

What is Canvas?

Canvas is a Learning Management System, or LMS, and is often described as, "a way to simplify teaching and learning by connecting all the digital tools teachers and students use in one easy place".

With Canvas, students can:

- ✓ receive course announcements
- ✓ manage upcoming assignments for all courses in one calendar
- ✓ submit assignments
- ✓ take quizzes
- ✓ receive feedback about course work
- ✓ communicate with teachers (and other students)
- ✓ and much, much more!

Students can access Canvas through their Single-Sign-On Clever Launch Pad but teachers will need to publish courses and content before students can participate and interact with them.
