assets. As noted before, PPO continues to work on such a data source. Target to complete system revisions: June 2023.

Finding 5: Discrepancies Recommendations:

PPO should confirm that staff verifying equipment during the semi-annual inventory is also certifying the property record information is accurate.

PPO Response:

- We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Assigned duties for this team will include verifying property records and creating a record of the semi-annual review. Training staff for this function will be completed by October 2022.
- PPO should confirm that all corrections required to asset records, including changes to the item's description, serial number, or quantities received, are promptly reported to AFRD-CA.

PPO Response:

 We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Assigned duties for this team will include verifying asset descriptions, especially for new assets. Training staff for this function will be completed by October 2022.

Finding 6: Transfers Recommendations:

PPO should improve its purchasing practices, ensuring that the correct location is listed on assets regardless of the budget(s) used to purchase the asset.

Educating Today's Students to Succeed in Tomorrow's World

AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022 July 21, 2022 Page 5 of 6

PPO Response:

- We agree. The PPO Finance Manager recently determined a solution with AFRD-CA for asset purchases assigned to Zone offices. In addition, PPO will update the existing PPO SOP PPO-130 to include instructions for asset purchases initiated by PPO staff related to Maximo work orders. Target to update SOP: October 2022.
- PPO shall ensure that assets are listed at the appropriate location. PPO shall properly execute a 3290A Surplus/Transfer Declaration form when discrepancies occur and immediately communicate the discrepancies to Accounting and Financial Reporting.

PPO Response:

- We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Assigned duties for this team will include proper use of the 3290A forms. Training staff for this function will be completed by October 2022.
- PPO must confirm that the 3290A Surplus/Transfer Declaration forms were executed correctly.

PPO Response:

• We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Assigned duties for this team will include proper use of the 3290A forms. Training staff for this function will be completed by October 2022.

Recommendation(s) to the IT Department:

The IT Department should complete 3290A Surplus Declaration Transfer forms to transfer for the 125 computers redirected to PPO.

Finding 7: Newly Added Equipment Recommendations:

PPO shall develop procedures within the department and align with purchasing practices to ensure that all tangible personal property is purchased in accordance with District purchasing policies and procedures.

PPO Response:

- We agree. In addition, PPO will update the existing PPO SOP PPO-130 to include instructions for asset purchases initiated by PPO staff related to Maximo work orders. Target to update SOP: September 2022.
- > PPO shall not use P-Cards for purchases of assets.

PPO Response:

- We agree. This is part of the annual P-Card training. PPO has determined that order forms were
 not being sufficiently reviewed prior to processing by Procurement and Warehousing Staff (PWS)
 to eliminate tool purchases. All P-Card statements are reviewed by the Executive Director monthly
 for compliance with P-Card usage rules.
- PPO shall evaluate and ensure that assets purchased through Maximo align with District purchasing policies and procedures.

Educating Today's Students to Succeed in Tomorrow's World

AUDIT RESPONSE ON PROPERTY & INVENTORY FISCAL YEAR 2021-2022 July 21, 2022 Page 6 of 6

PPO Response:

- We agree. In addition, PPO will update the existing PPO SOP PPO-130 to include instructions for asset purchases initiated by PPO staff related to Maximo work orders. Target to update SOP: September 2022.
- > PPO should notify AFRD-CA immediately if an asset has not been received and an asset record was mistakenly created for the department.

PPO Response:

 We agree. PPO has recently assigned 5 clerks (one at each major location) to perform the required property and inventory processes. Assigned duties for this team will include review of new asset records. Training staff for this function will be completed by October 2022.

Recommendation(s) to CFO and AFRD-CA:

- Purchases of assets for locations outside the District should be assigned unique location numbers that accurately represent the asset's location at a minimum.
- AFRD-CA shall not circumvent internal controls when assigning assets to locations. If a change is required, the department should ensure that the appropriate forms are obtained with the proper signatures certifying both property custodians are aware of the changes.

Finding 8: Police Report Recommendations:

> PPO shall comply with all requirements of reporting theft or vandalism per the BPB O-100.

PPO Response:

• We agree. This subject will be reviewed with Managers of all departments. In addition, PPO will update the existing PPO SOP PPO-130 to include instructions for reporting theft and vandalism. Target to update SOP: September 2022.

Additional Recommendations:

Due to staff turnover, the OCA recommends the Executive Director of PPO register designated property and inventory team member(s) for the Inventory Process & Tips training offered by the IT Department. The Executive Director should also review BPB O-100 with the department's property and inventory team and ensure compliance with all policies and procedures.

PPO Response:

• We agree. The Inventory Process & Tips course is no longer being offered; however, PPO was able to obtain a copy of the course material. PPO will update the existing PPO SOP PPO-130 as noted above and the Executive Director will be invited to kick-off the training. Target to update SOP: September 2022, with training of staff to follow by October 2022.

The School Board of Broward County, Florida Office of Human Resources

JOB DESCRIPTION TEMPLATE

POSITION TITLE: Property and Inventory Coordinator, Operations

JOBCODE:

CLASSIFICATION: Non-Exempt SALARY BAND: Pay Grade 24 BARGAINING UNIT: BTU-TSP

REPORTS TO: Manager, Director or Designee

CONTRACT YEAR: Twelve Month (This job may be assigned to any shift)

POSITION GOAL: Implement a defined standard for maintaining proper and accurate tangible assets inventory within the Operations division. Evaluate and provide guidance to Staff with regard to record accuracy and the District's requirements for the management of property inventory. Assumes primary role of control within the review of transactions which result in changes to ownership of property. Responsible for coordinating efforts related to Property Audits performed by the Office of the Chief Auditor.

ESSENTIAL PERFORMANCE RESPONSIBILITIES:

The Property and Inventory Coordinator shall carry out the performance responsibilities listed below.

- Develops and maintains Standard Operating Procedure Documents (SOPs) for property inventory management.
 This includes granular level procedures related to the property life-cycle from purchase to disposal.
- Performs administrative oversight to ensure accuracy across the program for the tracking of property.
- Ensures timely updates are reported to reflect changes in property status.
- Ensures all District Policies are carried out as specified (e.g. Semi-annual internal property review).
- Verifies that all documents are processed accurately and completely as per operating standards.
- Performs all communications related to updates in property status between Operations and Capitol Assets Program.
- Performs all communications related to updates in property status between Operations and Office of the Chief Auditor.
- Participates in formal responses to the Audit Department. Reviews and assists with follow-up to Audit recommendations.
- Coordinates, schedules and oversees periodic review meetings in support of the continuous improvement of property inventory standards.
- Oversees and trains others on the use of the computerized management system for property management.
- Oversees and trains others on processing standards based on the operating procedures for property management.
- Performs oversight of staff as assigned.
- Conducts on-site audits for the purpose of reconciling data within the District's property inventory database.
- Acts as subject matter expert on behalf of Operations in relation to all matters associated with property and inventory standards.
- Highly knowledgeable in State and Board tangible property policies and standards. Confers with management on laws and regulations governing tangible property control.
- Support the implementation of enhancements and upgrades to the computerized management system as new releases are
 made available.

The School Board of Broward County, Florida Office of Human Resources

- Experience working in a complex organization requiring collaboration across multiple internal departments.
- Perform and promote all activities in compliance with the equal employment and non-discrimination policies of The School Board of Broward County, Florida.
- Participate in training programs offered to enhance the individual skills and proficiency related to job responsibilities.
- Review current developments, literature and technical sources of information related to job responsibilities.
- Ensure adherence to safety rules and procedures.
- Perform other duties as assigned by the immediate supervisor or designee.
- Follow federal and state, as well as School Board policies.

