### COMPREHENSIVE NEEDS ASSESSMENT

**1. Describe the process utilized to conduct the comprehensive needs assessment for your school.**

2 years prior assessment data from the FSA scores, FAIR scores in reading along with Pre and Post tests were evaluated and organized with graphs, tables, and charts. In addition, we used iReady scores in LA & Math for progress monitoring three times a year. Information was organized to show individual teacher, grade level, and school-wide results. Individual student results were given to classroom teachers for their review. Parents are also a vital part of the process. A parent survey is sent home each spring to gather input concerning curriculum, environment, and communication. Results of this survey are used to help write goals and objectives for the school. Parents are invited to meet with administration to discuss student achievement results and strategies for improving scores. Suggestions are discussed with staff and considered for inclusion in school-wide plans.

**2. Describe strategies that will be used to attract high-quality, highly qualified teachers.**

The district's Human Resources and Staff Development departments, as well as district level Recruitment Committee work collaboratively to retain and recruit highly qualified certified in field, effective teachers. Vacancies are filled with candidates interviewed at the recruitment fair. We retain our teachers by using New Educational Support System (Tier), PLCs, District Training, School Based PDs, and Incentives. We also continually recognize our teacher with incentives for effective teaching practices and student gains.
