Members of the School Board of Broward County, Florida

Members of the School Board Audit Committee

Dr. Peter B. Licata, Superintendent of Schools

Ladies and Gentlemen,

We have audited the Statement of Changes in Fund Balances for the Internal Funds at the Athletics & Student Services department pursuant to the Florida State Board of Education, Administrative Rule 6A-1.001 and School Board Policy 1700. Each department's Director is responsible for the preparation of the Statement of Changes in Fund Balances. Our responsibility is to express an opinion on these statements based on our audits.

We conducted our audits in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements. The audit at this department included an examination of the Internal Funds.

An audit includes evaluating and examining, on a test basis, the financial statements and supporting documents. In planning and performing our audits of the department's financial statements, we considered the internal control structures. Our review of the internal control structures facilitates the development of the audit procedures and the expression of an opinion on the financial statements. We believe our audits provide a reasonable basis for our opinion.

The department's records were maintained in conformity with the School Board's accounting procedures for Internal Funds. These accounting procedures require all financial transactions be recorded on a cash basis method, with no records maintained on accounts receivables, accounts payable, or accruals. Accordingly, the Statements of Changes in Fund Balances, as shown in this report, do not present the financial position or the results of operations of the department in the manner required by generally accepted accounting principles.

Our audits indicated that the department's reports contained audit exceptions with prescribed policies and procedures.

In our opinion, the Statement of Changes in Fund Balances for the department present fairly the changes in fund balances of the department's Internal Funds, arising from cash transactions.

We wish to express our appreciation to the administration and staff for their cooperation and courtesies extended during our audits.

Sincerely,

Joris Jabouin, CPA  
Chief Auditor

## INTERNAL AUDITOR'S REPORT

### AUTHORIZATION

State Board of Education Rule 6A-1.087(2), Florida Administrative Code, requires District School Boards to provide for audits of Internal Funds. In accordance with School Board Policy 1002.1 and the Audit Plan for the 2022-2023 fiscal year, the Office of the Chief Auditor has audited the financial statements for the location listed in the Table of Contents section of this report. The financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles. These financial statements are the responsibility of the Principal/Director. Our responsibility is to express an opinion on these financial statements based on our audits.

### SCOPE, OBJECTIVES, AND METHODOLOGY

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We selected and tested a representative sample of receipts and disbursements for the audited location. We also analyzed selected activities where the location generated significant revenues. An audit also includes assessing the accounting principles and significant estimates made by the administration, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We perform our audits with the objectives of:

- expressing an opinion on the financial statements of the location.
- evaluating compliance by the location with the policies and procedures prescribed by the Standard Practice Bulletins.
- evaluating the internal control structure at the location to determine the extent to which selected control environment factors promote compliance with the policies and procedures prescribed by the Standard Practice Bulletins.

We conducted our audits in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States. Those standards require we plan and perform these audits to obtain reasonable assurance that the financial statements are free of material misstatements.

#### Financial Statements

In our opinion, the financial statements contained in these audit reports present fairly, in all material respects, the changes in fund balances arising from cash transactions of the location, on the cash basis of accounting.

#### Compliance

We also tested compliance with selected policies and procedures prescribed by the Standard Practice Bulletins.

### Internal Control Structure

In planning and performing our examinations, we obtained an understanding of the:

- internal control structure established by the administration.
- operational internal control policies and procedures relevant to cash receipts and disbursements.
- assessed level of controlled risk to determine the nature, timing, and extent of substantive tests for compliance with applicable laws, administrative rules, and district policies; including the reliability of financial records and the safeguarding of assets.

The scope of our audits also included an assessment of the controls in place at the location to promote compliance with the Standard Practice Bulletins, which contain the procedures established to control the use of the Internal Funds. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that material errors or irregularities in the location's financial records, cash receipts, and disbursements, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

The results of our audits for the individual location are included within each report.

CASH AND INVESTMENT SUMMARY

	<u>6/30/22</u>
Cash Account:	
Checking Account – Wells Fargo	\$ <u>507,305.75</u>
 TOTAL	 \$ <u>507,305.75</u>

In accordance with State Board of Education Rule 6A-1.001, Florida Administrative Code, and School Board Policy 1700, we have audited the financial statement of Athletics and Student Activities for the 2021-22 fiscal year. We conducted our audit in accordance with generally accepted government auditing standards, issued by the Comptroller General of the United States. The financial statement of the department presents fairly, in all material respects, the changes in fund balances arising from cash transactions during the 2021-22 fiscal year, on the cash basis of accounting. With respect to the items tested, the school generally complied with various Florida Statutes, Board Policies and particularly the Standard Practice Bulletins. Our assessment of the controls in place to promote compliance with the School Board's policies and procedures indicated the internal control structure at the school generally functioned as designed by the District administration.

## AUDIT EXCEPTIONS

### **Disbursements**

The check stub and backup documentation for twenty-two (22) disbursements totaling approximately \$70,000 were not made available for audit. The current Budget Support Specialist informed the auditors that they were unable to locate where the previous Budget Support Specialist filed the disbursement documentation.