MINIMUMQUALIFICATIONS & EXPERIENCE:

- Must have a standard high school diploma or satisfactory completion of an approved General Educational Development (GED) testing program.
- A minimum of six (6) years of experience and/or training in the field related to the title of the position.
- Computer skills as required for the position.

PREFERRED QUALIFICATIONS & EXPERIENCE:

- An earned Bachelors degree from an accredited institution.
- A minimum of three (3) years of experience and/or training in the field related to the title of the position.
- Experience in maintaining databases.
- Bilingual skills preferred.

SIGNIFICANT CONTACTS -frequency, contact, purpose, and desired end result:

Frequent communication with various Operations Programs. Resources and site-based staff to schedule required work. Other internal and external customers throughout the District, using tact and good judgement to complete assigned tasks.

PHYSICAL REQUIREMENTS:

Light Work: Exerting up to 20 pounds of force occasionally and/or up to 10 pounds of force as frequently as needed to move objects.

TERMS OF EMPLOYMENT:

Salary and benefits shall be paid consistent with the District's approved compensation plan. Length of the work year and hours of employment shall be those established by the School Board.

EVALUATION:

Performance will be evaluated in accordance with Board policy.

PPO Report – Audit Findings and Recommendations

Recommendations to PPO

- PPO should improve its purchasing practices, ensuring that the correct location is listed on assets regardless of the budget(s) used to purchase the asset.
- PPO shall ensure that assets are listed at the appropriate location. PPO shall properly execute a 3290A Surplus/Transfer Declaration form when discrepancies occur and immediately communicate the discrepancies to Accounting and Financial Reporting.
- PPO must confirm that the 3290A Surplus/Transfer Declaration forms were executed correctly.

Recommendations to the IT Department

• The IT Department should complete 3290A Surplus Declaration Transfer forms to transfer for the 125 computers redirected to PPO.

IT Response:

- At the onset of the Covid-19 Pandemic and District wide closures, the director of PPO at the time contacted our division for assistance to obtain laptops for staff to work remotely
- Arrangements were made to deliver 125 laptops directly to PPO with the understanding that
 they would make all necessary arrangements to safeguard the devices and issue the required
 property passes and distribute to their staff
- Additionally, they would share a list of distributed devices with staff names and serial numbers with the IT division
- On 4/11/2020, our deployment vendor, Arey Jones Educational Solutions, pre-sent an email with a list of the 125 serial numbers: see file CV19-CT125-i5.xlsx
- On April 13, 2020, Arey Jones delivered 125 L390 i5 Lenovo laptops to PPO
- Enclosed is the signed POD signed by Lois Perl (PPO laptops paperwork received 04-13-2020-095201.pdf)
- On 4/13/2020, IT moved the laptops to the PPO organizational unit for imaging and deployment
- On 5/1/2020, IT requested a list of all the serial numbers and to whom PPO distributed the laptops
- On 5/1/2020, Technical staff from PPO sent IT Division a FileMaker database with the requested information. Enclosed as PPO-CV19_Loner laptops List V4.fmp12
- IT exported that database to an Excel file, enclosed as PPO-CV19_Loner laptops List V4.xlsx
- On Thursday, July 14, 2022, IT initiated the 3290a form to transfer devices issued to PPO as part of our reconciliation of devices issued to departments throughout the pandemic, screen shot of initial e-sign paperwork attached
- The IT Division is in the process of reconciling all loaned devices with each individual department;
 - Email being sent to each Department Lead
 - Option 1, the department can retain the device, in which case we will initiated a 3290a transfer form
 - Option 2, the department no longer needs the devices and needs to be returned to our division by the end of July 2022
- Additionally, we are engaged in the Tangible Personal Property Management Process
 Improvement project where we will address the issuance of property and maintaining a single
 system of truth

Signatures on File

July 19, 2022

TO: Joris Jabouin, Chief Auditor

Office of the Chief Auditor

FROM: Erum Motiwala, Chief Financial Officer

Office of the Chief Financial Officer

VIA: Judith M. Marte, Deputy Superintendent

Office of the Deputy Superintendent, Operations

SUBJECT: AUDIT RESPONSE ON PROPERTY & INVENTORY FY 2023

Finding 3: Semi-annual Inventories

Recommendations to the Office of the Chief Financial Officer:

The Chief Financial Officer (CFO) should revise BPB O-100 to detail the reconciliation process locations must conduct after completing the physical inventory to ensure property records are accurately updated. The Chief Auditor and Deputy Superintendent of Operations discussed this matter, and both agree with this recommendation.

Management's Response:

Accounting and Financial Reporting-Capital Assets (AFRD-CA) will conduct quarterly training effective fiscal year 2022-23 to train locations on how to reconcile the property and inventory in accordance with BPB O-100, *Procedure For Property & Inventory Control*. The BPB O-100 clearly delineates the expectations from the locations. We believe that ongoing training would be beneficial for all locations and provide better outcomes. The Deputy Superintendent of Operations is open to further discussions about BPB O-100.

<u>Finding 8: CARES Act - Equitable Services to Students and Teachers in Non-Public Schools</u> (ESSER) Assets

Recommendations to CFO

Purchases of assets for locations outside the District should be assigned unique physical location numbers that accurately represent the asset's location at a minimum.

Management's Response:

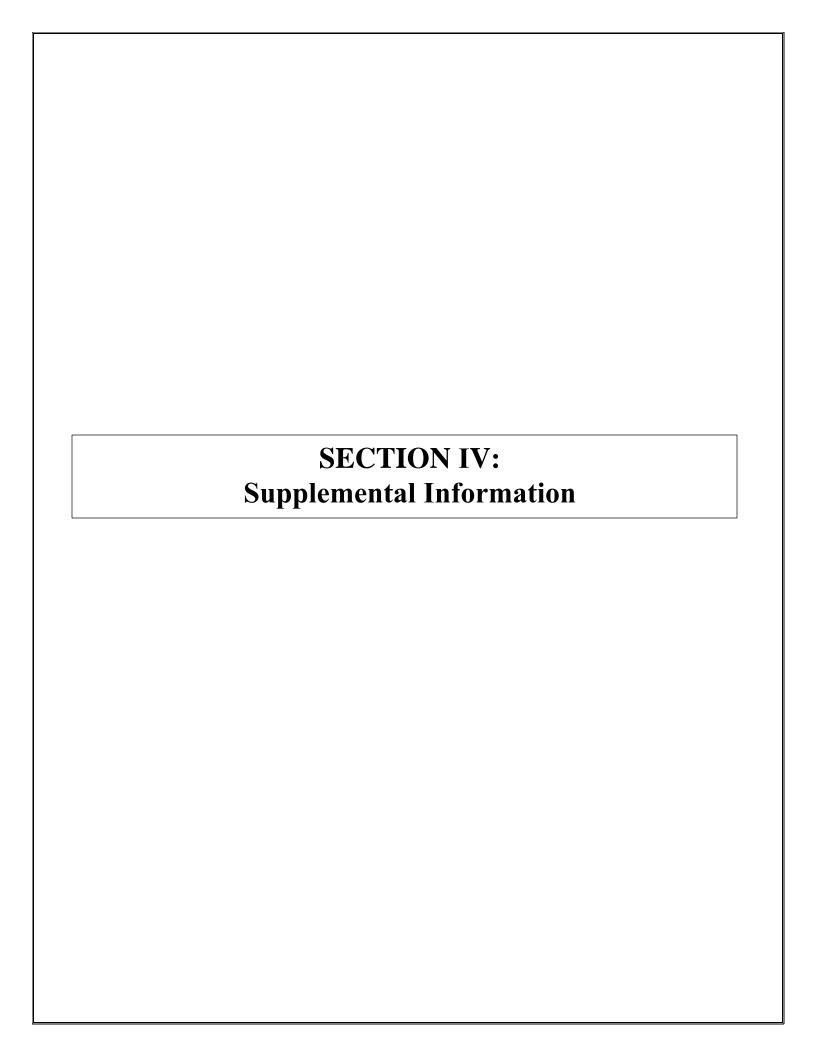

Private schools are not District owned nor have a state issued Master School ID, therefore the recommended establishment of unique physical location for private school cannot be accomplished. Property Passes accurately represent an asset's physical location and complies with FAC 69I-73.003. The BPB O-100 outlines procedures for tangible personal property removed from District premises under section C. ASSIGNMENT OF TANGIBLE PERSONAL PROPERTY TO STAFF and Exhibit 4, Property Pass.

