Members of the School Board of Broward County, Florida
Members of the Audit Committee of the School Board of Broward County, Florida
Robert W. Runcie, Superintendent of Schools

Ladies and Gentlemen:

We have performed a Review of the Property and Inventory of selected locations, pursuant to The Rules of the Florida Administrative Code, Section 691-73, and School Board Policy 1002.1.

Audits of Property and Inventory require that we account for all of the Property and Inventory charged to the locations. In order to complete this task, we have reviewed all property and inventory records disclosed from District accounts and made a determination as to the status of each item. This disposition may include:

- items which are at the location and are accounted for,
- items which were not available for review prior to the issuance of this report,
- items which may have been stolen and are supported by the proper District forms,
- items that have been transferred from one location to another and are supported by the proper District forms,
- items which have been declared surplus or obsolete and are supported by the proper District forms and,
- items which have been purchased and are verified to be in compliance with appropriate purchasing guidelines.

We conducted our audits in accordance with generally accepted Government Accounting Standards issued by the Comptroller of the United States.

This report contains nine (9) property and inventory audits. Our property audits indicated that eight (8) locations in the report complied with prescribed policies and procedures. One (1) location contained some audit exceptions consisting of unaccounted for property and the failure to follow some prescribed rules.

We wish to express our appreciation to the administration and staff of the various schools and departments for their cooperation and courtesies extended during our audits.

Sincerely,

Joris M. Jabouin, CPA
Chief Auditor

AUTHORIZATION

The Rules of the Florida Administrative Code, Section 69I-73, require that each custodian shall ensure that a complete physical inventory of all property is taken at least once each fiscal year. Each custodian shall ensure that a complete physical inventory of all property under the control of the custodian or custodian’s delegate is taken whenever there is a change of custodian or custodian’s delegate. In accordance with School Board Policy 1002.1 and the Audit Plan for The Office of the Chief Auditor, the inventories of the locations in the District that have been audited are presented in Section I of this report. School Board Policy 3204 – Property Accountability and Responsibility states, “The Board designates that Principals shall be the custodians of property at schools. Directors shall be the custodians of property for the County Support Services Departments.” Rule 1 states “All physical inventories shall be conducted by the Office of the Chief Auditor’s Property Audits Division.”

SCOPE, OBJECTIVES AND METHODOLOGY

An audit includes examining evidence supporting the amounts and disclosures represented on property records. We have reviewed all property and inventory records disclosed from District accounts and made a determination as to the status of each of the items. This disposition may include:

- items which are at the location and are accounted for,
- items which were not available for review prior to the issuance of this report,
- items which may have been stolen and are supported by the proper documentation and District forms,
- items that have been transferred from one location to another and are supported by the proper District forms,
- items which have been declared surplus or obsolete and are supported by the proper District forms,
- items which have been purchased and are verified to be in compliance with appropriate purchasing guidelines.

Compliance

We tested compliance with policies and procedures prescribed by School Board Policies and Business Practice Bulletin O-100: Procedure for Property & Inventory Control. The results of our tests of compliance indicated some locations did not comply with some policies and procedures established in the sources identified above.

Property Control Structure

In planning and performing our examinations, we obtain an understanding of the:

- internal property control procedure established by the administration.
- Assessed level of controlled risk to determine the nature, timing, and extent of substantive tests for compliance with applicable laws, administrative rules and district policies; including the safeguarding of assets.

A material weakness is a reportable condition in which the design or operation of one or more internal property control structure elements does not reduce the risk of material errors or irregularities from occurring. As a result, it would be extremely difficult for employees to recognize errors in the normal course of performing their assigned functions.

Our evaluation of the internal control structure does not necessarily disclose all matters that might be reportable conditions. Thus, all material weaknesses may not be identified.
Property Audit Exceptions

In order to establish reporting parameters and afford the locations some latitude in monitoring their assets, we set thresholds of approximately one (1) percent of the total property inventory historical cost. The Office of the Chief Auditor (OCA) has used the following table, provided by the Director of Accounting & Financial Reporting Department-Capital Assets (AFRD-CA), to determine the total accumulated depreciation of assets which have not been accounted for.

- Computers, Printers: 5 Years
- Band Instruments: 7 Years
- Office Equipment: 5 – 20 Years
- Audio/Visual Equipment: 6 – 8 Years
- Vocational Equipment: 7 – 20 Years
- Other: From 5 to 20 Years

The Office of the Chief Auditor reports no property exceptions for locations with an aggregate historical value, of items unaccounted for, falling below the designated 1% threshold unless significant process control weaknesses have been identified. As of July 1, 2004, Florida State Statute 274.02, changed the value of capital assets to be recorded and monitored from $750 to $1,000. On June 22, 2017, the Office of the Chief Financial Officer released a revision to Business Practice Bulletin O-100 Procedures for Property & Inventory Control. The revision included tracking tangible personal property valued at $1,000 or more and trackable SMART tangible personal property that has an acquisition value less than $1,000, is considered high risk and prone to theft and has at least one-year useful life and is not consumable in nature. In addition, any tangible personal property identified during the audit that has not yet been added to the District’s Master File database is categorized as a New/Found item. If the New/Found item has an acquisition cost of $1,000 or more, the location must process all necessary paperwork and forward it to AFRD-CA to have the item(s) added to the District’s Master File database. If the equipment is certified by the OCA to have an acquisition cost less than $1,000, the location(s) do not have to submit the supporting paperwork to AFRD-CA; however, the item(s) will be included in all future audits until it is deemed obsolete and surplused and/or transferred to a different location. The District administration requires follow-up verification of all items not accounted for during the physical audit. Subsequently, location administrators must provide a memo identifying the items found by providing the room/FISH number and/or demonstrate the appropriate District approved form(s).

Unaccounted / Found Items

While conducting the audit, there are instances in which items are determined to be unaccounted for. Unaccounted for means property held by a custodian, subject to the accountability provisions of Section 274.03, F.S., which cannot be physically located by the custodian or custodian delegate, which property has not been otherwise lawfully disposed of. When the Office of the Chief Auditor determines that the item(s) is not accounted for, the asset is moved to an Unaccounted for Tangible Personal Property List. This item will remain designated on the Unaccounted for until the item is located and reactivated by Accounting & Financial Reporting Department-Capital Assets (AFRD-CA). If the item is not reactivated after two years, the item(s) is removed from the location’s active list of property records.