We recommend the Business Support Center Director review Standard Practice Bulletins I-101 Internal Accounts Policies with the Athletics and Student Activities Director and the Business Support Specialist and ensure the maintenance and retention of audit required records and files.

### **Checking Account Balance**

A checking account balance of \$ 507,305.75 was noted on the department's June 2022 end-of-year report and bank statement. The checkbook balance was over \$ 530,000.00 at the end of March 2023.

In accordance with Standard Practice Bulletin I-301 Depository Accounts, we recommend that the Business Support Center Director and the Athletics and Student Activities Director ensure surplus funds are invested in the District's Treasurer's Pooled Funds.

### **Purchase Cards**

On several occasions one of the four employees with a P-Card did not submit the required documentation necessary for P-Card purchase approval and payment from the department. Such documentation includes the pre-authorization, a completed *Expense Reimbursement/Payment Request Form*, and an original receipt reflecting items purchased.

We recommend the Business Support Center Director review the requirements of Standard Practice Bulletin I-305 Disbursements and the Purchase Card Manual with the Athletics and Student Activities Director, the Budget Support Specialist and the department's staff to ensure:

1. Every disbursement is supported by a properly completed Expense Reimbursement/Payment Request form.
2. Principal department head or designee reviews Cardholder transactions and ensures the Cardholder submitted a statement supported by receipts for all listed transactions.
3. The Cardholder approver is required to notify the Program Administrators when the Cardholder fails to provide receipts for all transactions.

## Receipting

During our review of the department's BC-40P receipt books, we noted:

- a. Several BC-40P initial receipts did not reflect the dates monies were collected.
- b. One initial BC-40P receipt did not have the collection amount.
- c. On several occasions, the initial BC-40P receipt was incorrectly cross-referenced in Great Plains.
- d. On several occasions, the Great Plains official receipt information was incorrectly recorded on the BC-40P book cover.
- e. On three occasions, the total of the BC-40P receipts did not reconcile to the amount recorded on the BC-40P receipt book cover. The first one, \$ 1,475.00 was recorded on the BC-40P receipt book cover; but the correct total of \$ 1,700.00 was receipted in Great Plains. The second, the correct total was \$ 1,369.40; but recorded on the BC-40P receipt book cover and receipted in Great Plains for \$ 1,369.00. The third, the correct collection amount was \$ 3,265.00; but was recorded on the BC-40P book cover and receipted in Great Plains for \$ 3,130.00, the amount of \$3,265 was deposited into the bank account.

We recommend the Business Support Center Director review Standard Practice Bulletins I-103 Computerized Internal Accounts User's Manual and I-302 Cash Collections with the Athletics and Student Activities Director and the Business Support Specialist and ensure:

1. All BC-40P receipts are completed in ink and includes information such as the collection date, full name of payer, dollar amount of collection, signature of the collector and the complete description of the purpose of collection.
2. The correct Great Plains receipt number and posting date is recorded on the front cover of all receipt books.
3. All collections using BC-40P initial receipts are recorded on the BC-40P book cover.
4. Collection amounts documented using BC-40P receipts are accurately recorded on the BC-40P receipt book covers and in Great Plains.

## Tickets

During our review of the of the *Pre-numbered Tickets Inventory* for the fiscal year, we noted that the department have one-hundred six (106) ticket rolls; however, *Perpetual Ticket Inventory Sheet* and *Pre-numbered Ticket Inventory* were not prepared. The auditors created a Perpetual Ticket Inventory Sheet for the tickets presented by the department to be updated as necessary and retained in the records for audit.

We recommend the Business Support Center Director review Standard Practice Bulletins I-201 Athletics, I-317 Year End Closing and Financial Reports and I-403 Admission Tickets/Ticket Report with the Athletics and Student Activities Director, County Athletic Director and Budget Support Specialist, and ensure:

1. A *Perpetual Ticket Inventory Sheet* is completed for each roll of tickets in the department's inventory and retained for audit.
2. At year-end, the Budget Support Specialist completes the Pre-numbered Ticket Inventory as part of the year-end closing requirements.

**SUBJECT: RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2021-22**

This correspondence acknowledges receipt and prompt review of the findings from the Internal Audit performed for fiscal year (FY) 2021- 2022 for the Athletics and Student Activities Department. The audit revealed numerous exceptions related to Disbursements, Checking Account Balance, P-Cards, Receipting and Tickets.

In addition to following all the recommendations provided by the Auditor in the Audit Report, below are additional corrective measures that the Business Support Center (BSC), collaborating directly with the department director, has agreed to, and will be implementing to prevent further exceptions related to each area.

**Disbursements:**

- Effective immediately, all Athletics and Student Activities backup documentation will be stored onsite in a locked cabinet to prevent any documents from being misplaced.
- BSC will develop training for Bookkeepers and school leaders on the disbursement procedures (Standard Practice Bulletin I-305) from student activities accounts, by 07/15/2023, and deploy out to all schools/departments by 08/26/2023. Special emphasis will be placed upon the documentation required for disbursements.