Recommendations to Accounting and Financial Reporting Department-Capital Assets

AFRD-CA should ensure that the appropriate forms are obtained with the proper signatures certifying both property custodians are aware of the changes.

Management's Response:

CFO's location should not be used as a property custodian for the sprayers. The appropriate area responsible for sprayers is the PPO Department. If the sprayers were returned to the District, PPO Department would need to take physical custody. PPO Department agrees with the transfer of sprayers to their location's inventory and will issue property passes to private schools for the sprayers in their possession. Finance will provide the information for the sprayers to PPO Department to facilitate the transfer upon receiving confirmation from OCA that the audit has been completed and Board approved. AFRD-CA cannot alter property records for the duration of an audit. PPO Department has also been informed that in accordance with BPB O-100, all locations are minimally required to conduct semi-annual inventories to ensure the District's property records are accurately maintained and updated. Private schools are not District owned and do not have a Master School ID. Therefore, a private school's location number would not be entered in SAP.

CHAPTER 274

TANGIBLE PERSONAL PROPERTY OWNED BY LOCAL GOVERNMENTS

- 274.01 Definitions.
- 274.02 Record and inventory of certain property.
- 274.03 Property supervision and control.
- 274.04 Property acquisition.
- 274.05 Surplus property.
- 274.06 Alternative procedure.
- 274.07 Authorizing and recording the disposal of property.
- 274.08 Penalty.
- 274.09 Construction.
- 274.10 Initiation of act.
- 274.11 County health department property.
- 274.12 Special districts subject to chapter.
- **274.01 Definitions.**—The following words as used in this act have the meanings set forth in the below subsections, unless a different meaning is required by the context:
- (1) "Governmental unit" means the governing board, commission or authority of a county or taxing district of the state or the sheriff of the county.
- (2) "Custodian" means the person to whom the custody of county or district property has been delegated by the governmental unit.
- (3) "Property" means all tangible personal property, owned by a governmental unit, of a nonconsumable nature.
- (4) "Fiscal year" means the governmental unit's fiscal year established pursuant to law; otherwise, it means the calendar year.

History.—s. 1, ch. 59-163; s. 1, ch. 61-102.

274.02 Record and inventory of certain property.—

- (1) The word "property" as used in this section means fixtures and other tangible personal property of a nonconsumable nature.
- (2) The Chief Financial Officer shall establish by rule the requirements for the recording of property and for the periodic review of property for inventory purposes.

History.—s. 2, ch. 59-163; s. 8, ch. 69-82; s. 1, ch. 73-87; s. 5, ch. 82-104; s. 1, ch. 88-53; s. 5, ch. 96-209; s. 2, ch. 2004-296; s. 41, ch. 2006-122.

274.03 Property supervision and control.—A governmental unit shall be primarily responsible for the supervision and control of its property but may delegate to a custodian its use and immediate control and may require custody receipts. A governmental unit may assign to or withdraw from a custodian the custody of any of its property at any time; provided, that if the custodian is an officer elected by the people or appointed by the Governor, the property may not be withdrawn from the officer's custody without his or her consent. Each custodian shall be responsible to the governmental unit for the safekeeping and proper use of the property entrusted to his or her care. If the custodian is not a bonded officer, the governmental unit may require from the custodian a bond conditioned upon such safekeeping and proper use. In each county the sheriff shall be the custodian of the property of the office of sheriff.

History.—s. 3, ch. 59-163; s. 2, ch. 61-102; s. 186, ch. 95-148.

274.04 Property acquisition.—Whenever acquiring property, the governmental unit may pay the purchase price in full or may exchange property with the seller as a trade-in and apply the exchange allowance to the cost of the property acquired. If, whenever acquiring property, the governmental unit may best serve the interests of the county or district by outright sale of the property to be replaced, rather than by exchange as a trade-in, it may make the sale in a manner otherwise prescribed in this act for the disposal of property. The receipts from the sale may be treated as a current refund if the property to be acquired shall be contracted for within the same fiscal year of the governmental unit in which the property sold is disposed of.

History.—s. 4, ch. 59-163.

274.05 Surplus property.—A governmental unit shall have discretion to classify as surplus any of its property, which property is not otherwise lawfully disposed of, that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function. Within the reasonable exercise of its discretion and having consideration for the best interests of the county or district, the value and condition of property classified as surplus, and the probability of such property's being desired by the prospective bidder or donee to whom offered, the governmental unit may offer surplus property to other governmental units in the county or district for sale or donation or may offer the property to private nonprofit agencies as defined in s. 273.01(3) by sale or donation. If the surplus property is offered for sale and no acceptable bid is received within a reasonable time, the governmental unit shall offer such property to such other governmental units or private nonprofit agencies as determined by the governmental units on the basis of the foregoing criteria. Such offer shall disclose the value and condition of the property. The best bid shall be accepted by the governmental unit offering such surplus property. The cost of

transferring the property shall be paid by the governmental unit or the private nonprofit agency purchasing or receiving the donation of the surplus property.

History. -s. 5, ch. 59-163; s. 21, ch. 94-226; s. 6, ch. 96-209; s. 1, ch. 96-236.

274.06 Alternative procedure.—Having consideration for the best interests of the county or district, a governmental unit's property that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function, which property is not otherwise lawfully disposed of, may be disposed of for value to any person, or may be disposed of for value without bids to the state, to any governmental unit, or to any political subdivision as defined in s. 1.01, or if the property is without commercial value it may be donated, destroyed, or abandoned. The determination of property to be disposed of by a governmental unit pursuant to this section instead of pursuant to other provisions of law shall be at the election of such governmental unit in the reasonable exercise of its discretion. Property, the value of which the governmental unit estimates to be under \$5,000, may be disposed of in the most efficient and cost-effective means as determined by the governmental unit. Any sale of property the value of which the governmental unit estimates to be \$5,000 or more shall be sold only to the highest responsible bidder, or by public auction, after publication of notice not less than 1 week nor more than 2 weeks prior to sale in a newspaper having a general circulation in the county or district in which is located the official office of the governmental unit, and in additional newspapers if in the judgment of the governmental unit the best interests of the county or district will better be served by the additional notices; provided that nothing herein contained shall be construed to require the sheriff of a county to advertise the sale of miscellaneous contraband of an estimated value of less than \$5,000.

History.—s. 6, ch. 59-163; s. 22, ch. 94-226; s. 7, ch. 96-209.

274.07 Authorizing and recording the disposal of property.—Authority for the disposal of property shall be recorded in the minutes of the governmental unit. The disposal of property within the purview of s. 274.02 shall be recorded in the records required by that section.