In addition to having items which are not accounted for, the Office of the Chief Auditor issues a final audit report to the property custodian, identifying the final discrepancy list as well as outlining any material weaknesses associated with the location’s inventory control. A copy of the final discrepancy report will be forwarded to AFRD-CA in order to amend the property records as deemed appropriate. For any new/found tangible personal property listed on the final audit discrepancy report with a historical cost/estimated value of $1,000 or more, the location must forward a 03290 Equipment Acquisition form signed by the property custodian with invoices or supported estimated values authorizing AFRD-CA to add these property items to the Master File of Capital Assets database.
Summary of Property and Inventory Review for Fiscal Year 2018-19
The following report discloses the audit results for 9 locations. These audits were finalized between October 3, 2018 through November 7, 2018. A summary of this report notes that:

- For the 9 locations, items were listed in the property records at a historical cost of $3,962,461.

- For the 9 locations included in this report, 23 items were considered unaccounted for and had a historical cost of $34,221.
SECTION I: Summary
Property and Inventory Audits Performed
The following table presents a summary of the property and inventory audits that were finalized during the period October 3, 2018 through November 7, 2018. For any location that received an exception, we have included a detailed listing of the items that were unaccounted for and the administration’s response.

Finding 2: Surplus of Tangible Personal Property

Area out of compliance
BPB O-100: Procedure for Property and Inventory Control
The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being surplussed. The 3290A Surplus/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation.

Finding 3: Delay of reporting lost equipment

Area out of compliance
Business Practice Bulletin O-100: Procedures for Property and Inventory Control
(E) Reporting Theft or Vandalism of Tangible Personal Property
The location should report the loss of tangible personal property to the Broward District Schools Police Department (BDSPD) and the local authorities at the time of the incident. The location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. The report should be completed within 2 business days from when the incident is known or should have been known.

Total Dollar Cost of Items in Inventory: $645,655
Total Number of Items Unaccounted for: 13
Total Dollar Cost of Items Unaccounted for: $16,713
Total Net Value of Items Unaccounted for: $608
Percentage of Dollar Cost of Items Unaccounted for: 2.6%

As a result of the property and inventory audit conducted at Banyan Elementary, it was determined that some controls over inventory and fixed assets were out of compliance with the District’s policies and procedures.

Finding 1

During the property and inventory audit at Banyan Elementary, a computer and three printers were not accounted for. These items are considered missing.

Recommendations

The Office of the Chief Auditor (OCA) suggests a reconciliation of all assets be completed as often as needed to physical accounting of site-designated assets by the staff. The Principal should conduct reconciliation of assets semi-annually in order to comply with policies and procedures. By performing the reconciliation routinely, the school can identify and correct on a timely basis any errors and discrepancies found. The Principal can improve accountability and the safeguarding of the District’s assets by strengthening the internal controls at the school. Some examples of actions that can assist in strengthening internal controls are creating a Property and Inventory team and providing all staff with all procedures implemented by the Principal. Every effort should be made to locate missing items.

Finding 2

According to the Principal, four computers were report lost/stolen to local authorities. The police report narrative stated that the computers were placed in a computer lab awaiting a b-stock pickup but somehow were missing when B-stock arrived to complete the surplus pickup. A computer that was listed as lost/stolen on the police report was located at the school during the current property and inventory audit. The other three computers were listed on the Certificate of Recycling issued by A-1 Assets, the District’s Recycling vendor indicating that the computers were removed during the SMART Surplus pickup. Also, four other computers that were unaccounted for during the current property and inventory audit were also found on the Certificate of Recycling that was issued by A-1 Assets. This B-stock pickup occurred on March 16, 2016, allowing ample time for the school to identify these errors during their semi-annual inventories and to correct the discrepancies on a timely basis. According to Florida Statute 273.05.5, the District’s records for property certified as surplus shall comply with rules issued by the Chief Financial Officer (CFO). The Business Practice Bulletin O-100: Procedures for Property and Inventory Control (rules issued by the CFO) states that locations should complete a 3290A Surplus Declaration Transfer form to identify the tangible personal property to be salvaged. The school did not complete 3290A Surplus Declaration Transfer Form for the equipment surplused.
Banyan Elementary (continued)

Recommendations

The OCA recommends that the procedures for surplussing tangible personal property be reviewed with all staff members involved in the process to ensure that everyone is made aware of the requirements set forth by the policies and procedures.

The OCA also recommends that the school’s tracking database be updated as often as needed to ensure that all records within the school’s database reflect the same information as the District’s Master File Database.

Finding 3

During the physical inventory at Banyan Elementary, a laptop computer was reported lost on March 1, 2017. The report was filed seven business days after the employee discovered the laptop computer missing. According to Business Practice Bulletin O-100: Procedure for Property and Inventory Control, it states that in the event of theft or vandalism, the property custodian will report the loss to the Broward District Schools Police Department (BDSPD) and the local authorities at the time of the incident. As a component of the police report and the BDSPD’s Immediate Notification Form (See Exhibit 6), the location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. This should be completed within 2 business days from when the incident is known or should have been known.

Recommendations

The OCA recommends that all staff is made aware of the policies and procedures related to reporting theft or vandalism of tangible personal property.

Additional Recommendations

The OCA recommends the Principal register designated Property and Inventory team member(s) for the Inventory Process & Tips training offered by the Information & Technology Department. In addition, the Principal should review Business Practice Bulletin O-100 Procedure for Property and Inventory Control with the school’s Property and Inventory team and ensure compliance with all policies and procedures.

SUBJECT: PROPERTY AND INVENTORY AUDIT RESPONSE – FISCAL YEAR 2017-2018 BANYAN ELEMENTARY SCHOOL

This correspondence acknowledges receipt and review of the findings from the FY 2017-18 property and inventory audit for Banyan Elementary School. Please note that this is a repeat Audit Exception (FY 15-16). In addition to the corrective measures that the principal will be implementing, the Office of School Performance & Accountability will provide the following support and oversight in assisting the school in this area:

- The cadre director will work with the principal to ensure individuals are identified to assist with asset management and receive the proper training in the area.

- The cadre director will work with the principal to establish, execute and monitor property and inventory controls that are consistent with district policies and business practice bulletins in this area.

- The cadre director will review the school’s progress in this area during her regularly scheduled school visits.

- The cadre director will assign another school that has demonstrated accuracy and efficiency in this area which will be identified to work with this principal to share best practices in asset management.

