Toll Free: (866) APD-CARES (866-273-2273) Autistic Disorder: Autistic testing by a Psychologist or Medical Doctor identifying a minimum of six characteristics associated with Autism.

- Intellectual Disability: A psychological evaluation with an IQ and Adaptive Testing. You may obtain this information from a school or private psychologist. The IQ must below 69 and have a significant deficit in adaptive functioning.
- Down Syndrome: A lab report showing the individual tested positive for the chromosome Trisomy 21 and a diagnosis of Down Syndrome or a letter from a medical doctor stating that the individual has the chromosome Trisomy 2 and Down Syndrome.
- 4. Phelan McDermid Syndrome: Means a disorder caused by the loss of the terminal segment of the long arm of chromosome 22, which occurs near the end of the chromosome at a location designated q13.3. To determine eligibility, we need a letter from the doctor stating a diagnosis of Phelan McDermid Syndrome as derived from genetic testing code 22,q13.3 deletion.
- Cerebral Palsy, and Spina Bifida. Medical records that document a diagnosis of the disability.

According to Section 393.063(9), Florida Statues, an individual must have manifested a developmental disability before the age of 18.

Supporting documentation below should be submitted so that we can determined your eligibility as quickly as possible.

- School reports (IEP)
- Social Security Card (or copy)
- Medicare Card (or copy)
- Copy of original Birth Certificate
- · Proof of domicile in the state of Florida
- Guardianship papers (if applicable)