History.—s. 7, ch. 59-163.

274.08 Penalty.—Any person who violates any provision of this act or any rule prescribed pursuant to its authority shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

History.—s. 8, ch. 59-163; s. 158, ch. 71-136.

274.09 Construction.—The provisions of this act shall be liberally interpreted to be cumulative and supplementary to any general, special or local law, heretofore or hereafter enacted.

History.—s. 10, ch. 59-163.

274.10 Initiation of act.—This act shall govern the administration of the property of each governmental unit from the beginning of such governmental unit's fiscal year next succeeding May 28, 1959.

History.—s. 11, ch. 59-163.

274.11 County health department property.—Title to property purchased by county health departments established pursuant to the provisions of chapter 154, whether purchased with federal, state or county funds, or any combination thereof, shall be vested in the board of county commissioners of the county where said county health department is located and shall be accounted for in accordance with the provisions of this chapter.

History.—s. 1, ch. 61-46.

274.12 Special districts subject to chapter.—Every special district governed by the provisions of this act shall comply with the provisions of this chapter.

History.-s. 12, ch. 79-183; s. 3, ch. 2004-296.

CHAPTER 69I-73 TANGIBLE PERSONAL PROPERTY OWNED BY LOCAL GOVERNMENTS

69I-73.001	Definitions
69I-73.002	Threshold for Recording Property
69I-73.003	Recording of Property
69I-73.004	Marking of Property Records
69I-73.005	Disposition of Property
69I-73.006	Inventory of Property

69I-73.001 Definitions.

The following terms, as used in Rule Chapter 69I-73, F.A.C., are defined as set forth below:

- (1) "Attractive Items" means tangible personal property used in operations that has a cost less than an established capitalization threshold and that requires special attention to ensure legal compliance, protect public safety, and avoid potential liability, or to compensate for a heightened risk of theft.
- (2) "Control Accounts" means summary accounts designed to control accountability for individual property records. Unlike individual property records that establish accountability for particular items of property, control accounts accumulate the total cost or value of the custodian's property and, through entries to the control accounts documenting acquisitions, transfers and dispositions, provide evidence of the change in that total cost or value over periods of time as well as the total cost or value at any time.
- (3) "Cost" means the amount paid to acquire or procure property (i.e., invoice price plus freight and installation charges less discounts). In determining cost, the value of property exchanged by the custodian in satisfaction of a portion of the purchase price of new property shall not be deducted from the full purchase price regardless of any property "traded in" on the new property.
 - (4) "Custodian" has the meaning set forth in section 274.01(2), F.S.
- (5) "Custodian's Delegate" means a person acting under the supervision of the custodian to whom the custody of property has been delegated by the custodian and, from whom the custodian receives custody receipts.
- (6) "Financial System" means the fund accounting process used by the local government for recording cash and other financial resources, expenditures and other financial uses, together with all related liabilities and residual equities or balances.
 - (7) "Governmental Unit" has the meaning set forth in section 274.01(1), F.S.
- (8) "Identification Number" means a unique number assigned and affixed to each item of property to identify it as property held by the custodian and to differentiate one item of property from another.
- (9) "Property" has the meaning set forth in section 274.02(1), F.S. Data processing software, as defined in section 119.011(6), F.S., is not considered to be property within the meaning of this rule chapter.
- (10) "Unaccounted for Property" means property held by a custodian, subject to the accountability provisions of section 274.03, F.S., that cannot be physically located by the custodian or custodian's delegate, and has not been otherwise lawfully disposed of.
 - (11) "Value" means the worth or acquisition value at the date of acquisition for donated property.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History-New 3-25-08, Amended 10-1-20.

69I-73.002 Threshold for Recording Property.

All property with a value or cost of \$5,000 or more and a projected useful life of 1 year or more shall be recorded in the local government's financial system as property for inventory purposes. For the purpose of this rule chapter, "cost" is used if the property is purchased and represents the purchase price of the property item; "value" is used if the property is donated and represents the worth or acquisition value of the property item at the date of donation. Attractive items with a value or cost less than \$5,000 shall be recorded in the local government's financial system as property for inventory purposes.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History-New 3-25-08, Amended 10-1-20.

69I-73.003 Recording of Property.

(1) Maintenance of Property Records – Governmental units shall maintain records of property in their custody that shall contain at a minimum, the information required by this rule.

- (2) Individual Records Required for Each Property Item Each item of property shall be accounted for in a separate property record. Related individual items which constitute a single functional system may be designated as a property group. A property group may be accounted for in one record if the component items are separately identified within the record. Examples of property items that may be accounted for as a property group item include modular furniture, computer components, book sets, and similar association of items. All property group items, the total value or cost of which is equal to or greater than \$5,000 shall be inventoried under this rule.
- (3) Content of Individual Property Records Each property record shall include the following information unless the information listed below does not exist for the property in the record:
 - (a) Identification number.
 - (b) Description of item or items.
 - (c) Physical location (the city, county, address or building name, and room number therein).
 - (d) Name of custodian with assigned responsibility for the item.
 - (e) In the case of a property group, the number and description of the component items comprising the group.
 - (f) Name, make, or manufacturer.
 - (g) Year and model(s).
 - (h) Manufacturer's serial number(s).
 - (i) If an automobile, the vehicle identification number (VIN) and title certificate number.
 - (j) Date acquired.
- (k) Cost or value at the date of acquisition for the item or the identified component parts thereof. When the historical cost of the purchased property is not practicably determinable, the estimated historical cost of the item shall be determined and recorded. Estimated historical costs shall be identified in the record and the basis of determination established in the governmental unit's public records. The basis of valuation for property items constructed by personnel of the governmental unit shall be the costs of material, direct labor, and overhead identifiable to the project. Donated items, including federal surplus tangible personal property, shall be valued at acquisition value at the date of acquisition. Regardless of acquisition method, the cost or value of a property item shall include ancillary charges. Ancillary charges are costs that are directly attributable to placing the asset into its intended location and condition for use, such as freight and transportation charges, installation costs and professional fees.
 - (1) Method of acquisition and, for purchased items, the voucher and check or warrant number.
 - (m) Date the item was last physically inventoried and the condition of the item at that date.
 - (n) If disposed of, the information prescribed in rule 69I-73.005, F.A.C.
- (4) Control Accounts A governmental unit-wide control account showing the total cost or value of the custodian's property shall be maintained. A governmental unit may keep additional control accounts for property for different funds or sub-funds. Control accounts shall not be established by periodically summarizing the costs or values recorded on the individual property records. Entries to control accounts shall be derived from documents evidencing transactions affecting the acquisition, transfer or disposition of property items and shall be posted contemporaneously with entries to the individual property records.
- (5) Depreciation shall be recorded to meet local governments' financial reporting requirements relating to depreciation accounting. However, depreciation shall not be recorded on the individual property records or in control accounts in such a manner as to reduce the recorded acquisition cost or value (i.e., depreciation shall be recorded as an item separate from the acquisition cost).

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History-New 3-25-08, Amended 10-1-20.

69I-73.004 Marking of Property Records.

- (1) Marking of Property Each property item shall be permanently marked with the identification number assigned to that item to establish its identity and ownership by the governmental unit holding title to the item. The marking shall visually display the property identification number of the item and may include an electronic scanning code ("barcode") to facilitate electronic inventory procedures.
- (2) Exemptions for Marking Property Any item of property whose value or utility would be significantly impaired by the attachment or inscription of the property identification number, is exempt from the requirement for physical marking. However, the custodian's property records shall contain sufficient descriptive data to permit positive identification of such items.
- (3) Location of Marking Items of a similar nature shall be marked in a similar manner to facilitate identification. In determining a marking location, careful consideration shall be given to the intended use of the items; the probability that the marking

could be obliterated by wear, vandalism or routine maintenance functions; and, the appropriateness of the marking method chosen. Additionally, the location of the marking and the marking method chosen shall not mar the appearance of the item. When utilizing an electronic scanning format system, electronic codes shall be placed on property in the same manner as other markings specified in this section.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History-New 3-25-08.