**SUBJECT: RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2021-22**

**PAGE: 2**

Checking Account Balance:

- The T-Pool process will be initiated to transfer the excess idle surplus funds once the new school year opens for transactions, no later than 7/30/2023.
- The BSC will now be including mandatory T-Pool transfers, for any locations with surplus funds above our insured limits, as part of the District's year-end closing process beginning with FY 2023-24.

P-Cards:

- Recently appointed department director, Patricia Brown, has personally reviewed the P-Card Program Approvers responsibilities and will ensure all cardholders in Athletics and Student Activities adhere to the P-Card Procedures Manual.
- Department director, Patricia Brown, has met with the individual employee that failed to follow protocol and has reviewed the expectations of cardholders within the District.
- The employee that failed to follow protocol has had their P-Card Account closed for 60 days and will be required to take the mandatory P-Card training before reactivating their account.
- The temporary or permanent closing of cardholder accounts will now be standard response when locations do not adhere to the P-Card Procedures Manual, resulting in P-Card audit discussions or audit exceptions.

Receipting:

- BSC led training for all Bookkeepers on 5/4/2023 to ensure that all are aware of, and fully understand, the importance of accuracy surrounding all procedures related to receipt books and cash envelopes.
- BSC will develop training for all school sponsors on money collection procedures by 07/15/2023 to ensure that all are aware of, and fully understand, the importance of monitoring and securing receipt books and monies collection envelopes. BSC schools will be required to provide the training to all sponsors that handle cash by 08/26/2023.
- BSC will work with Athletics and Student Activities to eliminate the use of Receipt Books by utilizing the OTR (Online Teacher Receipting) module currently available in OSP by 12/01/2023. This capability allows the department to issue receipts (email or print) directly from OSP and import directly into our ERP to eliminate transcription errors.

**SUBJECT: RESPONSE- AUDIT REPORT ON INTERNAL ACCOUNTS-FISCAL YEAR 2021-22**

**PAGE: 3**

Tickets:

- All Tickets from the Athletics and Student Activities will be destroyed by as the department only uses GoFan.
- Additional Context: Tickets possessed by Athletics and Student Activities were relocated to the BSC while the Athletics and Student Activities Department was being renovated. With the approval of the previous director, Shawn Cerra, the BSC requested the tickets possessed be destroyed, as they have not been in use since the introduction of GoFan. The tickets noted on the exception were not known to the leadership of the Athletics and Student Activities Department nor the BSC. Therefore, they were not identified on a Perpetual Ticket Inventory Sheet, or included in the tickets that were destroyed, which resulted in the exception.

The BSC recognizes the seriousness of this audit finding and remains committed to collaborating with our locations to run fiscally sound operations. We are confident that these corrective measures will further improve our operations by helping all locations prevent similar future audit exceptions.

**SUBJECT: RESPONSE – AUDIT REPORT ON INTERNAL ACCOUNTS - GOFAN**

Based on communication with Patrick Noles, the Vice President and Sales Manager of GoFan on Tuesday, July 18, 2023, the GoFan server is the Amazon server and there are two backup servers in place if one goes down.

During the past seven (7) years of using GoFan as a cashless ticketing solution for Florida High School Athletic Association (FHSAA) and School Board of Broward County (SBBC) events, we have never experienced a disruption of service.

Moving to a digital platform has afforded us the ability to improve the efficiency of the ticketing process.

## General Information on Internal Funds

Internal Funds (also known as Internal Accounts or Student Activity Funds) are monies generated and used within a school, in contrast to the tax-derived funds that support school budgets and the general operations of the District. Any money collected or handled by any SBBC employee in connection with a school activity is required to be deposited into the school's Internal Funds.

Funding and Financial Reporting for Florida Schools (Redbook) Chapter 8 *Internal Funds* contains the Florida Department of Education's published regulatory guidelines, as well as the accounting structure, for public school Internal Funds. The District's Internal Accounts policies and Standard Practice Bulletins are based on this FDOE regulation.

The specified Internal Accounts funds are:

- 1000's Athletics
- 2000's Music
- 3000's Classes
- 4000's Clubs
- 5000's Departments
- 6000's Trusts
- 7000's General.

The **Athletics** fund may contain an Athletic Account and smaller accounts belonging to Cheerleaders and particular sports teams or clubs. Athletic event ticket sales revenues are recorded in an account in the Athletics fund. High Schools have occasionally received reimbursements from the Athletics and Student Activities Department, for certain Athletics expenses that were originally paid from the school's Internal Funds.

The **Music** fund holds money collected for Band and Orchestra instrument rental fees, and any other fundraising proceeds, ticket sales, or collections by a school's Chorus, Band, or Orchestra.

**Class** accounts typically record funds collected and disbursed by each grade level. In a High School, the Senior Class Account typically shows higher revenues and disbursements than the other class accounts due to activities such as the Homecoming Dance and Senior Prom. The Class Accounts may hold collections related to any project, activity or field trip pursued by any grade level.

**Club** accounts record the money raised and disbursed by various Clubs. The Class and Club sponsors authorize expenditures from the accounts belonging to organizations they sponsor. Yearbook sales are accounted for in the Club Accounts.