The Office of School Performance & Accountability recognizes the seriousness of this matter. We will work to ensure that this school develops, implements, and monitors sound business practices that should prevent further occurrences of this nature. If I may be of additional assistance, please contact me at 754-321-3838.

SUBJECT: 2017-18 PROPERTY AND INVENTORY AUDIT CORRECTIVE ACTION PLAN

Per the 2017-18 Property and Inventory Audit Findings. The Principal will enforce the following:

• The Principal and TLC will conduct reconciliation of assets semi-annually in order to comply with the District’s policies and procedures. By performing the reconciliation routinely, the school will identify and correct on a timely basis any errors and discrepancies found. The Principal and TLC will improve accountability and the safeguarding of the District’s assets by strengthening the internal controls at the school. Some examples of actions that will assist in strengthening internal controls are creating a Property and Inventory team and providing all staff with all procedures implemented by the Principal.

• The Principal and TLC will review procedures for surplussing tangible personal property with all staff members involved in the process to ensure that everyone is made aware of the requirements set forth by the District’s policies and procedures. In addition, the school’s tracking database will be updated as often as needed to ensure that all records within the school’s database reflect the same information as the District’s Master File Database.
• All staff will be made aware of the District’s policies and procedures related to reporting theft and vandalism of tangible personal property.

• The Principal will require all designated Property and Inventory team member(s) to attend the Inventory Process and Tips training offered by the Information and Technology Department. In addition, the Principal and TLC will review the Business Practiced Bulletin O-100 Procedure for Property and Inventory Control with the school’s Property and Inventory team to ensure compliance with all District’s policies and procedures.

The 2016 Florida Statutes

Title XVIII
PUBLIC LANDS AND PROPERTY
TANGIBLE PERSONAL PROPERTY OWNED BY LOCAL GOVERNMENTS

CHAPTER 274
TANGIBLE PERSONAL PROPERTY OWNED BY LOCAL GOVERNMENTS

274.1 Definitions.- The following words as used in this act have the meanings set forth in the below subsections, unless a different meaning is required by the context:

(1) "Governmental unit" means the governing board, commission or authority of a county or taxing district of the state or the sheriff of the county.

(2) "Custodian" means the person to whom the custody of county or district property has been delegated by the governmental unit.

(3) "Property" means all tangible personal property, owned by a governmental unit, of a nonconsumable nature.

(4) "Fiscal year" means the governmental unit's fiscal year established pursuant to law; otherwise, it means the calendar year.

History.-s. 1, ch. 59-163; s. 1, ch. 61-102.

274.2 Record and inventory of certain property.-

(1) The word "property" as used in this section means fixtures and other tangible personal property of a nonconsumable nature.

(2) The Chief Financial Officer shall establish by rule the requirements for the recording of property and for the periodic review of property for inventory purposes.

History.-s. 2, ch. 59-163; s. 8, ch. 69-82; s. 1, ch. 73-87; s. 5, ch. 82-104; s. 1, ch. 88-53; s. 5, ch. 96-209; s. 2, ch. 2004-296; s. 41, ch. 2006-122.

274.3 Property supervision and control.- A governmental unit shall be primarily responsible for the supervision and control of its property but may delegate to a custodian its use and immediate control and may require custody receipts. A governmental unit may assign to or withdraw from a custodian the custody of any of its property at any time; provided, that if the custodian is an officer elected by the people or appointed by the
Governor, the property may not be withdrawn from the officer's custody without his or her consent. Each custodian shall be responsible to the governmental unit for the safekeeping and proper use of the property entrusted to his or her care. If the custodian is not a bonded officer, the governmental unit may require from the custodian a bond conditioned upon such safekeeping and proper use. In each county the sheriff shall be the custodian of the property of the office of sheriff.

History.- s. 3, ch. 59-163; s. 2, ch. 61-102; s. 186, ch. 95-148.

274.4 Property acquisition.-Whenever acquiring property, the governmental unit may pay the purchase price in full or may exchange property with the seller as a trade-in and apply the exchange allowance to the cost of the property acquired. If, whenever acquiring property, the governmental unit may best serve the interests of the county or district by outright sale of the property to be replaced, rather than by exchange as a trade-in, it may make the sale in a manner otherwise prescribed in this act for the disposal of property. The receipts from the sale may be treated as a current refund if the property to be acquired shall be contracted for within the same fiscal year of the governmental unit in which the property sold is disposed of.

History.- s. 4, ch. 59-163.

274.5 Surplus property.-A governmental unit shall have discretion to classify as surplus any of its property, which property is not otherwise lawfully disposed of, that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function. Within the reasonable exercise of its discretion and having consideration for the best interests of the county or district, the value and condition of property classified as surplus, and the probability of such property's being desired by the prospective bidder or donee to whom offered, the governmental unit may offer surplus property to other governmental units in the county or district for sale or donation or may offer the property to private nonprofit agencies as defined ins. 273.01(3) by sale or donation. If the surplus property is offered for sale and no acceptable bid is received within a reasonable time, the governmental unit shall offer such property to such other governmental units or private nonprofit agencies as determined by the governmental units on the basis of the foregoing criteria. Such offer shall disclose the value and condition of the property. The best bid shall be accepted by the governmental unit offering such surplus property. The cost of transferring the property shall be paid by the governmental unit or the private nonprofit agency purchasing or receiving the donation of the surplus property.

History.- s. 5, ch. 59-163; s. 21, ch. 94-226; s. 6, ch. 96-209; s. 1, ch. 96-236.

274.6 Alternative procedure.-Having consideration for the best interests of the county or district, a governmental unit's property that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function, which property is not otherwise lawfully disposed of, may be disposed of for value to any person, or may be disposed of for value without bids to the state, to any governmental unit, or to any political subdivision as defined in s. 1.01, or if the property is without commercial value it may be donated, destroyed, or abandoned. The determination of property to be disposed of by a governmental unit pursuant to this section instead of pursuant to other provisions of law shall be at the election of such governmental unit in the reasonable exercise of its discretion. Property, the value of which the governmental unit estimates to be under $5,000, may be disposed of in the most efficient and cost-effective means as determined by the governmental unit. Any sale of property the value of which the governmental unit estimates to be $5,000 or more shall be sold only to the highest responsible bidder, or by public auction, after publication of notice not less than 1 week nor more than 2 weeks prior to sale in a newspaper having a general circulation in the county or district in which is located the official office of the governmental unit, and in additional newspapers if in the judgment of the governmental unit the best interests of the county or district will better be served by the additional notices; provided that nothing herein contained shall be construed to require the sheriff of a county to advertise the sale of miscellaneous contraband of an estimated value of less than $5,000.