69I-73.005 Disposition of Property.

- (1) Methods of Disposition Property within the meaning of these rules may be lawfully disposed of, as provided in sections 274.05, 274.06 and 274.07, F.S. Property of the governmental unit which is not accounted for during regular or special inventories shall be subject to the rules regarding unaccounted for property (See rule 69I-73.006, F.A.C.).
- (2) Required Information The following information shall be recorded on the individual property record for each item lawfully disposed of, pursuant to sections 274.05, 274.06 or 274.07, F.S.:
 - (a) Date of disposition.
- (b) Authority for disposition (resolution of the governing body properly recorded in the minutes as required by section 274.07, F.S.).
 - (c) Manner of disposition (sold, donated, transferred, cannibalized, scrapped, destroyed, traded).
 - (d) Identity of the employee(s) witnessing the disposition, if cannibalized, scrapped or destroyed.
- (e) For items disposed of, a notation identifying any related transactions (such as receipt for sale of the item, insurance recovery, trade-in).
- (f) For property certified as surplus, reference to documentation evidencing that such property was disposed of in the manner prescribed by section 274.05 or 274.06, F.S.
- (3) Transfer of Property Records The individual property record for each item lawfully disposed of as described in this rule shall be, upon disposition of the item, transferred to a disposed property file. Destruction of such records shall be governed by the provisions of chapter 119, F.S.
- (4) Control Account The cost or value of items lawfully disposed of shall be removed from the control account at the time of disposition.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History-New 3-25-08.

69I-73.006 Inventory of Property.

- (1) Physical Inventory Required Each governmental unit shall ensure a complete physical inventory of all property is taken annually and whenever there is a change of custodian or change of custodian's delegate.
- (2) Inventory Forms The form used to record the physical inventory pursuant to section 274.02(2), F.S., shall be at the discretion of the governmental unit. However, the form shall display at a minimum for each property item, the following information:
 - (a) Date of inventory.
 - (b) Identification number.
 - (c) Existence of property item (or not).
 - (d) Physical location (the city, county, address or building name and room number therein).
 - (e) Present physical condition.
 - (f) Name and signature of the employee or other individual attesting to the existence of the item.
 - (g) In the case of a property group, the number and description of the component items comprising the group.
- (3) Electronic scanning format used for the identification number is acceptable only if the recorded data is downloadable to a computer and can then be used to generate reports that will include all information required on the hardcopy inventory form.
- (4) Unrecorded Property Any property item found during the conduct of an inventory which meets the requirements for accounting and control as defined in rule 69I-71.003, F.A.C., and which item is not included on the inventory forms described above, shall have an inventory form created for the item when located. After appropriate investigation to establish the ownership of the item, it shall be added to the governmental unit's property records or, if ownership cannot be reasonably established, the item may be disposed of in the manner provided by law as applicable to surplus property, pursuant to section 274.05 and 274.06, F.S.

- (5) Custodian Delegate Shall Not Inventory Certain Items The custodian delegate shall not personally inventory items for which they are responsible.
 - (6) Reconciliation of Inventory to Property Records Upon completion of a physical inventory:
- (a) The data listed on the inventory forms shall be compared with the individual property records. Noted differences such as location, condition and custodian shall be investigated and corrected as appropriate or alternatively, the item shall be relocated to its assigned location and custodian in the individual property record.
- (b) Items not located during the inventory process shall be promptly reported to the governmental unit which shall cause a thorough investigation to be made. If the investigation determines that the item was stolen, the individual property record shall be so noted, and a report filed with the appropriate law enforcement agency describing the missing item and the circumstances surrounding its disappearance.
- (7) Unaccounted for Property For items identified as unaccounted for and reported to the State's Chief Financial Officer, recording of the items as dispositions, or otherwise removing of the items from the property records, shall be subjected to approval of the State's Chief Financial Officer, as provided in section 17.041, F.S., and rule 69I-71.003, F.A.C.

SUBJECT: PROCEDURE FOR PROPERTY & **INVENTORY CONTROL**

GENERAL:

Florida Statutes (Ch. 274), Florida Administrative Rule, and Board policy 3204 outline the District's responsibility to account for and monitor tangible personal property. The purpose of this bulletin is to outline the procedures associated with Property & Inventory Control. Board policy 3204: PROPERTY ACCOUNTABILITY AND RESPONSIBILITY designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.

These procedures address the major aspects of inventory control including purchasing, transfer/salvage, the requirement to conduct self-inventories and the reporting of tangible personal property loss through theft or vandalism. It shall be the responsibility of the Accounting & Financial Reporting Department - Capital Assets to maintain the District's Master File of Capital Assets database for tangible personal property valued at \$1,000 or more and trackable SMART tangible personal property that has an acquisition value less than \$1,000, is considered high risk and prone to theft and has at least one year useful life and is not consumable in nature (includes but is not limited to musical instruments, iPads, tablets, desktops, printers, interactive white boards and interactive flat panel displays; see A. Purchasing Tangible Personal Property - SMART Purchases for detailed procedures regarding SMART purchases), and amend property records based on the submittal of appropriate documentation in accordance with this Business Practice Bulletin, while it shall be the responsibility of the Office of the Chief Auditor to conduct periodic inventory audits.

Although tangible personal property purchases with a unit value less than \$1,000 are not maintained on the District's Master File of Capital Assets database, property custodians must take appropriate precautions to safeguard and track all tangible personal property (purchased outside of the SMART program), especially high risk items such as iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays, cameras, audio/video equipment, custodial equipment and musical instruments. Locations must maintain records of these high risk items within a secondary, site-based tracking database. The property custodian will determine the format for maintaining the information contained in the location's secondary, site-based tracking database (Excel, FileMaker Pro, etc.) unless otherwise mandated by the respective SLT administrator.

PURCHASING TANGIBLE PERSONAL PROPERTY - SMART PURCHASES Α.

1. All non-consumable SMART tangible personal property **regardless of cost** must be ordered through the District's Purchasing system utilizing appropriate coding. (Exhibit 1 - Detailed procedures for SMART purchasing and receiving)

Supersedes: Business Practice Bulletin O-100, Dated	Issued By:
4/23/2015	Operations Division

The School Board of Broward County, Florida

BULLETIN NO.: O-100

PAGE: 2 OF 12

DATE: 6/22/2017

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

- 2. When ordering SMART tangible personal property, locations are prohibited from purchasing items in "lots", "bundles", or "attached lists". The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the cost center must be the same as the delivery address. SMART purchases must only be ordered via SMART Standard Requisitions/PO's (PO's beginning with #42). The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.
- 3. SMART tangible personal property purchases must be assigned one of the following SMART GL accounts.