Most schools have Faculty Club Accounts to receive Faculty Club dues collected and vending machine commissions derived from machines in Teacher-designated areas of the school. These funds are disbursed in accordance with Faculty Club voting and authorization.

## General Information on Internal Funds (Continued)

**Department** accounts may hold, for example, Library collections for lost Library books or Book Fair proceeds, or donations given to the school for use by a particular school department, such as ESE or Guidance. A Physical Education Department Account could be used to record revenues and expenditures related to the purchase and sale of PE Uniforms.

**Trust** accounts hold money that is to be used for a specific purpose, or that is required to be remitted to the District.

After-School Care collections and Summer Camp collections from parents, Facility Rental collections from lessees, and Sales Taxes due on fundraisers are accounted for in the Trust accounts. Small grants and donations may also be recorded in Trust accounts to be used for donor-designated purposes.

Elementary schools, middle schools, alternative schools and centers receive a categorical allocation in their budgets for the Supplemental Arts and Sciences Program, which is placed in each recipient school's Internal Funds checking account by the District's Treasurer. Schools may use these funds to pay approved field trip vendors directly, and unused funds are returned to the District at the end of each school year.

Vending machine commissions are also initially receipted in a Trust Account, before being transferred to other Internal Funds accounts. Staff Appreciation is a Trust Account that is permitted to receive up to 25% of the school's vending machine commissions.

The Promotions/Public Relations and Hospitality Trust Accounts hold money transferred in from the General Account, that is subject to annual maximums and restricted in purpose. Unused funds must be transferred back to the General Account at the end of each fiscal year.

The **General** Account records funds to be used for the general welfare of the student body, including donations without a specified purpose.

Limited funds may be transferred from the General Account to the Promotions/Public Relations and Hospitality Accounts and the School Improvement Trust Account at the beginning of each school year.

Financial and Program Cost Accounting and Reporting for Florida Schools 2021 (published by the Office of Funding and Financial Reporting – Florida Department of Education) Chapter 8 *School Internal Funds*, Section III – Standards, Practices and Procedures states:

“3.4 RESTRICTED EXPENDITURES The following expenditures from internal funds are deemed inappropriate and shall not be made except from trust funds collected for a specifically identified purpose.

- a. Equipment, supplies, forms and postage for curricular or classroom use. The exception is for revenues derived from career education production shops, which may be used for this purpose.

## General Information on Internal Funds (Continued)

- b. Curricular-related travel. The exception is for revenues derived from career education production shops, which may be used for this purpose.
- c. Professional, technical or consultant services. The exception is for revenues derived from career education production shops, which may be used for these purposes.
- d. Articles for the personal use of any student, employee or other person, except those items that are identifiable as being in recognition of service or promotion of school activities and those items identified under rule 6A-1.0143, F.A.C., Promotion and Public Relations Funding.
- e. Personal memberships or subscriptions.
- f. Salaries or other compensation for duties or assignments that are the responsibility of the school district.
- g. Loans, credit or accommodation purchases for anyone.
- h. Repairs and maintenance of district school board equipment for which district school board funds are available. The exception is for revenues derived from career education production shops, which may be used for these purposes.”

Expenditures that are paid from a school’s budget by the Accounts Payable Department may be reimbursed by the school’s Internal Funds, if appropriate. For example:

- Employees who work as gate help at a school Football game must be paid via Payroll, so money from the school’s Internal Funds Athletic Account is remitted to the Treasurer’s Office to cover these payments to SBBC employees.
- Equipment should be purchased through SAP, with the assistance of the Procurement Department. If Internal Funds are the source of payment, the money is remitted to the Treasurer’s Office so that the invoice may be paid by the District’s Accounts Payable Department, and the item is added to the school’s Property Inventory.
- Schools may engage the Transportation Department to provide buses for field trips, so Internal Funds money may be remitted by the school to the Treasurer’s Office to pay Transportation for services.

## General Information on Internal Funds (Continued)

Any money collected or disbursed in association with a school field trip must flow through the school's Internal Funds. Booster Clubs and PTOs may donate money to their schools to enable the schools to pay the bills for field trips.

If a school is fortunate enough to have a large balance in its Internal Funds checking account (each school is limited to one checking account by Florida Department of Education regulation) they may withdraw money from the checking account and transfer it to an account for the school in the Treasurer's Pooled Funds. This allows the school to accrue a bit more interest income, while avoiding the possibility of exceeding FDIC deposit insurance limits. The Treasurer's Office periodically disburses interest payments to each school that has a Treasurer's Pooled Funds Account, and the interest payments are receipted into each school's Internal Funds. The Internal Funds invested in the Treasurer's Pool at fiscal year-end 2022 totaled \$6.5M.

The total year-end balance of Broward's non-Charter schools' Internal Funds (including the Technical Colleges and Community Schools) was \$20.2M in June 2021 and \$22.1M in June 2022. During fiscal year 2022, the combined total of inflows was \$69.8M, and the combined total of outflows was \$67.9M.

