

Dear Cresthaven Elementary Community,

Welcome to the 20-21 school year! It is a privilege and an honor to serve as the Assistant Principal of such a wonderful school. The global pandemic has certainly brought about much change in our community and our world. Change has also impacted how our students will receive their instruction as we begin the year. You can rest assured that our amazing teachers and staff have worked very hard to make sure that the e-Learning platform will continue to challenge students as they engage in deep thinking through a virtual rigorous curriculum to prepare for their futures.

Our theme this year is **RACE** for Success as we **R**ecover our learning, **A**chieve new goals, **C**elebrate successes, and **E**xplore new learning. Under the leadership of our principal, Mr. Donald E. Lee, we are revving up for a great year!

Parent involvement, the passion of our educators, and the support of the community are all part of what makes Cresthaven successful whether through virtual e-Learning or face-to-face learning. I look forward to a great year and thank you for entrusting us to educate your children.

*Kind Regards,
Mrs. Jan Heavner, Assistant Principal*