SMART Purchases - \$1,000 or More

- a. 56210100: AV-Materials-Over \$1,000-SMART
- b. 56410100: Furn/Fix/Equip-Over \$1,000-SMART
- c. 56430100: Computer Equip-Over \$1,000-SMART
- d. 56910100: Software-Over \$1,000-SMART

SMART Purchases – Under \$1,000.00

- a. 56110100: Library Books-SMART
- b. 56220100: AV-Materials-Under \$1,000-SMART
- c. 56420100: Furn/Fix/Equip-Under \$1,000 Non Trackable-SMART
- d. 56421100: Furn/Fix/Equip-Under \$1,000 Trackable-SMART
- e. 56440100: Comp Equip-Under \$1,000 Non Trackable-SMART
- f. 56441100: Comp Equip-Under \$1,000 Trackable-SMART
- g. 56920100: Software: Software-Under \$1,000-SMART

NOTE:

<u>56420100: Furn/Fix/Equip-Under \$1,000 Non Trackable-SMART</u> is to be used when purchasing furniture, fixtures and equipment (excluding musical instruments).

<u>56421100</u>: Furn/Fix/Equip-Under \$1,000 Trackable-SMART is to be used when purchasing musical instruments. These items will be included on the District's Master File of Capital Assets database.

<u>56440100</u>: Comp Equip-Under \$1,000 Non Trackable-SMART is to be used when purchasing keyboards, mice, wiring for computers and other similar technology/accessories.

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

<u>56441100</u>: Comp Equip-Under \$1,000 Trackable-SMART is to be used when purchasing iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays. These items will be included on the District's Master File of Capital Assets database.

- 4. The cost center assigned to the SMART tangible personal property purchase must agree to the delivery/ship to address.
- 5. When SMART tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system regardless of cost. In the event an item does not physically possess a manufacturer's serial number, the new purchase documentation should be maintained in the site's property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word "none" should be utilized when receiving those items online that do not have a manufacturer assigned serial number.
- 6. Once the District's Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District's Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology - Production Control to all principals and their secretaries, district directors and secretaries, and budget keepers each time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the "Capital Assets This includes necessary changes to the item description, serial number, or quantities received. Additionally, if the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner. (Property custodians will receive the email notification from Information & Technology -Production Control even when new property items have not been created or modifications have been processed to existing property records for their respective location. In such instances, there will be no report contained within their respective location file within OptiSpool.)
- 7. All equipment should be stored in a secure location until it is ready for use.

A.1 PURCHASING TANGIBLE PERSONAL PROPERTY

- 1. All non-consumable tangible personal property with a unit value of \$1,000 or greater must be ordered through the District's Purchasing system utilizing appropriate coding. (Exhibit 1A Detailed procedures for purchasing and receiving)
- 2. When ordering tangible personal property, locations are prohibited from purchasing items in "lots", "bundles", or "attached lists". The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the appropriate delivery address should be noted. The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.
- 3. When tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system. In the event an item does not physically possess a manufacturer's serial number, the new purchase documentation should be maintained in the site's property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word "none" should be utilized when receiving those items online that do not have a manufacturer assigned serial number.
- 4. See STANDARD PRACTICE BULLETIN NO: I-311 Proper recording of donated assets or items purchased utilizing internal funds.
- 5. Once the District's Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District's Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology - Production Control to all principals and their secretaries, district directors and secretaries, and budgetkeepers each time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the "Capital Assets This includes necessary changes to the item description, serial number, or quantities received. modifications have been processed to existing property records for their respective location. In such instances there will be no report contained within their respective location file within OptiSpool.)

6. All equipment should be stored in a secure location until it is ready for use.

B. TRANSFERRING TANGIBLE PERSONAL PROPERTY

- 1. When a location is permanently transferring tangible personal property to another location, the property custodian is required to execute a 3290A Surplus/<u>Transfer</u> Declaration Form (See Exhibit 2).
- 2. The 3290A Surplus/<u>Transfer</u> Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being transferred.
- 3. The 3290A Surplus/<u>Transfer</u> Declaration Form must then be signed by both property custodians (issuing and receiving).
- 4. In the event the tangible personal property is able to be relocated without the assistance of Material Logistics, the receiving property custodian should then forward the <u>original</u> 3290A Surplus/<u>Transfer</u> Declaration Form to Accounting & Financial Reporting Capital Assets.
 - a. Accounting & Financial Reporting Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.
 - b. Accounting & Financial Reporting Capital Assets will modify the property records to reflect the transfer of the applicable tangible personal property.
 - c. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology Production Control.
 - d. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

The School Board of Broward County, Florida

BULLETIN NO.: O-100

PAGE: 6 OF 12

DATE: 6/22/2017

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

- 5. In the event assistance is required to relocate the tangible personal property, the receiving property custodian should forward the <u>original</u> 3290A Surplus/<u>Transfer</u> Declaration Form to the Manager, Material Logistics at the Warehouse.
 - a. Material Logistics will then arrange for the physical transfer of the tangible personal property. The issuing and receiving locations should ensure the actual tangible personal property corresponds to the information identified on the 3290A Surplus/<u>Transfer</u> Declaration Form at the time of pick-up and delivery.
 - b. Material Logistics will forward the <u>original</u> 3290A Surplus/<u>Transfer</u> Declaration Form along with the B-stock pick-up acknowledgment form (See Exhibit 3) to Accounting & Financial Reporting Capital Assets.
 - c. Accounting & Financial Reporting Department Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.
 - d. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting Department Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology Production Control.
 - e. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

C. <u>ASSIGNMENT OF TANGIBLE PERSONAL PROPERTY TO STAFF</u>

- 1. It is recognized that tangible personal property will be assigned to staff for temporary removal of the property from the primary operational site location. In such instances, a Property Pass (See Exhibit 4) must be executed to document the assignment and removal of capital equipment from the location.
- 2. A unique Property Pass must be completed for each piece of tangible personal property removed from the location.

Property Passes must be updated annually or as needed to ensure the physical accounting and proper return of the District's capital equipment.

Supersedes: Business Practice Bulletin O-100, Dated	Issued By:

The School Board of Broward County, Florida

BULLETIN NO.: O-100

PAGE: 7 OF 12

DATE: 6/22/2017

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

D. <u>CONDUCTING SEMI-ANNUAL INVENTORIES</u>

- 1. All locations are minimally required to conduct semi-annual inventories to ensure the District's property records are accurately maintained and updated. This includes the high-risk property items maintained within the secondary database established by the location.
- 2. The location will request an electronic copy of its PNI 811 report from Information & Technology Production Control.
- 3. Appropriate staff will physically verify each property item listed on the PNI 811 report is accounted for on premises or there is a current Property Pass executed for tangible personal property assigned to individuals.
- 4. Locations shall surplus tangible personal property twice per year in accordance with conducting their self-inventories (See F. SURPLUS OF TANGIBLE PERSONAL PROPERTY).
- 5. After completing the self-inventory, the property custodian shall complete the Semi-Annual Inventory Form (See Exhibit 5) and forward a copy of it to their respective SLT administrator.

E. REPORTING THEFT OR VANDALISM OF TANGIBLE PERSONAL PROPERTY

- 1. All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation.
- 2. To the extent possible, tangible personal property should be designated to individual staff that is requested to oversee the equipment and report any loss or theft to appropriate administration in "real-time". Additionally, tangible personal property that is not utilized on a day-to-day basis should be stored in a secured location, and the appropriate staff should physically verify this property as needed to provide the most effective means of securing tangible personal property.
- 3. In the event of theft or vandalism, the property custodian will report the loss to the Broward District Schools Police Department (BDSPD) and the local authorities at the time of the incident. As a component of the police report and the BDSPD's Immediate Notification Form (See Exhibit 6), the location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. This should be completed within 2 business days from when the incident is known or should have been known.