History.- s. 6, ch. 59-163; s. 22, ch. 94-226; s. 7, ch. 96-209.

274.7 Authorizing and recording the disposal of property.-Authority for the disposal of property shall be recorded in the minutes of the governmental unit. The disposal of property within the purview of s. 274.02 shall be
recorded in the records required by that section.

History.- s. 7, ch. 59-163.

274.8 Penalty.-Any person who violates any provision of this act or any rule prescribed pursuant to its authority shall be guilty of a misdemeanor of the second degree, punishable as provided ins. 775.082 ors. 775.083.

History.- s. 8, ch. 59-163; s. 158, ch. 71-136.

274.9 Construction.-The provisions of this act shall be liberally interpreted to be cumulative and supplementary to any general, special or local law, heretofore or hereafter enacted.

History.- s. 10, ch. 59-163 .

274.10 Initiation of act.-This act shall govern the administration of the property of each governmental unit from the beginning of such governmental unit's fiscal year next succeeding May 28, 1959.

History.- s. 11, ch. 59-163 .

274.11 County health department property.- Title to property purchased by county health departments established pursuant to the provisions of chapter 154, whether purchased with federal, state or county funds, or any combination thereof, shall be vested in the board of county commissioners of the county where said county health department is located and shall be accounted for in accordance with the provisions of this chapter.

History.- s. 1, ch. 61-46.

274.12 Special districts subject to chapter.-Every special district governed by the provisions of this act shall comply with the provisions of this chapter.

History.- s. 12, ch. 79-183; s. 3, ch. 2004-296.
CHAPTER 69I-73
TANGIBLE PERSONAL PROPERTY Owned By LOCAL GOVERNMENTS

69I-73.001 Definitions.
(1) “Control Accounts” means summary accounts designed to control accountability for individual property records. Unlike individual property records which establish accountability for particular items of property, control accounts accumulate the total cost or value of the custodian’s property and, through entries to the control accounts documenting acquisitions, transfers and dispositions, provide evidence of the change in that total cost or value over periods of time as well as the total cost or value at any time.
(2) “Cost” means acquisition or procurement cost (i.e., invoice price plus freight and installation charges less discounts). In determining cost, the value of property exchanged by the custodian in satisfaction of a portion of the purchase price of new property shall not be deducted from the full purchase price regardless of any property “traded in” on the new property.
(3) “Custodian” has the meaning set forth in section 274.01(2), F.S.
(4) “Custodian’s Delegate” means a person acting under the supervision of the custodian to whom the custody of property has been delegated by the custodian and, from whom the custodian receives custody receipts.
(5) “Data Processing Software” has the meaning set forth in section 119.011(6), F.S. Data processing software is not considered to be property within the meaning of these rules.
(6) “Depreciated Cost” means cost less accumulated depreciation.
(7) “Financial System” means the fund accounting process used by the local government for recording cash and other financial resources, expenditures and other financial uses, together with all related liabilities and residual equities or balances.
(8) “Fiscal Year” means the governmental unit’s fiscal year established pursuant to law.
(9) “Governmental Unit” has the meaning set forth in section 274.01(1), F.S.
(10) “Identification Number” means a unique number assigned and affixed to each item of property to identify it as property held by the custodian and for the purpose of differentiating one item of property from another.
(11) “Property” has the meaning set forth in section 274.02(1), F.S.
(12) “Unaccounted for Property” means property held by a custodian, subject to the accountability provisions of section 274.03, F.S., which cannot be physically located by the custodian or custodian’s delegate, which property has not been otherwise lawfully disposed of.
(13) “Value” means the worth or fair market value at the date of acquisitions for donated property.

69I-73.002 Threshold for Recording Property.
All property with a value or cost of $1,000 or more and a projected useful life of 1 year or more shall be recorded in the local government’s financial system as property for inventory purposes.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History–New 3-25-08.

69I-73.003 Recording of Property.
(1) Maintenance of Property Records – Governmental units shall maintain adequate records of property in their custody. The records shall contain at a minimum, the information required by these rules.
(2) Individual Records Required for Each Property Item – Each item of property shall be accounted for in a separate property record. Related individual items which constitute a single functional system may be designated as a property group. A property group may be accounted for in one record if the component items are separately identified within the record. Examples of property items subject to group accountability include, but are not limited to, modular furniture, computer components, book sets, and similar
association of items. All property group items, the total value or cost of which is equal to or greater than $1,000 shall be inventoried under this rule.

(3) Content of Individual Property Records – Each property record shall include the following information:
(a) Identification number.
(b) Description of item or items.
(c) Physical location (the city, county, address or building name, and room number therein).
(d) Name of custodian with assigned responsibility for the item.
(e) In the case of a property group, the number and description of the component items comprising the group.
(f) Name, make or manufacturer if applicable.
(g) Year and/or model(s) if applicable.
(h) Manufacturer’s serial number(s) if any, and if an automobile, vehicle identification number (VIN) and title certificate number if applicable.
(i) Date acquired.
(j) Cost or value at the date of acquisition for the item or the identified component parts thereof. When the historical cost of the purchased property is not practicably determinable, the estimated historical cost of the item shall be determined by appropriate methods and recorded. Estimated historical costs shall be identified in the record and the basis of determination established in the governmental unit’s public records. The basis of valuation for property items constructed by personnel of the governmental unit shall be the costs of material, direct labor and overhead costs identifiable to the project. Donated items, including federal surplus tangible personal property, shall be valued at fair market value at the date of acquisition. Regardless of acquisition method, the cost or value of a property item shall include ancillary charges necessary to place the asset into its intended location and condition for use. Ancillary charges include expenditures that are directly attributable to asset acquisition, such as freight and transportation charges, installation costs and professional fees.
(k) Method of acquisition and, for purchased items, the voucher and check or warrant number.
(l) Date the item was last physically inventoried and the condition of the item at that date.
(m) If disposed of, the information prescribed in rule 69I-73.005, F.A.C.
(n) The local government may include any other information on the individual property record that the governmental unit may care to include.