Although Internal Funds are not available to the School Board to support the general operating expenses of the District, they are reported in the District's Annual Comprehensive Financial Report (ACFR). Student Activities finances are reported in the ACFR in the Fiduciary - Custodial Fund (fund 8920). The Bookstore activities at the Technical Colleges are reported in the ACFR in the Non-Major Special Revenue Funds as Other Special Revenue (fund 4980).

SUBJECT: **PRINCIPAL'S DISCRETIONARY ACCOUNT**

A Principal's Discretionary Committee comprised of Principals, District Auditors, and Internal Accounts staff met on several occasions to discuss the purpose and use of the Principal's Discretionary account.

In order to comply with rules and regulations governing internal accounts, the committee has recommended that the Principal's Discretionary account be discontinued. **The Principal's Discretionary account must be closed before the end of the current school year.** Principals may transfer the balance of the Principal's Discretionary account to any internal account(s) they deem appropriate. Funds transferred into an internal account must be disbursed in accordance with established policies or bulletins governing the internal account. If funds are to be used for food for staff or for the purchase of items which become the personal property of staff, then funds must be receipted into and disbursed directly from a faculty controlled account such as Faculty Account, Faculty Sunshine, etc.

Standard Practice Bulletin I-311 (Donations) has been revised to specifically address how to document, receipt and disburse donated funds.

Both the Office of the Chief Auditor and the Internal Accounts departments will continue to work together to make the Internal Accounts and Audit processes more efficient. We are eager to assist District schools in their efforts to achieve financial success!

Information concerning internal accounts and upcoming audits is now being sent to all Bookkeepers via the Internal Accounts CAB e-mail site. Bookkeepers should monitor their e-mails for important information concerning internal accounts and upcoming audit issues.

If you have questions concerning bookkeeper training, internal account procedures or interpretation thereof, please contact the Internal Accounts Office at 321-0590. Questions related to audits should be directed to the Office of the Chief Auditor at 321-8300.

Thanks for your continued cooperation.

Also, the sponsor should be sure the invoice item description is easily associated with the sponsor's inventory price list. If necessary write the item name on the invoice as it appears in inventory.
4. Ending inventory will be supported by the inventory form (Exhibit 7).
5. An inventory price list for **each school year must** be maintained and available for audit. The price list must show each item sold and the price at which it was sold. Any deviation from this price list must be documented (specific item discounted, discounted price and quantity discounted). The item description used on the year-end inventory **must** match the item description on the inventory price list.

The BCPS Purchasing Card Program Procedures Manual was established in accordance with Purchasing Policy 3320. The program shall include the establishment, communication and maintenance procedures for the control and use of BCPS P-Cards. This manual shall also establish the guidelines for the use and control of P-Cards assigned to, and utilized by, designated employees to procure goods on behalf of BCPS.

### P-Card Program Goals

The P-Card Program is designed to support efficiency in processing low-dollar purchases from vendors that accept the Visa or MasterCard credit card. The success of the BCPS P-Card program relies on the cooperation and professionalism of all associated stakeholders. Benefits to stakeholders include;

<b>Cardholders</b>	A Cardholder will be able to obtain goods and services directly from suppliers.
<b>BCPS</b>	The Purchasing Card program provides a cost-efficient method for purchasing small dollar goods with low risk to the district.
<b>Suppliers</b>	The Purchasing Card will be welcomed by over 17 million suppliers worldwide. When accepting the card for business purchases, suppliers need not send invoices since they will receive payment directly from Bank of America (via the Card Association) within 48 hours. All the supplier will need to do is send a paid receipt to the cardholder.

\*\*\* If cardholder does not meet these requirements every fiscal year, card may be subject to suspension or cancellation

### Cardholder Liability

The Purchasing Card is a corporate credit card, which will not affect the Cardholder's personal credit. However, it is the Cardholder's responsibility to ensure that the card is used within stated guidelines of the P-Card Procedures Manual. Failure to comply with program guidelines and terms and conditions may result in notification to supervisors, suspension of the P-Card, permanent revocation of the P-Card, and/or further disciplinary measures up to and including termination, depending on the nature of non-compliant activity.

### Cardholder Application

All prospective Cardholders are required to complete and submit a P-Card Application & Cardholder/Approver Acknowledgement Form (Forms) to PWS P-Card Administrators every fiscal year. All required fields must be completed including the acknowledgment for which includes Cardholder and Approver initials and signatures. Application requires two signatures; the Cardholder and the Cardholder Approver. See [Definitions](#) for additional details on Cardholders and Cardholder Approvers.

### Credit Card Types

There are two (2) types of cards assigned within the P-Card Program; Visa and MasterCard. The type of card assigned to an approved Cardholder is dependent upon the funding source. Accounts funded through General Funds are assigned Visa credit cards. Accounts funded through Internal Funds are assigned MasterCard credit cards. Due to district procedures of internal funds reconciliation and payment requirements, only locations supported by the Business Support Center may be assigned a MasterCard funded with Internal Funds.

### Standard P-Card Format

Each P-Card issued will be imprinted with "School Board of Broward County, Florida", the BCPS Logo, the Tax-Exempt Number, the Account Number, Card Expiration Date, Cardholder Name, and Cardholder Department. P-Cards are chip and PIN enabled.

