- May 21- Second Grade Award Ceremony
- May 27 – Memorial Day – No School

Our Second Grade Team

Ms. Acklin
Ms. Forzese
Ms. Gardiner

Ms. Lewars
Ms. Schmitt
Ms. Simpson

This month in Second Grade reading, all students will be reviewing all the reading standards in preparation for their end of year test. Please make sure that your child is completing at least 45 minutes on the I-Ready program. Please help your child by reading books and magazines and have your child identify the main idea, the reason why the author wrote the story, and all the various text features such as labels, captions, and titles.

In math, all students will be working on graphs, geometry, and fractions. Please help your child by practicing these skills at home whenever possible.

Please ask your child to show you objects with equal parts. In addition, students should know the names and the number of sides for each shape – triangle, hexagon, quadrilateral, and pentagon.

Reminders

All students should be reading for 20 minutes each day followed by taking an AR quiz on each book. In addition, every student is expected to complete 45 minutes on I-ready reading and math each week.