(4) Control Accounts – A governmental unit-wide control account showing the total cost or value of the custodian’s property shall be maintained. A governmental unit may keep additional control accounts for property to the extent deemed necessary for different funds or sub-funds. Control accounts shall not be established by periodically summarizing the costs or values recorded on the individual property records. Rather, entries to control accounts shall be derived from documents evidencing transactions affecting the acquisition, transfer or disposition of property items and shall be posted contemporaneously with entries to the individual property records.

(5) Depreciation shall be recorded to meet local governments’ financial reporting requirements relating to depreciation accounting. However, depreciation shall not be recorded on the individual property records or in control accounts in such a manner as to reduce the recorded acquisition cost or value (i.e., depreciation shall be recorded as an item separate from the acquisition cost).

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History–New 3-25-08.

69I-73.004 Marking of Property Records.
(1) Marking of Property – Each property item shall be permanently marked with the identification number assigned to that item to establish its identity and ownership by the governmental unit holding title to the item. The marking shall visually display the property identification number of the item and may include an electronic scanning code (“barcode”) to facilitate electronic inventory procedures.

(2) Exemptions for Marking Property – Any item of property whose value or utility would be significantly impaired by the attachment or inscription of the property identification number, is exempt from the requirement for physical marking. However, the custodian’s property records shall contain sufficient descriptive data to permit positive identification of such items.

(3) Location of Marking – Items of a similar nature shall be marked in a similar manner to facilitate identification. In determining a marking location, careful consideration shall be given to the intended use of the items; the probability that the marking could be obliterated by wear, vandalism or routine maintenance functions; and, the appropriateness of the marking method chosen.
Additionally, the location of the marking and the marking method chosen shall not mar the appearance of the item. When utilizing an electronic scanning format system, electronic codes shall be placed on property in the same manner as other markings specified in this section.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History–New 3-25-08.

**69I-73.005 Disposition of Property.**

(1) Methods of Disposition – Property within the meaning of these rules may be lawfully disposed of, as provided in sections 274.05, 274.06 and 274.07, F.S. Property of the governmental unit which is not accounted for during regular or special inventories shall be subject to the rules regarding unaccounted for property (See rule 69I-73.006, F.A.C.).

(2) Required Information – The following information shall be recorded on the individual property record for each item lawfully disposed of, pursuant to sections 274.05, 274.06 or 274.07, F.S.:

   (a) Date of disposition.

   (b) Authority for disposition (resolution of the governing body properly recorded in the minutes as required by section 274.07, F.S.).

   (c) Manner of disposition (sold, donated, transferred, cannibalized, scrapped, destroyed, traded).

   (d) Identity of the employee(s) witnessing the disposition, if cannibalized, scrapped or destroyed.

   (e) For items disposed of, a notation identifying any related transactions (such as receipt for sale of the item, insurance recovery, trade-in).

   (f) For property certified as surplus, reference to documentation evidencing that such property was disposed of in the manner prescribed by section 274.05 or 274.06, F.S.

   (3) Transfer of Property Records – The individual property record for each item lawfully disposed of as described in this rule shall be, upon disposition of the item, transferred to a disposed property file. Destruction of such records shall be governed by the provisions of chapter 119, F.S.

   (4) Control Account – The cost or value of items lawfully disposed of shall be removed from the control account at the time of disposition.

Rulemaking Authority 274.02 FS. Law Implemented 274.02 FS. History–New 3-25-08.

**69I-73.006 Inventory of Property.**

(1) Physical Inventory Required – Each governmental unit shall ensure a complete physical inventory of all property is taken annually and whenever there is a change of custodian or change of custodian’s delegate.

(2) Inventory Forms – The form used to record the physical inventory pursuant to section 274.02(2), F.S., shall be at the discretion of the governmental unit. However, the form shall display at a minimum for each property item, the following information:

   (a) Date of inventory.

   (b) Identification number.

   (c) Existence of property item (or not).

   (d) Physical location (the city, county, address or building name and room number therein).

   (e) Present physical condition.

   (f) Name and signature of the employee or other individual attesting to the existence of the item.

   (g) In the case of a property group, the number and description of the component items comprising the group.

   (3) Electronic scanning format used for the identification number is acceptable only if the recorded data is downloadable to a computer and can then be used to generate reports that will include all information required on the hardcopy inventory form.

   (4) Unrecorded Property – Any property item found during the conduct of an inventory which meets the requirements for accounting and control as defined in rule 69I-71.003, F.A.C., and which item is not included on the inventory forms described above, shall have an inventory form created for the item when located. After appropriate investigation to establish the ownership of the item, it shall be added to the governmental unit’s property records or, if ownership cannot be reasonably established, the item may be disposed of in the manner provided by law as applicable to surplus property, pursuant to section 274.05 and 274.06, F.S.

   (5) Custodian Delegate Shall Not Inventory Certain Items – The custodian delegate shall not personally inventory items for which they are responsible.
(6) Reconciliation of Inventory to Property Records – Upon completion of a physical inventory:

(a) The data listed on the inventory forms shall be compared with the individual property records. Noted differences such as location, condition and custodian shall be investigated and corrected as appropriate or alternatively, the item shall be relocated to its assigned location and custodian in the individual property record.

(b) Items not located during the inventory process shall be promptly reported to the governmental unit which shall cause a thorough investigation to be made. If the investigation determines that the item was stolen, the individual property record shall be so noted, and a report filed with the appropriate law enforcement agency describing the missing item and the circumstances surrounding its disappearance.

(7) Unaccounted for Property – For items identified as unaccounted for and reported to the State’s Chief Financial Officer, recording of the items as dispositions, or otherwise removing of the items from the property records, shall be subjected to approval of the State’s Chief Financial Officer, as provided in section 17.041, F.S., and rule 69I-71.003, F.A.C.

SUBJECT: PROCEDURE FOR PROPERTY & INVENTORY CONTROL

GENERAL:

Florida Statutes (Ch. 274), Florida Administrative Rule, and Board policy 3204 outline the District’s responsibility to account for and monitor tangible personal property. The purpose of this bulletin is to outline the procedures associated with Property & Inventory Control. Board policy 3204: PROPERTY ACCOUNTABILITY AND RESPONSIBILITY designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.

