**SUBJECT: ANNUAL COMPREHENSIVE FINANCIAL REPORT SUMMARY FOR THE FISCAL  
YEAR ENDED JUNE 30, 2023**

This memorandum analyzes the financial position and the results of operations for the fiscal year ended June 30, 2023.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

- The District had \$3.5 billion in **revenues**, an increase of \$133.9 million, or 4.0 percent, from \$3.3 billion for the prior year. The increase in revenues is due to an increase in other general revenues including Federal Education Stabilization Funds and Florida Education Finance Program (FEFP), an increase in ad valorem taxes (including General, Referendum, Debt Service and Capital Projects Funds), and an increase in program revenues (including charges for services and operating and capital grants and contributions). Ad valorem taxes increased due to an increase in the total assessed property values. *Refer to ACFR MD&A, Table 2.*
- The District had \$3.3 billion in **expenses**, an increase of \$235.8 million, or 7.6 percent, from the prior year primarily due to an increase in instructional services, student transportation services, operation and maintenance of plant, school administration, and food service expenses. There were decreases in general administration and interest expenses. *Refer to ACFR MD&A, Table 2.*
- The District's **debt** (Bonds Payable, Certificates of Participation, Leases, and Equipment Finance Agreements) decreased by \$121.8 million, or 5.4 percent, to \$2.1 billion from \$2.3 billion in the prior year. The decrease was primarily due to the payment of debt. *Refer to ACFR MD&A, Table 5.*
- The District's **net position** increased by \$146.1 million, or 30.1 percent, to \$630.5 million as of June 30, 2023, from prior year's net position of \$484.4 million. A significant portion of the District's net position reflects its net investment in capital assets (i.e., land, buildings, furniture and equipment) less any related debt used to acquire those assets. A large amount of the remaining net position (\$434.7 million) is restricted for capital projects to complete construction in progress and perform property maintenance. *Refer to ACFR MD&A Table 1.*

### **FUND FINANCIAL STATEMENTS**

- The overall **General Fund Balance** (the primary operating fund) decreased by \$27.2 million, or 12.5 percent, to \$190.9 million from \$218.1 million in the prior year. The decrease is due to the School Board opting to give substantial four percent raises and to increase payments for School Resource Officers. *Refer to ACFR Exhibit 4 and the Footnotes.*

### **OTHER**
