SUBJECT: **2023 INFORMATIONAL BASELINE FLORIDA SCHOOL GRADES CALCULATED
FROM 2022-2023 RETROFITTED FAST ASSESSMENT DATA**

This memorandum summarizes the informational baseline school grade results released today by the Florida Department of Education at the school, district, and state levels. Schools must have tested at least 95% of eligible students to receive a school grade in 2022-2023. The 2022-2023 school grades are informational baseline that include English Language Arts (ELA) Achievement, Math Achievement, Science Achievement, Social Studies Achievement, Middle School Acceleration, High School Acceleration, and Graduation Rate. Learning gains for ELA and Math are excluded in this baseline year. Beginning 2023-2024 school grades will include all achievement components along with learning gains plus an additional Grade 3 ELA Achievement component for elementary and combination schools.

On October 18, 2023, the State Board approved amendments to Rule 6A-1.09981, F.A.C. As part of the transition to new assessments and new performance standards, or cut scores, Senate Bill 1048 (2022) amended s. 1008.34, F.S., to require that the initial school grading scale for 2022-2023 informational baseline grades be set so that the percentage of schools that earn an "A," "B," "C," "D" and "F" is statistically equivalent to the 2021-2022 school grades results. The 2022-2023 school grades, incorporate the new retrofitted assessment results and new cut scores for the Florida Assessment of Student Thinking (FAST) assessments. No negative consequences result from these grades, as they are informational. As required by state law, once learning gains data become available at the conclusion of the 2023-2024 school year, the State Board shall review the school grading scale and determine if the scale should be adjusted for the 2023-2024 school grades calculation (Summer 2024). Detailed information on the computation of the school grades is available on the Florida Department of Education website at: <http://www.fldoe.org/accountability/accountability-reporting/school-grades/index.shtml>.

Caution needs to be given to the initial results as there are 5 traditional schools and 3 charter schools that were issued an Incomplete. Incompletes occur when there isn't 95% of the results reported or if there are student cases that need to be verified as valid and reliable.

Highlights:

- Broward maintained its District grade of "B" and is within five percentage point of an "A"

Review of the 2023 school grades revealed the following:

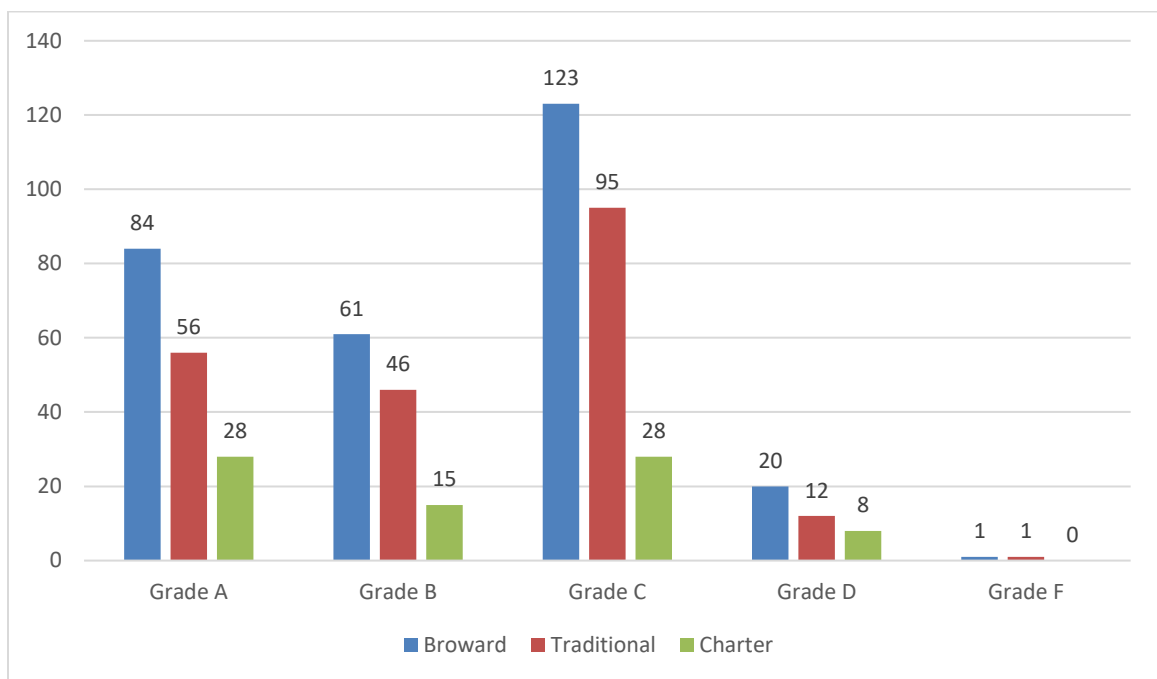

Figure 1. School Grades distribution 2022-2023

Table 1 shows the state's district and overall school grade percentage scale.