These procedures address the major aspects of inventory control including purchasing, transfer/salvage, the requirement to conduct self-inventories and the reporting of tangible personal property loss through theft or vandalism. It shall be the responsibility of the Accounting & Financial Reporting Department - Capital Assets to maintain the District’s Master File of Capital Assets database for tangible personal property valued at $1,000 or more and trackable SMART tangible personal property that has an acquisition value less than $1,000, is considered high risk and prone to theft and has at least one year useful life and is not consumable in nature (includes but is not limited to musical instruments, iPads, tablets, desktops, printers, interactive white boards and interactive flat panel displays; see A. Purchasing Tangible Personal Property - SMART Purchases for detailed procedures regarding SMART purchases), and amend property records based on the submittal of appropriate documentation in accordance with this Business Practice Bulletin, while it shall be the responsibility of the Office of the Chief Auditor to conduct periodic inventory audits.

Although tangible personal property purchases with a unit value less than $1,000 are not maintained on the District’s Master File of Capital Assets database, property custodians must take appropriate precautions to safeguard and track all tangible personal property (purchased outside of the SMART program), especially high risk items such as iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays, cameras, audio/video equipment, custodial equipment and musical instruments. Locations must maintain records of these high risk items within a secondary, site-based tracking database. The property custodian will determine the format for maintaining the information contained in the location’s secondary, site-based tracking database (Excel, FileMaker Pro, etc.) unless otherwise mandated by the respective SLT administrator.

A. PURCHASING TANGIBLE PERSONAL PROPERTY – SMART PURCHASES

1. All non-consumable SMART tangible personal property regardless of cost must be ordered through the District’s Purchasing system utilizing appropriate coding. (Exhibit 1 - Detailed procedures for SMART purchasing and receiving)
2. When ordering SMART tangible personal property, locations are prohibited from purchasing items in “lots”, “bundles”, or “attached lists”. The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the cost center must be the same as the delivery address. SMART purchases must only be ordered via SMART Standard Requisitions/PO’s (PO’s beginning with #42). The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.

3. SMART tangible personal property purchases must be assigned one of the following SMART GL accounts.

**SMART Purchases - $1,000 or More**

a. 56210100: AV-Materials-Over $1,000-SMART  
b. 56410100: Furn/Fix/Equip-Over $1,000-SMART  
c. 56430100: Computer Equip-Over $1,000-SMART  
d. 56910100: Software-Over $1,000-SMART

**SMART Purchases – Under $1,000.00**

a. 56110100: Library Books-SMART  
b. 56220100: AV-Materials-Under $1,000-SMART  
c. 56420100: Furn/Equip/Under $1,000 Non Trackable-SMART  
d. 56421100: Furn/Equip/Under $1,000 Trackable-SMART  
e. 56440100: Comp Equip-Under $1,000 Non Trackable-SMART  
f. 56441100: Comp Equip-Under $1,000 Trackable-SMART  
g. 56920100: Software: Software-Under $1,000-SMART

**NOTE:**

56420100: Furn/Equip-Under $1,000 Non Trackable-SMART is to be used when purchasing furniture, fixtures and equipment (excluding musical instruments).

56421100: Furn/Equip-Under $1,000 Trackable-SMART is to be used when purchasing musical instruments. These items will be included on the District’s Master File of Capital Assets database.

56440100: Comp Equip-Under $1,000 Non Trackable-SMART is to be used when purchasing keyboards, mice, wiring for computers and other similar technology/accessories.
56441100: Comp Equip-Under $1,000 Trackable-SMART is to be used when purchasing iPads, tablets, laptops, desktops, printers, interactive white boards and interactive flat panel displays. These items will be included on the District’s Master File of Capital Assets database.

4. The cost center assigned to the SMART tangible personal property purchase must agree to the delivery/ship to address.

5. When SMART tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system regardless of cost. In the event an item does not physically possess a manufacturer’s serial number, the new purchase documentation should be maintained in the site’s property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word “none” should be utilized when receiving those items online that do not have a manufacturer assigned serial number.

6. Once the District’s Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District’s Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology – Production Control to all principals and their secretaries, district directors and secretaries, and budget keepers each time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the “Capital Assets Conference.” This includes necessary changes to the item description, serial number, or quantities received. Additionally, if the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner. (Property custodians will receive the email notification from Information & Technology – Production Control even when new property items have not been created or modifications have been processed to existing property records for their respective location. In such instances, there will be no report contained within their respective location file within OptiSpool.)

7. All equipment should be stored in a secure location until it is ready for use.
A.1 PURCHASING TANGIBLE PERSONAL PROPERTY

1. All non-consumable tangible personal property with a unit value of $1,000 or greater must be ordered through the District’s Purchasing system utilizing appropriate coding. *(Exhibit 1A - Detailed procedures for purchasing and receiving)*

2. When ordering tangible personal property, locations are prohibited from purchasing items in “lots”, “bundles”, or “attached lists”. The acquisition of tangible personal property using P-Cards is also prohibited. In order to accurately account for each property item electronically, tangible personal property must be ordered on unique lines of a requisition and the appropriate delivery address should be noted. The Supply Management & Logistics Department will reject all requisitions for tangible personal property not complying with appropriate guidelines.

3. When tangible personal property is received on-line, the individual must process the goods receipt for each item separately and record the unique serial number for each property item within the system. In the event an item does not physically possess a manufacturer’s serial number, the new purchase documentation should be maintained in the site’s property binder for future reconciliation and subsequent application of a District assigned serial number for tracking. The word “none” should be utilized when receiving those items online that do not have a manufacturer assigned serial number.

4. See STANDARD PRACTICE BULLETIN NO: I-311 Proper recording of donated assets or items purchased utilizing internal funds.

5. Once the District’s Master File of Capital Assets has been updated, a report will be generated to notify property custodians of all new property record creation within the District’s Master File of Capital Assets and will be available for all locations on OptiSpool. An email will be sent by Information & Technology – Production Control to all principals and their secretaries, district directors and secretaries, and budgetkeepers each time the Master File of Capital Assets is updated with new purchases of tangible personal property. The property custodian should use this opportunity to verify the accuracy of the information associated with the property records. Any corrections required to the asset record should be promptly reported to Accounting & Financial Reporting - Capital Assets via email to the “Capital Assets Conference.” This includes necessary changes to the item description, serial number, or quantities received. Additionally, if the tangible personal property has not been received at the location, and the asset record was mistakenly created for this location, the property custodian should immediately notify Accounting & Financial Reporting - Capital Assets to correct the discrepancy in a timely manner. *(Property custodians will receive the email notification from Information & Technology – Production Control even when new property items have not been created or*
modifications have been processed to existing property records for their respective location. In such instances there will be no report contained within their respective location file within OptiSpool.)