### Security and Storage

Cardholders should always treat their Purchasing Card with at least the same level of care as their own personal

credit cards. The card should be stored in a secure and safe location, and the account number should not be shared.

### Control and Usage

The only person entitled to use the card is the person whose name appears on the face of the card. The card may not be lent to another person for any reason. Cardholders are responsible for controlling the usage of their assigned P-Card(s). Cardholders may not share their card with other individuals.

### Spending Controls – Cardholder Profile Limits

BCPS's Purchasing Policy 3320 governs all purchases. All Cardholder Profiles are assigned appropriate spending controls through the use of credit limits, transaction limits, MCC restrictions, and sometimes monthly volume limits. The default Cardholder Profile consists of the following limits and restrictions:

- Declining Balance
- Credit Limit as assigned
- Single Transaction Limit as assigned
- Cash Prohibited
- Travel-Related MCC Restricted
- Also see Card Profile Types

### Spending Controls – Statement of Financial Interest

Cardholder Accounts with Single Transaction Limits exceeding thirty-five thousand dollars (\$35,000) are required to submit a Statement of Financial Interest Form 1 by July 1st of each year. The form must be filled out for all cardholders that have a profile that allows them to spend \$35,000 or more regardless if a charge of that amount was made.

Upon leaving employment, a Statement of Financial Interest Form 1F is required. For more information, visit [http://www.ethics.state.fl.us/Documents/Forms/Form1.html#form\\_1](http://www.ethics.state.fl.us/Documents/Forms/Form1.html#form_1):

## MCC Blocking and Suppliers

Transactions will be blocked based on MCC restrictions at the point-of-sale for unauthorized merchants in specific general merchant category codes such as travel, drug stores and pharmacies just to name a few. Changes to the blocking list for specific merchant categories can be made when a business need is identified. A Cardholder must obtain approval from the Cardholder Approver prior to submitting requests to P-Card Administrators for changes to MCC restriction. P-Card Administrators may require PWS Director or additional levels of approval depending on the nature of the request. By default, all suppliers assigned travel related MCCs are restricted.

## Erroneous Declines

If the Cardholder feels that the Purchasing Card has been erroneously declined by a merchant, a P-Card Administrator should be contacted for assistance. The P-Card Administrator will review the transaction on their card management system and if necessary, contact Bank of America (BOA) to determine the reason for the decline and will make appropriate changes to the Cardholder profile, if necessary and approved.

If a purchase is being made outside of normal BCPS business hours, the employee must find an alternate payment method or cancel the purchase and contact the Program Administrator during normal business hours.

## Sales Tax

The School Board of Broward County, Florida (BCPS) does not pay Federal Excise and State taxes on direct purchases of tangible personal property. The applicable tax exemption number is shown on the Procurement Card. Cards will be re-issued periodically to reflect exemption number changes. If for any reason a copy of the actual tax-exempt certificate is required, please contact your P-Card Administrators. The Cardholder is responsible for obtaining credits for all taxes charged for any transactions for each statement period. P-Card Administrators identify transactions that contain sales tax erroneously charged and the Cardholders are accountable to ensure that sale tax is refunded. P-Card Administrators may recommend Card Account Suspension for any cardholders who repeatedly fail to ensure merchants comply with BCPS Tax Exempt status.

Also see [Reconciliation and Approval section](#).

## Unresolved Disputes and Billing Errors

The Cardholder is responsible for contacting the merchant to resolve any disputed charges or billing errors within 30 days of receiving a statement. If the matter is not resolved with the merchant, the Cardholder should:

1. Contact the P-Card Administrator for assistance if an acceptable resolution is not obtained. A Transaction can be disputed with Bank of America Merrill Lynch within 60 days of the billing close date, the date of the billing statement in which the Transaction first appears.
2. If the dispute is resolved in the Cardholder's favor, a credit in the amount of the disputed transaction will appear on a subsequent Cardholder statement.
3. Disputes have to be completed immediately as they may affect cardholder credit limit.

Also see [Reconciliation and Approval section](#).

## Credits

Merchants should issue all credits for returned merchandise or services to the individual Purchasing Card account for any item they have agreed to accept for return. UNDER NO CIRCUMSTANCES SHOULD A CARDHOLDER ACCEPT CASH IN LIEU OF A CREDIT TO THE PURCHASING CARD ACCOUNT.

Also see [Reconciliation and Approval section](#).

### Lost, Misplaced or Stolen Purchasing Cards

Cardholders are required to immediately report any lost or stolen Purchasing Card to the Purchasing Card Coordinator ([Pcardnotifications@browardschools.com](mailto:Pcardnotifications@browardschools.com) and/or 754-321-0526) and subsequently complete a [P-Card Personnel Change Form](#) for compliance purposes to document the incident. The Cardholder must also immediately notify his/her Principal, department head or designee about the lost or stolen card at the first opportunity during normal business hours.