Supersedes: Business Practice Bulletin O-100, Dated	Issued By:

The School Board of Broward County, Florida

BULLETIN NO.: O-100

PAGE: 8 OF 12

DATE: 6/22/2017

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

- 4. The location must then complete a **03290** Tangible Property Loss/ Equipment Acquisition Form (**See Exhibit 7**) listing all of the tangible personal property items which were stolen. The form must contain all of the appropriate identifiable information and be signed by the property custodian.
- 5. The original **03290** Tangible Property Loss/ Equipment Acquisition Form, with a copy of the Immediate Notification Form and the police report attached, should then be forwarded to Accounting & Financial Reporting Department Capital Assets for record amendment. After allowing an appropriate period of time for the loss to be processed, the location should verify the applicable property records have been amended to reflect the loss by requesting an electronic **DOWNLOAD** of the location's PNI 811 report from Information & Technology Production Control. In the event property records have not been appropriately amended, the location should follow-up with Accounting & Financial Reporting Department Capital Assets to ascertain the processing status of the submitted documentation.
- 6. The location must maintain copies of all pertinent documentation for their files in order to efficiently facilitate any necessary reconciliation during subsequent property and inventory audits.
- 7. A record of all reported losses will be maintained by the District for the purpose of analyzing loss trends. In the event there is a trend of loss at the same location or any individual loss event is significant in magnitude, a review of the circumstances involved with the loss will be conducted in an effort to prevent similar losses in the future. This review will be conducted by representatives from the following departments: Broward District Schools Police, Risk Management, and Information & Technology. Following the review, recommendations will be made to enhance the security measures at the location in an effort to prevent similar losses in the future. These recommendations may include, but are not limited to:
 - a. Modification to the receipt and storage of asset equipment at the location
 - b. Modification of existing surveillance systems within the location
 - c. Installation of additional security devices/equipment at the location
 - d. Increased frequency of self inventories of asset equipment
 - e. Installation of passive or active security devices within high-risk equipment items

These recommendations are not a component of the property and inventory audit performed by the Office of the Chief Auditor.

F. SURPLUS OF TANGIBLE PERSONAL PROPERTY

- 1. Periodically, the location should surplus any obsolete or damaged tangible personal property in order to remove these records from their property inventory. Locations shall surplus tangible personal property twice per year in accordance with their self-inventories conducted semi-annually (See D. CONDUCTING SEMI-ANNUAL INVENTORIES).
- 2. The location should complete a 3290A <u>Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged.</u>
- 3. The 3290A <u>Surplus</u>/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being surplussed. The 3290A <u>Surplus</u>/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property (See section **F.11** for instructions on surplussing Buses, Vehicles, and Trailers).
- 4. The location should make a copy of the 3290A <u>Surplus/Transfer Declaration Form(s)</u> for their record and forward the <u>original</u> to the Manager, Material Logistics at the Warehouse.
- 5. The Warehouse will arrange to pick-up the tangible personal property designated for surplus from the applicable location. A work order document will be provided to the property custodian at each location to certify removal activity.
- 6. After confirming the pick-up of the property items, the Manager, Material Logistics will forward the 3290A <u>Surplus/Transfer Declaration Form along with the B-stock pick-up acknowledgment form to Accounting & Financial Reporting Department Capital Assets for processing.</u>
- 7. Accounting & Financial Reporting Department Capital Assets will send an email confirmation to the property custodian upon receipt of the form and documentation.
- 8. Accounting & Financial Reporting Department Capital Assets will process the 3290A <u>Surplus</u>/Transfer Declaration Form and remove the property records from the location's property inventory.
- 9. Within five business days of receiving notification, the 3290A <u>Surplus/Transfer</u> Declaration Form will be processed by Accounting & Financial Reporting Department Capital Assets and locations will be contacted for any additional information. The property custodian should verify that the property records have

been removed from the property inventory by requesting a PNI 811 from Information & Technology – Production Control.

- 10. The location should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent property and inventory audits.
- 11. To enhance the accountability associated with Property and Inventory, the procedures for the surplus of buses, vehicles, and trailers require the following steps:
 - a. The location must complete a 3290A <u>Surplus/Transfer Declaration Form to identify buses</u>, vehicles, and trailers to be salvaged.
 - b. The 3290A <u>Surplus</u>/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial or VIN number, model number, and equipment description for each property item being surplussed. The 3290A <u>Surplus</u>/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property.
 - c. The location should make a copy of the 3290A <u>Surplus</u>/Transfer Declaration Form(s) for their record and forward the <u>original</u> to Accounting & Financial Reporting Department Capital Assets for processing.
 - d. Accounting & Financial Reporting Department Capital Assets will send an email confirmation to the property custodian upon receipt of form and documentation, and will mark the asset with a status of "P" for "Pending Disposal." The asset will remain in the location's inventory until final proof of disposition is submitted to Accounting & Financial Reporting Department Capital Assets.
 - e. The location must submit proof of the asset's final disposition to Accounting & Financial Reporting Capital Assets to remove the property records from the location's property inventory. The proof of final disposition can be submitted in either of the following methods:
 - i. A bill of Sale or a copy of receipt from the contracted auctioneer or,
 - ii. Other proof of disposal, such as a pick-up ticket, trade-in receipt, a copy of receipt from a licensed scrap dealer, an invoice from a metal crushing company, a donation letter to a registered charity or community organization, documented evidence of dumping assets of no or little value, or other auditable supporting documentation.

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

f. Upon receipt of the asset's final disposition, Accounting & Financial Reporting – Capital Assets will remove the "Pending Disposal" status from the asset, which will subsequently remove the asset's property records from the location's property inventory.

G. <u>EXECUTION OF TANGIBLE PERSONAL PROPERTY DOCUMENTATION</u> <u>BY DESIGNEES</u>

- 1. Board policy <u>3204: PROPERTY ACCOUNTABILITY AND</u>

 <u>RESPONSIBILITY</u> designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.
- 2. Principals and Directors are to execute all documentation associated with tangible personal property.
- 3. Principal and Director Designees may execute documentation associated with tangible personal property in the absence of a property custodian in order to avoid disruption of daily operations. In such instances, the property custodian must also sign such documentation upon their return to the location, or as soon as practical.

H. PROPERTY AUDITS OF TANGIBLE PERSONAL PROPERTY

- 1. Periodically, the Office of the Chief Auditor (OCA) will conduct a property and inventory audit for locations. The purpose of this audit will be to verify the physical presence of tangible personal property designated on a location's property inventory and to ensure appropriate controls are in place to safeguard the location's tangible personal property. This will include a cursory review of the safeguards associated with high-risk items maintained within the location's secondary database (as previously defined by this Business Practice Bulletin). Accounting & Financial Reporting Department Capital Assets will be notified by OCA when a location is being audited and upon completion of the audit so that the property records for the location are not altered during the duration of an audit.
- 2. OCA staff will then issue a preliminary report identifying the property items which could not be physically located or did not have appropriate documentation to support their absence.
- 3. The location will be provided a reconciliation period to locate the unaccounted tangible personal property or provide supplemental documentation to substantiate their physical location.