6. All equipment should be stored in a secure location until it is ready for use.

B. TRANSFERRING TANGIBLE PERSONAL PROPERTY

1. When a location is permanently transferring tangible personal property to another location, the property custodian is required to execute a 3290A Surplus/Transfer Declaration Form (See Exhibit 2).

2. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being transferred.

3. The 3290A Surplus/Transfer Declaration Form must then be signed by both property custodians (issuing and receiving).

4. In the event the tangible personal property is able to be relocated without the assistance of Material Logistics, the receiving property custodian should then forward the original 3290A Surplus/Transfer Declaration Form to Accounting & Financial Reporting - Capital Assets.

   a. Accounting & Financial Reporting - Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.
   b. Accounting & Financial Reporting - Capital Assets will modify the property records to reflect the transfer of the applicable tangible personal property.
   c. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting - Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology – Production Control.
   d. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.
5. In the event assistance is required to relocate the tangible personal property, the receiving property custodian should forward the original 3290A Surplus/Transfer Declaration Form to the Manager, Material Logistics at the Warehouse.

   a. Material Logistics will then arrange for the physical transfer of the tangible personal property. The issuing and receiving locations should ensure the actual tangible personal property corresponds to the information identified on the 3290A Surplus/Transfer Declaration Form at the time of pick-up and delivery.

   b. Material Logistics will forward the original 3290A Surplus/Transfer Declaration Form along with the B-stock pick-up acknowledgment form (See Exhibit 3) to Accounting & Financial Reporting - Capital Assets.

   c. Accounting & Financial Reporting Department - Capital Assets will send an email confirmation to the property custodians upon receipt of the form and documentation.

   d. Within five business days of receiving notification, the transfer request will be processed by Accounting & Financial Reporting Department - Capital Assets and locations will be contacted for any additional information. The property custodian should verify the applicable property records have been removed from their property inventory by actively monitoring the OptiSpool PNI 954 A, B, & C report(s), or by requesting a PNI 811 report from Information & Technology – Production Control.

   e. The locations should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent inventory audits. Transfer documentation that is greater than 90 days old will not be accepted during the property audit of tangible personal property.

C. ASSIGNMENT OF TANGIBLE PERSONAL PROPERTY TO STAFF

1. It is recognized that tangible personal property will be assigned to staff for temporary removal of the property from the primary operational site location. In such instances, a Property Pass (See Exhibit 4) must be executed to document the assignment and removal of capital equipment from the location.

2. A unique Property Pass must be completed for each piece of tangible personal property removed from the location.

Property Passes must be updated annually or as needed to ensure the physical accounting and proper return of the District’s capital equipment.
D. CONDUCTING SEMI-ANNUAL INVENTORIES

1. All locations are minimally required to conduct semi-annual inventories to ensure the District’s property records are accurately maintained and updated. This includes the high-risk property items maintained within the secondary database established by the location.

2. The location will request an electronic copy of its PNI 811 report from Information & Technology – Production Control.

3. Appropriate staff will physically verify each property item listed on the PNI 811 report is accounted for on premises or there is a current Property Pass executed for tangible personal property assigned to individuals.

4. Locations shall surplus tangible personal property twice per year in accordance with conducting their self-inventories (See F. SURPLUS OF TANGIBLE PERSONAL PROPERTY).

5. After completing the self-inventory, the property custodian shall complete the Semi-Annual Inventory Form (See Exhibit 5) and forward a copy of it to their respective SLT administrator.

E. REPORTING THEFT OR VANDALISM OF TANGIBLE PERSONAL PROPERTY

1. All locations must take appropriate measures to ensure the safekeeping of all tangible personal property. This includes securing all high-theft equipment during hours of non-operation.

2. To the extent possible, tangible personal property should be designated to individual staff that is requested to oversee the equipment and report any loss or theft to appropriate administration in “real-time”. Additionally, tangible personal property that is not utilized on a day-to-day basis should be stored in a secured location, and the appropriate staff should physically verify this property as needed to provide the most effective means of securing tangible personal property.

3. In the event of theft or vandalism, the property custodian will report the loss to the Broward District Schools Police Department (BDSPD) and the local authorities at the time of the incident. As a component of the police report and the BDSPD’s Immediate Notification Form (See Exhibit 6), the location must provide all applicable property and serial numbers of the stolen tangible personal property along with a narrative of the event. This should be completed within 2 business days from when the incident is known or should have been known.
4. The location must then complete a **03290** Tangible Property Loss/ Equipment Acquisition Form (See Exhibit 7) listing all of the tangible personal property items which were stolen. The form must contain all of the appropriate identifiable information and be signed by the property custodian.

5. The original **03290** Tangible Property Loss/ Equipment Acquisition Form, with a copy of the Immediate Notification Form and the police report attached, should then be forwarded to Accounting & Financial Reporting Department - Capital Assets for record amendment. After allowing an appropriate period of time for the loss to be processed, the location should verify the applicable property records have been amended to reflect the loss by requesting an electronic **DOWNLOAD** of the location’s PNI 811 report from Information & Technology – Production Control. In the event property records have not been appropriately amended, the location should follow-up with Accounting & Financial Reporting Department - Capital Assets to ascertain the processing status of the submitted documentation.

6. The location must maintain copies of all pertinent documentation for their files in order to efficiently facilitate any necessary reconciliation during subsequent property and inventory audits.

7. A record of all reported losses will be maintained by the District for the purpose of analyzing loss trends. In the event there is a trend of loss at the same location or any individual loss event is significant in magnitude, a review of the circumstances involved with the loss will be conducted in an effort to prevent similar losses in the future. This review will be conducted by representatives from the following departments: Broward District Schools Police, Risk Management, and Information & Technology. Following the review, recommendations will be made to enhance the security measures at the location in an effort to prevent similar losses in the future. These recommendations may include, but are not limited to:

   a. Modification to the receipt and storage of asset equipment at the location
   b. Modification of existing surveillance systems within the location
   c. Installation of additional security devices/equipment at the location
   d. Increased frequency of self-inventories of asset equipment
   e. Installation of passive or active security devices within high-risk equipment items

These recommendations are not a component of the property and inventory audit performed by the Office of the Chief Auditor.
F. SURPLUS OF TANGIBLE PERSONAL PROPERTY

1. Periodically, the location should surplus any obsolete or damaged tangible personal property in order to remove these records from their property inventory. Locations shall surplus tangible personal property twice per year in accordance with their self-inventories conducted semi-annually (See D. CONDUCTING SEMI-ANNUAL INVENTORIES).

