SUBJECT: **ADVANCED PLACEMENT PROGRAM, ADVANCED INTERNATIONAL CERTIFICATE OF EDUCATION, AND INTERNATIONAL BACCALAUREATE (IB) DIPLOMA PROGRAMME ENROLLMENT AND RESULTS, SY 2023-2024**

This memo, the snapshot, and the attached appendices summarize student participation and scores from the Advanced Placement Program (AP), Advanced International Certificate of Education (AICE), and the International Baccalaureate (IB) Diploma Programme offered during the 2023-2024 school year.

The AP program provides an opportunity for high school students to experience college-level coursework and demonstrate mastery of content on national, subject-specific examinations. AP exams are scored on a scale of 1 to 5, and many colleges and universities will award course credit for scores of 3 or higher.<sup>1</sup>

The Cambridge AICE Diploma is an international curriculum and examination system that emphasizes the value of broad and balanced study. Alongside an in-depth understanding of a variety of subjects, students also need to master a broader range of skills critical for success in university study and employment. AICE exams are scored on an eight-point scale, and many colleges and universities will award course credit for scores of 3 or higher.<sup>2</sup>

The IB Diploma Programme is an international curriculum and examination system that aims to provide a challenging and comprehensive education that enables students to understand and manage the complexities of their world and provides them with skills and attitudes for taking responsible action for the future. The IB curriculum prioritizes skills in writing, critical thinking, creativity, and service to communities. Students are taught via a teaching model that emphasizes inquiry, reflection, and action. Courses culminate in an exam that is graded on a seven-point scale and some colleges and universities will award course credit for scores of 4 or higher.<sup>3</sup>