Supersedes: Business Practice Bulletin O-100, Dated	Issued By:
4/23/2015	Operations Division

The School Board of Broward County, Florida

BULLETIN NO.: O-100

PAGE: 12 OF 12

DATE: 6/22/2017

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

- 4. The OCA will then issue a final audit report to the property custodian, identifying the final discrepancy list and outlining any material weaknesses associated with the location's inventory control. A copy of the final discrepancy report will also be forwarded to Accounting & Financial Reporting Department - Capital Assets in order to amend the property records as deemed appropriate. For any new/found tangible personal property listed on the final audit discrepancy report with a historical cost/estimated value of \$1,000 or more, the location must forward a 03290 Tangible Property Loss/ Equipment Acquisition Form signed by the property custodian with invoices or estimated values authorizing Accounting & Financial Reporting Department - Capital Assets to add these property items to the Master File of Capital Assets database.
- 5. The property custodian must provide a response to the final report findings via the respective SLT administrator, outlining a corrective action plan designed to address the property audit exceptions and improve operational standards at the location.
- 6. The respective SLT administrator must then provide written correspondence to the OCA confirming their support of the action plan. This correspondence will be included in the final audit report.
- 7. The complete property audit will then be presented to the District's Audit Committee at their next regularly scheduled meeting.
- 8. The property audit report will subsequently be transmitted to the School Board at a regularly scheduled School Board meeting.

REQUISITION PROCEDURES FOR SMART AND GENERAL OBLIGATION BOND (GOB) FUNDS ONLY

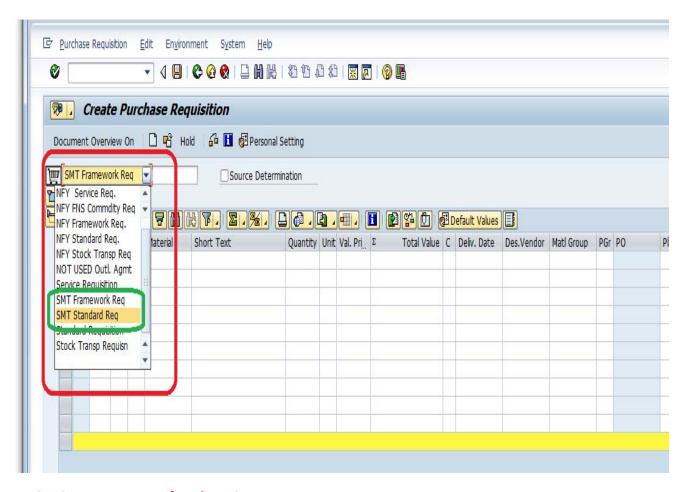

Follow the instructions and guidelines in this document to place orders for SMART and/or GOB purchases. Please note that there are different document types to use when creating requisitions for SMART/GOB orders. These document types must be used when creating SMART/GOB orders. The number sequence for requisitions and Purchase Orders for SMART/GOB orders will be different than Non SMART/GOB orders. Capital Budget will budget funds by location and instruct those locations in which fund to apply to the SMART/GOB requisition. Refer to Business Practice Bulletin O-100 – Procedure for Property & Inventory Control for updates on the SMART/GOB procedures.

1. SMART/GOB Purchase Requirements:

- A. Purchases must be assigned the appropriate GL account as listed herein
- B. Items cannot be ordered in lots, bundles or attached lists
- C. Ship to address must be the same as requested Storage location (SLoc).
- D. Ship to address must include location within the building (room/fishe number)
- E. P Cards are not to be used with Smart/Bond Funds

2. **SMART/GOB Document Type:**

- A. DO NOT mix Smart/GOB and non-Smart/GOB items on the same requisition
- B. Use document type SMT Standard for standard SMART/GOB requisition orders (see illustration)
- C. Use document type SMT Framework for framework SMART/GOB requisition orders (see illustration)

3. SMART Numbering Sequence:

- A. SMT requisitions will begin with 30xxxxxx
- B. SMT standard PO's will begin with 42
- C. SMT framework PO's will begin with 85

4. Capital Projects Fund (Major Fund)/WBS Element:

- A. Separate Capital Projects funds will be utilized for each GOB. Fund 3541 will be used for GOB1, 3542 for GOB2. Please contact Capital Budget for the correct fund to use
- B. WBS Element or Functional Area (for Technology) will be utilized per SMART/GOB project
 - Capital Budget to provide WBS Element and Functional Area data to use when ordering/tracking SMART/GOB expenditures

5. SMART/GOB Capitalized General Ledger (GL) accounts:

- A. Technology Equip.: Computer Equipment \$1,000 or more, use 56430100
- B. Other Equip.:
 - I. Audio Visual Material \$1,000 or more, use <u>56210100</u>

- II. Furniture, Fixtures & Equipment \$1,000 or more, use <u>56410100</u>
- C. Software \$1,000 or more use 56910100
- D. Building, Fixed Equipment, Land and Remodeling/Renovations:
 - I. Buildings & Fixed Equipment, use <u>56310100</u>
 - II. Land, use <u>56610100</u>
 - III. Capitalized Improvement other than Bldg. (Short Term), use <u>56710100</u>
 - IV. Capitalized Improvement other than Bldg. (Long Term), use <u>56730100</u>
 - V. Capitalized Permanent Land Improvements, use <u>56740100</u>
 - VI. Capitalized Remodeling/Renovations, use <u>56810100</u>
 - VII. Buses and motor vehicles, use <u>56510100</u> (buses) and <u>56520100</u> (motor vehicles)
 - VIII. WBS Element or Functional Area data will be used per Project and will be provided by Capital Budget

6. <u>SMART/GOB Non-Capitalized (\$999.99 or less) General Ledger</u> (GL) accounts:

- A. Computer Equipment Non-Trackable \$999.99 or less, use 56440100 (Includes but is not limited to keyboards, mice, wiring and other similar technology/accessories not tracked per PROP)
- B. Computer Equipment Trackable \$999.99 or less, use 56441100 (Includes but is not limited to iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays. <u>Expenditures</u> recorded using this GL account code will be tracked per PROP.)
- C. Other Equip.:
 - I. Library Books, use <u>56110100</u>
 - II. Audio Visual Material \$999.99 or less, use <u>56220100</u>
 - III. Furniture, Fixtures & Equipment \$999.99 or less Non Trackable, use 56420100
 - IV. Furniture, Fixtures & Equipment \$999.99 or less Trackable, use 56421100 (musical instruments)
 - V. Software \$999.99 or less, use <u>56920100</u>
- D. Buildings, Fixed Equipment, Land and Remodeling/Renovations:
 - I. Non-Capitalized Improvement other than Bldg. (SMART Off site), use 56720100
 - II. Non-Capitalized Remodeling/Renovations, use 56820100

7. Tangible Personal Property (TPP) and non-TPP SMART/GOB purchases over/under \$1,000

- A. TPP is defined as items with account coding 5611, 562X, 564X and 569X
- B. Receiving for TPP trackable over/under \$1,000
 - I. Serial numbers are required to be recorded for all TPP received, regardless of cost
 - II. Receiving personnel must review WBS or Functional area coding to determine funding source (SMART or GOB)
- C. SMART/GOB TPP in PROP over/under \$1,000
 - I. SMART or GOB purchases will have a separate sequential BPI number to identify type of purchase
 - II. The "Location" field will use an identifier of GOBx or SMTx to identify the type of purchase
 - III. The "Project" field will be used to track the actual physical location of the asset purchase
 - IV. These items shall follow the same Surplus and Transfer forms process and procedures as indicated in Business Practice Bulletin O-100 regardless of cost

8. Charter Schools and SMART/GOB:

- A. Fixed assets will be purchased directly by BCPS for Charter Schools following the same process and procedures as indicated in this document
- B. Charter Schools must follow the same budget mechanism as used for other Charter School purchases
- C. Business Support Center (BSC) personnel will create purchase requisitions following guidelines specified for Charter Schools
- D. Purchases will be tracked by Cost Center. All technology/electronic equipment (i.e. monitors, docking stations, etc.) will be tracked
- E. OptiSpool and PROP reports will be utilized to track Charter Schools
- F. Office of Chief Auditor shall be notified of all items shipped to Charter Schools