2. The location should complete a 3290A Surplus/Transfer Declaration Form to identify the tangible personal property to be salvaged.

3. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial number, model number, and equipment description for each property item being surplussed. The 3290A Surplus/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property (See section F.11 for instructions on surplussing Buses, Vehicles, and Trailers).

4. The location should make a copy of the 3290A Surplus/Transfer Declaration Form(s) for their record and forward the original to the Manager, Material Logistics at the Warehouse.

5. The Warehouse will arrange to pick-up the tangible personal property designated for surplus from the applicable location. A work order document will be provided to the property custodian at each location to certify removal activity.

6. After confirming the pick-up of the property items, the Manager, Material Logistics will forward the 3290A Surplus/Transfer Declaration Form along with the B-stock pick-up acknowledgment form to Accounting & Financial Reporting Department - Capital Assets for processing.

7. Accounting & Financial Reporting Department - Capital Assets will send an email confirmation to the property custodian upon receipt of the form and documentation.

8. Accounting & Financial Reporting Department - Capital Assets will process the 3290A Surplus/Transfer Declaration Form and remove the property records from the location’s property inventory.

9. Within five business days of receiving notification, the 3290A Surplus/Transfer Declaration Form will be processed by Accounting & Financial Reporting Department - Capital Assets and locations will be contacted for any additional information. The property custodian should verify that the property records have
been removed from the property inventory by requesting a PNI 811 from Information & Technology – Production Control.

10. The location should maintain copies of all pertinent documentation for their files to facilitate any necessary reconciliation during subsequent property and inventory audits.

11. To enhance the accountability associated with Property and Inventory, the procedures for the surplus of buses, vehicles, and trailers require the following steps:

   a. The location must complete a 3290A Surplus/Transfer Declaration Form to identify buses, vehicles, and trailers to be salvaged.

   b. The 3290A Surplus/Transfer Declaration Form must list the BPI Number (Property Asset Number), serial or VIN number, model number, and equipment description for each property item being surplussed. The 3290A Surplus/Transfer Declaration Form must then be signed and dated by the property custodian and adequate explanation/documentation provided for surplussing the tangible personal property.

   c. The location should make a copy of the 3290A Surplus/Transfer Declaration Form(s) for their record and forward the original to Accounting & Financial Reporting Department – Capital Assets for processing.

   d. Accounting & Financial Reporting Department – Capital Assets will send an email confirmation to the property custodian upon receipt of form and documentation, and will mark the asset with a status of “P” for “Pending Disposal.” The asset will remain in the location’s inventory until final proof of disposition is submitted to Accounting & Financial Reporting Department – Capital Assets.

   e. The location must submit proof of the asset’s final disposition to Accounting & Financial Reporting – Capital Assets to remove the property records from the location’s property inventory. The proof of final disposition can be submitted in either of the following methods:

      i. A bill of Sale or a copy of receipt from the contracted auctioneer or,

      ii. Other proof of disposal, such as a pick-up ticket, trade-in receipt, a copy of receipt from a licensed scrap dealer, an invoice from a metal crushing company, a donation letter to a registered charity or community organization, documented evidence of dumping assets of no or little value, or other auditable supporting documentation.
f. Upon receipt of the asset’s final disposition, Accounting & Financial Reporting – Capital Assets will remove the “Pending Disposal” status from the asset, which will subsequently remove the asset’s property records from the location’s property inventory.

G. EXECUTION OF TANGIBLE PERSONAL PROPERTY DOCUMENTATION BY DESIGNEES

1. Board policy 3204: PROPERTY ACCOUNTABILITY AND RESPONSIBILITY designates that principals shall be the custodians of tangible personal property at the schools and that directors shall be the custodians of tangible personal property for the county support services departments.

2. Principals and Directors are to execute all documentation associated with tangible personal property.

3. Principal and Director Designees may execute documentation associated with tangible personal property in the absence of a property custodian in order to avoid disruption of daily operations. In such instances, the property custodian must also sign such documentation upon their return to the location, or as soon as practical.

H. PROPERTY AUDITS OF TANGIBLE PERSONAL PROPERTY

1. Periodically, the Office of the Chief Auditor (OCA) will conduct a property and inventory audit for locations. The purpose of this audit will be to verify the physical presence of tangible personal property designated on a location’s property inventory and to ensure appropriate controls are in place to safeguard the location’s tangible personal property. This will include a cursory review of the safeguards associated with high-risk items maintained within the location’s secondary database (as previously defined by this Business Practice Bulletin). Accounting & Financial Reporting Department - Capital Assets will be notified by OCA when a location is being audited and upon completion of the audit so that the property records for the location are not altered during the duration of an audit.

2. OCA staff will then issue a preliminary report identifying the property items which could not be physically located or did not have appropriate documentation to support their absence.

3. The location will be provided a reconciliation period to locate the unaccounted tangible personal property or provide supplemental documentation to substantiate their physical location.
4. The OCA will then issue a final audit report to the property custodian, identifying the final discrepancy list and outlining any material weaknesses associated with the location’s inventory control. A copy of the final discrepancy report will also be forwarded to Accounting & Financial Reporting Department - Capital Assets in order to amend the property records as deemed appropriate. For any new/found tangible personal property listed on the final audit discrepancy report with a historical cost/estimated value of $1,000 or more, the location must forward a 03290 Tangible Property Loss/ Equipment Acquisition Form signed by the property custodian with invoices or estimated values authorizing Accounting & Financial Reporting Department - Capital Assets to add these property items to the Master File of Capital Assets database.

5. The property custodian must provide a response to the final report findings via the respective SLT administrator, outlining a corrective action plan designed to address the property audit exceptions and improve operational standards at the location.

6. The respective SLT administrator must then provide written correspondence to the OCA confirming their support of the action plan. This correspondence will be included in the final audit report.

7. The complete property audit will then be presented to the District’s Audit Committee at their next regularly scheduled meeting.

8. The property audit report will subsequently be transmitted to the School Board at a regularly scheduled School Board meeting.