### Emergency Cards

Emergency Purchasing cards are available for use in emergency situations only. For example, in a case of a hurricane, the emergency P-Card can be used for emergency purchases that have to be made immediately. In emergency situations that involve FEMA, the use of the emergency P-Card must be in accordance with FEMA regulations.

Only the Director of Procurement & Warehousing Services or the Chief Financial Officer can authorize the opening of emergency P-Cards for the requesting departments, always in alignment with the Chief Financial Officer. The P-Card Coordinator will process the emergency P-Card requests and will always maintain communication with the users. The requesting schools or departments needing emergency P-Cards must provide the Coordinator of the program a line of coding indicating the funds are available for payment when using the P-Card.

### Audit Assistance

The Program Administrator will assist BCPS's Office of the Chief Auditor in a periodic audit of BCPS's internal practices and procedures.

### Designated Support Areas

Within the P-Card Program, there are two main designated support areas; the Business Support Center (BSC), and Procurement & Warehousing Services (PWS).

#### Business Support Center (BSC)

The Business Support Center provides centralized business services to BCPS Schools/Departments. Within the P-Card program, BSC may have unique requirements as noted in the "[Designated Support Areas - Statement Reconciliation Process](#)" section of this manual.

### Warehousing Services supporting District Maintenance and Physical Plant Operations

Designated Warehousing Services employees have assigned P-Cards to support District Maintenance and Physical Plant Operations purchases. The Cardholder Approver for the employees within this Designated Support Area is [not eligible](#) to become a Cardholder of this area.

## Internal Funds

The Business Support Center (BSC) oversees the purchasing cards (P-CARDS) funded by the Schools Internal Funds. The accounting system used to manage the internal funds accounts is the Great Plains Accounting system. The BSC requests PWS P-CARD Administrator for issuance of P-CARDS from Bank of America (BOA), separate from the General Funded cards. At time of request PWS mandates that BSC provide proof in writing of such available funds in Great Plains Accounting system prior to releasing a purchasing card for internal funds used only by the BSC. PWS is responsible for issuance of the cards and has oversight of the requests of the cards but not of the use, control, repository and or reconciliation of cards. The management of P-CARD administration for internal funds is done by the BSC and they are only required to submit monthly signed statements. PWS will require that all P- CARDS requested for Internal Funds follow the same application protocols to ensure compliance of issuance in general and as stated in this P-CARD Administration manual. PWS works in collaboration with Auditors to support any inquiries or requests made to ensure controls are in place and that BSC is holding card holders accountable for adhering to all P-CARD Program requirements. See [“Designated Support Areas - Statement Reconciliation Process”](#) section of this manual for additional details.

## Card Profile Types

### Declining Balance Cards

A Bank of America declining balance purchasing card is a P-card that has a specific amount of funds assigned to it. With the use of the card, the balance will decrease until the funds have been spent and the card will not process any more transactions. This is the lowest risk Card Profile Type. Funds will not be replenished unless a new budget transfer is submitted and validated. Depending on whether a Cardholder's location is supported by BSC or not, the funding is general funds or internal funds (only available for BSC Supported Locations), or if the Cardholder's card is for After Care Programs.

Also see [Spending Controls](#) Cardholder

Profile Limits. For all declining balance

cards:

- A P-Card Application is required
- Budget Transfers are required (See Table Below)  
After funds are transferred by Budget and verified by P-Card Administrators, the amount the approved funds are transferred and loaded onto the P-Card as the available balance
- Declining Balance Amounts are available in any approved increment, but the standard is up to \$10,000 with a Single Transaction Limit of \$4,999. Exceptions based on need and job functions are available.
- Should the school ever have a \$0 balance and want to continue to use the purchasing card, they would have to request another budget transfer from the Budget Office
- At the end of each statement period, Cardholders will go online to download a statement or receive a statement from Bank of America and will match the charges on the statement to the purchase receipts.
- The Cardholder will sign the statement and the Cardholder Approver will approve it.
- Necessary copies of documentation should be made and securely stored by each Cardholder location
- Cardholder then must scan and send completed reconciled P-Card statement to the mailbox PcardNotifications@browardschools.com locations then send the original statement and receipts to the PWS P-Card Administrators
- When the fiscal year ends, all declining cards available funds will be deleted and temporarily suspended until new budgets are approved and new fiscal year application and training are completed.
- At the beginning of the next fiscal year, Cardholders can request a new budget transfer from Fund 1000 to Fund 1005 and the card will be opened again for the new fiscal year. Card re-opening is also contingent on completion of annual application and P-training.

## Auto-Replenish P-Cards

Table 3

For Cardholders with a demonstrated business need, where a declining balance card is insufficient to support the intended and approved use of the P-Card. If deemed appropriate, an Auto-Replenish P-Card may be assigned. This type of card has a monthly credit limit approved by, at minimum, the Cardholder Approver. Additional review and approval may be required depending on the requested amount and/or justification provided by the P-Card Applicant and Cardholder Approver. As opposed to a declining balance card, which has a starting value that declines with each purchase over time, the Auto-Replenish P-Cards have a credit limit that is restored each month based on the assigned Cardholder Profile. This limit varies per location and need. Cards of this nature are typically assigned a default Fund 1000 instead of Fund 1005.

