Summary of Nominee & Activity(ies) (Maximum Text Length: 2500)

The first paragraph will be used as the biographical information for the nominee in the Awards Ceremony program. To see previous P3 Winners and Nominees' Bio, [click here](#). For the rest of the narrative, briefly summarize the nominee and activities he/she was involved in. Explain what effect the activity/project/program has had on the community, school, environment, etc. Focus on what he/she has accomplished (in combination of the sections). Describe what makes the nominee unique and successful in efforts to be sustainable. Be sure to describe the level of student involvement in projects.

2500 characters left

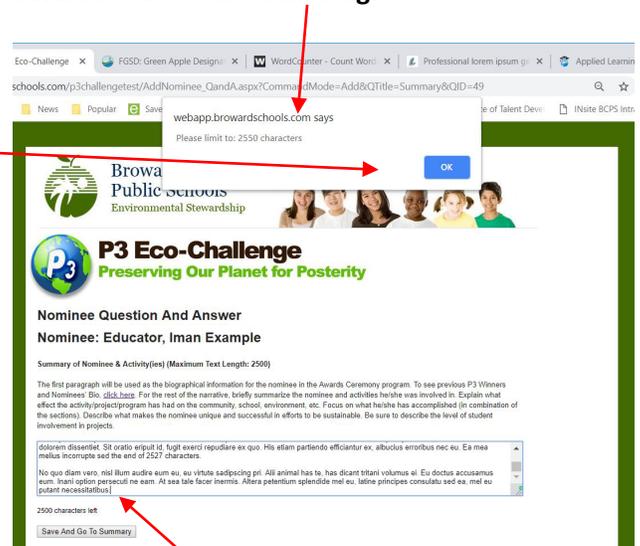

**IMPORTANT:** In the sections where you have to type in your narratives, you are provided **character limitation** – this is **not word limitation** but character – spaces and punctuations included. For example, the word *limitation* has 10 characters.

You should type in your application narratives in a Word document first, then cut and paste into the P3 application. You can use an online character counter such as <https://wordcounter.net/>

**NOTE:** For all narratives, there is a 2,500 character maximum text length (each letter, space, punctuation mark is counted). You can use an online tool like <https://wordcounter.net/> to see your character count.

**If you paste information that is beyond the 2,500 max, you will receive an error message.**

Click **OK** (to make that error message go away)

**After you click OK to make that error message go away, the system will cut off your narrative to the actual count – read through your narrative so you can see where it was cut off and edit as needed to fit the parameters.**

Once you're within the parameters, click **Save and Go To Summary**. You can always come back to this page to edit it at a later time from the Summary page.

7) **Summary page – click Add/Edit to go to the next section(s).**
