

November 3rd Grade Newsletter

**What are we learning
this month?**

READING

Students will be working on recounting stories, including fables, folktales And myths from diverse cultures. They also will be determining the central message, lesson, or moral and explain how it is conveyed trough key details in the text.

SCIENCE

This month students will be expected to investigate, observe, and explain that heat is produced when one object rubs against another, such as rubbing one's hands together.

MATH

Students are working on multiplication strategies. They are learning to use multiplication and division within 100 to solve word problems.