At the close of the monthly billing cycle, Bank of America will send a consolidated statement of all Cardholder activity to each BCPS cardholder and they are also able to access their statement electronically through GCA (Global Card Access). If a Cardholder does not have any purchasing activity during a billing cycle, no reconciliation activities are required. If a Cardholder is not able to retrieve their statement through GCA, they should contact P-Card Administrators to request a copy of the statement. P-Card Administrators will obtain a copy from Bank of America and provide to the Cardholder for processing, if applicable.

## Frequently Asked Questions

**Q What is the single transaction and credit limits?**

See [Definitions](#) for details on limits. The limit for each single transaction and credit limits may vary per location.

**Q How will the budget be managed since the budget is not affected until the bill is paid?**

Budgets should be managed the same way they are currently managed. Budgeted funds must be verified prior to making a P-Card transaction. It is important to keep track of receipts to ensure funds available include transactions that have not yet posted. If the purchase transaction is for any account not set as the default coding on the card, the Cardholder must request that a P-Card Administrator reallocate the coding in the Bank of America Works Program before the third day of the month in advance of the monthly posting. In the event a Cardholder has access to the Works platform they may perform the reallocation.

**Q How will the P-card be used in relation to how purchase orders are currently used and encumbered?**

P-card transactions do not encumber funds. The budget balance may be calculated by using the available balance reflected in your budget, minus the amounts for any transactions pending posting. At the close of each statement period, the amount for all transactions will be posted and reflected in your balance. Caution must be given to ensure expenditures between statement postings do not exceed the available budget. Think of this like a checking account. You may write a check, but your account balance does not change until the check is posted to your account. P-card expenditures do not affect your budget until the following month when the bill is posted.

**Q Can a P-card with the same account structure be issued to multiple users?**

P-cards with the same funding structure can be issued to multiple users. The name of the Cardholder must appear on the card. Only the named Cardholder may use his/her card, regardless if funding is shared.

**Q Will user locations receive multiple billings statements to reconcile P-card transactions?**

Cardholders will receive one statement per P-card. If a location has multiple P-Cards, multiple statements will be issued. All statements must be reconciled, signed, and submitted to PWS P-Card Administrators by the due date each month.

**Q Can a journal entry be used at the end of the year to place expenditures in the correct account, thus eliminating the need to use multiple cards?**

Schools/departments cannot do a journal entry at the end of the year placing expenditures into the proper accounts. P-cards will be issued by location with the appropriate account structure assigned to each card. As transactions are made, the transaction will automatically be charged and billed to the account structure listed on the card.

**Q Does the principal/department head approve each P-card purchase transaction?**

Approval requirements for P-card transactions are the same as for conventional purchase transactions. However, it is advised that principals and department heads review the monthly transaction statements to ensure that all P-card purchases comply with the Cardholder's spending authorization profile. Principals and Department Heads may wish to control P-Card purchases by requiring pre-approval of transactions before the cardholder makes the purchase.

**Q How can a Cardholder's card be rejected by a merchant/supplier?**

A Cardholder's card can be rejected by a supplier if any of the transaction authorization controls are violated. A BCPS card may be declined for the following reasons: the transaction amount may be greater than the authorized single transaction limit on the card, the transaction may push the Cardholder over their credit limit, or the Cardholder may be attempting a transaction at an unauthorized supplier or supplier type. However, if a Cardholder feels that they were erroneously declined, contact the Program Administrator for additional assistance or email [Pcardnotifications@browardschools.com](mailto:Pcardnotifications@browardschools.com)

**Q Why does a Cardholder need to relinquish a Purchasing Card when changing locations?**

When a BCPS Cardholder moves from one location to another, the P-Card manual indicates that the Cardholder must relinquish their P-Card to their previous location, principal, department head or designee. The policy exists for a number of reasons:

- A Cardholder's location information is "built in" to the structure of the P-Card. Charges made to a card will be charged to a specific location. If a Cardholder moves to a new department and continues to use their old P-Card, the charges will not be posted to the correct location's budget.
- The Cardholder's responsibilities in the new location may not require the need for a P-Card.
- The Cardholder's new Principal, department head or designee must authorize the use of a P-Card.
- If a Cardholder requires a P-Card at the new location, a new application is required.

**Q What are the consequences to a Cardholder for Purchasing Card misuse?**

Improper use of the card will result in a BCPS Security investigation, which may lead to disciplinary action, up to, and including criminal prosecution and termination of employment. Should the Cardholder fail to use the card properly and charges are unaccounted for, the Cardholder has authorized BCPS to deduct such amount from the Cardholder's salary equal to the total amount of unaccountable expenditures. The Cardholder also agrees to allow BCPS to collect any amounts owed by the Cardholder even if no longer employed by BCPS.

**Q Why is a Statement of Financial Interest Form required?**

It is a requirement per Florida Statute that any employee who meets certain criteria related to having the ability to make purchases on behalf of the school district must submit this form. State and Internal Auditors have interpreted the statute to apply to cardholders with the ability to enter into single transactions exceeding the designated amounts as noted at:
